PRIMARIES' DATE IN GEORGIA FIXED BY HOUSE MEASURE

General Judiciary Committee No. 1 Favors Bill Calling for Vote on Second Wednesday in September.

ROTATION OF JUDGES MEETS WITH FAVOR

Ways and Means Committee to Pass on Anti-Tipping Bill—Subcommittee Gets Divorce Bills.

The date for all democratic primaries is set for the second Wednesday in September in a house bill reported favorably by the general judiciary committee No. 1 Friday.

ANTI-TIPPING MEASURE.

Although the anti-tipping bill failed in the judiciary committee of the house Friday afternoon, the measure may not be dead, as that committee recommended to the ways and means committee a measure which may have a better effect.

ROTATION OF JUDGES.

A bill providing for the rotation of the superior court judges was reported favorably by the judiciary committee No. 1 of the house, Friday.

LIABILITY BILL ADVISED.

Four important bills were acted upon by the general judiciary committee No. 1 of the house, Friday.

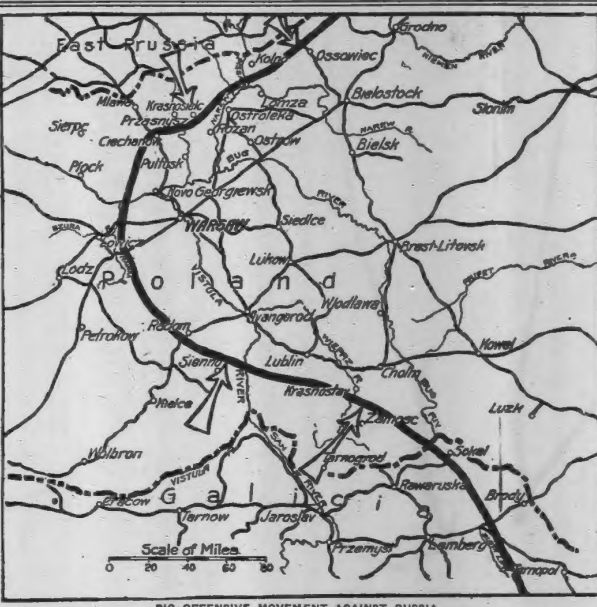

DIVORCE BILLS.

The house committee on general judiciary No. 1 decided Friday to refer to a committee bills dealing with the divorce laws.

Thief Plays Havoc In Residence Where Money Was Scarce

Lookout and be sure that you leave more than a fifty-cent piece for the Atlanta burglar when you leave your house unguarded, is the warning sent out by Mrs. S. P. Baldwin, of No. 8 West End avenue, last night, when she returned home about 7 o'clock to find that a burglar had entered her house, ransacked it, and disappeared at finding only 50 cents, had split buttermilk, syrup, chocolate and broken eggs all over the house.

Covington, Ga., July 23.—(Special.)—Accused of killing Monroe Smith over forty-five years ago, Rev. W. H. McCart is held for trial in the Newton county jail here on a charge of murder.

TEXT OF AMERICAN NOTE DELIVERED TO GERMANY

Washington, July 24.—Following is the official text of the latest American note to Germany regarding submarine warfare, which was delivered to the foreign office at Berlin today by Ambassador Gerard:

The Secretary of State to Ambassador Gerard.—(Telegram.)—Department of State, Washington, July 21, 1915.—You are instructed to deliver to the following note to the minister for foreign affairs:

The note of the Imperial German government dated the 8th of July, 1915, has received the careful consideration of the government of the United States and it regrets to be obliged to say that it has found it very unsatisfactory, because it fails to meet the real differences between the two governments and may be applied in the grave matter in controversy, but proposes, on the contrary, arrangements for a partial suspension of those principles which virtually set them aside.

Illegality Admitted by Germany.

The government of the United States notes with satisfaction that the Imperial German government recognizes without reservation the validity of the principles insisted on in the several communications which this government had addressed to the Imperial German government with regard to its announcement of a war zone and the use of submarines against merchantmen on the high seas—the principle that the high seas are free, that the character and cargo of a merchantman must first be ascertained before she can lawfully be attacked, and that the lives of non-combatants may in no case be put in jeopardy unless the vessel resists or seeks to escape after being summoned to submit to examination; for a belligerent act of retaliation is per se an act beyond the law, and the defense of an act as retaliatory is an admission that it is illegal.

