Way Now Clear for Action on Tax Bills and Payment of the School Teachers of the State.

GOOD OUTLOOK FOR END OF STATE'S DIFFICULTIES

Akin Urges Tax Reformers to Support the Lipscomb Bill With Committee Amendments.

This week will be the test week of the legislature in so far as its ability to cope with the tax problems confronting it and the treasury deficit arising out of them.

The crisis is a serious one. It all depends on what is done this week and that is up to the sentiment of the legislature, particularly those constituting the house of representatives.

The crisis which confronts the state is indeed a more serious one than the public has been led to believe.

It is true that the legislature will probably pass this week with scarcely a dissenting voice a bill authorizing the governor to borrow \$500,000 to tide over the present deficit and to delay the payment of taxes after December 30.

At best a doubt is raised which either the legislature nor the attorney general can settle, but only the supreme court, and the doubt is not peculiar to a time when the money market is so tight.

Decreasing Returns. Now the returns from a number of the country counties are in and the

SLATON DENIES SENATE REPORT GOVERNOR SAYS STATEMENT HE WOULD BE IN THE RACE NEXT YEAR IS UNAUTHORIZED BY HIM

The attention of Governor John M. Slaton was called yesterday to the published statement that he would be a candidate for the United States senate next year, to which he replied:

"Any such statement is entirely unauthorized by me. I have never mentioned the matter to Mr. Burnett nor have I thought of it. My whole time, energy and attention is now being directed to the duties of the office of the good name of the state in the matter of its finances.

"Beyond that I have no definite purpose other than to give the state the best there is in me during my term of service as its chief executive. I hope to have the support of all citizens to that end and so far I am glad to say that I am receiving such support by the press and the public.

"P. C." IN THE HEAVENS MEANS "PLOW CORN" NOT "PRAECH CRIST"

Aurora, Ill., July 27.—Too many persons who see the sign "P. C." in the heavens think it means "Preach Christ" and not "Plow Corn."

NEGRO IS LYNCHED BY HOUSTON MOB

Discovered While Robbing a Store at Dunbar, Black Head Seriously Wounded J. F. Hammock With Shotgun.

Macon, Ga., July 27.—After an all-day search for a negro burglar, who last midnight shot down J. F. Hammock, a merchant of Dunbar, 15 miles south of here, a posse tonight captured the burglar in a swamp at Dunbar and after taking him back to Dunbar, strung him to a pole in the yard of his house, nearby, investigated his body and found him dead.

Mr. Hammock was brought to this city and lies in a critical condition at the hospital here.

There is another matter of ominous portents which is well worthy the attention of the legislature at this time.

LEO FRANK'S TRIAL ON HUNGARIAN CHARGE BOOKED FOR TODAY

Judge I. S. Roan Announces That He Will Call Case at Nine O'Clock This Morning.

After weeks of preparation by some of the most skilled legal minds in the state and after every point in the case which has been made public has been discussed and thrashed out by thousands of citizens, the case of the state v. Leo M. Frank, charged with the murder of little Mary Phagan, will be called at 9 o'clock today.

Event after event has followed in rapid succession since the morning of April 27, when Atlanta arose to wend its way to church and read of the finding by police of the little girl's dead body in the basement of the National Pencil company, on South Forsyth street.

Then came the arrest of James Conley, negro sweeper, who stayed in jail for nearly a month, and who was found guilty of the crime.

That honesty is the first lesson which a state should teach her children, and that she cannot teach that lesson successfully without first observing it herself, is the text of an able and courageous statement which Governor John Slaton made yesterday.

It is incredible that the legislature will instruct the governor to sign bonds for money which has not been provided.

When Georgia comes to sell her bonds she will find that she will not appear well if she admits that she has appropriated in excess of her revenue and is continuing to do so, and that she has declined to make provision for meeting her obligations.

The appropriate legislative committee has approved the action of the governor in signing bonds for the equalization of taxes, both on visible property and on invisible property in the shape of bonds, notes and accounts.

