

ATTEMPTS TO KILL WIFE AND MOTHER; COMMITS SUICIDE

Mother-in-Law Blamed for What Charles Robinson, of Rome, Intended Should Be Triple Tragedy.

GOADED TO DESPERATION HE DECLARES IN A NOTE

Letter Written When Act Was Planned Advises Young Married Couples to Live Apart From Parents.

Roma, Ga., June 12.—(Special).—After shooting and painfully wounding his wife and her mother this afternoon, Charles Robinson blew out his brains. The tragedy occurred in East Rome at the home of a neighbor of Mrs. Robinson, who has been living apart from her husband for a year.

At the coroner's inquest tonight a letter was found in the pocket of the dead man showing that the deed was premeditated. He referred to what he intended to be a triple tragedy, and stated that he had been goaded to desperation by his mother-in-law's treatment.

He requested that the letter be printed in the papers, that his wife be buried beside him and that Rev. Mr. Chastain perform the funeral ceremonies. He also named the pallbearers for his funeral, and urged his brothers and sisters to take his two-year-old daughter and raise her to be a Christian woman. He avowed that he was not under mental aberration, but realized the full import of his contemplated deed and ended with the admonition to all young men to leave their mothers-in-law when they married.

Robinson went to the place of the tragedy and asked a friend of his wife to ask her to come over and tell him good-bye before he left for the west. Mrs. Robinson came reluctantly, stating at the time that she was afraid. They were left in the room together for a few minutes, when her husband drew a revolver. She screamed and fled from the room. He followed, firing at her and she fell in the yard, wounded in the arm and shoulder.

Mrs. Jeff, the mother-in-law, heard the shooting and came to the door. Robinson fired at her once, the ball severing a finger. Robinson then killed himself. Both women will recover.

SUMMER WEATHER BACK AGAIN TODAY, SAYS WEATHER MAN

When the temperature reached 74 degrees at 3 o'clock yesterday afternoon and indicated a continued rise, the formal confirmation of the breaking of the remarkable cold spell became apparent.

For today, the forecast is for fall and warmer weather and by noon the weather man believes that real summer weather with an accompaniment of straw hats and light suits will be once more on the bill.

With the change from cold to warm temperatures the weather made its final drop and like a candle that sputters into brilliancy just before burning out, the grasp of winter pulled the mercury down to 47 degrees early in the day.

This was the minimum temperature of the past twenty-four hours and was two degrees colder than on Wednesday and five degrees below the temperature of Tuesday, on both of which days the cold lasted and defied the rays of the sun.

With a short time, however, the final grasp of the "midsummer winter" was over and at 7 o'clock Thursday morning the thermometer registered 51 degrees and steadily climbed until 3 in the afternoon.

McIlhenny Heads Co mission.

Washington, June 12.—John A. McIlhenny was today designated by President Wilson as president of the civil service commission.

That's what we offer in The Constitution's Classified. In those columns you will find the cook, maid, chauffeur, janitor, seamstress, stenographer, bookkeeper—whoever or whatever you seek.

INHERITANCE TAX BEFORE SOLONS

Slater and Swift Will Present Bills to Raise Revenue From Decedents' Estates. Most States Have Tax.

It is certain that there will be a strong effort made in the legislature this year to pass a law imposing a tax on inheritances. Inheritance taxes have been proposed before in this state, but there has never been a movement so strong in that direction as will, in all probability, be made this summer.

Since the constitutional limit of five mills has been reached in ad valorem taxation the general assembly has been at its wits' end in finding means to raise sufficient revenue to meet the pressing and ever growing needs of the state treasury. Before the ratification of the sixteenth amendment to the United States constitution, giving congress authority to lay a tax on incomes without apportionment among the states, the lawmakers were generally inclined to regard an income tax as their last resource of revenue rather than an inheritance tax, and hardly a meeting of the general assembly passed without the introduction of one or more measures laying a tax on incomes. None of them was enacted, however.

May Go After Inheritance. It is not likely that the Georgia legislature will infringe on a province that has been pre-empted by the federal government and the solons this year will look on inheritances rather than incomes as their main hope and dependence for increasing the revenue of the state.

Many foreign countries and a majority of the states already have inheritance taxes. In fact some of the northern states derive a considerable portion of their annual revenues from this source. In New York there are about \$10,000,000 a year raised by inheritance taxation. Other states which derive more than a million annually from this source are Pennsylvania and Illinois.

The southern states that have had recourse to this method of raising revenue have not found it as profitable as the friends of the measure in North Carolina and Tennessee both have inheritance tax laws of some sort on their statute books, but the report from North Carolina shows only \$8,821 fiscal year in the way during the last fiscal year in which a report is available, while Tennessee for the same year shows a blank.

Only a few of the states tax direct inheritances, the chief of these being Georgia, Mississippi and Florida. No provision is made for inheritance taxation only when there are no lineal heirs or husband or wife surviving.

Two members of the house have already signified their intention of introducing inheritance tax bills this year. They are Representatives W. P. Slater, of Bryan county, and H. H. Swift, of McGehee. Mr. Slater's bill provides for a tax only on collateral inheritances, leaving direct inheritances exempt. He argues that, as the state or the people have in many ways added to the value of estates and protected the holder in his right of the estate, it is nothing but fair that the state, at the death of the holder without children, should be a heir-at-law.

Mr. Swift's bill is said to be much more sweeping than Mr. Slater's and imposes a tax on all inheritances in excess of \$1,000.

Time Not ripe, Says Wright. Comptroller General W. A. Wright does not think that the time is quite ripe in Georgia for the imposition of an inheritance tax. When questioned as to his views on the subject Thursday he said:

"Inheritance tax laws may work all right in states where large estates are numerous, such as some of the states of the north. I hardly think we are ready for such a tax in Georgia, as we ought not to discourage thrift or put anything in the way of the transmission of a man's property to his children.

"I certainly would object to the imposition of a tax on small inheritances. If we should have such a law I would not begin with estates of less than \$50,000. Then the tax should be light and increase gradually with the size of the inheritance. I would like, however, to hear a general exposition of opinion on the subject through the press."

BOY IN KNEE PANTS SENT TO STATE PRISON

Aurora, Ill., June 12.—A boy in knee pants who looked like the average boy of 12 to 13 years old stopped in Aurora today on his way to the Joliet penitentiary, where, just after 10 o'clock, he began a life term for the recent murder of a woman and two babies.

The boy was Herman Coppes, 14 years old, who last April shot and killed Mrs. Maudie Sleet at her farm home, in East Plato, near Elgin, and branded her two children, a boy of two years, and a girl of four.

Joliet, Ill., June 12.—Herman Coppes, the 14-year-old murderer of Mrs. Maudie Sleet, arrived at the penitentiary this morning and was given his first shave and first pair of long trousers. He appeared unshaken.

He was placed in solitary confinement for today on bread and water. To what occupation he will be assigned has not been determined.

GRAPE JUICE FOR BRYAN IN EUCALYPTUS CASE

Washington, June 12.—A delegation of Richmond, Cal., business men called on Secretary Bryan at the state department today and presented him with a quantity of California grape juice in an eucalyptus wood case with a silver inscription plate. The secretary said Mrs. Bryan made the best grape juice in the world, but that he would be delighted to try the California article. The Richmonders, who are here seeking approval of a harbor extension project, also called on Secretary Lane during the day and tonight gave a banquet to the California delegation in congress.

DEFIANCE GIVEN SENATE PROBERS BY GOV. HATFIELD

West Virginia Executive Refuses to Submit Records of Trials Before the Military Commission.

MARTIAL LAW RAISED IN THE STRIKE DISTRICT

Gov. Hatfield States That He Inherited the Trouble From Predecessor—Senators See Bullet-Riddled Cabins.

Charleston, W. Va., June 12.—Governor Hatfield of West Virginia tonight declined to submit to the senate mine strike committee the records of the trials before the military commission which took charge of the strike-ridden district of the state during the trouble this spring. In a letter to the committee the governor said that the findings of the commission in these cases had never been approved, the men had been released and he desired to keep the records for use in seeking indictments in the civil courts. To make them public at this time he said would be "prejudicial to the public peace."

The letter of the Governor. Governor Hatfield's letter was presented to the committee at tonight's session. "My attention has been called by the adjutant-general," said the letter, "to a subpoena demanding military records and commission reports.

"With reference to the strike, I was inducted into office March 4 and as to conditions prior to that time I have knowledge only through the newspapers. Under my predecessor, military law was established in the strike district three times. A commission was in existence when I came into office and about eighty prisoners were in jail. I wanted peace and harmony, as the situation seemed threatening."

With reference to the papers now in his hands he said he had "never approved them, and had ordered all of the prisoners released despite the fact that I had independent evidence in the nature of voluntary confessions in the case of some. But for reasons of prudence, I ordered the discharge of all. My object was to restore law and order and I have been successful, as both sides have made mutual concessions."

The committee probably will make no further efforts to secure the records of these trials.

Martial Law is Lifted

Governor Hatfield tonight issued a proclamation raising martial law in the federal district, the committee was informed. The last few soldiers left in the field were re-called. At a conference between the governor and officials of Kanawha county, it was decided to lift the martial law, which was quiet enough to warrant lifting the militia rule, which had been instituted by former Governor Glasscock on February 10.

Judge Advocate General George S. Wallace, legal authority of the military commissions in the strike zone, defended their conduct before the committee. "We had the right to sentence an offender to death," he said, "under whatever law the commander-in-chief of the forces of the state prescribed. My contention is that in the theater of war the commander-in-chief of the forces makes the law. The governor when he declared martial law, recognized that the constitution had been suspended on Paint and Cabin creeks, and he sent us there to restore it. We exercise war powers, that is all."

Under cross examination Judge Wallace said he was paid a \$5,000 fee for defending the military commission case taken to the supreme court of West Virginia. Warden Martin L. Brown, of the state penitentiary, testified that military prisoners were treated the same as civil court prisoners.

The committee then heard several members who said they had been prevented by mine guards from getting their mail.

Senators Visit Mining Camps. Among the little miners in the mountains, the United States senate subcommittee today sought the truth about the strike which has disrupted the state for more than a year. All day long, a special train carried the senators visited the mining camps in Paint Creek and Cabin Creek.

Groups of mountain men and women, with their children about them, were

GOOD NEWS FOR VACATIONISTS

Women's \$3.50 to \$4 stylish Summer Low-Cuts, \$1.95. Children's White Canvas Shoes, 75c. Women's White Pumps, \$2.50. Women's \$5 Washable Bulgarian Blouse Suits, \$3.75. Women's \$10 Linen Dresses, \$5.95. Men's \$15 Crash Suits, \$11.25. Girls' \$7.50 Piccadilly Coats, \$4.98. Little Tots' \$5 Coats, \$3.75.

And a number of other attractive bargains in today's Constitution. See them and you'll buy and save.

