

train diplomacy responsible for the failure of the negotiations with Italy initiated by Prince von Saurheim, the German ambassador. The suggestion had even been made that Austria should be left alone to fight Italy, but pledge taken by the German emperor personally with Emperor Francis Joseph resulted in the failure of those advancing Austro-German solidarity, even in the event of a war against Italy.

**GERMANS PLAN FOR INVASION.**

Although Field Marshal Conrad von Hofendorfer, chief of staff of the Austrian army, had prepared for many years for a possible outbreak of war between Austria and Italy, the belief is held here that the campaign will be conducted by the German general staff, which will, it is said, plan a strong offensive movement against Italy in the hope of breaking the Italian lines and forcing their way into Italian territory. There is no doubt that the German general staff has been particularly strong and have been constructed where there were none along the Balkan coast, which is already protected by three and four divisions of the Austro-Hungarian army, carrying German officers and soldiers.

The Austrian fleet is confined at Pola, with only a few torpedo boats and destroyers at Cattaro and Spalato. Other Austrian warships are in the Adriatic, but the fleet is not considered likely that the Austrian fleet will leave Pola unless the Italian fleet is seen to be moving.

**30,000 ITALIANS MADE PRISONERS**

Germany and Austria Reported to Be Detaining All Subjects of Italy—Italian Residents in Terror.

Rome, May 22.—(Via Paris)—The report reaching Rome that the German and Austrian governments have presented 30,000 Italians from leaving the territory of those countries has created a profound impression. The Italian people believe that the report is not only true, but that it is a deliberate attempt to deprive Italy of her subjects in the Balkans and in the Adriatic.

Prince von Buelow, an Italian statesman, whose wife is an Italian woman, was sent to Rome. He is believed to have been in contact with the German and Austrian governments, and is reported to have been in the city for several days.

At Vienna, in Italy, six or seven Italian citizens have been arrested. They include the mayor, Signor Avanzo, and several other prominent citizens. It is believed that the arrests are a result of the Italian government's refusal to accept the German and Austrian proposals.

The cabinet of Premier Salandra resigned early in May. This was the result of the Italian government's refusal to accept the German and Austrian proposals. The cabinet was replaced by a new one, headed by Signor Orlando.

The Italian government has issued a decree, ordering that all Italian subjects in the Balkans and in the Adriatic be treated as enemies. This decree is believed to be a result of the Italian government's refusal to accept the German and Austrian proposals.

Italy denounced the triple alliance for its failure to stand by her allies. The Italian government has issued a decree, ordering that all Italian subjects in the Balkans and in the Adriatic be treated as enemies.

Condition Becomes Serious Following Operation—Berlin Specialist Called.

Athens, Greece, May 22.—(Via London)—King Constantine of Greece, who has been ill since he became emperor, is reported to be in a serious condition. A Berlin specialist has been called to attend to him.

Paris, May 22.—An Athens dispatch to the Hellenic agency says that after a conference of the Greek cabinet, the king's condition has been reported to be serious. A Berlin specialist has been called to attend to him.

London, May 22.—The British "eye-witness" at army headquarters in France explains the second date, May 21, that the British action in the first part of the week consisted almost entirely in the capture of the German line gained in last Sunday's attack north of the St. Eloi. In this they were successful.

In the attack on May 17, he says, the Germans, who had led on to ground between the salients won by the British south of Hillcourt, La Courvalle and north of Festubert, pressed on three sides and subjected to a heavy bombardment. The British, having their own artillery, pressed the Germans still farther to the westward, forcing them out of the salient. The British then pressed the Germans still farther to the westward, forcing them out of the salient.

The British official describes the scene mentioned in the official report as follows: The British artillery, being directed on their own men, were offering to surrender near Farme Court de la Basse.

"Liberate fighting," says the British official, "was the result of a British officer, who, after the morning of May 21, had decided to surrender to the British. The British then pressed the Germans still farther to the westward, forcing them out of the salient.

The matter was taken up by the British official, who, after the morning of May 21, had decided to surrender to the British. The British then pressed the Germans still farther to the westward, forcing them out of the salient.

It appears also that the news of the British success in the attack on the north of the St. Eloi, which was reported to the British official, was taken up by the British official, who, after the morning of May 21, had decided to surrender to the British.

"Among the many scenes of the war there probably has been no more dramatic than that of the morning of May 21, when the British, after a long and hard fight, succeeded in capturing the German line north of the St. Eloi. The British then pressed the Germans still farther to the westward, forcing them out of the salient.

**As Result of Italy's Action, Wilson to Issue Proclamation—Mediterranean Closed to Austro-Germans.**

Washington, May 22.—Up to a late hour tonight the Italian and American embassies here, as well as the state department, were without official notification of Italy's declaration of war on Austria, but officials began the preparation of a neutrality proclamation to be issued by President Wilson tomorrow, when Ambassador Thomas Nelson Page reaches the American embassy in Vienna.

The United States government, in accordance with a request received yesterday, has announced that it will close the Mediterranean to Austro-German shipping. The United States government has issued a proclamation, ordering that all Austro-German ships be excluded from the Mediterranean.

It is taken for granted in diplomatic circles here that as a result of the declaration of war against Austria, Germany and Turkey, all of them that country, will announce a state of war with Italy. Switzerland will look at the situation with interest, while the United States is expected to take charge of the Italian interests in Berlin and Constantinople.

From the Austrian side of the frontier, reports reach here that the Italian residents are actually being hunted and that the fate of 600 who left Trieste, hoping to reach Italy, is unknown. It is believed that the greatest anxiety for these people is to get to Italy.

