

EXHIBITS FROM 143 COUNTRIES PLACE A 1914 CORN SHOW

Exhibits by Boys and by Girls' Canning Clubs Far Exceed Those of Any Preceding Event in Georgia.

DELIGHTFUL PROGRAM AWAITS ALL VISITORS

The Opening on Tuesday Was Auspicious Occasion. Hundreds Pour Into Atlanta, But Majority of the Members Expected Today.

It enthusiasm and hard work count for anything in this world's endeavor, it takes no prophet nor son of a prophet, when he has seen the state capital on Tuesday, to predict the day is not distant when some of the big corn producing states of the middle west will look to Georgia for a model.

When the doors of the capitol were thrown open to the public on Tuesday, the 1914 annual corn show, the boys' corn clubs of Georgia, exhibits were in place from 143 countries, representing the best efforts of some 16,000 of Georgia's boy farmers. And all that is to say nothing of the big corn producing states of the middle west will look to Georgia for a model.

A Bond Issue of \$4,100,000 Is Plan of Sub-Committee to Care for Schools and Other Needs

Committee Recommends That \$1,500,000 of This Amount Be Spent for New School Buildings for Both White and Black.

NOTHING SAYS ISSUE SHOULD BE \$3,500,000

Police, Fire, Park and Waterworks Departments All Put in Liberal Estimates of Their Needs for Improvement of Service.

Ambitious plans for the rehabilitation of the entire public school system of Atlanta, and the expansion of every other department of the city government, were adopted Tuesday afternoon when the sub-committee of the bond issue committee agreed to recommend the issuance of \$4,100,000 in bonds for all purposes.

Members of the sub-committee were given a thorough airing by the committee, and in its report to the general committee it will recommend that the school share of the bond issue be \$1,500,000.

Included in the school appropriation of the proposed bond issue is an item of \$100,000 for four new high school buildings, \$150,000 for white grammar schools, of which seven are to be new primary schools of four grades each, to cost \$100,000 and \$140,000 for new negro schools.

The \$1,500,000 includes all new buildings and equipment.

The general committee will meet on Thursday morning at 11 o'clock to receive the report of the sub-committee.

It is not regarded as likely that the general committee will accept the report as it stands.

Members of both the sub-committee and the general committee believe that the entire bond issue should be kept within \$3,500,000, and a tentative plan has been prepared to meet the minimum is reached.

Alderman James H. Rutledge, chairman of the sub-committee, wants the issue kept as close to the \$3,500,000 as possible. He is a member of the general committee and is one of the most conservative members of the committee.

Exhibit by Pig Clubs.

In another part of the lobby one finds a stand of the rare and sides of corn, raised by the members of the Pig Clubs. These exhibits are some of these exhibits that were on Tuesday, but they are not for sale.

An exhibit which is the center of attraction for large numbers of visitors is the exhibit of the "thousand dollar ear" of corn. This large ear of corn, raised by a boy named George, is said to be the most perfect ear ever grown in the state.

The exhibit of the "thousand dollar ear" of corn is in a small glass case, which may be handled and examined. It is the enormous Kellogg trophy ear, which was awarded to the boy for raising the largest ear of corn in the state.

The papers have not given him credit for any good work," said Chief Beavers, "and I am being 'handed a dirty deal again."

Kaiser and Czar Are Watching Their Troops Fight. Russians Still Press Into East Prussia and Are Gaining Decisive Results Over the Austro-German Forces in the Vicinity of Cracow.

London, December 1.—The battle in northern Poland is being fought out under the eyes of the German emperor on the one side and the Russian emperor on the other. These two monarchs left for the front today, so that actually the heads of all the nations at war are with their troops.

The king of England is in France; the king of Belgium, as usual, is spending all his time with his soldiers, while President Poincaré, of France, started out for another visit to the northern battlefield.

Official news from Poland continues to say that both headquarters and the front troops are convinced that the battle is going. Of its intensity, however, there can be no doubt.

GERMANS BREAK RUSSIAN CORDON.

The Germans, when they started for the front, dashed full tilt into a mass of Russian troops and forced their way so far in that the Russians closed on them. This was taken in Petrograd to mean that the German advance was not a mere bluff, and that their advance was a real one.

RED CROSS SEALS WILL GO ON SALE DECEMBER 10

Committee Hopes to Dispose of One Million and Half This Year.

The Red Cross Christmas seal is here! A million and a half of these little "butterflies" in the war being waged against tuberculosis are to be sold in Atlanta between now and December 10 at one cent each. One death in every seven in Georgia is caused by tuberculosis, and every 1,000 of these seals that are sold to the public means a life saved.

The stamp has taken a new form this season. Last year it was oblong in shape, with a picture of a reindeer, carrying Santa Claus over the fields. This season the stamp is square, with two red crosses at either side at the top and a big Santa in the center. Below are the greetings: "Merry Christmas" and "The Red Cross." Headquarters for the stamps were held on the ground floor of the Gould building, in charge of Miss H. E. Clarke. Stamps may be obtained there in any quantity between now and the time the street sale begins—December 10. George A. Moore is this year's chairman of the general committee having the stamps in charge, and he has an office in the Chamber and Advisory board are the following:

Hugh M. Clark, of the Atlanta branch of the Anti-Tuberculosis society; Howard H. Cole, Kendall Waliger; Robert J. Lowry, of the Atlanta branch; Hodges, Ivan E. Allen, the Rev. Father McGowan, the Rev. W. W. Cummings, Dr. J. E. Sommerfield, Wilmer L. Moore, George McCarty, Jr., and Mrs. Nellie Peters Black.

