FOR SEVEN DAYS BOARD BATTLES IN EFFORT TO ELECT

After Taking 305 Ballots and Remaining in Session Nearly All Night Police Board Is Deadlocked and No Chairman Is Elected.

VERNOY SWITCHES HIS SUPPORT TO THE MAYOR

On the Ground That the Board Was Not Legally Organized Fain Will Protest Business Transacted at Last Night's Meeting.

At 1:30 o'clock this morning, after being in session for seven hours, the board of police commissioners, having fought out a minor battle in the latter end of the night, was still deadlocked in its efforts to elect a chairman. An adjournment was taken till Tuesday week. At this meeting the session was limited to two hours. The vote stood this:

For Fain—Commissioners Fain, Dain, Dixon, King, Johnson and Smith. For Vernoyn—Commissioners Clark and Mayor Woodward.

Other 385 ballots had been taken. At the previous meeting there were 145 ballots taken. Commissioner Vernoyn had surprised everyone at the beginning by switching over to the Woodward faction. Clary, Fain and Clark were voting for Fain and Vernoyn alternately. One vote was needed by either faction to decide the battle.

Resolved the Mayor. "Two other times which precipitated the most of the session, the fight in the history of the board began when Commissioner S. Lee Smith, of the Fain faction, moved to take up the election before turning to regular business. The lines of the evening fight over the chairmanship were drawn immediately. Mayor Woodward called for regular business. The Fain faction sat back in its chairs, yawned, and Commissioner King protested that Mayor Woodward did not want to see the board. The Fain faction put its whole influence for Commissioner Dixon promptly went over to Mayor Woodward, and the motion failed. This did not deter the Fain supporters. They still refused to vote, or to have anything to do with the business in hand. Mayor Woodward went ahead with the effort was made by Commissioner Clark to secure from Commissioner King an expression regarding the propriety of a quorum. This was later had served. Commissioner King gave his questioner a "don't-know" stare, and continued to stare into the atmosphere. "Presently the mayor said: "If you don't want to vote," he advised the hangers-on, "help yourself. If you're not going to fill your job down here, though, you'd better resign."

Mayor Could Resist. Commissioner Johnson immediately responded that he was any one resigning to be done, he was any one resigning to be done. The mayor frowned and rapped for Commissioner Smith to return. Commissioner Smith returned with the information that City Attorney J. M. Johnson had declared that any business which might pass through would be invalid. Mayor Woodward said nothing but closed the window triumphantly, and rapped for order.

Policeman W. E. Bone, the aged patrolman who was assigned before Recorder Bratton on March 10 for attempting to kiss a young school girl, was being escorted from the city school where he was assigned before the board of police commissioners last night.

Bone stated that he had merely sought to kiss the girl. He was given thirty days' suspension and a reprimand by Chief Bratton. The Woodward faction all voted in favor of this verdict. The Fain supporters, however, took part in the attempt as they considered the board meeting illegal.

Mayor and Commissioner George H. Johnson appealed to the police board last night to order money enough to employ appropriate squad of out-of-town detectives to reinforce the headquarters men during the strike convulsion.

The matter was submitted to the finance committee of council. Chief Bratton stated that he intended continuing his own force with at least a dozen expert sleuths from other cities.

Police Commissioner George H. Johnson's move to inaugurate a "split system" for the police force, in which the residential and police forces will be taken over by the city, was the subject of the Woodward and Fain factions.

The foregoing action of the board was a most unusual one, and the progress of the meeting City Attorney J. M. Johnson ruled that the business done by the board was illegal as the board had not been properly organized.

MAYOR'S PROCLAMATION ORDERING A HOLIDAY

It has come to my attention that the mayors of the cities of New Orleans and Birmingham have issued "baseball" proclamations and have ordered city business suspended on the opening day. Therefore, it is my desire that Atlanta contribute to make our opening day a bigger event than either New Orleans or Birmingham, and I request that all business men, merchants and manufacturers join with the city of Atlanta in giving their employees an opportunity of seeing the Cracker-Volunteer game.

City hall will be closed by official proclamation after 3 o'clock Wednesday, and all employees of the municipality are urged to attend the game.

(Signed) JAMES G. WOODWARD, Mayor.

SERIOUS CHARGE MADE AGAINST DR. MILLER

It is Charged That He Sold Licenses to Practice Medicine.

The state board of medical examiners met Tuesday afternoon at the capitol with all members present except Dr. Patterson. From Tilton, he received the report of a special committee appointed to look into the affairs of the Southern College of Medicine and Surgery and the Georgia College of Podiatric Medicine and Surgery. The board voted unanimously not to recognize the former because it fell far below the standard fixed in the medical practice act passed last year. The podiatric college was placed on probation and if decided improvements are not made by the closing of the next term it also will be barred.

Dr. W. D. Branch of Baxter, and Dr. H. E. Hall of Avalon, appeared before the board. Both are graduates of the Southern College of Medicine and Surgery, and failed to pass the regular state board last year. Dr. Branch testified that he came to Atlanta last September and said Dr. C. W. Miller, of Atlanta, secretary of the defunct podiatric examining board, \$100 for a license. No examination was held by said board. Dr. Hall testified that he sold Dr. Miller the same of \$100 for a license and that no board examined him. It is expected that the state board of medical examiners will present a license and that no board examined him. It is expected that the state board of medical examiners will present a license and that no board examined him.