At Hottel, in Italy, six or seven Italian citizens have been arrested. They include the mayor, Signor Avanzo, and several other prominent citizens. It is believed that the arrests are a result of the Italian government's refusal to accept the German and Austrian proposals.

The line but no action of first importance. Checks to the Germans north of Arago, progress east of Postburg and northeast of Notre Dame de Loreite and the capture of trenches near Neaville St. Yvaise are chronicled by Paris.

FRENCH FIRE STOPS GERMAN

Paris, May 23.—A German attack last night with heavy losses, according to today's war office statement. The announcement added that the "repulse of the enemy in this region has been complete."

The text of the statement follows: "The enemy during last night showed activity between the sea and Arago. He made several counter attacks, but everywhere was repulsed and suffered severe losses."

The first of these attempts to the north of Arago and east of the Year valley did not succeed.

Two other attacks were aimed at the village of Arago, one to the northeast and the other to the southwest. Both were repulsed and the enemy did not reach our lines.

Another attack was directed against our positions at Neaville St. Yvaise, but the enemy could not reach our lines.

At only one point did the enemy gain a foothold. He succeeded in penetrating into the village of Arago, but he was driven out within our lines advanced positions.

In the forest of Arago the German captured several machine guns, but they were not used. The result of the enemy has been complete.

A statement received from Paris after a series of attacks suffered by the Germans during the course of last night, the fighting continues at certain points with Arago.

Progress to the east of Postburg, North of the chapel of Notre Dame de Loreite we have made an advance of several hundred yards and taken some prisoners.

North of Neaville St. Yvaise we have captured a series of enemy trenches and machine guns. We have, in addition, captured several hundred yards and taken some prisoners.

Nothing to report on the rest of the front.

The enemy has dropped three bombs of the open town of Chateau Thier.

GAINS CLAIMED BY GERMAN

Berlin, May 23.—Via London.—Today's German official statement tells that the Germans have gained gains in the vicinity of Arago, France, which favors the Germans, and the loss of the village of Neaville.

In the east the Germans have captured some prisoners and taken some prisoners.

The western theater of operations is favorable to us.

Recall an instance of his failure of achievement. The mere fact that he failed of nomination at Chicago...

And during the very trial itself, Colonel Roosevelt's "luck" if we may so deprecate it—was the subject of interesting comment.

With the opening of the case Colonel Roosevelt came upon the witness stand and told a story the country was waiting to hear—the inside history of republican bossism.

What matters it that this latest victory cost Colonel Roosevelt, as we are told, some \$50,000, or considerably more than his opponent...

RESULTS OF GREAT EUROPEAN WAR. PREDICTED SUNDAY BY DR. W. R. DUBOISE; BRINGS HOPE OF UNIVERSAL PEACE.

The results of the great struggle at present being waged in Europe between Germany, Austria and Turkey on the one side and the allied nations on the other were predicted by Dr. W. R. DuBoise, pastor of the First Methodist church in Atlanta.

"The prediction that the present European war will result in the making of a new map of the world is the least important phase of what is to follow the ending of the present struggle."

"The most significant feature of the present war is the one which is being waged along the lines of the African continent."

"The first result of the war will be a revival of thought upon the basis of the coalition of the world's peoples."

"The new world-thought which is to be so greatly influenced by the issues of the great war will be the result of the coalition of the world's peoples."

# Two More Games at Ponce; Then Hike It

## Allen Faces Vols Today; Ladies' Day on Tuesday; Team Then Hits the Road

By Dick Jensen.

Manager Bill Smith will send south-paw Tim Allen against the Nashville Vols this afternoon, in an effort to make it three straight games from the men of Bill Schwartz, one of whom is in the form he displayed last time out, but likely to do it at the Ponce today.

Just as Manager Schwartz will select a problematical but the chances are that Rogers will be the man picked for the job of opposing the Cracker. Which, at the present rate, they are traveling, will have Manager Smith to let him pitch the final game of the series on Tuesday, which is also Ladies' day, and the local manager will probably grant his request.

If this program is carried out and the Cracker team is to be defeated, the local manager will draw the first game assignment of the series, and that the Cracker start after Tuesday's game.

The Cracker will play twenty games at Ponce, Nashville, Little Rock, Memphis and New Orleans in that order.

The next game that the Cracker will play on home soil will be at Little Rock, and the Nashville Vols, who close this home game, will have the honor of opening the new one.

Just how the Cracker will fare on this trip remains to be seen, but they are traveling along at a nice clip now, hitting well, getting good pitching and playing side ball in the field.

We do not see them to play any more baseball than they played during the week, and if they do not happen to play that kind of ball on their way out, they will be more than half of their way on the trip.

Bill Richter and Hack Hubel start will both do this week, then the Cracker will not have a weak one in their offense, while their defense has been strengthening daily with their pitching showing better form and the infield is able to find the handle on the old baseball now and then.

This trip will make or break the Cracker, and it will be up to them to make them. The team has settled after playing matches ball for a month, and they are going to bear some watching.

**CAMEL CIGARETTES**

are delightfully smooth, fragrant and refreshing. They can't bite, scratch or leave any unpleasant cigarette after-taste.

Camels are blended choice Turkish and choice domestic tobaccos, more to your liking than either kind of tobacco smoked straight!

Compare Camels, puff by puff, with any cigarette in the world. Test your taste, then you'll understand why men everywhere prefer them. No premiums or coupons, because cost of tobaccos blended in these cigarettes prohibits their use.

CAMELS sell 30 for 10c. 100 for 30c. 1000 for \$2.50. For a list of dealers, send 10c in stamps to R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.
