Contractabed State

Allied Powers Have Agreed To Take Momentous Step And Washington Is Notified

Allies Contend That Orders in Council Have Failed to Keep Cotton Out of Germany and More Effective Method Must Be Adopted. American Precedents Are Cited in Defense of the Action—Washington Is Preparing to Resist Move With Every Means at Command of Diplomacy.

Washington, August 16.—The allies' intention to declare cotton contraband has been communicated unofficially, but authoritatively, to the state department. The department's advisers are that the decision has been reached and the delay in making an announcement is due to the necessity of arranging uniform treatment of the subject by all of the allies.

The step has been agreed upon by Great Britain, France, Russia, Italy and Belgium, but Japan's attitude has not been defined, and she may decide that no action is called for from her at this time, because of the elimination of the only German colony in the Far East from the military problem and the absence of any reason for a blockade.

COTTON SHIPPED TO GERMANY.

Ever since the application of the British orders in council to cotton, among other American products, the entente allies have felt that some more effective and less burdensome method must be found for dealing with cotton and preventing its entry into Germany and Austria. The allies contend that American cotton shippers, in many cases alleged to be backed by German capital, have been shipping cotton to Germany through neutral ports.

Under the orders in council such a cargo, if captured, merely was taken into a British port and paid for by the British government. The allies contend that under these conditions a great deal of cotton got through Sweden, Denmark and Holland into Germany. From the allies' point of view the orders in council were ineffective because they obliged the British government to buy cotton and at the same time offered an incentive to blockade runners.

PRESSURE CAUSED ACTION.
According to the allies reaching Washington the pressure in England and France has compelled a change. The British government originally regarded cotton as non-contraband and expressed a desire to avoid inflicting hardship upon southern planters and to avoid development of an anti-British feeling in this country.

The change to contraband will be defended as authorized by international law. Great Britain protested against the American blockade of outgoing cotton from the south during the civil war, and had refused to recognize it as contraband during the Russo-Japanese war, but with now content that radical changes in the conditions of warfare since that time justify a change in attitude.

U. S. PRECEDENTS CITED BY ALLIES.

The entente powers, according to the allies, expect that the state department will resist making cotton contraband and are preparing to base their action on American precedents. The advice reaching here indicates they intend to argue that both President Lincoln and Johnson, in formal proclamations issued in April, May and June in 1861, 1862 and 1863, respectively, established cotton as contraband of war "material for the fabrication of ammunition." That cotton has taken the place of saltpetre, always recognized as an absolute contraband in the manufacture of gun powder, will be held to be an established fact, and by way of convincing the state department that fact attention probably will be directed to a letter by Secretary Hay to W. W. Rockhill, American minister to China, during the Russo-Japanese war, stating that the American ordnance officers whom he had called into consultation regarding the Japanese blockade orders had advised him that cotton was used in the manufacture of

MEXICAN RAIDERS ATTACK OUTPOST OF U. S. TROOPERS

Corporal Wilman of 12th Cavalry Killed and Lieut. Roy Henry and Two Privates of Same Command Wounded.

Brownsville, Texas, August 16.—Armed Mexicans in force crossed the Rio Grande at a point near Mercedes today, attacking an outpost of half a dozen cavalrymen at Saena. Ranger Lieutenant Reynau, at Mercedes, telephoned State Adjutant General Hestings here that Corporal Wilman, of Troop O, Twelfth Cavalry, was killed in the night, and Lieutenant Roy O. Henry and two privates of the same troop were wounded.

Reynau said he understood 370 Mexicans had crossed, and that they were coming to attack Mercedes. Reynau reported that the Mexicans had crossed the border in three bands and were advancing toward Mercedes. About 10 United States cavalrymen and a half dozen Texas Rangers are stationed at Mercedes. Reynau said it was reported that in addition to the Mexicans who had crossed into Texas a large number of others were assembled on the Mexican side. Reinforcements of rangers and soldiers are being sent to the border.

THE HIGH COST OF LIVING

Each family pays \$60 more for living expenses than it did ten years ago. The greater part of this increase goes into the higher cost of food products. War and hard times have not materially checked the upward tendency. This financial barometer gives a very important reason why people should buy intelligently. Proper selection of time, place and merchandise frequently means lessened prices. Towards the latter solution the advertising columns of The Constitution point the way. They give the information that leads to intelligent buying.