Investigating Strike Conditions in West Virginia

Keen interest was focussed upon Charleston, W. Va., because of the indictment in the federal district court of John P. White, president, and eighteen other officials of the United Mine Workers of America and because of the senate inquiry into the conditions in the soft coal fields of that state. The senate investigation, which was scheduled to begin June 10, was for the moment overshadowed in general interest by the action against the miners' officials. It was charged that White and the others conspired to restrict trade by their unionizing tactics in the Paint and Cabin Creek dis-

tricts in violation of the Sherman anti-trust law. It was stated at Washington that United States Attorney General McKeen did not know that the action was being brought, but after the indictments had been made public attention was at once directed to the stand the administration would take on the matter. The fact that it was the first criminal or civil action against a labor organization to be brought in a federal court under the Wilson administration was set upon as a possible indication of the policy of the president toward prosecuting these organizations on allegations that they had operated in restraint of trade. It became apparent

that the presentation of the mine workers' officials resulted from action on the part of United States District Attorney Wauch, of West Virginia, taken voluntarily and without consultation with officials of the department of justice. The nineteen officials are charged in the indictment with having entered into a conspiracy to regulate the price of coal from the West Virginia fields which was to compete with the product of the mines of western Pennsylvania, Ohio, Indiana and Illinois in the Canadian market. The mine owners of West Virginia employ about 70,000 laborers, only a small percentage of whom, it is said, are members of the union.

WOULD ABANDON CAR LINES ON IVY

Street Railway Agrees to the City's Suggestion Provided It Is Allowed Use of Piedmont Avenue.

Frenton S. Arkwright, president of the Georgia Railway and Power company, appeared before the railways committee of council yesterday afternoon, and agreed to abandon Ivy street from Decatur to the junction provided the city allowed his corporation a franchise to operate on Piedmont avenue.

The proposition seemed to meet with the approval of a majority of the members of the committee, and the only obstacle which looms up is the possible opposition of the residents and property owners of Piedmont. The committee also appointed Councilman George H. Boynton, chairman of the committee, to go into the matter with the Piedmont avenue people, and make a report to council at an early date.

It was not the suggestion of the Georgia Railway and Power company that Ivy street be abandoned as a street car line. The scheme was put forth by the city shortly after the Ivy street regrading and paving became a possibility. President Arkwright was consulted and he agreed that it would be a good idea of making an unobstructed boulevard of Ivy street, and gave his consent to co-operate with the city provided some scheme could be worked out to take care of the street car traffic.

Property Owners Object. It is understood that property owners on Piedmont avenue have already objected to the city granting the railway company a franchise to put down a side or switch track from the Auditorium.

President Arkwright told the committee of the objections Thursday afternoon and explained that since the railroad commission of Georgia had secured the consent of the company to put on more cars, the added facility of the Piedmont loop will do a great deal towards giving the city a better service.

Piedmont property owners point out that the section which the car company intends to use is in the business district, and that cars running through will interfere with teams and vehicles.

Chilly at Tampa. Tampa, Fla., June 12.—The cold wave reached Tampa today with a temperature of 63 degrees, being the coldest June 13 in the history of this city. Four times before a temperature of 64 has been registered in June, but never before has 63 been reached. There is no suffering.

If All These Things Happen Then Look at the Calendar

If you get up this morning and find that the cook has failed to show up and you have to get breakfast down town—

If you find that your automobile won't start and after waiting twenty minutes for a street car learn that the trolley wire is down and you have at last to trudge that mile to town—

If you find when you get there that the waiters have gone on a strike in all the restaurants and you have to make an egg-salad at the soda fountain for breakfast—

If when you sit at length rattle at your office you suddenly remember that you left your office key-lying on the dresser at home—

If you send a messenger after it and your wife can't find it, and when you finally climb through the window and open the door from the inside your stenographer telephones that she is sick and won't be down to work;

If, by afternoon, things have gone so dead wrong that you decide to go to the ball game, and about the time you take your seat in the grandstand it begins to rain and the game is called off—

If you start home to supper then and find you have forgotten your car keys and if that night you try to forget your troubles at the theater and find the show is rotten—

Then, if all this happens to you today, don't go to bed "cussing" yourself for the unluckiest gink that ever had a black cat to cross his path, but just take a squint at the calendar, and thank your stars that you are still living!

For today is Friday, the thirteenth day of the sixth month of the thirteenth year of this century!

You had better put a rabbit's foot in your pocket and make a cross mark when you get up this Friday morning, June 13, 1913.

DICTAGRAPH FAVORED BY CHIEFS OF POLICE

As a Means of Detecting Crime. One Chief Also Urges Woman Suffrage.

Washington, June 12.—Woman suffrage as a means of lessening crime was advocated here today by C. E. Sebastian, chief of police of Los Angeles, Cal., in an address before the closing session of the annual convention of the International Association of Police Chiefs. Chief Sebastian declared that "through suffrage recognition of police work in Los Angeles had been obtained and crime had been materially reduced."

Suffrage, he added, had helped to break down the false modesty which had prevented public discussion of sex problems. The chiefs chose Grand Rapids, Mich., as their next meeting place, and elected officers as follows: President, Major Richard Sylvester, Washington, superintendent of police; vice president, Chief Michael Regan, Buffalo, N. Y.; second vice president, Chief A. P. Sherwood, Ottawa, Can.; secretary-treasurer, Harvey O. Carr, Grand Rapids; sergeant-at-arms, Chief Cassidy, Elmira, N. Y. All were re-elected except the sergeant-at-arms.

Dictagraphic devices as means of helping in the detection of crime were approved in a resolution adopted during the final session. Juan Yucatchi, chief of the Buenos Aires, Argentina, Bureau of Dactyloscopic Identification, explained to the convention his system of finger print registration, and a committee was named to study and report on this compared with other systems.

HIS LITTLE JOY RIDE PROVES RIDE OF DEATH

Andrew Drew, Pupil of Orville Wright, Volplanes to His Doom at Lima.

Lima, Ohio, June 12.—Andrew Drew, pupil of Orville Wright, volplaned to death here this evening in a blazing biplane. Drew was killed as a result of a desire to take "Just Little Joy" ride—his last words to his partner—in a machine he had not thoroughly tested. His partner, in a local school of aviation, J. C. Brabson, had urged him not to make the trip, but Drew wished to try out the biplane.

He fell 200 feet. He was dead when Brabson and several workmen at the Lima State hospital pulled his body from under the wreckage.

Drew and Brabson went out to the aviation grounds, about a half a mile from the state hospital, during the afternoon, and Drew and his mechanics set up the machine. It was dusk when they had finished. Drew was anxious to try out the machine and urged Brabson, who had made several flights with him, to go along. "Let's take just one little joy ride," he laughed, "and then I'll go and eat with you," said Drew.

Brabson demurred on the ground that it was getting too dark to fly and there were no places suitable for a good landing. The machine which the aviator used was the one in which Calvin P. Rodgers made the last lap of his coast-to-coast flight two years ago. "When in the air but a short time,"

LOBBYISTS USED SENATE FRANKS IN SUGAR FIGHT

Millions of Arguments for Protection Turned Out by Federal Printing Office and Sent Free Through Mails.

SENATOR LODGE KIND TO BEET SUGAR MEN

Even Allowed His Speeches to Be Changed to Suit the Opponents of Free Sugar. Agent Shows Temper.

Washington, June 12.—How the government printing office and the postoffice department helped in the fight against free sugar through the use of congressional franks for sending anti-free sugar "literature" circulating throughout the land was brought out today by the senate lobby investigators.

Truman G. Palmer, Washington representative of the United States Beet Sugar industry on the stand the entire day and the object of a sweeping cross examination, testified that more than 1,500,000 copies of arguments in behalf of beet sugar had been turned out by the government printing office, made public documents by order of congress and had ridden on the franks of senators and representatives to the ends of the country, postage free.

Lodge Gave His Frank. "Sugar at a Glance" prepared by him, he said, had attained a circulation of 320,000 copies under the frank of Senator Lodge. "Report of the Finance Committee" by the same senator had beaten the pamphlet by 80,000 copies.

The franks of Senator Smoot, former Senators Curtis and Dick and the late Representative Malby, former Representative Pickett and Representative Martin had swelled the total to more than \$1,500,000. The printing of some of these had been paid for by the beet sugar people, he witness said, but the free postage had saved them about \$28,000.

Mr. Palmer developed that "Sugar at a Second Glance," which he intimated was inspired by the Federal Sugar Refining company, and which was an argument in behalf of free sugar, had also been printed as a public document and circulated under the franking privilege. He did not say nor did the committee ask why the frank was so used.

\$180,000 Spent by Sugar Men. Mr. Palmer said that the beet men had spent about \$180,000 in their campaign against free sugar since 1912. About \$50,000 had been used since last November and about \$140,000 of that amount since the beginning of the present session of congress. Much of it had been spent in "publicity work" in printing, salaries and a good sized sum in motion pictures. He said that the beet men had been in his association were assessed 5 cents per ton, he thought. The last assessment was made in April, bringing in about \$12,000, and the previous one in February, \$17,000.

"Why did you make those assessments?" asked Senator Reed. "When we needed the money."

Much of the day was spent by the committee in trying to find out all the details of how "Sugar at a Glance" came to be printed as a public document.

Although Mr. Palmer was grilled for

C. F. von HERRMANN, Section Director.

three hours on practically nothing else, when he left the stand committee men said they were about as much in the dark as they were when the pamphlet was first mentioned.

Palmer said that when Senator Lodge made a speech on sugar in July, 1912, the charts subsequently used in the pamphlet were on the walls of the senate chamber. Senator Lodge secured the permission of the senate to have them printed as a public document.

Lobbyist Acted for Senator. Accompanying these charts, Mr. Palmer declared, were certain printed sheets containing sugar information. Questioned by members of the committee the witness said that after the charts had been sent to the government printing office and proofs in black and white had been made of them, he had discovered they were not suitable for publication. He had, therefore, sent them to a private printing concern and had them printed in a fashion he thought suitable. This, he maintained, was done with the knowledge of Senator Lodge and he considered that he was acting for the senator in the matter.

Members of the committee expressed surprise that anyone should in any way change something authorized to be printed by the senate. They developed that the permission was secured by Senator Lodge for printing on July 27, and that one of several issues of "Sugar at a Glance" referred to an order of the senate on August 1, in the same matter.

The second order referred to data prepared by Truman G. Palmer and purported to be signed by Charles G. Bennett, then secretary of the senate. Mr. Palmer said he supposed that the order had been made and that he got it in the proof of the charts from the printing office. The Congressional Record of August 1, according to Senator Cummings, showed no such order, nor did the journal of the senate nor the files in its document room.

Denies There Was Subterfuge. "You substituted at the government printing office the document you received from the clerk of the senate that was printed copy," said Senator Reed.

"I don't think that is a fair statement," said Palmer. "There was no subterfuge, there was nothing underhand. No one was deceived. All was open and above board."

"I want to find out about this," said Senator Cummins. "It is a rather serious matter to forge a signature of the secretary of the senate to an order that never was made."