There may be excuse for the attorney who signs the bonds, but the governor should bear in mind that it will augment those of the people who are bearing less than their share, and will inevitably tend to lighten the burdens of those who constitute the bulk of our citizenship—those who are not in the professions.

The reform will aim first at placing on the tax books the large amount of property and city lots, the protection of such property comes within the classification known as invisible.

Gov. Slaton's Statement. Judge John C. Hart, former attorney general, was a member of the state bar at the trial of Leo M. Frank and the text books came before that body which was that the children in the first year should be taught that honesty is the first lesson in the third year they should be required to review the lessons of the two preceding years.

On Trial for Life Today

STATE SHOULD NOT ONLY TEACH HONESTY, BUT SET EXAMPLE, SAYS GOVERNOR

Uncle Sam Orders Mexico To Make Speedy Redress For Shooting of Dixon

MEXICANS FORCED TO FREE AMERICAN WHOM THEY SHOT

Immigration Inspector Dixon, Wounded Saturday in Juarez, Has Been Delivered to United States Authorities.

MEXICANS THREATENED BY AMERICAN CONSUL

Soldiers and Negro Implicated in the Shooting of Dixon Have Been Arrested by the Huerta Authorities.

El Paso, Texas, July 27.—Charles E. Dixon, U. S. immigration inspector, who was shot in Juarez Saturday by Mexican soldiers, was released from the Juarez hospital and brought to El Paso today after American authorities had received word that the Mexican government had agreed to the release of Dixon, after conference with the United States officials, who were brought to the Mexican capital by the news of the shooting of the inspector.

The demand of Consul Edwards was to vigorous language. First telling the Mexican authorities that Dixon must be delivered up to his friends and brought to El Paso without delay, the consul said relative to repatriation of the body.

"It do not merely request the arrest of these men, but in the name of the United States government, which have the honor to represent, I demand that you take the necessary steps to bring them to justice and punish them for this crime. My government will hold the military authorities of Juarez personally responsible for failure to obey this command."

Arthur Walker, the negro whom Dixon was investigating when he was arrested, and the soldiers who made the arrest immediately were placed in jail, according to the report of Colonel Caserio, U. S. consul at El Paso, to a hospital. U. S. physicians believe he will recover.

Mr. Berkshire said tonight he made no definite statement to the press, but had reported to his superiors the facts relative to the arrest of the negro and Inspector Clarence Galt, when they were taken to Juarez Saturday following the shooting of Dixon.

Mr. Berkshire said that from what he learned of the negro Walker, Juarez investigating a white slave case, he believed that Walker had been implicated in the shooting of Dixon, and that he had been in the city of Juarez at the time of the shooting.

Demand Is the Most Drastic in Phraseology That Has Been Made by the Wilson Administration.

COURT-MARTIAL ASKED FOR HUERTA SOLDIERS

Release Is Also Demanded of Bissell and McDonald, Held by Huerta's Soldiers in Chihuahua City—Incidents Considered Serious.

Washington, July 27.—Strong phraseology, the most drastic in phraseology that has been made since the present American administration came into power, were made to the Huerta government in Mexico today.

The United States government demanded not only the prompt arrest, conviction and punishment of the Mexican federal soldiers who shot Charles E. Dixon, an American immigration official at Juarez, Mexico, but the immediate release of Charles Bissell and Bernard McDonald, mining managers, imprisoned by federal soldiers at Chihuahua City, and said to be threatened with execution.

So serious were these incidents regarded by officials here that they overhauled largely the theoretical considerations of policy which the visit of Ambassador Henry Lane Wilson has brought to a climax.

The ambassador himself was so exercised over the developments in Mexico that he dictated two strong telegrams, one to the embassy at Mexico City and the other to the American consul at Juarez, and while Secretary Bryan slightly modified their tone, they were approved and promptly dispatched.

Ambassador Wilson declined to discuss the affair, but he will probably explain his views on such happenings when he returns to Washington at 2:30 o'clock tomorrow afternoon for a general examination of conditions in Mexico.

