Many of the women's organizations have already taken cognizance of the Constitution's campaign in the interest of the school system and the school children, and some have adopted resolutions pledging aid in the fight which will be made, probably in January.

Mrs. Margaret L. Lumpkin, president of the Atlanta City Federation of Women's Clubs, declared Sunday that she believed the members of the federation would be the first to take action, and that some action which will have the effect of uniting every mother in the city in the campaign in the interest of the school system.

"The school system is a tremendous task," said Mrs. Lumpkin, "and I know it is a task that will require the help of every mother in the city. We must not only improve the school system, but we must also improve the teacher. We must have a better teacher, and we must have a better school. We must have a better system, and we must have a better future."

Mrs. A. P. Coles, a member of the executive board of the Georgia Federation of Women's Clubs, declared Sunday that the situation which has been created by the school system is a serious one, and that it is a situation which must be met by the city.

Mrs. Coles says that the city should not hesitate to issue bonds to put the school system on a basis of efficiency.

## EXPECT BIG CROWD AT CARNIVAL BALL

Thousands of Georgians Are Coming to Atlanta for Hog and Hominy Celebration This Week.

Those hoping the weatherman will promise something in the way of sunshine next Thursday, the date for the big Hog and Hominy carnival, followed by the Atlanta Hog and Hominy celebration, and followed by virtually every business and commercial organization in the city, are waiting for the big carnival pageant in the afternoon and the carnival reception and ball in the evening has been arranged, and all that is needed now are some rays of sunlight, tempered by cool wind.

You can take it from old King Menzie himself that the show's going to be one of the biggest affairs ever pulled off in this section—and in the whole south, for that matter. If you live out of town, no matter in what section, arrange to get to the fair as early as possible. The carnival is not on a train Atlanta-bound next Thursday and come here and celebrate the great annual celebration of the hog and hominy. It's going to be a half-holiday, and you are not to let everyone "go as far as they can" for the day, and they will be here in the afternoon. ## SPY, SUBMARINE OR ACCIDENT—WHAT SUNK ENGLISH BATTLESHIP BULWARK AT SHEERNESS?

The world awaited with keen interest the official announcement as to the cause of the destruction of the English battleship Bulwark. Whether it was the work of a spy or a submarine or was the result of an accidental explosion in the ship's magazine was a question much debated. The British naval base at Sheerness, on the Thames, about 11 miles from London, was suddenly attacked by a German submarine on September 22. The ship was sunk, and the cause of the disaster was a question much debated.

Washington, November 29.—Abolition of all but two of the naval prisons in continental United States, those at Portsmouth, N. H., and Mare Island, Cal., and maintenance of disciplinary quarters aboard ship, were recommended in the annual report of Captain Riley McLean, judge advocate general of the navy, made public today.

During the past year prisons have been maintained at Mare Island and Portsmouth, Boston, Norfolk, Cavite and on shipboard.

It is recommending the transfer of disciplinary barracks from shore to ship. Captain McKeen proposed to close the Port Royal S. C. detention barracks and transfer the detainees from that station to the gunboat Topoka, which would be moored in the Portsmouth harbor.

The reduction of the number of naval prisons is made possible, Captain McLean thinks, by an order already approved by Secretary Daniels to substitute loss of pay or discharge for many cases which previously have involved imprisonment in the detention ships. He would deal with minor offenders or prisoners whose good conduct warranted

Of results obtained by the detention system, Captain McLean said:

"As a humanitarian system it is excellent in that it requires a recalcitrant to work for his rehabilitation, and on discharge he is a better and more useful man than when he entered the service, and by virtue of having accomplished his own redemption, he is a stronger and more capable, self-reliant man."