The committee finally dropped the question with the expressed determination to pursue it further and investigate books and records of every sort to get the information they seek. Senator Lodge will be heard in explanation if he desires to appear.

Chairman Cowman announced that officials of the government printing office would be summoned to tell how such a document had been sent to private hands for revision and that if

Senator Lodge wished to testify he would be allowed to do so. The making of this document I find would cost 5 cents," said Senator Reed to Palmer, "and you therefore saved \$18,000 for your employers."

"I'm very glad to know it," replied Palmer. Mr. Palmer, frequently referred to in the hearings as "the best posted man" of the best sugar forces, testified he had been in Washington since 1902, when his name was here to oppose the Cuban reciprocity bill.

To Look After Legislation. Mr. Palmer gave a long list of members of the association he represents, which has for its object the promotion of the work of "promotion" is to look after legislation, he said.

Mr. Palmer said his present salary was \$10,000 a year. Since the opening of congress in April he said his office had spent a little more than \$14,000. Since he came here in 1902 he had paid out about \$180,000. Since April 7 he had spent \$5,374 for publicity.

About \$10,000 had been spent printing "Sugar at a Glance," setting forth the best sugar argument. It was printed as a public document.

"One of the objects of sending out 'Sugar at a Glance' was to maintain a pressure in its favor," Mr. Palmer was asked.

"That was one of the objects," Mr. Palmer said. "Under whose frank has 'Sugar at a Glance' been sent through the mails?" asked Senator Reed.

"Senator Lodge's," said Mr. Palmer. He added that charts used in the pamphlet were displayed in the senate chamber when Senator Lodge made a speech on sugar last year. Senator Reed tried to bring out that Mr. Palmer had made changes in the charts and matter accompanying them before they were made ready for distribution at public expense. Chairman Cowman announced he had sent to the government printing office for the original charts.

Lodge Must Have Known. The committee tried to find out who in the government printing office permitted Palmer to get proofs and make changes. Palmer said he maintained that the purchasing agent and believed his name was "Hummel." He finally said if any changes had been made, they must have been with the knowledge of Senator Lodge.

"Isn't it true that when you had these charts redrawn that you added a large amount of matter?" he was asked.

"It is not," he said. "The index and introduction seem to have been added."

Senator Poindexter asked for permission to withdraw the name of former Senator Dubois, of Idaho, as one of the former members of congress he thought might be in Washington to influence legislation.

"In naming him I did him an injustice," said Senator Poindexter. Acted as Senator Lodge.

The committee continued to question Mr. Palmer in an endeavor to find out how "Sugar at a Glance" came to be

Students Who Went to War May Yet Receive Degrees

Athens, Ga., June 12.—(Special.)—At the first meeting of the board of trustees of the university this afternoon, at which many members were present, a resolution was offered by Clark Howell, providing that all students who were pursuing courses of study leading to degrees at the time of the breaking out of the civil war or others who later left their studies to go to the service of the confederacy and were thus deprived of their degrees be granted their honorary degrees and diplomas.

After the lapse of more than half a century, it now seems certain that the few remaining students of this status will be recognized.

The matter was referred to the committee on honorary degrees; S. B. Adams, of Savannah; J. J. Canner, of Cartersville, and the chancellor.

FAILURE OF FRISCO TO BE INVESTIGATED

Interstate Commerce Commission Ordered to Begin Searching Probe.

Washington, June 12.—A searching investigation into financial operations of the St. Louis and San Francisco railroad system, in response to a resolution of the senate, is to be undertaken by the interstate commerce commission at once. The inquiry will go deeply into relations of the Frisco lines with the Chicago, Rock Island and Pacific, lay bare inside facts concerning the purchase of the Chicago and Eastern Illinois and develop those pertaining to leases by the Frisco of subsidiary roads.

The resolution directing the inquiry was introduced by Senator Kenyon and passed by the senate Tuesday. Prior to this the commission had under consideration the matter of instituting an inquiry on its own initiative. Its authority so to do was unquestioned, but in view of litigation over the receivership of the Frisco lines and the disqualification of the commission to inject itself voluntarily into a situation that already was in the hands of the courts, it was deemed wiser to await affirmative direction by either the senate or the house, or both.

Immediately upon receipt of official notice of the passage of the Kenyon resolution, the commission set its machinery in motion. Preliminary work was begun yesterday in New York by agents of the division of carriers' accounts acting by direction of Commissioner Harlan, who is in charge of that branch of the commission's work.

The inquiry will deal with all operations of the Frisco lines since the reorganization of the system in 1896. That will include its relations with the Rock Island; its purchase of the Chicago and Eastern Illinois, with what are regarded as the "peculiar" phases of that deal, and with the acquisition by the Frisco of leased lines at rents which are declared by those familiar with the mtb to be extravagant and unwarranted.

Preliminary work in the inquiry will be conducted by the division of carriers' accounts. When its work shall have been concluded, a report will be made to the commission of all the facts developed. After that report the commission probably will issue an order directing a formal inquiry into the whole matter of the Frisco's financial operations. Hearings will be held and arguments heard.

A report will then be submitted to the senate with such comments and recommendations as may be suggested by the facts. If operations in violation of the interstate commerce act should be disclosed by the inquiry, the commission, as the administrator of that law, may issue an order in the proceeding or submit evidence to the department of justice. The probability is that the inquiry will extend through many months.

Rev. Rufus Nicholson Dead. Birmingham, Ala., June 12.—Rev. Rufus Nicholson, one of the oldest and most widely known ministers in north Alabama, conference, Methodist Episcopal church, South, died at 2 o'clock this morning at Collinsville, Ala.

SYRACUSE CREW STARTS WORK ON THE HUDSON

Poughkeepsie, N. Y., June 12.—The Syracuse crews arrived here this afternoon to participate in the Inter-collegiate regatta, June 21.

Taking advantage of perfect working conditions the crews went out for easy rows today. Coach Courtney took the Cornell squad four miles down stream and returned with the flood tide. The Columbia oarsmen remained up the river above their quarters, being drilled in class work.

Coach Vall gave his Wisconsin men light work this afternoon, taking them for a short spin down below Blue Point.

HEAT IS INTENSE IN FAR NORTHWEST

Winnipeg, Man., June 12.—Manitoba and Saskatchewan are literally burning under the intense heat that has prevailed during the last few days. Unofficial reports from the southern part of these two provinces say the drought may have a deleterious effect on the wheat crop unless rain comes soon. The thermometer today registered 102 and 103 at many points. There has been practically no rain this season.

BEAVERS TRYING TO FIND GENTRY

Felder Says He Will Be Produced at the Proper Time. Notary Declares Affidavit Is Genuine.

Miss Jeannette Henning, the notary public whose official seal was attached to the affidavit made recently by George Gentry, has informed The Constitution that she took the document from him last Monday, and that although it is genuine, she does not know its contents. She states that she had never met Gentry prior to the time he made the affidavit.

Chief Beavers, who has for the past several days been attending the convention of national police chiefs in Washington, is conducting a search of that city for the young stenographer. He is assisted by a number of detectives but at his command by Major Sylvester, head of the Washington police department.

Beavers was requested by Detective Chief Landford to find Gentry, and to ascertain positively whether or not the youth had attested to the starting affidavit. Thursday noon Landford received a message from the chief saying that he was unable to locate his man, but that the search would continue as long as Beavers remained in Washington.

Squad of Sleuths at Work. Landford is apparently worried over his inability to locate the stenographer. While Beavers is scouring Washington, the detective head has detailed a squad of detectives to try and find Gentry through some local sources. Landford said that he and others concerned in Gentry's repudiation of the dictagraph reports, said Thursday that Gentry could be brought back to Atlanta at any time they desired.

He cannot remain in Washington for ten more days, it is said. He was given a position as stenographer with a business firm which would last for 30 days, after which he intended returning to Atlanta and resume his connection with the General Fire Extinguisher company, with whom he has been employed for considerable time.

His residence in Washington, it is stated, is obscure. He is passing under an assumed name so as to avoid newspaper reporters and notoriety. He has been very little on the streets, detectives aver who have talked with him, and each afternoon upon leaving his place of work, he walks hurriedly to his home, which remains there throughout the night.

Located by Burns. Before he was located in Washington, every agency of the Burns detective agency on the waterfront had received descriptions of him in the effort to apprehend him and verify the statement that the dictagraph reports were "padded." Less than two weeks ago a Burns operative of the Washington office, who had studied the great waterway as an engineering accomplishment, but probably will take up with Colonel Goethals the general plan of organization of a civil government for the zone.

In addition to mechanics to actually operate the canal, a large clerical force must be maintained on the isthmus to look after the measurements of vessels and the collection of the vast quantities of supplies needed for the enormous fleet of vessels expected to pass through the waterway annually, as well as material which will be used constantly to maintain the work in condition.

Preliminary to the president's visit Secretary Garrison probably will make a hurried trip to the canal.

Unusual interest is being centered in arrangements being made by the grand jury to investigate the affidavit and charges "frames-up" from both sides—the detective department and the men who claim they were victimized by the dictagraph plot. Immediate action is assured by officials investigating the investigation, as is the assurance that the probe will be deep and thorough.

Beavers Doubts Affidavit. "Even without evidence of the record with aid of the dictagraph," Chief Beavers told a Constitution reporter in Washington Thursday afternoon, "we have the testimony of Secretary Febuary, who was in the same room with the men during the famous conversations."

The chief appeared to doubt the affidavit's genuineness. He declined to express any opinion about its authenticity, or whether or not Gentry's signature on it was genuine. He said that the "George M. Gentry," whose name was signed to the document, was the young stenographer who noted the dictagraph incident.

A humorous incident relative to the chief's connection with the dictagraph episode, occurred Thursday afternoon, when the chief, in company with The Constitution's reporter, walked past the Raleigh hotel, and Nashville railway offices. She was wanted to witness a legal paper.

"I met two men in room 802," she said, "and after going through the usual formalities, attached my seal to the document a Mr. Gentry signed in my presence. He accepted the usual fee of 25 cents, although the men wanted to give me fifty."

"I did not know the man, Mr. Gentry. Neither did I know the contents of his affidavit. I did not have time to read it. Immediately after affixing my seal I left the party in room 802. They seemed pretty well acquainted all round. Had I known at that time that the paper was as important as it has proved to be, I would have taken time to read it thoroughly."

Miss Henning is a law clerk.

Clarke v. Wills.

Joplin, Mo., June 12.—"Jet" Clarke today signed a contract to marry Wills in a top-round bout New Orleans on June 18. The agreement provides the winner of the bout is to meet Sam Langford in July in New Orleans.

J. P. BOWIE'S NEW JOB AT ROME IS HELD UP BY CLERICAL ERROR

Rome, Ga., June 12.—(Special.)—A clerical error by a government clerk has cost J. P. Bowie, whose appointment to the Rome postoffice was confirmed several days ago, more than \$100. The blank bond sent him for signature was for the position of "Postmaster of Rome, Rome county, Georgia," and he has been forced to send it back to the department for correction.