German Attack on Britain Irrelevant.

The Imperial German government will readily understand that the government of the United States cannot discuss the policy of the government of Great Britain with regard to neutral trade except with that government itself, and that it must regard the conduct of other belligerent governments as irrelevant to any discussion with the Imperial German government of what this government regards as grave and unjustifiable violations of the rights of American citizens by German naval commanders.

No American Rights Can Be Abated.

The government of the United States is not unmindful of the extraordinary conditions created by this war or of the radical alterations of circumstance and method of attack produced by the use of instrumentalities of naval warfare which the nations of the world cannot have had in view when the existing rules of international law were formulated, and it is ready to make every reasonable allowance for these novel and unexpected aspects of war at sea; but it cannot consent to abate any essential or fundamental right of its people because of a mere alteration of circumstance.

Disavowal and Reparation for Lusitania.

In view of the admission of illegality made by the Imperial government when it pleaded the doctrine of retaliation in defense of its acts, and in view of the manifest possibility of conforming to the established rules of naval warfare, the government of the United States cannot believe that the Imperial government will longer refrain from disavowing the wanton act of its naval commander in sinking the Lusitania or from offering reparation for the American lives lost, so far as reparation can be made for a needless destruction of human life by an illegal act.

For the Freedom of the Seas.

The government of the United States and the Imperial German government, both concerned for the same great object, have long stood together in urging the very principles upon which the government of the United States now so solemnly insists. They are both contending for the freedom of the seas. The government of the United States not only feels obliged to insist upon it, but is also deeply interested in seeing it made practicable between the belligerents themselves, and holds itself ready at any time to act as the common friend who may be privileged to suggest a way.

Solemn Warning Given Germany.

In the meantime the very value which this government sets upon the long and unbroken friendship between the people and government of the United States and the people and government of the German nation impels it to press very solemnly upon the Imperial German government the necessity for a scrupulous observance of neutral rights in this critical matter.

ANOTHER VIOLATION WILL BE REGARDED AS DELIBERATELY UNFRIENDLY ACT

In Official and Diplomatic Quarters the Note Is Regarded as the Strongest and Most Emphatic Pronouncement Yet Made by United States.

UNITED STATES FIGHTS FOR FREEDOM OF SEAS WITHOUT COMPROMISE

And Fight Will Be Continued "At Any Cost." Sinking of the Lusitania Termed a Wanton and Illegal Act, and Germany Is Again Asked for Disavowal and Reparation—Note Concludes With Solemn Warning to Germany Not to Offend Again.

Washington, July 23.—The American note on submarine warfare, presented to Berlin today by Ambassador Gerard, was made public here tonight. It reveals that Germany has been informed it is the intention of the United States to regard as "deliberately unfriendly" any repetition by German naval commanders of acts in contravention of American rights.

NOTE REGARDED AS EMPHATIC.

In official and diplomatic quarters the communication was viewed as the strongest and most emphatic pronouncement by the Washington government since the beginning of its correspondence with the European belligerents.

President Wilson returned to Cleveland, N. H., tonight. On the assumption that Germany will have admitted the illegality of her practices by attempting to justify them as retaliatory moves against Great Britain, the United States expresses the belief that Germany no longer will refrain from disavowing

NOTE HAS FORCE OF ULTIMATUM, EDITORS ASSERT

But Carries No Bellicose Threat—American Press Almost Unit in Indorsing Reply—Very Discordant Note Sounded by Some of the German-American Editors, Who Bitterly Attack President Wilson.

Below will be found the comment of the press of the United States on the American note to Germany. The press is almost a unit in indorsing the note, especially its firmness and its plainness.

A discordant note is sounded by the few German-American papers. One of these, the Illinois Staats-Zeitung, published at Chicago, charges that the United States government "had a secret agreement with England to force a break with Germany," and expresses the hope that "Germany will not blame the people for the present government's action."

