

GREAT INTEREST SHOWN IN BONDS FOR THE SCHOOLS

Councilman Smith Is Now
Investigating Needs of the
System in Order to Relieve
Congested Conditions.

BOARD ASKS \$450,000
FOR THE HIGH SCHOOLS

Alderman Jesse Armistead
Advocates Expenditure of
\$1,000,000 for the Four
High Schools.

Success of the Constitution's campaign in the interest of the school system is attracting great interest through the interest which city officials and members of the board of education are manifesting in the proposal of the board of education to issue \$1,000,000 for new high schools and a more adequate system of grammar schools.

Members of council who will hold over for another term are also interested in the school system, particularly the two high schools. Each school has a waiting list of pupils.

Councilman Chan W. Smith, chairman of the tax committee, and a member of the bond investigating committee, has actively been a research of the statistics of the school system, and at the next meeting of council a report will be offered, urging Mayor James G. Woodard and members of council to submit to the people the question of floating an issue of \$1,000,000 for new high schools and a more adequate system to relieve the constant congestion incident to the annual increase. Council will also vote for bonds for streets, sewers and hospitals to be submitted along with the school bonds.

More interest is shown today in the school system than at any other time in the past years. Members of council have been holding sessions and are ready now to meet the issues by immediate action, and next week, in the direction of providing for the present and future of the school system.

Council members are in a receptive mood and are willing to give of themselves for the cause of education, and are looking for the time when they will be able to make a start in the direction of providing for the present and future of the school system.

The bond issue presented a startling picture, which provided for new high schools and a more adequate system of grammar schools, and a more adequate system of grammar schools.

The board has presented a startling picture, which provided for new high schools and a more adequate system of grammar schools, and a more adequate system of grammar schools.

Alderman Jesse Armistead, chairman of the school committee, has a plan which differs from the one now before the board. It provides for \$1,000,000 for the new schools, and the English Commercial and Tech.

His plan for the grammar buildings extends a number of years, and the buildings to cost more than the plan now before the board. He is ready to conform with the plan of Commissioner K. J. Gulin, which provides for the building of new schools, and the building of new schools, and the building of new schools.

The Constitution has already adopted the provisions of the high schools for boys and girls.

Conditions are worse at the English Commercial high school, where the building is too small to accommodate the students. The building is in a state of disrepair, and the students are crowded into the corridors. The building is in a state of disrepair, and the students are crowded into the corridors.

Thanksgiving Dawns
Full of Promise
For Business World

Clearing House Banks of
Atlanta Show Gains of
\$830,000 in Deposits--First
Gain Since War.

Thanksgiving in the business community will be bright. One of the best indications that the pendulum is swinging back towards normal activity is the increase of bank deposits. During the present month the clearing house banks of Atlanta have gained \$830,000 in deposits, the comparison being based on the totals presented at the time of the last report to the controller of the currency, October 31.

The gain over the low mark is even more convincing and significant to the clearing house banks.

The present aggregate deposits of the clearing house banks are \$10,729,000 and reports from the outside banks show a similar gain.

CHAPERONS URGED
FOR SOCIETY WOMEN
BY WORKING GIRLS

Chicago, November 25.—Who will chaperone society women while their chaperons are away? asked Anna Schindler, organizer of the waitress' union, today in one of many protests mailed to the city hall denouncing plans for the registration of the city's dancing halls.

Numerous letters from working girls declared the writers would not attend the dances because of the danger to their reputations. The girls are protesting against the plan to allow society women to dance without chaperons.

\$100,000 FUND FOR COTTON LOANS AFTER DECEMBER

Robert F. Maddox, Frank
Hawkins and W. S. Witham
Will Be Members of
Georgia Loan Committee.

HARVE JORDAN PLANS
\$100,000,000 COMPANY

Concern Will Be Known as
Cotton Products Co., and
Will Also Work to Care
for the Surplus Cotton.

By John C. Stevens, Jr.
Washington, Nov. 25.—(Special.) All the machinery of the cotton loan committee will be perfected by December 1, and after that date \$100,000,000 of northern money will be available to loan on cotton at a per cent a pound.

W. P. Harding, chairman of the committee, and the treasury department officials who have been most active in perfecting the loan plan today said that all indications pointed to the early perfection of the details yet incomplete.

Local committees will be named in each cotton-producing state to aid the central committee in passing on loans. The Georgia bankers chosen to serve on this committee are:

Robert F. Maddox, vice president American National; W. S. Witham, president of the Witham chain of banks; and Frank Hawkins, president of the Third National bank, all of whom are members of the committee.

Other members of the committee are: Jacob Philip, Augusta; H. W. Steaton, president Citizens' National; M. W. McClellan, president of the Savannah Banking and Trust company, Savannah; and D. C. Ashley, president of the First National bank, Valdosta.