The salary of the Rome postmaster is approximately \$10 a day and Mr. Bowie has been deprived of holding office ten days by the delay, with chances in favor of an even longer time, in view of the red tape connected with postal changes.

COL. J. A. BENSON DIES AFTER SHORT ILLNESS

Savannah, Ga., June 12.—(Special.)—The remains of Colonel James Ambrose Benson, who died this morning at Bannockburn, Ga., tonight, were taken to Washington, Ga., tonight, where the funeral and interment will take place tomorrow.

After an illness of only four days Colonel Benson died suddenly at Bannockburn, Ga., this morning at 1 o'clock. He had come here for a visit to the home of his wife, who was Miss Minnie Bannock, two weeks ago, but his illness which came upon him suddenly did not confine him to his bed until last Sunday. He is survived by his wife, Mrs. Minnie Benson; one son, J. A. Benson, Jr., and one daughter, Mrs. D. P. O'Connor, of Augusta.

Colonel Benson was born in Ireland in 1845, the son of Georgia and Della Benson. His birthplace was Ballyadore county, in Sligo. He came to this country as a young man and settled in New York, where he was one of the most prominent men in that section. He was well known in Savannah, having visited here frequently.

Colonel Benson had to leave Ireland because of the fact that he had taken part in some patriotic demonstration against the English government. Before going to Washington, in Wilkes county, he lived in Augusta for several years.

His death came as a shock to his many friends in this city and throughout the state.

PRESIDENT WILSON TO INSPECT CANAL

Washington, June 12.—President Wilson will visit the canal zone as soon as congress adjourns, according to Colonel Goethals, chief engineer of the canal, today, but did not hazard any guess as to when that might be. Colonel Goethals said he expected to let water in about October 1.

President Wilson, who wants to refrain from any attempts to organize the permanent government of the zone until the canal is practically completed. When he visits the isthmus he will not only make a careful examination of the great waterway as an engineering accomplishment, but probably will take up with Colonel Goethals the general plan of organization of a civil government for the zone.

In addition to mechanics to actually operate the canal, a large clerical force must be maintained on the isthmus to look after the measurements of vessels and the collection of the vast quantities of supplies needed for the enormous fleet of vessels expected to pass through the waterway annually, as well as material which will be used constantly to maintain the work in condition.

Preliminary to the president's visit Secretary Garrison probably will make a hurried trip to the canal.

TO UNVEIL SHAFT TO PATRICK WALSH

Augusta, Ga., June 12.—(Special.)—The program is about complete for the unveiling of the monument to Patrick Walsh on Barrett Plaza, in this city. The heroic figure has already arrived from New York, and will shortly be erected on the pedestal.

June 2 has been set as the date for the unveiling. The Hon. Clark Howell, editor of The Atlanta Constitution, and the Hon. Pleasant Stovall, ambassador-designate to Switzerland, will be the orators of the occasion. Other details will round out a program thoroughly suitable to the occasion.

The monument, which cost between \$40 and six thousand dollars, is the gift to Augusta of the friends of the former senator and veteran editor, and has also been paid for largely by public subscription.

5 PERSONS KILLED AND MANY INJURED

Rear-End Collision Occurs on N. Y., N. H. & H.—Engine Crashes Through a Pullman Coach.

Stamford, Conn., June 12.—Five persons were killed and many injured, some seriously, as the result of a rear-end collision on the main line of the New York, New Haven and Hartford railroad, opposite the local passenger depot at 4 o'clock this afternoon.

With the second section of the Springfield express, westbound, crashed into the first section, which was just leaving the station.

MRS. EDWARD J. KELLY, Winthrop, Mass. EVERETT HALSEY WOODRUFF, Flushing, N. Y. DR. HARMON G. HOWE, Hartford, FRANK K. CONFIELD, Springfield, Mass.

UNIDENTIFIED WOMAN, at morgue. Among the seriously injured are: F. B. Jennings, New York; R. E. Patterson, Red Bank, N. J.; George Walter, Newark, N. J.; Charles Warfield, Washington, D. C.; J. P. Hamlin, New York; Everett S. Benson, New York; Margaret Broderick, Farmington, Conn.; F. M. Brown, Richmond Hill, N. Y.; J. J. Martin, New York; J. W. Houston, Roxbury, Mass.; Gregory Humes, New York city; Eleanor Plum, Brooklyn, N. Y.; H. Humes, address not given; and Mary Thompson, New York.

Crash Through Pullman. The engine of the second section ploughed half way through the Pullman car Skylark, the last car on the first section. In this car there were seven passengers, and practically all of them were injured.

According to an official statement by the railroad, the indications are that the engineer of the second section ran past danger signals at Hartford.

The Springfield express was the same train that was in the wreck at Westport, Conn., last October, in which eight persons were killed and scores injured. This wreck was caused by the engineer running past signals.

Simultaneous with the crash the wreckage took fire and the city department was called out. The blaze was easily extinguished, however, and the work of rescue begun at once.

Injured Priest Regains Victims. Early arrivals on the scene found Rev. Anthony Bernier, a Catholic priest, of New York, coolly directing the work of rescue. Although injured himself, he refused to go to a hospital until others, more seriously hurt, had been taken care of. Telling of his experiences, he said:

"There was no warning. Just a smash, and the next instant the whole car was topsy-turvy. Men and women seemed to be almost suspended in the air, and there was a mass of everything conceivable flying about as though they were being hurled by mortal arms. Then all seemed to settle except the escaping steam and the hot coals from the fire-box that soon burst into flames. Women's screams of helplessness and terror, and the deeper cries of men, some in mortal agony, filled the air. The women were brave as they were lifted out of the windows with bloody faces and torn and cut bodies."

Engineer Disregarded Signals. New York, June 12.—An official statement, given out at the office of the New Haven road here tonight, said that Charles Doherty, engineer of the second section, ran past both the distance and time signals, each set at danger, and was going fifteen to twenty miles an hour when it struck the first section.

Gregory Humes is a New York newspaper man.

SENT NAUGHTY PHOTOS THROUGH THE MAILS

Columbus, Ohio, June 12.—John R. Cartwright, the West Jefferson, Ohio, editor and publisher, who was charged with violating the postal regulations by doing a mail order business in obscene photographs and literature, under a fictitious company name, was found guilty by a jury in federal court here today, and was sentenced to a term of thirty months in the Mountville, W. Va., prison.

PEACHTREE ROAD WORK STARTS SOON

Board of County Commissioners Will Put Big Squad at Work Repairing the Paving.

That Peachtree road the main highway for the northern part of Fulton county will be soon put into such shape as to make it bear the heavy traffic from the heart of the city to the county line was guaranteed yesterday morning when the resolution offered by Chairman Shelby Smith to repair the road between Fifteenth street and Buckhead was unanimously adopted.

At the same time the board resolved upon the repairing of the stretch during 1914 making the present repairs upon which a squad of 25 men and a steam roller will be engaged at once only a temporary means of fitting the road for traffic until it can be permanently paved.

The work of repairing the road from Buckhead to the county line is now going on and this stretch promises to be one of the finest pieces of highway in this section. From Sixth street to the city limits to Fifteenth street, where the repair work will start, the road surface has been completely resurfaced until it presents a smooth hard roadway capable of sustaining the tremendous pressure of traffic and within the city limits work is now being done on repairing the ruts in the asphalt.

New Bridge Over S. A. J. Railroad

With the completion of a new bridge over the Seaboard Air Line railway where it crosses Peachtree road below Deerland the roadway with a splendid pavement and with modern bridges will be in position to bear the new load of automobiles and wagons which it carries from Atlanta to practically every point in the north of Fulton.

The new structure will be of reinforced concrete and steel and will be erected by the railway company at a cost of \$20,000.

The final plans of the bridge have just been approved by the commissioners and the road has an unbroken work will begin in a few weeks.

The matter of putting a force to work upon Peachtree road for temporary repairs between Fifteenth street and Buckhead has been under consideration by the commissioners for the past few weeks and plans of prominent Atlanta whose country homes are in the northern part of the county as well as others who live in that section have been heard by the commissioners to urge the necessary action.

TO HAVE DEFENDANTS TESTIFY UNDER OATH

A measure that will probably be introduced in the legislature this summer that will be of general interest to one by H. J. Fulbright of Clark county is to require that in criminal cases the witnesses testify under oath instead of making a statement under oath as it is now.

Georgia is one of the few states that still cling to the old common law rule in this respect. Of course the constitution protects a defendant in his right to decline to testify against himself but where he does testify it is required that he be sworn to and subjected to cross examination just as any other witness.

Narrow Brim Sennit Sailor

"The agreeable 'rough and ready' look of the coarse braid sennit hat will keep it ever within the popular circle.

"The modish 'sailor' style of this season has a high crown and narrow brim, with bow at the back.

"To emphasize the height of crown some bands are narrower than others, and such a small thing may regulate the becomingness of the hat. Either is good. Try 'em on and see for yourself.

"The quality is assured—they're MUSE hats.

Geo. Muse Clothing Co.

LIGHT AND POWER CONTRACTS ARE LET FOR COURTHOUSE

The proposition of the Georgia Light and Power company to supply electric current for lighting and for running the elevators and pumps in the new courthouse was accepted yesterday at the meeting of the Fulton county commissioners who at the same time turned down the company's bid to supply the steam heat service.

The acceptance of the first two bids and the refusal of the last means that the county will install its own steam heat plant in the building and not depend on getting this from outside. It was the original idea of the commissioners to do this but they decided that they would examine a bid of the power company to see if they could buy heat any cheaper than they could furnish it themselves.

By the proposition accepted the county will get its lighting current at five cents per kilowatt hour with a minimum of \$1500 per month with a ten per cent discount if the bill is paid by the tenth of each month.

TEACHERS EXAMINED FOR SCIENCE TODAY

Examinations of school teachers throughout the state will be held today and tomorrow. Questions have been sent out by State Superintendent M. L. Britton to the county superintendents who will preside at the examinations.

On Friday, the teachers will stand the examination for the primary license and will take the first day's work in general elementary. On Saturday there will be questions for the first half of the general elementary examination and for English science and mathematics in the high school test. The high school test in history and languages will be held on the first day.