Chicago Herald: President Wilson's third note to the German government is the most significant document in the history of the world since the beginning of the present war. It is a self-respecting man uses to a friend whose acts have wronged him and in the language which no intelligent man would resent from a neighbor whose friendship he valued.

St. Louis Republic: The third American note to Berlin leaves nothing to be desired in plainness of speech. In this note speak as one who will, the thought, the heart of America. Come what may, the nation will stand upon it as one man.

READY TO ACT AS COMMON FRIEND.

Referring to the German expression of hope in his last note that the freedom of the seas may be established in some measure before the end of the war, the United States declares this object can be accomplished and invites the practically universal cooperation of the American government and, moreover, that it "holds itself ready at any time to act as the common friend who may be privileged to suggest a way" to assist in establishing the freedom of the seas.

The German note of July 17 is declared "very unsatisfactory because it fails to meet the real differences between the two governments and indicates no way in which the accepted principles of law and humanity may be applied in the grave matter in controversy, but proposes on the contrary arrangements for a partial suspension of those principles which virtually set them aside."

GERMANY TO BE ASKED ABOUT ORDUNA CASE.

Washington, July 23.—The United States will make diplomatic inquiries of Germany regarding the submarine attack on the Orduna, a British steamer, when she was bringing a score of American prisoners to the United States, presented today to the state department by the German government.

The object of the ambassador's visit was to discuss in detail the meaning of the complete abandonment by Germany of her submarine warfare.

The object of the ambassador's visit was to discuss in detail the meaning of the complete abandonment by Germany of her submarine warfare.

AMERICAN RIGHTS MUST BE RESPECTED.

The United States, it is asserted, is not the unit of the entire world. The ordinary conditions created by the present war and "is ready to make every reasonable allowance for the normal and unexpected aspects of war at sea," but cannot consent to "abate any essential or fundamental right of the people because of a mere alteration of circumstances."

The note clearly indicates that it is not the United States which is the aggressor in submarine operations "in substantial accord with the accepted practices of civilized warfare."

The comment is added that the United States has looked with interest and increasing satisfaction at the demonstration of this fact by German naval commanders, and that it is "manifestly possible to lift the whole practice of submarine attack above the criticism which it has aroused and remove the chief causes of offense."

NOTE DELIVERED TO GERMAN.

Berlin, July 23.—(Via London).—The American note to Germany was delivered to the foreign office by Ambassador Gerard at 10 o'clock this afternoon.

Ambassador Gerard was closeted with Foreign Minister von Jagow for a half hour. They discussed informally several aspects of the note, and the ambassador afterward declined to say anything for publication.

Presentation of the note was an informal ceremony. Ambassador Gerard rolled the document in a copy of an engineering magazine and walked with it in his hand across the square from the embassy to the foreign office, where of late he has been so frequent a visitor that a preliminary appointment scarcely was necessary.

The transmission of the note was accomplished this time without hitch. The last note was delayed several hours in transit.

The few officials of the foreign office who have seen the latest American note concerning Germany's submarine warfare, which was delivered today, asked to be excused from commenting on it, but they had an opportunity to direct its contents carefully to Herr von Jagow, the foreign minister, through the document in a copy of an engineering magazine and walked with it in his hand across the square from the embassy to the foreign office, where of late he has been so frequent a visitor that a preliminary appointment scarcely was necessary.

DESTROYER ERICSSON ALMOST SUNK AT SLIP

Philadelphia, Pa., July 23.—The United States torpedo boat destroyer Ericsson was almost sunk at her slip in the yard of the New York Shipbuilding company at Camden, N. J., Tuesday night by opening of a sea cock which flooded two compartments of the vessel.

According to a report tonight, the destroyer's bow was within a few feet of the water when workmen arrived at the slip to inspect the vessel. The most powerful pumps obtainable had to be used to pump out the water. The water was pumped clear of the water.

The incident, however, would not dishearten the crew, it was admitted tonight. The vessel had been flooded, although it was stated that the water had been pumped out and the vessel recently successfully completed her official trial trip.

The ship was damaged by the flooding and the destroyer's bow was damaged by the flooding and the destroyer's bow was damaged by the flooding and the destroyer's bow was damaged by the flooding.

ITALY IS PREPARING FOR WAR WITH TURKEY

Relations Strained and Declaration of Hostilities Expected in Near Future.