GALVESTON STRUCK BY TROPIC STORM

Latest Reports, However, Indicate that the Great Sea Wall Saved City from Serious Damage or Loss of Life.

ABOUT 5,000 PERSONS FLED FROM TEXAS CITY

At 10 O'Clock the Wires Went Down But Up to That Hour No Great Damage Had Been Reported. The Wind Reached Velocity of 75 Miles an Hour.

Dallas, Texas, August 16.—The full effects of the West Indian hurricane which passed through the Tuxcan channel yesterday were felt along the Texas gulf coast late today and tonight, the wind reaching a velocity of 70 miles an hour. Up to a late hour no loss of life or serious damage to property or shipping had been reported. Galveston reported the sea wall withstanding the force of the wind-lashed waters and with the exception of minor damage as a result of the flooding of the streets on the bay side of the city, the property loss was negligible up to 10 o'clock.

Galveston, Texas, reported a wind of 65 miles an hour and at Port Arthur the gale reached a velocity of 45 miles at 10 o'clock. Abandoned Their Homes. The majority of the residents at Sabine and Sabine Pass, as well as the numerous summer camps and resorts along the coast, moved to places of safety last night and early today. At Galveston residents along the beach abandoned their homes and spent the night in the more secure buildings in the business district.

The towns of Hollister, Caplan, Palton and Bolivar were reported under water. All of these towns were deserted last night. Late tonight a newspaper correspondent attempted to go from Port Arthur to Sabine in an automobile, but was forced to abandon the trip.

The wind would have blown our machine away if we had continued the trip," he declared. "It was believed that the boat to reach Sabine was futile, sailors refusing to make the trip." Wires to Galveston Down. Wire communication with Galveston, which was maintained from Houston early tonight, but cut off at 10 o'clock when the last of the wires between the two cities was cut off, across the bay from Galveston to Galveston harbor, reported several vessels overboard by the storm. A ten-foot tide was reported at Galveston.

Efforts to communicate with army headquarters at Galveston tonight, were futile. Communication with Beaumont, Texas, also was cut off shortly after 10 o'clock, and it was believed by the weather observer at Houston that the hurricane had left the gulf and had struck the mainland between that city and Galveston.

A train was started from Houston over the Southern Pacific railway tonight in an effort to reach Galveston. An east reports the causeway between Galveston and the mainland was intact, and it was believed that the train would be able to cross early tomorrow. The last interurban car to leave Galveston late today was an hour crossing the causeway.

The storm struck the city late in the afternoon at a velocity of 35 miles an hour, and during the late afternoon fluctuated between 50 and 75 miles an hour, blowing a northeasterly direction. The city power plant cut off current as a precautionary measure. At 6 p. m. the wind was blowing strong from the north and driving water from the bay into the lower part of the city along the wharf front. The sea was about one foot deep, and the water was swirling. At 6 o'clock tonight the highest wind

AMERICAN DOLLAR CROWNED AS CZAR OF MONEY WORLD

Foreign Exchange Drops to New Depths in Torrent of Bills From Manufacturers Seeking Pay for War Contracts.

New York, August 16.—The American dollar ruled the financial world today with an iron grip. Foreign exchange went down to new depths in a torrent of bills that poured into the exchange markets from American manufacturers seeking pay for war contracts. Coincident with the startling decline in exchange rates came the assertion from an unimpeachable source that every contract for supplies sent abroad called for payment in American dollars and not pounds sterling, which heretofore has been the standard of finance the world over.

The maximum depreciation today in pounds sterling was 4-1/2 per cent below normal; in Italian lire 25 per cent. In the money markets today the pound sold for only \$4.84, 82 cents, and the dollar for \$2.08. The franc equaled a dollar, and a dollar purchased 8.8 francs. These were the quotations while rates were at the lowest. In the last hour of business the presence in Wall street of J. P. Mor-

Prisoner Rushed From State Farm In An Automobile

Mob of Twenty-Five Men Invades Dormitory, Overpowers the Warden, and Takes Charge of prisoner. "Will Place Frank's Body on the Grave of Mary Phagan in Marietta" Declared Member of Mob. Frank Made Desperate Resistance.

At 6 o'clock this morning posses of state officers and citizens from Baldwin and a number of other counties were still vainly seeking the mob which shortly before midnight last night abducted Leo M. Frank from the state prison farm, at Milledgeville, where he has been confined since his sentence was commuted to life imprisonment.