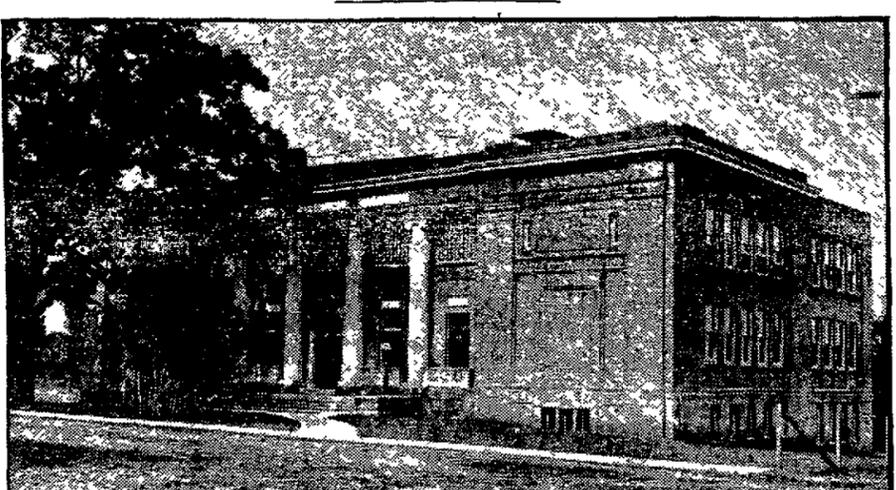

The papers when finished will be graded by county superintendents as usual but they will consult with the state department about the grading of high school papers. A large number of applicants for teachers licenses are expected to stand the examinations.

ONE STUBBORN JUROR PREVENTED CONVICTION

New York, June 12—After deliberating twenty-five hours the jury in the case of Peter J. Duffy, a police sergeant charged with bribery reported that it could not agree and was discharged. The jury stood eleven to one in conviction. It was reported that District Attorney Whitman tomorrow will decide in the matter of a new trial.

This was the first of a half dozen or more of the so-called police graft trials in which the jury did not bring in a verdict of guilty. Duffy was charged with taking graft from a police officer who testified that he had monthly payments to Duffy for his trial and profit to that Eugene Kelly a police man who had pleaded guilty to grafting. Loy corroborated the police room keeper's testimony.

DEDICATION OF NEW PEABODY HALL OPENS COMMENCEMENT AT GEORGIA

NEW PEABODY BUILDING AT UNIVERSITY OF GEORGIA

Athens, Ga. June 12—(Special)—With impressive exercises at the chapel of the University of Georgia and a subsequent brilliant reception in the new building on the campus around which centered the first activities marking the 111th commencement at Georgia university the new Peabody Hall was presented to the trustees and accepted by them Thursday evening.

Dean T. J. Woolfer of the Peabody School of Education gave a historical introduction to the exercises. The building now the handsomest in the group of edifices on the campus, is the gift of George Peabody, through the

fund he established years ago for the education of teachers at the south. The whole of the fund was used for aiding teachers for years and a large part of it was employed in the establishment of the Peabody Teachers college at Nashville. Recently the trustees of the fund decided to disburse its millions among the universities of the south and the share of this was about \$50,000. Though Mississippi and North Carolina have about completed their buildings the Georgia Peabody Hall is the first to be dedicated.

The function of the School of Education in a State University is the subject ably handled by the principal speaker of the evening, Dr. H. H. Horne, of the School of Pedagogy, University of New York who made a most able address.

Chancellor Barrow formally delivered the new building to the trustees in a brief characteristic talk and the chairman of the board, former Governor Henry D. McDaniel, officially received the gift.

The elegant new building was brilliantly lighted and the large company repaired immediately after the exercises in the chapel at Peabody Hall, where a delightful reception was tendered the trustees, visitors and many local friends of the university.

Refreshments and the usual round of social amenities fittingly closing the evening near midnight.

FORMER TAX RECEIVER OF DOOLY CO. FOUND DEAD IN COURTHOUSE

Vienna, Ga. June 12—(Special)—Z. T. Penny formerly tax receiver of this county, and for six terms clerk of the superior court was found dead at the courthouse this afternoon. He had been in bad health for some time and was subject to epileptic seizures and his sudden death is supposed to have been superinduced by one of these attacks.

He leaves a wife and six children one of whom is the wife of Judge W. H. Lassiter of this city.

WOODMEN OF WORLD IN STORMY SESSION

Jacksonville, Fla. June 12—After a stormy session which lasted all morning, delegates to the Sovereign Camp Woodmen of the World agreed that further differences of opinion in the convention should not be exploited in the newspapers.

When the session opened B. W. Adams state representative for Florida precipitated a lively debate when he took exception to statements contained in a published interview in which Sovereign Adviser Frazer of Texas was quoted as criticizing the Florida delegation for its opposition to Sovereign J. C. Root.

Preliminary work of the biennial convention will be concluded Saturday an interim having been taken until that time. Next week the camp will take up the consideration of new rules and laws.

THOMASVILLE GIRL ARRIVED IN SAFETY

Thomasville, Ga. June 12—(Special)—The story published in yesterday's papers in regard to the non arrival at Fort Worth Texas of Limmie Harville, a girl from Thomasville expected there and read with surprise by Superintendent Bishop of the Vashit home here from where the girl had gone as he had received a letter from there last week assuring him of her safe arrival. The letter was from Superintendent Morris of the Texas Children's home where the girl had been sent, saying she had reached there all right and was at the home.

Mr. Bishop fails to understand how such a report should have started.

COLDEST DAY IN JUNE RECORDED AT COLUMBUS

Columbus, Ga. June 12—(Special)—The mercury dropped to 49 degrees during last night which was the coldest on record in June for Columbus. It is believed that the crops have been materially retarded by the low temperature of the past three days.

Auditorium for Waycross

Waycross, Ga. June 12—(Special)—That the oft discussed plans for a large auditorium for Waycross will be carried into effect this year seems certain in view of the statement from Chairman L. J. Cooper of the board of trade and education committee to the effect that no time will be lost now by the committee in perfecting arrangements for the auditorium campaign.

Mayor Richter Would Compel Mayor Davant, of Savannah, To Enforce Dog Ordinance

Savannah, Ga. June 12—(Special)—Steps were taken by Mayor George H. Richter today to compel Mayor Davant to enforce the Barrow dog ordinance. Mandamus proceedings were filed in the superior court by Major Richter following a conference he had with the mayor Wednesday, when he says the mayor did not intend enforcing the ordinance and asked Major Richter, "What are you going to do about it?"

Major Richter says the dog ordinance has been openly and notoriously violated for several months. He says no effort has been made to enforce it. On the contrary he says the mayor has been quoted in the public press as saying that he would not lift a finger to enforce the ordinance.

GOVERNOR'S ORDER SAVES WASH DEAN FROM THE GALLOWS

Fort Valley, Ga. June 12—(Special)—Wash Dean will not hang here tomorrow for the murder of Tom Johnson, his sentence having been commuted to life imprisonment by Governor Brown who acted favorably on a recommendation made by the prison commission and by Judge H. A. Matthews and Solicitor General Ross who officiated in the case.

TWO NEGROES ARE HELD IN WARE FOR ASSAULT

Waycross, Ga. June 12—(Special)—It did not become known until today that two negroes were held in the county jail at this time. They were charged with assault on a white woman near Homerville.

Rob Young a negro 35 years old, is the other negro charged with rape. His victim is a 16-year-old white girl, the daughter of a well known farmer whose place is 8 miles northwest of Waycross. Young was shot by the father of the girl assaulted. His condition is not regarded as serious. It is reported that the girl has identified Young and is positive in her statement that he assaulted her.

Builders Find Cavern

Huntsville, Ala. June 12—(Special)—A cavern has been found in the excavation that is being made for the Milligan building on the east side of the square. It was disclosed by a dynamite blast and a cold vapor began to issue forth. An attempt will be made to explore the cave and ascertain if its presence will endanger the building that is to be erected over it.

PIEDMONT HOTEL WAS NOT RAIDED, DECLARES TAYLOR

A story to the effect that the Piedmont hotel had been raided by the police Wednesday evening, which was printed in an afternoon paper yesterday, called forth a most vigorous denial from R. Frank Taylor, assistant manager of the hotel last night. Mr. Taylor said:

"The report that the Piedmont hotel was raided last night is a baseless fabrication. The Piedmont hotel has been giving serious consideration to a measure very much restricting the sale of pistols and pistol cartridges by dealers, and now comes the announcement that H. J. Fulbright, a veteran member of the house, from Burke county has prepared a bill to introduce this year covering the same subject.

HARRY B. LAYTON DIES AFTER LONG ILLNESS

Harry B. Layton aged 45 years, a well-known newspaper man and secretary of the Tifton Chamber of Commerce, died at 10:30 o'clock Wednesday evening at a local sanitarium, where he had been undergoing treatment for some time.

He is survived by his mother Mrs. Lewis Layton, his brother H. T. Layton, of Atlanta, and his one aunt in Atlanta, Mrs. C. S. Evans.

The body was removed to H. M. Fatterton's chapel, and at 2:45 o'clock Thursday afternoon was sent to his birthplace, Morgantown, Va. where the funeral and interment will be held.

OFFICER EXONERATED FOR FATAL SHOOTING

Huntsville, Ala. June 12—(Special)—Officer Wheeler Mitchell of the Huntsville police department was fatally shot by W. Gibson ten days ago, when the man was resisting arrest and firing at him, has been relieved of any court charge that was brought against him. Judge Hawkins, of the inferior criminal court, decided that the shooting was justifiable.

The evidence showed that Gibson was on a spree and had shot a negro through the neck when Officer Mitchell was sent to arrest him. Gibson was found in the old baseball park and when the officer approached him he began firing. He fired two shots at Mitchell and then Mitchell shot him through the hip the bullet circling around and penetrating a vital organ. Gibson died the next day and Mitchell was charged with murder.

MAY SEEK IMPEACHMENT OF JUSTICE OF PEACE

Euftaula, Ala. June 12—(Special)—It is reported that impeachment proceedings may be instituted against H. Salisbury, Justice of the Peace of Beat 2 for his refusal to issue a warrant for the arrest of Holt McLeod, on a charge of assault with intent to murder in connection with the attack made by McLeod on Dr. J. L. Houston, at Comer, Saturday night, in which Houston only saved his life by pushing McLeod's pistol from his breast, just before it was discharged. Salisbury refused to issue the warrant for Sheriff Teal, who thereupon made the arrest without carrying McLeod to Clayton where he was bailed out the next day before the Justice of the Peace there.

Dr. Houston himself is one of the four on Salisbury's bond in the sum of \$1,000. Others are said to be Forest Grantham, J. L. Grant and N. A. McKinnon. Salisbury is also postmaster at Comer.

PROPOSED TOBACCO TAX IS DISCUSSED BY WILSON

Washington, June 12—President Wilson let it be known today that he did not regard the proposal of Attorney General McReynolds for a graduated excise tax on tobacco output as in the nature of a plan to remedy what the latter conceived to be the evil effects of the decree of dissolution.

Talking with the correspondents at their semi-weekly conference, Mr. Wilson referred to the proposal as a question that had been discussed, and upon which the attorney general had solicited the opinion of members of the senate finance committee. He said moreover that the proposal itself had been discussed in the cabinet meeting a few minutes.

When the president was told that some democratic members of the senate had stated their opposition to the enactment of a currency bill at this session he declared that he had no objection to that and that his information from the senate was that a considerable number of the senators thought immediate currency legislation desirable.