Rome, July 23.—(Via Paris).—Diplomatic circles here fully expect Turkey, already strained, are becoming more tense because of the reported refusal of the Turkish authorities to permit Italian subjects to visit the Ottoman empire. It is believed here that a declaration of war by Italy in the near future is highly probable.

Reports from Cairo that a Turkish-German expedition has landed on Italian territory in Tripoli has aroused the ire of the Italian press.

Rome also has heard that a large number of Italian prisoners have been detained at Smyrna on the pretense that they were Italian subjects, but because of the port being closed, they are being held in the city.

There has been no declaration of hostilities against either Germany or Turkey, the allies of Italy's antagonists, but the belief in diplomatic circles that each side is diplomatic the other to take the initiative and thus assume the responsibility for extending the scope of the conflict.

CAPTOR IS CAPTURED WHERE HE GETS RANSOM

With \$6,000 in Gold in Sight, Abductor of Empey Is Taken by Cowboys

Idaho Falls, Idaho, July 23.—Cowboys late tonight captured the abductor of Ernest Empey, a wealthy rancher kidnaped several days ago and held for \$6,000 ransom, according to a report received here. The bandit, it is said, came down from Sheep Mountain at nightfall and was taken.

Empey escaped late today as his captor slept in a hut on Sheep Mountain, five miles from Empey's ranch, where he had been taken at the point of a rifle. According to a report from Montpelier, Empey recruited his abductor as a man employed on the ranch five years ago.

Six thousand dollars in gold was taken today for the redoubtable abductor for payment tomorrow night for the release of the cattlemen.

Cowboy water has been found in Oregon to be a valuable source of rubber.

LAST DITCH FIGHT TO KEEP C. BECKER FROM DEATH CHAIR

Condemned Man's Attorneys Secure Order Requiring New Trial Should Not Be Granted.

BLAME FOR THE MURDER SHIFTED TO SULLIVAN

Attorneys Allege That Becker Has Placed Own Foot on Scaffold by Keeping Promise to Shield the Late New York Leader.

New York, July 23.—An order directing the state to show cause why motion for a new trial should not be granted to Charles Becker, sentenced to die Wednesday, was signed by Supreme Court Justice Pathin here today.

the former police lieutenant, twice convicted for investigating the murder of Herman Rosenthal, was made by W. Bourke Cockran, his chief counsel, who placed before Justice Pathin affidavits and what he said was newly discovered evidence.

Becker Willing to Be Quitted. Stating that by his silence in keeping a promise to shield the late Timothy D. Sullivan, Becker "has placed his own foot on the scaffold."

In the petition are affidavits from three attorneys associated at various times with Becker's defense, which show that they never had known of Sullivan's interest in Rosenthal, as revealed in Becker's appeal to Governor Whitman and later substantiated by Harry Applebaum, Sullivan's secretary.

An affidavit from Rev. James B. Curry, who frequently saw Becker in the Tombs, is embodied in the papers. Father Curry swore that two years ago Becker confided in him the same story he gave out in his appeal to the governor.

next day he would have \$15,000 and was going away. Says Becker was "framed up." In another affidavit Louis Harris, a member, said that Ross confided to him that Becker was "framed up."

Another letter is from Harford T. Marshall, judge Webster's attorney. Marshall says he refused to act as counsel for Webster, whose name was forced him that Becker was innocent and that they had to "frame him" to save themselves.

An affidavit by Becker is embodied in the petition. In it the former police lieutenant says that there was abundant evidence in the district attorney's office as to the guilt of Ross, Vallon and Webster, and that now he cannot get an unpunished review of his case by the governor, for the man who prosecuted him is now the chief executive.

MRS. CARROLL LOSES POLICE COURT FIGHT The trial of Mrs. B. E. Carroll, of 43 Walton street, a boarding house, which has attracted the attention of Recorder George E. Johnson for a week, beginning last Saturday, and having four afternoon sessions this week, ended last night when Judge Johnson ruled in favor of Mrs. Carroll over the specific charge of running a disorderly house.