President and Ambassador to Consul. The president carefully studied Ambassador Wilson's long report today, and after an early conference tomorrow with Secretary Bryan, he is expected to inquire of the ambassador what remedies he would suggest.

The ambassador's statement, which outlined the friendly relations between Mexico and the United States, and protect likewise the interests of American citizens in the southern republic.

CURRENCY REFORM WILL BE ENACTED

Democratic Leaders Assure President of Favorable Action—Differences May Be Settled by a Caucus.

Washington, July 27.—President Wilson has received further assurance from leaders in congress that the program of currency reform will receive favorable action at this session of congress.

Rapid progress has been made on the tariff bill in the senate and the president and his congressional advisers have been encouraged by the prospect of the passage of the tariff bill much earlier than had been expected.

May Be Currency Caucus. While the democrats of the house currency committee have found it impossible to agree on the Glass-Owen currency bill, the house leaders and President Wilson believe the measure can be whipped into shape in a democratic caucus, if it is necessary to adopt that course.

It is believed the caucus will be taken into a caucus with the backing of the president, Democratic Leader Underwood, Speaker Charles D. Smith and could be perfected there and then the endorsement of the democratic party.

Further efforts will be made this week to bring the house committee members together to discuss the bill. Should the attempts fail, the administration is prepared to push the currency measure into law without delay.

Swift Work on Tariff Bill. The tariff bill has gone through its early stages in the senate with unexpected rapidity. It is now being attempted to make general tariff amendments, and it is expected the debate will be shorter during the next two or three weeks.

Interest in the tariff has lagged throughout the week and indications point to less legislative activity as the bill progresses. Senator La Follette has not yet entered the debate. He has employed the week for the week in the preparation of substitutes for many schedules.

Senator La Follette has not yet entered the debate. He has employed the week for the week in the preparation of substitutes for many schedules. When these are offered, the Wisconsin senator is expected to lead a hard fight for their adoption.

Break Democratic Rank. Senators La Follette and Underwood will offer substitutes for the democratic tariff. It is expected that the measure will be passed in the senate for his substitute.

Appointments Opposed. The president has encountered bitter opposition in the senate to recent appointments. Several of the somatic nominations still remain unaffirmed and a fight is being made against several appointments.

The lobby investigation is being continued by the senate investigating committee. It is approaching an end as far as the senate is concerned. An opportunity is to be given officers of the National Association of Manufacturers to a limited examination of Martin M. Mulvihill who claims to have been for years their lobbyist and agent.

After the rules adopted by the committee, requiring questions to be furnished in forty-four hours in advance, it is expected the examination of Mulvihill will be short. There are nearly 1,000 of these questions in the report and it is expected that the committee will have completed its investigation by the time the house investigation is completed.

SAYS GEORGIA NEEDS WAYWARD GIRLS' HOME

Garland M. Jones' Bill Will Come Up for Final Action This Week.

The house bill to establish a home for wayward girls in Georgia is scheduled to come up for final action this week. It is now in the hands of a special subcommittee appointed by the appropriations committee to ascertain the minimum amount of money necessary to establish and maintain such an institution.

The bill was originally referred to the committee on Monday. It is expected to be passed in the house by the end of the week. The bill is expected to be passed in the house by the end of the week.

The mutinous Swiss guardmen at the vatican presented to Cardinal Merry del Val, papal secretary of state, a memorial relating their grievances and setting forth the conditions on which they were disposed to remain in the service. Otherwise they declared they were ready to quit.

The total attendance at the two Sunday schools entered in the publicity campaign was 6,829, while the average for the same Sunday last year total 5,212, making a gain of 1,617 over last year. The average of 23 for this year is a gain of 44 over last year's average attendance, which was only 256 on this day.

Meeting Is Postponed. The meeting of the Country Collective society, scheduled for next Wednesday afternoon at the Grant Park pavilion, is postponed until one week from Wednesday afternoon at 3:30 o'clock, according to an announcement issued by R. D. Hawkins, president.