WHOLESALE REFORM IN APPROPRIATIONS

Washington, June 12—Wholesale reform in congressional appropriations, to systematize government expenditures and reduce their total, will be urged at a caucus of house democrats which will be held June 25. Democratic leaders say they are determined to break up the loose practice of unregulated appropriations by numerous committees.

Under a budget committee plan agreed upon by Representatives Fitzgerald, Fitzgerald, Shirley Garrett and other members of the caucus committee on budget, all supply bills would be brought under a central supervision, based largely on suggestions of Representative Shirley. The plan is to have a standing committee on budget to comprise two members each from the ways and means, appropriations and rules committees, and the chairman of each of the other house committees which report appropriation measures. This committee would report at the beginning of each session of congress the maximum to be appropriated and the allotment of that total among the various committees agreed.

WOULD STRENGTHEN PISTOL-TOTING LAW

Bill to Restrict Sale of Cartridges to Be Introduced by Congressman Fulbright.

Pistol "toters" are in all probability going to find it hard sledding in Georgia when the legislature gets through with them this summer.

The committee of public safety of the Atlanta Chamber of Commerce has been giving serious consideration to a measure very much restricting the sale of pistols and pistol cartridges by dealers, and now comes the announcement that H. J. Fulbright, a veteran member of the house, from Burke county has prepared a bill to introduce this year covering the same subject.

Mr. Fulbright's measure is intended to strengthen a law which he and Representative White of Screven, had enacted in 1910, making it necessary for a person to secure license from the ordinary before he shall be allowed to carry a pistol openly. This law, of course made no change in the previous law prohibiting the carriage of weapons concealed.

As the constitution of the state guarantees to every citizen the right to bear arms, it is evident that the lawmakers have now gone about as far as they can in throwing restrictions about the carrying of concealed weapons, and that further legislation on the subject is ineffective, must be aimed at the dealers.

Restrictions on Sale. The Fulbright bill makes it unlawful for any person to sell or give away pistol cartridges except as therein provided. It also provides that any dealer who has paid the state tax on dealers in pistols and cartridges, may sell to any person authorized to carry a pistol under the law of 1910 and to no others.

It further provides that each dealer shall keep a record of sales and make sworn returns to the ordinary once a month so that it may be seen whether he has sold to persons other than those having the license.

It is maintained that this law will effectually do away with the carrying of concealed weapons for only the man who has a license to carry a pistol openly will be able to get cartridges, and there will be no use of carrying a concealed weapon without cartridges.

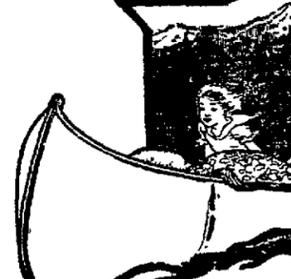

PARABLES ARE SUBJECT OF SERMONS BY OGDEN

Delivering two sermons on the parables of Christ, Dr. Dunbar Ogdén, of the Central Presbyterian plans to portray the old truths in a particularly interesting light on Sunday in his pulpit. Our Debts and Our Debtors will be his morning subject in which the parable of the unforbearing servant will be told and its moral drawn for the benefit of the twentieth-century men of selfishness who deny their brothers forgiveness. Sunday evening Dr. Ogdén's subject will be "Christ's Call in the Market Place."

Not responsible for advanced payments made to out-of-town local carrier, dealer or agent.

A PROPHECIC SHADOW.

"Votes for women" has crossed the Mississippi river in its victorious march eastward. That is the significance of the action of the Illinois legislature in passing a bill extending limited suffrage to women.

The people of the United States may as well make up their mind that universal suffrage is soon to be an established fact. How long it will be before the reform is effective in every state of the union, or whether through state or federal action, are questions that it is impossible to answer.

Some students have been of the opinion that the south would be the last section of the country to capitulate to the woman's suffrage movement, the argument being based on the assumption that the south is inherently conservative and slow-moving in thought and action.

The cattle tick is perhaps the most formidable enemy with which the southern cattle industry has to contend. The state and federal governments, co-operating, have done much in the past few years to lessen its depredations.

Tomorrow will be flag day, or the 136th anniversary of the adoption of the stars and stripes as the adoption of the national emblem. A communication, published elsewhere, from Mrs. Sheppard W. Foster, state regent of the Georgia division, Daughters of the American Revolution, cites this fact.

A FUTILE TRAGEDY.

The sailing of the world's biggest steamship, the Emperor, from Hamburg under many of the conditions surrounding the maiden trip of the Titanic, is a reminder that the tragic loss of that vessel was absolutely futile so far as the enactment of preventive laws is concerned.

Failure on part of congress to put into effect the lessons of that great sea tragedy is an indictment of our law-making power. It is true that many statutes were proposed, but they were either emasculated in committee or never came to a decisive vote in either branch of congress.

LEST WE FORGET.

The ambitious jingoes who do not quail at the possibilities of our intervention in Mexico are respectfully referred to a recent news dispatch from the Philippines. United States troops are about to engage in a decisive and, possibly, a sanguinary, battle with the rebellious Moros under the redoubtable Sultan of Jolo.

Such is one of the inheritances of "imperialism," and it must be remembered that in the case of the Philippines that imperialism was virtually thrust upon us. With negligible intervals, we have been fighting the Filipinos ever since.

Conditions in the Philippines would be aggravated in Mexico, if we entered that country with the expectation of staying there. The Mexicans are better fighters. They are more compact. Intervention would be the signal for a forgetting of all feuds in resistance to the common enemy.

IN THEIR OWN LIGHT.

If a dispatch to The Memphis News-Scimitar is to be credited, the farmers of Newton county, Mississippi, are actively aiding the enemy by a spectacular war against methods taken to reduce the ravages of the cattle tick. The state has a compulsory dipping law, meant to enforce the surest remedy that has yet been discovered for this all-prevailing cattle disease.

The cattle tick is perhaps the most formidable enemy with which the southern cattle industry has to contend. The state and federal governments, co-operating, have done much in the past few years to lessen its depredations.

FLAG DAY.

Tomorrow will be flag day, or the 136th anniversary of the adoption of the stars and stripes as the adoption of the national emblem. A communication, published elsewhere, from Mrs. Sheppard W. Foster, state regent of the Georgia division, Daughters of the American Revolution, cites this fact.

JUST from GEORGIA

When the Roses Feel the Sun. O the rose in your garden soon'll feel the sun. And the mockingbird'll tell you that you're just the sweetest one; Woodlands wild and sweet.

Lady of the Lilies and Lady of the Light. Whose smile can make the darkness beautiful and bright; Be your way Love's way—Winter sweet with May, And Love to lead the lilies where your heart makes holiday.

Keeping His Soul Sweet. Folger McKinsey, in The Baltimore Sun, sings of life's little joys:

"By little lips that love me, By little arms that cling, I ask the gods above me To bless the song I sing. By little laughter music, By little dancing feet, I keep my own heart dancing, I keep my own soul sweet."

"All in the Frosty Summer." Here is the unique advertisement of a Georgia farmer, which appeared during the cold snap:

"Frosted watermelons. Walk right in the melon-patch and pick 'em to suit yourself. Ice-free, every morning at daybreak. Skating on the millpond during the month of June."

The Irrepressible.

You meet him just every old place that you go—the "Told-you-so" feller that prophesied snow—who said we would freeze when the blooms bleed the trees, and blighted sweet June with a blizzard breeze.

In Topsy-Turvy Land.

Blizzard-wind-a-howlin' higher, Walk right in for to blow out de fire; Ole Tribulation hang up his hat, An' I right in de lan' whar he livin' at!

Song of the Lobbyist.

I roam ter de Eas' an' I roam ter de Wes', But I finds no place to take my res'; I call ter de angels up on high, But dey de widders in de sky.

Colonels by Compliment.

"While we were in Washington recently," says the editor of The Weekly Pioneer, "we met sixteen complimentary colonels, trailing from different parts of Dixie. We, ourselves, have been in the complimentary colonel class for twenty years or more, and we felt right at home when we struck up with so many of the fraternity.

After the Storm.

Like sky armadas we see them sail, Silhouetted against the sky, Great ragged and tawny clouds In regal splendor drifting by.

Dangers of the Plane Tree.

Residents of towns where the plane tree has been planted in the streets in large numbers will feel considerable interest in some remarks made concerning that tree by an Australian paper, from which the following is an extract:

Incandescent Lamps.

The incandescent lamp is a glass bubble full of brightness, which has ejected darkness from the homes of the civilized world. This light is very simple now that someone has thought of it. It consists of a carbon hair in a vacuum. A current of electricity is compelled to crowd its way through the carbon, and the latter gets red hot about it, thus producing light and also enough heat to set the bed clothes on fire whenever any amateur scientist attempts to use one of these lights for a warming pan.

Flag Day.

Editor Constitution: June 14 will be the 136th anniversary of the adoption of the stars and stripes as the flag of our country. Will you not assist me in my endeavor to have the citizens of Georgia pay honor to our national flag by displaying on all public buildings, schoolhouses and private residences, flags; in this small way pay tribute to Old Glory? Let every home, office and business house in the city hang out its country's flag.

Kansas Musical Prodigy.

(From The Philadelphia Public Ledger.) A 6-year-old boy climbed upon the piano stool in a country home on Parallel road, six miles west of Kansas City, Kans., and thumped the keys while mother did the dusting. Suddenly mother's duster paused in midair. The chubby baby fingers were playing clearly the soft, sweet notes of "Swanee River," playing them as well as a virtuoso had played the song earlier in the day.

A Phonetic Bible.

Judson Jones, of Cleveland, Minn., has completed a translation of the Bible according to a system of phonetic spelling, which he devised himself. Most of the manuscript is being kept in a safe deposit vault, while the four books of the Gospels and the book of Acts are being put into type.

Incandescent Lamps.

The incandescent lamp is a glass bubble full of brightness, which has ejected darkness from the homes of the civilized world. This light is very simple now that someone has thought of it. It consists of a carbon hair in a vacuum. A current of electricity is compelled to crowd its way through the carbon, and the latter gets red hot about it, thus producing light and also enough heat to set the bed clothes on fire whenever any amateur scientist attempts to use one of these lights for a warming pan.

South Not "Quarrelsome."

Editor Constitution: For several reasons the recent Mercer address of Rev. J. E. White challenges attention. Dr. White is justly rated as one of our strongest men.

However, the address carries in one or two paragraphs statements that prove quite unsavory to some men who wore the gray. Dr. White refers to the "quarrelsome passion on both sides" which led to the war between the states. Sometimes a party has its "quarrel just." I have read the speech of Judah P. Benjamin on leaving the United States senate, the speech of Robert Toombs and the speech of Jefferson Davis, made in the same period before the same body. We stand by the sentiment and logic of those deliverances. They carried with them an argument for secession that could not be answered then, cannot be answered now and will never be answered. There was no evidence of "quarrelsome passion" in those speeches. In precipitating the war we decline to be classed with the abolitionists as "quarrelsome." Circumstances placed us where we had to be men—real men or recreants to every item entering into the body of manhood.