General Salazar in Pen. Santa Fe, N. M., July 23.—General Jose Salazar today was placed in the New Mexico penitentiary here. It is stated that in addition to the perjury charge on which he is held, he may be charged with conspiracy to liberate himself.

army is advancing toward the Lublin railroad. The German reaction to have broken the obstinate resistance of the Russians at several points.

RUSSIANS HOLD STRONG POSITIONS.

The Russians, however, have had little to show for their defensive positions, and it is believed they will make every effort to hold their ground. It is stated that they have not yet crossed the Narwicz river, and another attack of the Russian line has been repulsed.

WARD FIGHTING ON WEST FRONT. Severe fighting continues in the west. It is reported unofficially that the German line is being pushed back, but official communications indicate that the German line is still in the hands of the German crown prince.

RUSSIANS FIGHT ON THREE FRONTS. Petrograd, July 23.—(Via London.)—Field Marshal von Mackensen, operating between the Bug and the Dniester, has directed his main attack against the Russian line in the direction of the Bug river.

BATTLE GROWS MORE FURIOUS. Petrograd, July 23.—(11 p. m. via London.)—The fighting in the west is growing more furious. On July 22 the Germans smashed the entanglements at Gnieznow, 4 miles southeast of Ivangorod, but a determined counter-attack is said to have hurled them back with heavy losses.

On the Bug river, the Germans in the center of the Lublin-Chelm line suffered a serious defeat. The Teutons have advanced to the front and proceeded to advance northward of the Vistula line.

On the other parts of the front, the situation is unchanged. RUSSIANS SHOW GREAT BRAVERY. Berlin, July 23.—(Via London.)—Vienna dispatch to The National Zeitung report that the Russian line is still in the hands of the German crown prince.

ITALIANS GAINING ON SONZO FRONT

Success of Invaders Becoming Clearly Apparent—Italian Guns Mow Down Austrian Columns.

Rome, July 23.—(Via London, July 24, 12:30 p. m.)—This official communication was issued today. "The battle continues along the whole of the Isonzo front and the success of our armies is constantly becoming more clearly apparent."

"Our slow progress continues on the front of Piava and Terza. Further reinforcements have been carried here and war material captured. Our guns mowed down the Austrian columns while our infantry attacked at close quarters and by an unrelenting movement captured 1,500 prisoners, including 75 officers. The battlefield was covered with dead."

ITALIANS REPULSED. AUSTRIANS REPORT. Vienna, July 23.—(Via London.)—The Austrian war office tonight issued the following in regard to operations on the Italian front: "The battle near Gorizia continues. The Italians yesterday bombarded moderately the bridgehead of Gorizia. The attack on Monte Sabotino was repulsed and our troops regained without serious losses a particularly dangerous position."

On the other parts of the front, the situation is unchanged. RUSSIANS SHOW GREAT BRAVERY. Berlin, July 23.—(Via London.)—Vienna dispatch to The National Zeitung report that the Russian line is still in the hands of the German crown prince.

A GOOD WORK. The decision of the agricultural committee of the Georgia Bankers' association to extend the privileges of their educational fund to girls as well as to boys is just and progressive.

The people of the Mississippi valley states, who have already contributed \$75,000,000 toward it and are now adding another \$25,000,000 to that.

The people living in the same territory affected are not doing for reclamation. They are ready and willing to take care of the feature themselves.

It remains simply a question for congress. The method of preventing floods in the Mississippi valley is a problem whose solution has already been attained.

While we have been busy insisting that England shall withdraw her illegal blockade against central commerce...

It is well for us, no doubt, that England has declared this embargo. We shall come more quickly to the adaptation of cotton to the needs of rural life.

In the many reports which have been made by federal and state agencies working for rural betterment...

Special boards of health have pleaded for the instruction of women in the practical duties of the home.

The girls' canning clubs have come as the voice in the wisdom leading to better things to the women of the rural home.

Through a provision of the Smith-Lever bill women are to share in the advantages of the appropriation through the state colleges of agriculturists and women experts and agents are to be sent to the rural communities with messages direct to the farm women.

And now, with the added aid of scholarships and loan funds which will bring the girl and the school intended for her together, the plan is complete that in a short time prove the wisdom of the Georgia bankers, who believe that one well-equipped girl can be of more value to the community than two boys.