In the bill now pending and providing for a state bureau of vital statistics the legislature has the opportunity to place Georgia on the right side as against death and disease and economic inefficiency.

Georgia has now no system of vital statistics. We have not been keeping books with reference to life and death. Only one or two cities have done so, and they with incompleteness.

MAJORITY JURY VERDICTS.

Contrary to most of the legal innovations proposed in this reckless age, the majority jury verdict law about to be tested by Minnesota is characterized by at least theoretic merit.

With a jury of twelve men this would mean that the majority of the twelve would be the majority of the state.

It is THE COUNTY SCHOOL TEACHER, NOT THE CITY SCHOOL TEACHER, who is affected. The city school teachers are well paid, relatively speaking, and, above all, they are promptly paid.

How nice it must be to be paid for teaching a chautauqua audience that you need the money. Chasing the Money Devil around the stump doesn't make some statesmen dizzy.

NOTHING OF THOSE ONE-RUN DEFEATS

CRACKERS HOME THIS THURSDAY

Play Five Games With Nashville Volts in Three Days. Then Off on Final Jaunt of the Year.

A FAST TRIO OF OUTFIELDERS.

The locals' outfield, whose work has been erratic in spots and brilliant in others, but which on the main compares just as well as any other outfield in the league. What faults they may have in the field, these boys make up for with the old stick. Hitting covers a world of fielding errors. Tommy Long (on the left) has hit over .300 all season and is at present the leading run-getter of the league, with every prospect of breaking the league run-getting record. Harry Weldon (in the center) is leading the local team with the bat and the league in number of hits made, besides making a bid for the league batting leadership, which he held last season. Weldon has just as good a chance to register more hits this season than he ever registered before as Long has to break the run-getting mark. Harry Bailey (on the right) is away off his stride. No one seems to know why. He is trying his hardest and honest efforts are sure to eventually bring success. At least we hope so.

By Dick Jemison. Three more games will be played at Nashville today, one Tuesday and the final Wednesday and the Crackers return to their home city on Thursday. But the home-stay will be of only three days' duration. However, plenty of ball will be crowded into those three days, with the Nashville Volunteers as the opponents of the local team.

A double-header is on the schedule for August 1 and 2. The only game of the Volunteers to Atlanta makes it necessary that it be played on the first day, which is the final visit of the Volts to Ponce de Leon this season.

Last Road Game. Here is the schedule of the final road trip: August 4, 5, 6—Chattanooga. August 7, 8, 9—Nashville. August 11, 12—Birmingham. Returning home August 13, the Crackers open up a home-stay that will last until the end of the season, twenty-six games in all, being played in a row on the local ground, and still on the final trip of the Nashville Volunteers to the local ground.

It is in the final trip of the Crackers that a 500 cent club will return to the home lot only to find distance to Atlanta. The first place that they are now, it is going to keep, with Harry Weldon leading by a long way. Harry Smith is third for Atlanta. Here is the list of home games arranged for the season as far as possible as the double-header dates have not been definitely arranged.

Table with 2 columns: Date and Game. Dates range from August 15 to September 1.

A team match race, with the ten riders which will be held at the feature event at the local motorsports center will be \$8 miles, or 120 circuits of the quarter-mile track. The race will start at 8:30.

This event promises to be even more exciting than the Marathon last Friday night. The riders will be on the track all the time.

But only five will actually be in the race at one time, their partners riding on the flat at the bottom, ready to jump in and take a whirl when it looks like their partner is slipping or losing.

The teams will be announced tomorrow. The complete detail of the rest of the program, which will include many races and the usual heats and finals in the shorter sprint events.

"BIG SIX" MATRY JOE BOEHLING HAS LEAGUE'S HEAD

The following telegram from President J. E. Brown of the Cotton States League is self-explanatory: "Dick Jemison, Sporting Editor, The Constitution." On account of several players in the majors are now leading in slugging percentage, I consider the best left-hander in the league, and as soon as possible will give you complete statistics. (Signed) "J. E. President."