Dictator Says Arrest of Marines Was No Insult to the United States, That to Salute "Old Glory" Would Admit Undue Influence of United States in Mexico and That Huerta Will Uphold Mexico's Honor at Any Cost.

Vera Cruz, April 14.—The Mexican foreign minister, Senor Portillo y Rojas, has transmitted to the American charge, Nelson O'Shaughnessy, a note dealing with the arrest of the assistant paymaster and a detachment of bluejackets from the United States gunboat Dolphin at Tampico and the demand of Admiral Mayo that the American flag be saluted.

In effect the note says that the Mexican government cannot see wherein, under international law, the federals have inflicted any insult on the American nation; that its ordering the army publicly to salute the American flag under the circumstances would be an admission that the United States is exercising undue influence over Mexico's free action, and that the president is disposed to uphold the honor and sovereignty of Mexico at any cost.

VILLA WON'T AID DICTATOR HUERTA; HUERTA IS HATED

Juarez, Mexico, April 14.—Development at Tampico excited a new interest here than reports of a new rebel victory at San Pedro. No official would lend his name to comment on the situation, but one man in a confidential constitutional position said: "The case of a foreign invasion General Villa and General Carranza long ago agreed that they should convert themselves with opposing arms armed force which entered rebel territory."

It is known that Villa would find it almost impossible to co-operate with Huerta, who, it is related, at the battle of Belknap two years ago, compelled Villa, then serving under him, to get on his knees and apologize for some offense. At Huerta threw Villa into prison in Mexico City, where Villa learned to read and write. Villa finally accepted made his way north where on the assassination of Madro and the elevation of Huerta to the provisional presidency, he started a revolution and in due time joined other insurgents under Venustiano Carranza.

IN WEEK'S FIGHT FORCES OF HUERTA LOSE TO REBELS

Villa Reports Great Victory East of Torreon—Losses on Both Sides Very Heavy. Villa Wants Cartridges.

Juarez, April 14.—The rebel wounded during a six days' battle at San Pedro de los Coahuila, east of Torreon, placed at 5,000 in an official report of General Villa to General Carranza, in which he combined forces and two federals, said to have numbered 15,000 to 15,000 rebels. The combined rebel force came upon the routed federals, said in the last days of this battle to have numbered 15,000, at San Pedro de las Colonias, state of Coahuila, forty miles east of Torreon.

Many Prisoners Taken. The rebels claimed to have taken 700 prisoners. The federal army is said to have included the Torreon garrison, led out of that city in retreat by General Velasco, those of General Maas, General Hidalgo, General Duro, and others.

Mass. Hidalgo and DeMourse were on their way to Torreon with reinforcements, but Velasco retired before their arrival. Since then, until the federal concentration at San Pedro, there was no other detail of the battle. While his battle of Torreon was in progress there were persistent reports that federal reinforcements were drawing near. General Velasco feared they would be cut to pieces, and withdrew in excellent order from the city, although his loss in killed and wounded was considerably less than that of the rebels. He headed east and south, and for a time the rebel pursuers were held at a standstill for two or three hours were unable to locate him. He was finally observed at Viesca.

GENERAL FIRE ALARM PREVENTED A LYNCHING

Sheriff's Wife Turned In After the Mob Had Captured Her Husband.

Canon City, Colo., April 14.—Masked and armed, a mob numbering about fifty, said to have been citizens of Florence, rushed here in automobiles today, seized Sheriff Newcomb, and with axes and ropes, marched on the county jail with the avowed intention of lynching Charles Bagdad, a negro under arrest, charged with the murder of Joseph Petty, a Florence merchant.

While the mob was battering at the jail doors, Mrs. Newcomb, the sheriff's wife, turned in a general fire alarm, and telephoned to Warden Tryon, at the state prison. Members of the fire department and half a dozen prison guards, armed with shotguns, were soon on the scene.

Several shots were fired, but as far as is known no one was injured. After some display of resistance the members of the mob re-entered their automobiles and drove away.

HEAVY FALL OF RAIN DID NOT STOP SALE

Single Sale of Tickets to Grand Opera Breaks All Records.

One of the things that the big rain did not stop was the advance sale of tickets for the Metropolitan grand opera season. Following the announcement of the Music Festival association that several hundred of the best 34 seats in the arena were still available, there was a marked increase in sales both at Phillips & Crow and at the Cable Piano company, and prospects were good for smashing attendance records in past years.

Following the general discussion in the papers of the new Strauss opera, "Rosenkavalier," and the presentation of some of the music by City Organist Kraft, at the Sunday afternoon recital, interest in growing in that opera, and indications are that the Wednesday evening audience will be one of the largest of the week.

No opera in recent years has created more of a sensation in New York, and it will be interesting here not only on account of its newness, but because Margaret O'Neil, the Metropolitan's new contralto star, will have the leading role. Miss O'Neil, who is said to be one of the most beautiful young women who have ever been connected with the Metropolitan, sings the role of a young man in this opera.