A NATIONAL DUTY. The building and maintenance of levees in the valley of the Mississippi river for the purpose of flood prevention is unquestionably a national duty.

Moreover, it is a duty to the public to do it. But there is always a sense of gratifying approval inspired by a duty that is well performed.

The colonel "will support any decent republican," and he seems to have begun the search on a River of Doubt.

And still the Russians are being driven to the rest-up for the come-back.

All the fighting nations want the earth to blaze their troubles on.

Old Constitution Days

Are Recalled by Story About Louis Saloshin. By Sam W. Small.

That old story of grackles' memories lived up from the old meadows of my childhood.

He had been there in the old days when I came in on the fourth floor of the old Broad street office.

How near tonight that far-off day seems - the day when I walked up to one of those old-fashioned houses.

Of course, he didn't have any job that he was calling for a nurse so on Sam's house at who I was, where I was from.

It was that day a "ramp" antelope in town near the city of Atlanta.

Unfair Criticism of the Navy

Record of Secretary Daniels. BY E. K. RODEN.

Editor Constitution: Secretary Daniels' unfair criticism of the navy department in general and of the navy in particular has appeared in the press lately as to the efficiency of the navy.

Representative Gardner, of Massachusetts, who accuses him of having assumed the leading role in the attacks made on what is termed "naval inefficiency."

His present administration under the able and efficient Secretary Daniels has done right before my eyes in making our navy what it is today.

Perhaps the most noteworthy accomplishment of the navy department in the first two years in the authorized construction program of the navy.

The addition of other units to the navy has been in the same proportion. At the present time the navy has 23 destroyers, 33 submarines, 3 gunboats and 12 auxiliary vessels.

The navy has kept pace with requirements. Thus the navy has increased its tonnage by 24 per cent, and its personnel by 25 per cent.

Helping the South to Better Help Itself

Editor Constitution: From your issue of July 18th, the heading, "Atlanta's Strides From Day to Day," I notice that Mr. Robert Olin, president of the Atlanta Chamber of Commerce, has taken a step in the right direction.

The possibilities of such a move are so great that no time should be lost in putting this measure into effect.

The article referred to brought vividly to my mind a trip taken some 15 years ago to Kansas City, St. Joseph, and through the heart of the West.

I entered the office and was met by a middle-aged man who was well known to me. He learned something of the great work being especially the western roads, but more especially the Kansas City one.

He had been there in the old days when I came in on the fourth floor of the old Broad street office.

IMPORTANT BILLS PASSE BY SENATE

Walker Measure Providing for Prompt Payment of Teachers Adopted.

TEACHERS' BILL ADVANTAGES. The plan to pay Georgia's school teachers promptly does away with the old system of not paying the state servants until the payment is a year overdue.

The senate yesterday morning passed two important bills. One was the Walker bill, providing for the prompt payment of school teachers, whereby arrangements will be made with banks to honor the warrants of the governor.

The principal amendments were offered, respectively, by Senators Boykin and Pickett and by Senator Boyd. An amendment by Senator Boyd, which was adopted, would make the auditor shall have one assistant and one clerk instead of two.

When the senate adjourned the message was being debated. The appropriation to be donated to the state agricultural school at Americus, Senator McCrory pleaded for a liberal appropriation, but several amendments against such generosity.

STATE PRISON FARM PROBED AGAIN TODAY

Great Interest in the Governor's Visit—Frank's Condition Continues to Improve.

Milldeveville, Ga., July 23.—(Special) Chairman R. E. Davidson arrived tonight by auto from his home in Greene county and the state farm here will begin early Saturday, shortly after the arrival time of the train from Macon with Governor Harris and Prison Commissioners E. L. Rainey and T. Patterson.

Frank is continually improving. He had a nice, comfortable night at 10 o'clock his physicians made an examination of his wound.

Fort Worth Bank Closes. Fort Worth, Texas, July 23.—The Fort Worth Savings Bank and trust company, capitalized at \$250,000, closed doors today.

AFFECTING SCENES MARK DEBATE OVER PENSIONS

House Unanimously Agrees on Increase on Sliding Scale.