Joe Boehling, Clark Griffith's young southpaw, leads the American league batters with an unbroken string of seven straight home runs. Walter Johnson is second, with 22 hits and 10 runs. These two leaders have won the title of the season's greatest slugger.

IN PREVIEW PITCHERS' BATTLE GUILTS WIN FROM CRACKERS; DUNN PINCHED FOR CURSING

By G. F. Pionnier. Summary: Home run, McDonald; strike out, Ervin, Hendrix, Messenger; struck out by Wilson, by Gregory; 2 bases, first, two on. By Gregory 7, hit by pitched ball, by Gregory 1, first on base errors, Birmingham 2, New Orleans 1, left on base, Birmingham 2, New Orleans 2, 2 bases, Birmingham 1, Stockdale and Keefe.

Montgomery, Ala., July 27.—In a game called at the end of the first half hour by a rain storm, the Crackers, 2, 1, in a closely contested game. It was Hogg against Durr and both pitched in fine form, but his were bunched by the locals in the fourth, one on over in the first on a two-base, McCall going to the outfield.

Dunn was arrested for cursing behind the plate and despite pleas of the local players was taken from the lot by the police under orders of Police Chief Greenhaw. Mobile failed to get a man on base until the third when Clark smacked but was caught off by Dunn to Alier. The third when Clark smacked but was caught off by Dunn to Alier.

Score by Innings: 1 2 3 4 5 6 7 8 9 10 11 12. Birmingham 0 0 0 0 0 0 0 0 0 0 0 0. New Orleans 2 1 0 0 0 0 0 0 0 0 0 0.

Menace, Tenn., July 27.—Seagulls two-base hit in the sixth inning, but failed to score, waiting an opportunity to score gave Memphis the deciding runs in a 2-0 victory over the Crackers. Memphis scored two runs in the second inning. Memphis scored two runs in the second inning.

Manager Smith of the Crackers after the game said to any representative that he had no grievance whatsoever against the local ball team for the defeat. He said that the game was a close one and that the local team was a good one.

Smith said that Dunn in arguing over the hit ball with Empire Wright was a fool, but that Empire Wright did not get out of his mind. Smith asked that Dunn be allowed to continue as he had three men out and was badly crippled.

MOBILE. In the game today, the Crackers, 3, 1, in a game called at the end of the first half hour by a rain storm, the Crackers, 3, 1, in a game called at the end of the first half hour by a rain storm.

ATLANTA. In the game today, the Crackers, 3, 1, in a game called at the end of the first half hour by a rain storm, the Crackers, 3, 1, in a game called at the end of the first half hour by a rain storm.

DESPITE the fact that both games Saturday of Montgomery were to the Athletics, we are compelled to offer. Any time a team does two straight games, they are bound to lose. The Athletics have lost to the Crackers in all three games.

WIFFS

Not Understandable. BASEBALL is a funny game. It is impossible to do it. That's what some of the Crackers, for example, all are doing. They are all being hand-picked by bad pitching from their own side of the fence.

Joe a Slump. THE CRACKERS have just been in a batting slump for the past week. It is one of those unaccountable lines of baseball that no one can ever figure out. But the slump will be longer.

Lacked the Pitch. AT MEMPHIS and Montgomery, the Crackers had numerous chances to break on the old game with a timely hit. In those two games the Crackers had more men left on base in each game than they have had in the last of the season.

The Bright Side. WE PROPOSE to look on the bright side of things, even in the case of the Crackers. There is only one thing to be done. The Crackers should be able to deliver a good article of hitting.

Don't Give Up. CLIMB UP on the old hand wagon and root. Full on the old hand wagon and root. Full on the old hand wagon and root.

THE RETURN to batting form of Wallop Smith and White Abner will be the biggest factor in the Crackers' success. When they get back into their real stride once more, in their habit of leading Harry Weldon.