One posse from Milledgeville is headed by Captain J. H. Ennis, member of the legislature. He was one of the first to learn of the action of the mob at the state prison farm. Officials in practically every county in the state have been notified to be on the lookout, and the governor has announced that he will extend the Baldwin county authorities every aid in his power.

Milledgeville, Ga., August 16.—A mob variously estimated at between twenty-five and seventy-five in number, overpowered warden, superintendent and guards at the Georgia state prison farm, near here, at 11 o'clock tonight and quickly got Leo M. Frank and rushed him away in an automobile.

First reports that it might be friends of Frank were dispelled when a prisoner said he had heard a member of the mob say that Frank's body would be placed tomorrow on the grave of Mary Phagan, at Marietta. Frank was serving a life term for the murder of the girl.

The mob was orderly, but worked with quick precision. Eight automobiles took the men to within a short distance of the prison. First all wires from the prison, and all except one from Milledgeville, were cut.

Five men went to the house of J. T. Smith, warden, covered him with pistols and stood guard over him. Other men went to the house of J. M. Burke, superintendent of the prison, and held him under cover of their guns.

Practically every other member of the mob then rushed to the stockade gate nearest the dormitory where Frank was being housed. Only yesterday the physicians discharged him from the hospital, where he had been since being murderously assaulted in the dormitory by William Green.

TWO GUARDS ON DUTY. As on the night Frank was attacked only two guards were on duty. The mob quickly overpowered chief Night Guard Hester and the other man on duty, proceeded to the dormitory and within a few minutes seized Frank and rushed him back to the automobiles.

Those who had been holding Smith and Burke left as soon as Frank was brought out and joined their fellows. The automobiles—reported to number eight—then were started in the direction of Milledgeville, and it is believed that some of them were heard of three hours after they left.

One member of that part of the mob that went to the dormitory tonight. He gave the commands to the guards who were backed up by the arms of the other members of the mob. FIVE MEN MASKED. Five were masked out of the thirty-five. They said they were from Marietta. Warden Smith's gasoline was emptied out from his auto. The five men brought Frank out.

GOVERNOR SHOCKED. When notified by The Constitution early this morning of the affair, Governor Harris declared: "I am both shocked and aggrieved, and in common with all good people of Georgia who stand for law and order, I feel that a great wrong has been done, that our state will not look with approval on such an act."

The governor stated that he would put forth every effort in his official power to apprehend the members of the mob, should he be called on to furnish aid to the authorities at the state farm and in Baldwin county.

holding him by hands and feet and hair. Frank resisted but to no avail. He mumbled but the excitement was so nothing can be remembered. The mob left Warden Smith and Superintendent Burke handcuffed, and they tied Frank's legs. Everything was done quickly. The mob did not say they didn't want to anyone's head, only wanted Frank.

smokeless powder and so must properly be regarded as contraband of war. TO LIMIT COTTON FOR NEUTRALS. It is expected that some sort of arrangement will be proposed by which the allies will engage to allow cotton to travel unmolested to neutral countries in quantities in proportion to their normal consumption. What the effect will be on the American cotton growers is the subject of contention. The allied powers are prepared to argue that it will not be far-reaching. The cotton interests have for some time been alarmed at the prospect and it is known that the state department has been preparing to resist the new move with every means at the command of diplomacy.

WEDGE IS DRIVEN IN RUSSIAN FRONT BY GERMAN FORCES

Berlin Claims That the Left Wing of Bavarian Army Has Fought Its Way Across the Bug River.

GERMANS ALSO DRIVING AT KOVNO FRONT

Successful Attack is Claimed on the Advanced Defenses—Petrograd Again Claims the Germans Have Been Driven in Courland.

London, August 16.—Berlin declares the left wing of the Bavarian army, under Prince Leopold, has fought its way across the Bug river near Drachy, which is east of Sokolow and 50 miles northeast of Brest-Litovsk.

Field Marshal von Mackensen also is reported to be moving back the Russians along the Bug. His troops are reported advancing along the eastern bank. Further west von Hindenburg is credited with a successful attack on the advanced defenses of Kovno, as well as a successful attempt to break the Russian line between the Narwa and the Bug after the Narwa river had been crossed by the Germans.

Petrograd again asserts that the Russians in Courland have driven back the Germans and also repulsed counter-offensive movements. To the south and southeast in Poland, however, the reports of the Teutonic allies indicate that their forces almost everywhere are pressing back the Russians.