Dr. White quotes Ben Hill as saying: "The truth is we failed because too many of our people were so determined to win." How many were so lacking in determination? Did Mr. Hill call the roll of the recalcitrants? Will Dr. White call it? Some things happen in this world that cannot be explained. Some things we are to "know hereafter." Explanation for the failure of the movement called "secession" has not yet been stated.

God dealt severely with Job. Friends offered divers explanations, but they were all mistaken. God spoke at last, but not in terms of explanation. We can wait for explanations as to the disasters of the sixties. When defeat came to the south, it was acknowledged and we went back immediately, or tried to, into our "Father's House," subjected to many humiliations, not one of which should have been saddled upon us.

The south played a part in what led to the war. It played its part in the struggle that followed. It served the cause of good government with signal ability in the experiences of reconstruction. And since reconstruction, we began anew to build out of a heap of ruins. We have wrought well. Look at results.

From the days of Henry Clay to this good hour, no adverse criticism can be justly passed on the attitude, spirit and work of the south. Dr. White speaks of "the arrest of southern national life. The limitation of southern interest for a half-century to the narrowing consequences of self-regarding and morbid motives and withdrawal from the nation's affairs at home and abroad."

If I understand Dr. White, the south is to blame for this. I cannot so see it. When we laid down our arms, we tried to take our place in congress and everywhere else and to do our whole duty. We were at great disadvantage and in large measure we could only do in part, where we would have done to the limit. No, we did not stay in our tents and sulk.

Quoting Ben Hill: "The south believed honestly, fought bravely and surrendered frankly," and as a result we have nothing of which to be ashamed, concerning our part in events that led to the war, that occurred during the war and that have happened since the war.

TRUST.

By GEORGE MATTHEW ADAMS.

(Copyright, 1913, for The Constitution.) The human soul craves Trust more than any other thing. Just as soon as you put Confidence in a man and convince him that you believe in him with a particle of distrust—at that very moment he enters into his greatest period of Efficient Accomplishment.

The best way to get the most out of any Friend or Worker is to Trust him. Just as soon as an Employer begins to Trust and Employee—just as soon as an Employee begins to Trust his Employer—at that moment a strong organization begins. It is the same in the course of the Everyday. The people that we Trust are the people who Trust us. Mutual Trust is Mutual Happiness. No one can be unhappy or Useless who Trusts.

It is Natural to Trust. It is Unnatural not to Trust. Human Life begins by Trusting. The Child at first Trusts everyone. Every happy relationship starts with co-operative Trust. The only thing that can mar or pry Trust from its hinges is Suspicion.

In the work of this day—every day—whenever you are tempted to Distrust, to Criticize, to Envy—bring this little word into use—Trust.

"After the Storm."

The sun hid his wondering face, And in a labyrinth's deep shade, She, sad and frightened nymphs Crouched trembling and afraid.

A 6-year-old boy climbed upon the piano stool in a country home on Parallel road, six miles west of Kansas City, Kans., and thumped the keys while mother did the dusting. Suddenly mother's duster paused in midair. The chubby baby fingers were playing clearly the soft, sweet notes of "Swanee River," playing them as well as a virtuoso had played the song earlier in the day.

The World's Mysteries

WAS ETHAN ALLEN TRAITOR OR TRICKSTER?

Ethan Allen, the Vermont soldier of fortune, was one of the most interesting characters who figured in our fight for freedom. Allen and the Green Mountain Boys of Vermont are always associated with ideas of personal valor and unflinching patriotism. There was a time, however, when the loyalty of Allen was questioned. He seemed to be acting a double traitor to the American cause, or was he feigning to do so in order to trick the English? That he completely deceived the English is shown in a letter that was written by Gen. Clinton to Lord George Germain, in which he said: "There is every reason to suppose that Ethan Allen has quit the rebel cause."

But if Allen was able to trick Clinton he was not the only one among the revolutionary soldiers proficient in this art, for but recently in this series was shown how Washington had tricked the English general into the belief that he was going to attack New York, while all the time he was moving his army south, the strategy leading to the surrender of Lord Cornwallis.

It was probably due to Allen's crudeness that he was so frequently in disfavor, and which caused his patriotism at times to be doubted, for it seems that his love of excitement would sometimes carry away with it his good judgment.

Prior to the revolution the contest between the settlers of Vermont and the colony of New York became very marked, and Allen took so active a part in it that he was outlawed by New York and five hundred guineas were offered for his capture. He had suggested to the Vermonters that they would get rid of the New York surveyors who they declared were trying to take some of their territory away from them, by applying the "beach seal." By this he

meant that they would cut beachwood sticks and would beat the surveyors so unmercifully that they would never stop running until they were safe back in New York.

Finally the revolution arrived, and Allen and his Green Mountain boys, instead of fighting over their local differences, joined in the common cause of liberty. But even then Allen and his mountaineers seemed to be bent on working without orders. Early in 1776, with his hardy volunteers, he marched against the British forts on Lake Champlain. He came down on the fort of the British at Ticonderoga and demanded its surrender.

When he entered the fort and stood over the couch of Captain de la Place, whom he so unexpectedly awoke from his slumbers, he demanded surrender. "In whose name?" asked the British officer. "In the name of the Great Jehovah and the continental congress," was Allen's reply. It was not long before he had the whole Champlain region subdued.

His daring exploits so pleased congress that the "outlaws" of the Green Mountain state were made regular soldiers. In October of 1775, he invaded Canada, and accompanied by a force under Col. Brown planned to storm Montreal. Brown, at the last moment, left Allen and the attack failed. Allen was captured by the British, put in chains and sent to London. He is said to have been treated with cruelty during his imprisonment in England.

He was exchanged in 1778, and as soon as he had recovered his health he again took to the field. The British tried to bribe him to join a plan for annexing Vermont to Canada. He pretended to be interested in the scheme, and had frequent meetings with the British agents. This led to his being suspected of playing into the hands of the British and he was charged by the government with treason. He was acquitted, however, through his demonstrating to congress how he had been acting a double part in order to preserve his state from the ravages of invasion. Congress accepted his statement, and, although he was many who doubt his loyalty for the time, he never lost his hold upon the people of his own state, who sent him to congress at the end of the conflict.

Allen was inclined towards literature, and published a number of pamphlets, one of which contained an open declaration of infidelity. To show what an odd character he was, this little incident is introduced: When his daughter was dying she sent for him; and said, "Father, I am about to die; shall I believe in what you have taught me or in the Christian principles my mother teaches?" After a moment of convulsive agitation, Allen replied, "Believe in what your mother has taught you."

INCANDESCENT LAMPS.

By GEORGE FITCH, Author of "At Good Old Swann."

(Copyright, 1913, for The Constitution.)

The incandescent lamp is a glass bubble full of brightness, which has ejected darkness from the homes of the civilized world. This light is very simple now that someone has thought of it. It consists of a carbon hair in a vacuum. A current of electricity is compelled to crowd its way through the carbon, and the latter gets red hot about it, thus producing light and also enough heat to set the bed clothes on fire whenever any amateur scientist attempts to use one of these lights for a warming pan.

The incandescent light is not lighted with a match, but with a twist of the wrist. It can be turned on and off fifty times while the owner of a kerosene lamp is coaxing it to illuminate one corner of the general gloom. This makes the electric light so cheap that most of us ruin ourselves by putting them in every room from cellar to attic, and forgetting to turn them off. When a kerosene lamp is neglected it burns all its oil and goes out, but the incandescent lamp, which is not turned off, remains faithfully on the job, illuminating the attic day and night while the family travels through Europe.

The incandescent lamp has made the world sit up late and has increased magazine reading 11,000 per cent. It has dressed American

Flag Day.

Editor Constitution: June 14 will be the 136th anniversary of the adoption of the stars and stripes as the flag of our country. Will you not assist me in my endeavor to have the citizens of Georgia pay honor to our national flag by displaying on all public buildings, schoolhouses and private residences, flags; in this small way pay tribute to Old Glory? Let every home, office and business house in the city hang out its country's flag.

GOVERNOR REFUSES BUNCH OF PARDONS

Large Number of Applications Thrown Back on the Prison Commission for Better Investigation.

A large batch of pardon applications were turned down by Governor Brown yesterday. In most of them some sort of executive clemency had been recommended by the prison commission.

To only two cases out of the lot did the governor see fit to show favor. These were Earl Overby, a white youth, of Macon, who had already served two years of a term of five for larceny, and John Lee Dixon, a Pierce county negro convict, who was in the gang for ten months. In the former case a parole was granted, clemency having been asked for by the trial judge, W. H. Peltier, and the mother and sister of the boy, promising that they would use all their influence to keep him straight in future. The negro was a trusty, whose sentence was commuted as a reward for his having revealed the hiding place of a desperate escaped convict named Altman who had threatened the life of a sheriff.

Sent Back to Prison Board.

A majority of the applications the governor returned to the prison board for exhaustive information, he being not satisfied with that of which the board appears to have acted in recommending favor. There were several applications which the governor returned with the following note indorsed on the back thereof: "Cannot act without complete information. On other clipping and one short letter. This he sent back with this notation."

"There ought to be some record in this case. The judge surely had good reasons for naming this sentence."

Sentence in which the governor presented seemed to be conflicting, he referred to Executive Secretary Hardy, Ulm.

Lim Again Called In.

Another case was that of James Garrett, with a twelve months' sentence for selling liquor. The commission recommended a parole. As it was a misdemeanor case, the governor did not know what the commission meant, it having never been customary to grant paroles in misdemeanor cases. He again called on Mr. Ulm. The secretary looked into the matter and wrote:

"Commission must mean commutation, as it holds it cannot parole in misdemeanor cases."

This case also the governor declined to favor.

Seven of the applications in which clemency was desired were from life-termers who are in the penitentiary for murder. The others ranged through all the category of crimes, but many of them were for serious offenses, such as burglary, murderous assault, grand larceny, bigamy, etc.

It is a customary thing for a governor just before his term of office expires to be overwhelmed with a multitude of pardon applications. Those who push them feel that they have a better chance of securing favorable action from an executive who is about to retire than from one whose term of office is just beginning and all of whose first acts at least will be subjected to the closest scrutiny of the people.

10-Inch Sandwich Tray

In Extra Quality Fine Sheffield Plate
Special Value \$5.00.

A SPLENDID WEDDING GIFT

This Sandwich Tray in looks, quality and finish is exactly like those usually sold for \$8.00.

This Sandwich Tray makes an ideal wedding gift.

They are made in lots of 500 at a time and the factory requires that we purchase at least 100 at a time in order to keep the price down low enough for us to sell at the special price of \$5.00.

These Sandwich Trays are made of nickel silver, heavily silver plated and beautifully finished. They look exactly like sterling silver. One Old English letter or cipher monogram engraved without charge.

Mail orders shipped prepaid. Safe delivery and satisfaction guaranteed.

We are headquarters for gift goods. Write for 160-page illustrated catalogue.