WHI Help Me. EVERYONE who has seen this tall Love pitcher, who knows anything about him, says that the Crackers need a two-stroke when they land him. President J. E. Brown of the Cotton States League, states that he considers Love the best pitcher in the league by a long jump.

A Strong Point. LOVE's chief asset in making good in the Crackers is his ability as a left-hander. He is said to have better control than any left-hander in the Cotton States League.

THE "BREAK". ONE RIN margin in some won and lost. It referred to in some of the Crackers' records.

No Complaint. DESPITE the fact that both games Saturday of Montgomery were to the Athletics, we are compelled to offer. Any time a team does two straight games, they are bound to lose.

AGREEMENT PREDICTED ON CURRENCY MEASURE

Supporters of Administration Scheme to Force Insurgents to Show Down.

Washington, July 22.—Confronted by apparently irreconcilable differences among democrats of the house banking and currency committee on the pending currency bill, the administration tonight chanced its plans for getting the measure through the committee and the house.

The scheme of Chairman Glass to take the unfinished bill out of the hands of the committee democrats and send it to the democratic house caucus which failed on Friday, was abandoned after Chairman Glass today conferred with President Wilson.

The bill will be kept in the conference of the committee democrats this week, according to the new plan, and they will be forced to vote on the essentials of the measure. The administration supporters believe they will be able to outvote the so-called insurgents by ten to four, or eleven to three.

Representative Ragsdale, who offered the Henry Ragsdale amendment to the bill, Representative Bulkeley, of Ohio, Representative Cagle, of Texas, and Representative Neasey, of Kansas, are the four members listed as dissenting. If the disagreement of these four cannot be disposed of by discussion and argument, they will be voted down. Then the administration will decide what further course to pursue with the bill.

The administration forces apparently were encouraged today and advanced the belief that the president, despite the untidy outlook, would be able to get his bill through both ends of the capitol practically unchanged. In a statement issued tonight Chairman Glass said: "While there seemed to be cause for discouragement some days ago, leading me to entertain personally the belief that progress might be better facilitated by going to the caucus with the bill, I am now confident there is a steady will be substantial agreement among members of the committee, and that we shall probably in another ten days be able to report the administration measure with some of its details altered, but none of its essentials materially changed.

The president has not changed his attitude as to the necessity for currency legislation at this session, nor altered his position with respect to the main features of the bill under consideration. Moreover, I feel warranted in making the declaration that a safe majority of democratic members of the banking and currency committee of the house, when it comes to the test will stand with the administration."

MAN WHO SUCCEEDS MELLEN

HOWARD ELLIOTT

Howard Elliott, president of the Missouri Pacific, succeeds Charles S. Mellen as head of the New Haven. Mr. Elliott has been getting \$75,000 a year as president of the Northern Pacific. About a year and a half ago when he was receiving \$50,000 in the same capacity he was offered the presidency of

the Missouri Pacific at a salary of \$100,000 a year and refused the offer. It was believed then that he was waiting for a chance to get back into railroad work in the east. Though not a native of New England, he was brought up in Cambridge, and spends the greater part of his summers there. Most of his close friends are in New England.

HE ATTACKED CHURCH ON THE EVE OF TRIAL

Rev. Charles Davidson Had Been Summoned to Appear Before Episcopal Court.

Richmond, Va., July 22.—(Special.)—The sensational attack of the Rev. Charles Davidson, of Charlottesville, Va., upon the Episcopal church, after burning his vestments and prayer book in the presence of a negro man, at the gates of Monticello, the tomb of Jefferson, Friday, brought from Thomas H. Willcox, chancellor of the diocese of southern Virginia, the following telegram: "Norfolk, Va., July 22.—Mr. Charles Davidson's attack upon the Episcopal church, made on the eve of the convening in Roanoke on Monday of the court appointed by Bishop Randolph to hear certain charges made against him, was to say the least ill timed."