Applications for loans from the wheat cotton fund will be forwarded through this committee to New York. The last bank handling the loan was the \$100,000,000 fund.

artillery another desperate effort to get through to the French coast. The British report that the German army of Holland shows that the Germans are bringing up the heaviest artillery guns, but are closely in the secret of where the blow is to be delivered. It will come from the north, and will be by the men, guns and other machines of war which the Germans expect to have assembled in the north of France. ALLIED FLEET RAYS
GERMAN NAVAL BASE.

The destruction of the German naval base at Zeebrugge by shell fire from the British and French warships has caused much satisfaction here.

With the smashing of the submarine which the Germans had been so laboriously assembling at Zeebrugge, the allied fleet has been removed from that point on the coast. It is now felt there is little danger of an under-sea campaign, and it is expected that the damage done to the submarine base at Zeebrugge will be far more extensive than was at first supposed.

WARSHIPS THWART
GERMAN SCHEME.

London, November 28.—German's scheme to attack the British coast at Zeebrugge has been thwarted by British warships, says The Daily Mail's Rotterdam correspondent.

"Zeebrugge is burning, the Solway works near the British coast are a heap of ruins and sections of six submarine boats brought there by the Germans are reduced to twisted iron. A large quantity of stores also was destroyed."

The bombardment lasted from 3 o'clock to 11 o'clock. The British warships used the heaviest guns, and the German warships were driven off. The British warships used the heaviest guns, and the German warships were driven off.

**SUES SLEUTH AGENCY
FOR \$10,000 DAMAGE**

FOR \$10,000 DAMAGES

Macon, Ga., November 28.—(Special) Ben Aikwater, a young Negro man, has entered the superior court here against the Southern States Detective agency and J. W. Ford for damages of \$10,000 for false arrest at the time he was falsely accused of the shooting of Chf Cook, another young Negro man, to which crime a negro confessed after Aikwater had been arrested and confined in jail.

It is charged in the petition for damages that the arrest of Atwater was a frame-up through which the detective agency hoped to obtain a reward offered by Cook's brother. It is claimed that J. W. Ford, a wealthy Macon money lender, is the financial backer of the detective agency.

NEW EIGHT-CYLINDER CADILLAC IN ATLANTA

The new Cadillac has a streamline body and is 600 pounds lighter than the old car. Notwithstanding its eight cylinders, the hood is no longer than the old hood. It has very kind modern contrivances, including power steering, and the controls are on the dash within easy reach of the driver. The driver may enter the car from either side. It is a seven-passenger car, though the two extra seats may be folded down to make the room of a five-passenger car. It may be seen at Cadillac headquarters.

The line-up for Saturday was given as follows:

Captain Overcash and T. Harrison, deck; McCoach and Deronde or Ward, deck; Mills and Jones, guards; Perry, unit; Mitchell, quartermaster; Blodgett and Smith, sailmakers; and Bates, foreblock.

The annual football game between Morris Brown and the Atlanta University football teams will be staged in afternoon, at 2:30 o'clock, on the campus of the latter.

This game is always a big game among the colored football fans of the city, and the crowd that will attend the game promises to surpass all others of a season.

This Is Lowest Rate Since Establishment of Federal Reserve Board—Financial Circles in New York Confident—Trading in Bonds Resumed by the Curb.

Exchange suspended operations.—The Chicago Stock Exchange suspended operations today because of the uncertainty of the market, which was fast losing all claims to future existence. Cited by the Street, the Chicago Board of Trade was the favorite there, have been gradually withdrawn after receiving assurances from the government covering the situation. Another indication of the uncertainty of the market was furnished by the curb, where trading in bonds at stable prices was reported.

Restrictions Removed in Chicago.—Chicago, November 15.—The minimum price restrictions on the local stock traded in on the Chicago stock exchange was removed today. The minimum price for the local stock without price restrictions, except on the local stock, are also listed on the New York exchange and closed at a share or less on July 28.

Another decline in the rate of money for ninety days to 3-1/2 per cent pointed out that the market was still in a panic at this center and bespoke the diminishing confidence in the government in refusing money from interior commercial banks on the ground it was not available. The rate for ninety days was 3-1/2 per cent, while the rate for ninety days was quoted at 3-7/8 per cent, which marked the lowest rate since the war. The rate for ninety days was 3-1/2 per cent, which marked the lowest rate since the war. The rate for ninety days was 3-1/2 per cent, which marked the lowest rate since the war.

Where large lines of credit are granted, the borrower's statement should be verified by a Certified Public Accountant.

what he knows to be detrimental to his interests. In one instance a debtor had an expense account of 50 per cent of his sales and this did not show up until liquidation. Similar instances can be

unearthed by a shrewd Certified Public Accountant.