The confederate veterans of Georgia won a victory yesterday in the hands of representatives when a bill to increase their pensions was passed.

There was no fight on the bill, but a few members of the house, thinking of the financial condition of the state, were inclined to go a little slow in the expenditures.

The bill was one of the most affecting scenes of the session. Many of the old veterans, who are members, were present to hear their cause championed by their comrades and by the sons of veterans.

A striking feature of the debate was the speech by Mr. Wohlwendner, of Muscogee, who is a southern-born birch. His speech was one of the strongest appeals made for an increase of the pensions.

The annual pension for a veteran is now \$25 a year. The bill as passed made the increase as follows:

For the next year, for 1915, \$25; for 1916, \$30; for each year thereafter, \$100.

This scale was agreed upon under an amendment offered by Mr. Elders, of Tattnall.

The first speech was made by Mr. Darr of Glynn, a veteran, who spoke for the bill. He said that he was not of the south went out to fight for their country.

HOUSE RECONSIDERS STATE BUDGET BILL

Places Measure at Foot of Calendar—Books and Supplies for School Children.

When the house convened yesterday morning at 10 o'clock, the bill for a recon sideration of the state budget and the motion was adopted to place the bill at the foot of the calendar.

Among the important new bills introduced was one by Messrs. Yeaman of Terrell, Norris of Crisp, Barrow of Gray, Webb of Lowndes, and Norris of Douglas, which provides for the furnishing of school books and supplies to the public school children.

The feature of the bill is as follows: The general assembly of the state, in order to provide for the furnishing of school books and supplies to the public school children, do hereby enact that the state shall appropriate out of the treasury the sum of \$1,000,000 for the purpose of purchasing school books and supplies for the public school children.

Other New Bills. Mr. Elders, of Tattnall, and Mr. Hutcheson, of Turner, offered a bill which provides for the payment of the salaries of the teachers of the public schools.

A bill was introduced by Messrs. Parham and Boyd, which provides for the sale of soft drinks, ice cream and cigars in the public schools.

Mr. Blackburn, of Fulton, introduced a bill which provides for the payment of the salaries of the teachers of the public schools.

POSTAL TELEGRAPH WIRES TO BE USED FOR LONG DISTANCE

The Postal company yesterday inaugurated a long distance telephone-telegraph system, connecting a number of cities in the state.

Telephonic communication was established over the Postal's system Friday with Atlanta, Augusta, Charlotte, Birmingham, Nashville and Memphis. Lines are being extended to Alton, S. C. Camden, S. C. Greenville, Ga. Chattanooga, Tenn. Ala. (Greenville), Nashville, Raleigh, N. C. Lynchburg, Va. The Postal telegraph system provides for lower present rates.

The five-minute telegraph charges from Atlanta to Augusta is 10 cents, with a charge of 15 cents for each additional minute. The rate for long distance telegrams is 10 cents for the first minute and 5 cents for each additional minute.

The same system of carrying on telegraphic and telephonic communication over the same wires is operated in the Postal's system of New Orleans and along the Pacific coast. It has proved a marked success. A reporter for The Constitution, who talked over the Postal wires in the Postal headquarters Thursday afternoon, said in distinct connection with Charlotte and Atlanta. The wires came plainly over the wires, with no buzzing or any indication of the telegraph traffic going over them.

Telephonic communication can be obtained only at the Postal offices. Receipts of long-distance calls are notified by service message sent through the telegraph department.

"THE NATIONS AT WAR" A FAIR, FEARLESS ACCOUNT—STARTLING ILLUSTRATIONS. Though the facts in this work may appear accurate, bear in mind they are true. The mind and the spirit of President Wilson's neutrality declaration has the author's most profound respect, but facts are facts, nevertheless. No man or woman, either native or foreign born, need fear to read the truth presented in this work.

For Constitution Readers PUBLISHERS' PRICE \$3.00 PRESENTATION OFFER .98 SAVE \$2.02. The offer is perfectly clear. "The Nations at War" is a gift in every sense of the word. You provide one coupon clipped from another page of this issue and 98 cents, sufficient to cover usual author's royalties, freight, packing, a handling charge and the cost of the paper. The saving of \$2.02 is a new paper's presentation to you.