Chancellor Willcox declined to give particulars as to what the charges against Davidson contained, but it is known that Davidson has written several letters reflecting upon the Bishop of the Episcopal church of Virginia. A telegram from Charlottesville tonight states that Rev. Mr. Davidson is preparing to hold a series of meetings in a theater in that city, and will be aided by a choir selected from all denominations, and from the Salvation Army. An Episcopalian to be stated, will be organized.

PERJURY IN LYNN TRIAL

Negro Blash Admits He Gave False Testimony.

Dublin, Ga., July 22.—(Special.)—A big surprise was sprung in the Lynn case here when Raymond Blash, a negro, and one of the most important witnesses for the prosecution, was arrested and lodged in jail on the charge of perjury, and will be tried probably at the term of court which convenes here Monday.

In the trial of Mr. and Mrs. A. L. Lynn here in February for the killing of F. M. Hightower, at the Lynn home in December last, Blash testified that he was working at the rear of the house and saw Lynn enter the back door just before the shooting took place and leave hurriedly just after the shots were fired. He stuck to the story all the way through and his testimony was one of the strongest links of the chain of evidence introduced by the prosecution. Since the trial, however, Blash has stated several times that what he swore was not true.

This arrest will have the effect of getting a new trial for Lynn. It is claimed by his attorneys here, S. F. New and George B. Davis, and they state that the entire case will probably be reopened. In the meantime, pending the disposal of Blash's case, preparations are being made to carry his case to the supreme court for the United States on other grounds.

WHISTLES WILL BLOW TO CALL BACK STRIKERS

Effort Will Be Made to Operate Copper Mines Under Military Guard.

Calumet, Mich., July 22.—Whistles will blow and call back to the copper mines those employees of the companies who are willing to work tomorrow morning. If the operators carry out the wishes of the state military authorities in control of the strike zone, Decision to attempt a general resumption of work was reached at a conference between company representatives, Sheriff Daniel Crane and General P. L. Abbey today. The officials pointing out to the operators that with the strike organized militia of Michigan guarding the Houghton company mines their requests for protection had been complied with, and that the state could not afford to have the companies play a waiting game in an attempt to "wear out" the union men.

While this conference was in session the union leaders were addressing a mass meeting of several thousand men, women and children in a skating rink in Laurium, urging the men to stand fast. The meeting adopted a protest against the presence of troops. In a communication addressed to Governor Ferris, this was carried to Lansing tonight by C. E. Macgregor, secretary of the Western Federation of Miners.

Sunday was a day of demonstrations by the military as well as the unions. While the strikers and their families were marching through the streets, a battalion of infantry under Major Kramer was sent through Laurium. Thousands of spectators watched the military parade, but the crowds were unenthusiastic.

Speeches in five languages were made at the meeting, the chief address coming from Guy B. Miller, a Colorado member of the executive board of the federation, asserting that the companies had violated fundamental rights in refusing a conference with representatives of their employees and criticizing indirectly the action of Governor Ferris in sending troops into the country.

Pumping was renewed at some of the mines today, notably the Wolverine and Quincy No. 8 shafts. No trouble developed as a result of these activities during daylight hours and tonight every shaft house in the county contained a detachment of troops. James A. Waddell, of New York, who represented the Guggenheim interests during the copper strike in Utah several months ago, arrived today to take charge of the company's interests in this section. He said it had not been decided whether non-union workers were to be brought here.

TENNESSEE WOMEN MOVE ON WASHINGTON

Nashville, Tenn., July 22.—Mrs. John E. Turner, chairman of the legislative committee of the Tennessee Equal Suffrage association, heads a delegation of suffragettes, who live here tomorrow night for Hyattsville, Md., where they will meet representatives of the other states of the union for the purpose of marching on Washington. The

plurimities is for the purpose of presenting petitions to members of congress urging their support of Senate resolution No. 1, which provides for an amendment to the constitution of the United States, giving women the right to vote.