The Federation of Women's Clubs of Atlanta was in charge of the stamp drive to officially take supplies of the Red Cross seals. Thousands of the seals have been sent Tuesday to the headquarters of the club for distribution among the many women's organizations affiliated with the federation. These stamps will not be placed on public sale until they are disposed of among friends of the individual members of each of the organizations taking them.

JACKSON RETURNS, AND BRINGS LIFE PARTNER WITH HIM

After quietly leaving the city for a week and giving none of his friends an inkling of his whereabouts, Robert R. Jackson, Jr., a well-known young Atlanta, son of Judge R. R. Jackson, returned to Atlanta yesterday and surprised his friends by introducing his bride, formerly Miss Helen Dobbs, of Nashville.

The marriage was the culmination of a pretty little romance of only six weeks duration. Miss Dobbs was visiting in Atlanta in September when young Jackson was here. They met at first sight. After her return to Nashville, the mail carrier was kept busy. Finally young Jackson could stand the separation no longer and he came to Nashville to win his bride, telling no one of his mission.

The recent Miss Dobbs, now Mrs. Jackson, was one of the most beautiful girls in Nashville. She is a social admirer, a queen of creation. Her marriage is the result of the fact that she was up to the time of his death, was present at the wedding of the late Mr. Jackson.

Mr. Jackson is at present a student at the Atlanta Law school, and is connected with his father's law office. The bride and groom are making their home at 413 South Boulevard.

Friday Is Arbor Day; Schools of the State Asked to Plant Trees

Friday is Arbor Day. Superintendent of Education M. L. Britain has sent out notices requesting all the schools in the state to celebrate the day by the planting of trees and with appropriate ceremonies. The idea of school children participating in an annual Arbor day, not only for the purpose of beautifying the school grounds, but also for the purpose of replanting the country's timber supply, was originated by E. C. Northrup, secretary of the Connecticut board of education. In 1911, when he was a member of the Nebraska board of education, he had established the Nebraska Arbor day. That year more than 1,000,000 trees were planted in the state of Nebraska, and Mr. Northrup lived to see Arbor day observed in practically every state in the Union.

POSTAL SAVINGS SHOW BIG GAIN IN AMERICUS

Americus, Ga., December 1.—(Special.)—The postal savings department of the American post office shows the remarkable increase of 100 per cent in deposits since the first of the year, as compared with last year. Postmaster J. W. Wainwright announced this morning.

The successful sale in deposits reflects the thrift of American people and the desire for absolute safety. Many of the depositors in the postal bank had been in the wreckage of the American National bank recently, which maintained a savings department with M. M. Lowrey as cashier and A. H. Wainwright, Jr., assistant cashier.

Think This Over

Many men and women have called on the business houses of Atlanta soliciting donations and aid for unfortunates among us. The one reason most often advanced is, "The bread winner of that family is out of work."

There is a simple and effective way to remedy this situation so far as Atlanta and our neighbors and friends are concerned. The unemployed in our city and state can all get work at good wages if our home people will buy and use, whenever possible, the products we make in our own state. The surest way to lend a helping hand to the workers in our towns and cities is to patronize Home Industries. This provides employment and furnishes a means of livelihood to the men, women and children for whom charity is soliciting donations.

We can provide our people at a just price, goods of the best quality and of equal merit, with those procurable elsewhere.

Eisele & Hays could lift the burden of several of your neighbors if Atlanta women had no illogical preference for "imported" tape in their dresses.

Aragon Shirt Factory, Radium Hosiery Mills, Red Seal Shoe Factory could fill pay envelopes for 500 or 1000 more workers if our men realized the "good business" in eternally demanding the Home Product.

Atlanta Stoves, Miss Dixie Flour, Stone's Cakes, Kennesaw Biscuits, Cotton Bloom Shortening, Cornfield Hams, Eureka Coffee, could add thousands of dollars a week to buy the necessities of life in hundreds of homes in Atlanta if Atlanta's housekeepers demanded their products.

PRESENT NOT THE TIME FOR PEACE PROPOSALS

Dr. Van Dyke So Reports to Washington-Holland Desires Early End of War.

Washington, December 1.—Dr. Henry Van Dyke, minister to the Netherlands, back from his post on a month's leave, described to Secretary Bryan today the earnest desire of Queen Wilhelmina and the people of Holland for the early ending of the European war.

Dr. Van Dyke denied the oft-quoted report that he was the bearer of a personal letter from the queen relating to peace, but said he had received from Mr. Bryan merely on the state of conditions generally in Europe as he had studied them.

After talking with Secretary Bryan for an hour, Dr. Van Dyke indicated that he was in a position to make a proposition motion to put forward definite proposals for terms of peace. "The United States for peace," he said afterwards, "is a well-known fact. The decision of the proper moment for us to act is in the hands of my chief. The president and the secretary of state can be trusted to determine when that moment arrives."

DECEMBER NOTICES SENT COTTON DOWN

Larger Amounts of Consign Cotton Arriving in New York—Selling Cause Loss in Prices.

New York, December 1.—There was a renewal of December liquidation in cotton here today and prices eased off. The close was steady at a net decline of 1 to 10 points.

Circulation of a few additional December notices appeared, largely responsible for the selling of some months. Reports that larger amounts of consigned cotton were arriving here from the south led to prediction of further notices before the end of the month. Other winter and spring deliveries also declined, under weathered liquidation, in evidence around the 10 cent level.

A point advance, in response to relatively steady cotton, was made by the market, but it was not enough to suggest any material weakening of the cotton situation. The market was not so much as to suggest any material weakening of the cotton situation. The market was not so much as to suggest any material weakening of the cotton situation.