Hosts of Friends Gather

On the Sixtieth Anniversary Of W. T. Gentry's Birthday

Handsome silver service presented to Colonel W. T. Gentry on his sixtieth anniversary by employees of the Bell Telephone system.

Music in joyous strain, a wilderness of flowers and the sincerest hospitality was the atmosphere which characterized the brilliant reception last evening at Virginia Manor, the hospitable home of Mr. and Mrs. W. T. Gentry. The occasion marked the sixtieth birthday anniversary of the genial host, and the first occasion when their friends in number, several hundred, were bidden to their new home.

The popularity of Mr. and Mrs. Gentry was expressed not only in the joy of their friends at being with them, but in the dozens of baskets of beautiful flowers sent by loving friends, and the cut flowers of all kind, which filled every available space in the spacious house. A happy incident of the occasion was the presentation to Mr. and Mrs. Gentry of a superb silver service and a handsome hall clock in mahogany, both gifts from the department in Atlanta of the Southern Bell Telephone company.

The Gentry home is one of the handiest of the many new making the suburbs of Atlanta noted in the section. It is spacious in proportion, elegant in architectural structure, and in every sense the home suggesting a real home, and one of hospitality and happiness. The rooms are large and so arranged that the entire floor may be converted into one apartment, and large assemblage of people entertained. Broad verandas are on the

sides of the house and a sun parlor is one of the picturesque apartments of the constructive scheme.

Last night, the usual house plants on all sides, and palms designed as a background with the var-colored flowers on all sides, produced a scene most dazzling in beauty and decorative scheme. The red rambling rose was the touch of color in one room; in another was a wilderness of summer roses in red and pink, and the wonderful yellow roses being featured this season. Branches of dogwood blossoms fairly embowered the sun parlor, where two charming young women, Miss Lida Nash, and Miss Emma Kate Amos, served punch.

An elegant supper was served during the evening, buffet fashion, and an orchestra of music presented a program of varied airs.

Mrs. Gentry wore a white satin gown, jeweled in black chiffon and trimmed in lace, rich in an embroidery in rhinestones. She wore a corsage of orchids. Miss Nina Gentry, the young hostess of the evening, was becomingly vested in a dress of black and white.

Though natives of Virginia, Mr. and Mrs. Gentry are universally popular and beloved. They are well known as one of the leading citizens of the state. Mr. Gentry is a member of the Capital City club and identified with civic and social progress.

PURCHASE OF PARK IS APPROVED BY MAYOR

Mayor James G. Woodward yesterday approved the resolution providing \$10,000 for the purchase of 15 acres of land in Mowbray park for park purposes.

The mayor's announcement followed a conference with Alderman Jesse Armistead, author of the resolution. The mayor explained that after reading the resolution he became convinced that the city is entitled to the land and that the reason it met with his approval.

The mayor was skeptical as to the legality of the transaction for the reason that it was suggested that some citizen secure an option on the remainder of the Mowbray estate for the city. Mayor Woodward took the position that any resolution binding the city to do a certain thing would be illegal and decided that if such be the case he would veto the scheme.

It is understood that an option will be secured by some private citizen and the city will not be connected in the proposition.

This Skin Peeler All the Rage in Society

There is a growing tendency among women of culture and fashion to pay more attention to hygienic means of preserving their charms. The advent of mercurized wax doubtless has been largely responsible for this. This remarkable substance produces a complexion as natural in appearance as the "doctored" or offensive skin, the skin peels off the wax, and the skin so gradually, in such like particles, no discomfort.

Knowledge and Integrity

are two things that must enter into the optical business. Combining these two with high-grade workmanship, careful attention, honest dealings, and the grinding of the greater portion of prescriptions written for glasses by our better oculists, has fully demonstrated the fact that there is something indescribable about the way in which we conduct our business that few opticians have been able to understand. We know when glasses are suited to your eyes, and if you need the service of an oculist we will so advise, but positively will not accept your money without satisfaction from us. Just ask anybody if this is true.

WASHINGTON GIVES NEGROES GOOD VOICE

Makes Splendid Speech at the Dedication of Negro Odd Fellows' Auditorium.

Fully 1,000 negroes crowded the new
17-room Odd Fellows' auditorium in
Burns avenue last night, and heard
Speaker T. Washington deliver an
inspiring dedicatory address. On the
outside more than 1,000 clamored for
admission, and bands of music paraded
up and down the street, celebrating
what is considered to have been the
most important event in the history of
negro organization in Atlanta.

Washington made a strong appeal to
the negroes of Atlanta, particularly to
the youth. He declared that the south
is the best place for the black man to
live in, and urged that every man and
woman of the race should "own" the
place of their future residence.

"My advice is to remain here," he
said. "We are weary of the south, we
are weary of the north, and we are
weary of the world. We are weary of
the white man, and we are weary of
the black man. We are weary of the
work. We are weary of the world. We
are weary of the white man, and we are
weary of the black man. We are weary
of the work. We are weary of the world.

"We are weary of the white man," he
said. "We are weary of the black man.