Artillery engagements are the rule generally in the west. In the fighting, interspersed at various points with infantry attacks, is being engaged in the Austro-Italian front and the Gallipoli peninsula. Paris claims that the Russian batteries have inflicted heavy losses on the Germans at several points in France, while the Turks declare that they have repulsed an allied attack on the Gallipoli peninsula north of Ari Burnu and recaptured from the Russians in Asiatic Turkey the town of Van.

An Asiatic squadron has attacked the coast forts of Venice and, despite an attack by Italian airmen, reached the base in safety.

GERMANS DRIVEN, RUSSIANS CLAIM. Petrograd, August 16.—(Via London.) The official communication said: "In the Sankh district (Courland) the night of August 15 our troops again drove the Germans back toward the river. The enemy's counter-attacks were repulsed.

"In the Jacobstadt and Drivak districts there has been no essential change in the situation. "There has been no cessation of our offensive operations in Kovno continuing without cessation, the Germans obstinately attacking the fortifications in the western sector. "Between the Narwa and the Bug on the 14th and 15th there was furious fighting. A series of Russian positions were repulsed with great loss to the enemy.

"On the left bank of the Bug there have been no important engagements. "In the other sectors on the front there have been local artillery fights, but no important engagements.

RUSS OFFICERS ARE CONFIDENT. Petrograd, August 16.—(Via London.) The military situation with optimism owing to the manner in which the Germans have been checked at the eastern seat of the Sankh-Lokov front, where the invaders lost 100 prisoners in addition to many dead and wounded. Confidence is felt that the Russians will make any further eastward progress of the invaders very costly.

The British army, which began the Narwa and Narwa rivers, and the Sankh-Lokov front, is believed to be the most important objective in the present fighting line, running from the Narwa and Narwa rivers to the Sankh-Lokov front, and by the Narwa and Narwa rivers and by the Narwa and Narwa rivers.

The apparent weakness of the German forces was reported by the Russian army which was bottled up. The Russian army was bottled up. The Russian army was bottled up.

GERMANS PRESS RUSSIAN FORCES. Berlin, August 16.—(Via London.)—The German army, which began the Narwa and Narwa rivers, and the Sankh-Lokov front, is believed to be the most important objective in the present fighting line, running from the Narwa and Narwa rivers to the Sankh-Lokov front, and by the Narwa and Narwa rivers.

ARTILLERY ACTIVE ON WESTERN FRONT. Paris, August 16.—Tonight's official communiqué said: "Violent artillery fighting occurred throughout the front.

Our batteries inflicted on the enemy heavy losses in the region of Quenneville, in the west. In the sector of the Vosges, our cannon seriously damaged the German positions to the north of Godat (between Berry-au-Bac and Metz). The enemy again has shelled St. Die. We reported this on the 15th.

CALOMEL SALVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when it costs you a large bottle of Doan's Liver Tonic—a perfect substitute for calomel.

It is pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and causes no pain.

Children and grown folks can take Doan's Liver Tonic, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bowels. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take one spoonful of Doan's Liver Tonic instead and you will wake up feeling fine and your bowels regular. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your Doan's Liver Tonic acts better than any other calomel you money is waiting for.

ATLANTA MAY HANDLE SCHOOL BOOK SALE. Purchasing Agent May Be Placed in Charge by Action of Council.

Councilman W. H. Johnson, of the high ward, Monday introduced in general session an ordinance which would place the purchasing agent in charge of the school book sale.

Another measure which was introduced by Alderman John B. Owens carrying with it a resolution to place the purchasing agent in charge of the school book sale.

Alderman Owens claimed that the present system of purchasing school books was wasteful and that the proposed change would save thousands of dollars annually.

The board of education formerly used the formal invitation system, but it was found that the board of education should not be troubled with the details of the sale.

Buck Weaver Blanks the Crackers

Edited By Dick Jemison

Mckellar to Oppose Lea. Memphis, Tenn., August 16.—Kenneth Mckellar, of this city, congressman from the tenth district, today made formal announcement of his candidacy for the United States senate, to succeed Senator Luke Lea, of Nashville.

Tebear's Suit Dismissed. Kansas City, August 16.—The suit brought by George Tebear, owner of the Kansas City American association team, to restrain Federal league agents from approaching his players, was dismissed in circuit court today.