Another delegation leaves from Memphis. There will be more than half a dozen of women to make the pilgrimage from Tennessee. Mrs. Turner states that various methods of transportation will be used by the pilgrims from the various states, some going by automobile and some on foot.

WEATHER TO BE FAIR DURING PRESENT WEEK

Washington, July 22.—(Except) local thunderstorms, generally fair weather is predicted for the coming week by the weather bureau, and unusually high temperatures are expected. "A moderate depression now extending from the lower Missouri valley northeastward to Lake Superior," said the weekly bulletin tonight, "will move eastward, attended by local thunderstorms during the early days of the week from the Ohio valley and lower part of the central and southern lake region followed by rising pressure during the remainder of the week." "Over the central and western portions of the country generally fair weather will prevail, although local thunderstorms are probable early in the week over both slopes of the central and southern Rocky mountains. A cool wave that now covers the northwest will spread eastward and southeastward in modified form."

THOUSANDS SEE DIVER DIVE TO HIS DEATH

St. Louis, July 22.—Within view of thousands of spectators Oscar E. Stuber, a professional diver, leaped from the center span of the unfinished free bridge into the Mississippi river and was drowned today. His body never reappeared after the 100 feet plunge. Stuber had twice successfully dived from the Eads bridge into the Mississippi. He undertook the performance today on a \$75 wager. It is believed the force with which he struck the water rendered him unconscious.

GOV. CRAIG IS IGNORANT ABOUT RATE AGREEMENT

Asheville, N. C., July 22.—Commenting upon the dispatch from Norfolk last night to the effect that the North Carolina corporation commission and the corporation commission, except what I have seen in today's papers. Whenever Mr. Travis, a chairman of the corporation commission shall submit to me any basis of settlement I shall carefully consider the same and pass upon it after mature deliberation. "This is a matter of the highest importance. It affects the welfare of all the people of the state and it has received the attention of the men of the state most interested in our property. A public sentiment has been aroused that demands a just settlement of this question, a settlement just to the railroads and just to the people. If these differences are not adjusted before the meeting of the special session of the legislature, I feel sure that that body will take vigorous action to remedy the injustices that the people of the state have suffered by discrimination against them in freight rates."

27 PERSONS INJURED WHEN CARS OVERTURN

Boulder, Colo., July 22.—Twenty-seven persons were injured, some seriously, in a wreck on Switzerland Trail, near here today when four cars filled with tourists overturned. The cars were on the Rio Grande, Boulder and Western railroad. Among the probably fatally injured were Mrs. Martha Chaffont and Miss Blanche Chaffont, Shinnston, W. Va.; Mrs. John Henson and Laura Henson, Chicago. All suffered internal injuries and came from breaking glass.

Rome Buys Central Station Electric Current For Her 4,000,000-Gallon City Pump

ROME'S CITY PUMPING STATION

The City of Rome, Georgia, will hereafter use CENTRAL STATION ELECTRIC CURRENT of the GEORGIA RAILWAY AND POWER COMPANY for motive power in its 4,000,000-gallon (daily) city pumping station. The contract has just been signed and the ELECTRICALLY-DRIVEN PUMP will displace the old-fashioned steam pumps now in use as soon as the necessary mechanical changes can be made.

The City of Rome made this progressive move advisedly. Every other form of power capable of driving the city pump was considered along with ELECTRICITY from the Central Station. The city council and the mayor had frequent and lengthy conferences with representatives of every kind of machinery suitable for pumping purposes. Finally, however, on the advice of one of the foremost engineering firms in the South, Messrs. Solomon & Norcross, of Atlanta, Consulting Engineers for the City of Rome, the mayor and council decided to reject all other methods and install CENTRAL STATION ELECTRIC CURRENT as the most economical and most reliable power obtainable for the city pumping station.

The contract with the City of Rome for this power specifies the standard rates and service of this company, the rates and service ANY MUNICIPAL INSTITUTION OR BUSINESS ENTERPRISE MAY USE ADVANTAGEOUSLY WHEREVER POWER IS NEEDED.