Weaver Holds Crackers To One Hit, and Pelicans

Win Third Game 5 to 0

Play Travelers, Lookouts and Chicks Before Hitting the Road Again.

Eddie Collins Drinks

—considers it the premier, all-round wholesome thirst-quencher for athletes. This comes well from one of whom Coleman said, after paying \$50,000 for him—"I secured him for the White Sox fans because I believe he will prove that he is the greatest exponent of quick thinking and the brainiest player in the game."

THE COCA-COLA CO. ATLANTA, GA.

New Orleans, La., August 16.—(Special.)—"Buck" Weaver, formerly a member of the Atlanta team, held his former team-mates to one hit here this afternoon and the Pelicans won today's game from the Crackers, 5 to 0. Only three Atlanta players reached first base during the game. One of these was killed on a play. Weaver struck the only hit that the Crackers made and the other two visitors to reach the initial cushion got there by reason of free hits. Scott Perry, twisting for the Crackers, was wild and the locals hunched hits with his wildness and errors of his team-mates, securing the runs they made. Perry was topped up for ten hits, one of them a double.

New Orleans felt part of the golf storm that was raging today, the teams several times being headed for the outfield fall in the infielders' hands. The local pitcher being caught by the shortstop just at the pitcher's box.

The locals clinched the game in the second inning. Blum got the first by doubling to left, Johnson bunted to Perry, who threw low to first and both men were safe. Knapp singled to right, scoring Blum. Higgins walked and the bases were filled. Weaver hit to Perry and Johnson was killed at the plate, while Knapp was doubled at first, but Hendrix came through with a pinch swing, scoring Knapp and Higgins. In the sixth, Blum walked. Johnson sacrificed, Knapp hit to Blund and Blum was tagged out in a chase. Knapp taking second on the play.

Atlanta National and Atlanta National are confident of ultimately winning the series for the day smoother championship, and both are satisfied that only two games will be necessary. Therefore there is sure to be some lively scrap when they meet Saturday in the first game. This affair will be played at Marietta college.

The Atlanta played remarkable ball in the Baraca Sunday School league, and have easily the best team of any Sunday school nine in the city. They took the lead in their league at the start of the season and held it throughout, never being lower than first place.

Philadelphia, August 16.—President Baker, of the Philadelphia National, announced today that the stock of that organization held by Mrs. William H. Lockwood of Pittsburg, had been purchased by three directors of the club. The purchase price was not made public but it was said the stock was valued at about \$50,000.

Mrs. Locke's Stock Bought by Phillies. Philadelphia, August 16.—President Baker, of the Philadelphia National, announced today that the stock of that organization held by Mrs. William H. Lockwood of Pittsburg, had been purchased by three directors of the club.

CRACKERS RETURN HOME WEDNESDAY

Play Travelers, Lookouts and Chicks Before Hitting the Road Again.

The Crackers return to their own ball yard Wednesday for a stay of considerable duration, opening four games series with the Little Rock Travelers.

The Chattanooga Lookouts follow the Pelicans and with the close of the Birmingham series, the Crackers close their home games for the year.

Mobile will be visited for three games, Nashville for two, Chattanooga for three, Little Rock for three and Memphis for three in that order, the season closing at a close September 25 with the Crackers in Memphis.

Both Teams Confident Of Winning Amateur Championship Easily

Both the Argonne and the Atlanta National are confident of ultimately winning the series for the day smoother championship, and both are satisfied that only two games will be necessary.

The Argonne played remarkable ball in the Baraca Sunday School league, and have easily the best team of any Sunday school nine in the city.

FATHER WAS RIGHT

By GOLDBERG

FATHER WAS RIGHT

YOU'LL always be right if you tie to "Tux," because that's the right tobacco, all right! Get a tin right away. Then it'll be smoke-up and cheer-up without a let-up seven days in the week and fifty-two weeks in the year. A pipeful of "Tux" gives you that money-in-the-bank feeling, like finding a ten-dollar bill in the vest pocket of last season's suit.

The Perfect Tobacco for Pipe and Cigarette

The original "Tuxedo Process" brings out the unsurpassed mildness, delicate fragrance and mellow flavor of the leaf in a way that has never been successfully imitated. At the same time it refines the tobacco until every trace of harshness and "bite" disappears. You will find in Tuxedo a smoke that is wholesome and in every way beneficial to both mind and body. Tuxedo is a mild, temperate tobacco that soothes and comforts with every whiff. Smoke all you like of Tuxedo!