Young Lawyers Given Right to Practice in Three Georgia Courts

Photo by Francis E. Price, Staff Photographer

Back row, left to right: A. C. Franks, G. W. Anderson, A. M. Burdett, W. E. Morgan, P. L. Bartlett, W. F. Buchanan, G. M. Wilson, G. W. Franks. Second row, left to right: W. O. Cheney, L. F. I. Dovell, B. H. Sullivan, J. M. Eaddy, C. F. Huppe. Front row, Duffie, E. R. Clarkson, B. Stockbridge, D. B. Foster, L. W. Camp, M. H. Willensky, G. G. Osborne, R. H. Lindsay.

Thirty-five young barristers, graduates of the Atlanta Law school, were snapped by a Constitution photographer as they were grouped in front of the superior court with Mr. McDuffie, who represented the faculty at the admission of the graduates to the bar.

After the proper oath was administered, Judge Ellis welcomed them to the profession, urging that they enlist in a fight for high ideals, sustaining the ethics of the law. In the presence of the associate appellate judges, Robert Pottle and Richard Russell, Chief Justice Ellis admitted the candidates into the court of appeals.

All of them stood during the remarks of Chief Justice Ellis, who admitted them into the supreme court of Georgia, while his associates, Justice Lumpkin and Justice Evans, also standing, added dignity to the occasion.

A crowded courtroom greeted the new attorneys and applauded their admission to the superior court, while admission to the higher courts was solemnized in the chambers of the presiding judges.

FOR BOY'S DEATH DELL IS INDICTED

Must Face Involuntary Manslaughter Charge as Result of Automobile Accident on Peachtree Road.

E. H. Dell who, on April 8, while riding with Mrs. Charlotte Brush, of the Peachtree Inn, ran over and killed little Adolphus Casey on Peachtree road, was indicted yesterday by the grand jury for involuntary manslaughter.

The bill charges that Dell was driving his automobile on the left hand side of the road at that time and that he was not using proper caution and discretion in managing it.

Mrs. Brush, who immediately upon the killing of the child boarded a car and returned to the city and afterwards denied having been riding with Dell, was not called before the grand jury. It is understood that she will be one of the principal witnesses for the defense when the case comes to trial.

\$5,000 SUIT FOLLOWS AUTOMOBILE ACCIDENT

Asserting that on May 31 A. H. Goodwin knocked him down with his automobile at Peachtree and Houston streets and severely injured him, C. B. Whitten brought suit yesterday afternoon in the city court for \$5,000 against Goodwin.

Whitten claims that Goodwin failed to sound any warning to give notice of his coming. He lists his injuries as a sprain to his left arm, wrench to his elbow and injuries to his back and to his nervous system. He is represented by Attorney Edgar Latham.

JAMESON MAY ACCEPT PRESIDENCY OF OUCHITA

Arkansas Baptist College Renews Its Offer to the Former President of Mercer.

Macon, Ga., June 12—(Special)—S. Y. Jameson, former president of Mercer university, who recently resigned at the request of the board of trustees, may accept the presidency of the Ouchita Baptist college at Arkadelphia, Ark., after all, though shortly before resigning from Mercer he had declined the offer.

He has received a telegram again renewing the offer, and will leave for Arkansas today to look into the matter further.

"I have a business proposition here in Macon which will give me much greater financial returns," said Dr. Jameson today, "but I prefer the college work, and if satisfactory arrangements can be made, I will probably accept the presidency of Ouchita college."

To Decide Carter Case.

Macon, Ga., June 12—(Special)—The question of the solvency or insolvency of the L. Carter company, of Odum, Ga., is now before the United States district court, and Judge Spear is expected to decide the case tomorrow.

Attorneys Max Isaacs and H. Hayward, representing certain creditors, brought the petition for a receiver, but the company is opposing the action on the ground that it is not insolvent. L. Carter, of Tifton, one of the wealthiest men in south Georgia, is president of the company.

This morning it was stated he was ready to pay the claims against the company dollar for dollar.

The L. Carter company is a \$100,000 lumber concern, and only one of numerous financial interests headed by L. Carter.

Father Has Son Arrested.

Macon, Ga., June 12—(Special)—Father appeared against son in police court this morning when Rev. Binlon was arraigned on the charge of misappropriating \$10 given into his care to settle the family grocery bill. Binlon was bound over to the city court by the recorder under bond of \$200.

Eugene Binlon, a mechanic at the Central of Georgia railway shops, testified that he gave his son the money Wednesday night, but instead of paying the grocery bill he went to the tavern and had given the money to a woman there and the two were preparing to leave for America when the elder Binlon appeared on the scene and had his son arrested.

Brooks Must Pay Alimony.

Macon, Ga., June 12—(Special)—In the superior court this morning, J. C. Brooks, a Central railway conductor, was ordered to pay his wife Mrs. Evelyn Brooks \$50 cash and \$40 a month alimony until another hearing is held four months hence. In addition the husband must pay his wife's hospital bill while she is undergoing a necessary operation.

First Four-Year Class.

Macon, Ga., June 12—(Special)—The first class to complete the four-year course of study in the Macon high school graduated tonight, fitting exercises being held at the Grand Opera house. The class was composed of thirty-six young men and women, twenty-eight of that number being from the girls' high school.

DuPont Wright, the first honor pupil of the boys' school delivered the salutatory and Miss Marian Williams, first honor pupil at the girls' school, the valedictory address. Misses Sarah Merritt and Ruby Donnan, of the girls' school, gave recitations, while Burdick Britton, of the boys' school, delivered the oration for his class. The diplomas were awarded by Judge A. L. Miller, president of the board of education.

Normal Class Graduates.

Macon, Ga., June 12—(Special)—The graduation exercises of the Elam Alexander Normal school were held at the school at noon today, diplomas being presented to sixteen young ladies by Judge A. L. Miller, of the board of education. It is from this school that the board of education gets many of its best young women school teachers, the graduates being eligible to election after their graduation without further examination.

Danish Premier Resigns.

Copenhagen, June 12—King Christian today accepted the resignation of the Danish premier and of the members of his cabinet, because at recent elections the party in power received

COMMITTEE FAVORS SEGREGATION LAW

Would Stop Encroachment of Negroes on White Neighborhoods.

The Ashley ordinance, framed with a view to stopping negro encroachment in white neighborhoods, and which is commonly known as the "segregation law" was adopted by the council committee of council yesterday afternoon and will go before the general council with a favorable report.

Councilman Claude L. Ashley, author of the ordinance, headed a delegation of indignant citizens of the fourth and eighth wards before the committee in a vigorous speech favoring the passage of the law. Councilman Ashley reminded the committee that all the people were asking was relief similar to that given by the legislature of California to the people of that state to stem the tide of Japanese invasion.

Negro citizens who appeared before the committee to protest against the ordinance, based their arguments on the alleged unconstitutionality of the Baltimore law.

Danger of Clash.

According to advocates who appeared to urge the ordinance there is danger of a clash between the whites and blacks unless something is done. Eugene Mitchell, former member of the school board and now a resident of the eighth ward, told the police committee that he knew the feeling in the fourth ward to be intense against negro invaders. He said that the time is near when negroes will be invading the Ansley Park, Druid Hills, Boulevard and Brookwood sections. He said the Ashley ordinance provided the only immediate relief.

"Instead of opposing the ordinance some of the so-called leaders of the negro race should be helping the whites to better the conditions," he said. "I know it to be a fact that Jackson Hill property has been ruined by the one negro buying a house there and forcing the whites out."

A. C. Green, a real estate dealer, said that whites in the fourth ward were increased because they have been forced to give up their homes because negroes bought next to them or in the same block. He made the rather startling declaration that he was afraid trouble and bloodshed will result.

Inviting to the Pale and Sickly.

B. Lee Smith, formerly of the fourth ward, told the committee that he was forced to abandon his home when negroes invaded his neighborhood. He said there were a number of instances brought to his attention within the past six months.

"The Ashley ordinance should be supported by every intelligent negro in Atlanta," he said. "It will not only better housing conditions, but will harmonize the races."

J. T. Rucker, an influential negro citizen, said that the ordinance there is danger of a clash between the whites and blacks unless something is done. He said that the Ashley ordinance provided the only immediate relief.

STORY OF RACE RIOT PROVES UNFOUNDED

Savannah, Ga., June 12—A special dispatch from Beaufort, S. C., states that Sheriff White, with Captain Townsend and a company of the naval militia, who went to Bluffton last night to assist in preventing a clash there which was reported to be imminent between whites and negroes, returned to Beaufort today and reported they found no evidence of a race riot in Bluffton.

The trouble in Bluffton yesterday was caused by the killing of a negro, who had been arrested on suspicion of attempting to assault a white woman. According to reports, the negro was shot when he attempted to escape from his captors.

Thomson Lodge Elects.

Thomson, Ga., June 12—(Special)—At the regular convention of Thomson lodge, No. 231, Knights of Pythias, held Friday evening, the following officers were elected for the ensuing term: S. Gibson, C. C. J. O. J. Lewis, T. C. L. G. Evers, Fred B. A. Matthews, M. W. J. T. Vey, M. A. L. B. R. Wall.

FORSYTH UNDERPASS COMMITTEE CALLED TO MEET SATURDAY

The special committee appointed by Mayor For Tom Warren to make an investigation and devise a plan for closing the Forsyth street underpass, has been called to meet in the mayor's office, Saturday, at 11 o'clock.

Councilman T. J. Kimbrough, chairman of the committee said Thursday that he had a proposition from the Central of Georgia railroad which will allow the city the use of a certain portion of its property for an outlet. He said that he could have the details of the proposal ready for the committee when it meets.

The committee is composed of James R. Gray, Clark Howell, W. F. Wine, Capt. James W. English, A. D. Greenfield, R. F. Maddox, P. S. Arkwright and Ed Ansley.

Councilman Kimbrough has asked that members of the street committee of council to attend the meeting.

HOTEL ANSLEY OPENING POSTPONED FOR A WEEK

The opening of the Hotel Ansley, which was to have taken place next Monday, has been postponed for a week or ten days.

MRS. JANET TALCOTT TO GIVE BENEFIT READING

Mrs. Janet R. Talcott, the gifted reader, who has given many delightful readings before the Woman's club, and other organizations in Atlanta, and who will shortly leave the city to reside in Cleveland, Ohio, will give an interpretive reading of Henry Van Dyke's "The Other Wise Man" at the first Christian church Monday evening, June 16.

Mrs. Talcott on the eve of her departure for her future home in the north, gives this complimentary reading, for the benefit of the "Delta Alpha" and "Royal guards" classes of the First Christian Bible school. The musical setting will be rendered by Miss Carrie Porter, an artist of unusual ability.

Admission 25 cents. Tickets can be secured from any member of First Christian church.

When girls write letters they are about clothes and men when married women write letters they are about doctors' bills and babies.

WITH EVERY KODAK

We give "Moore service" that means your money is well invested. Go out next Sunday and take a Kodak with you. Jno. L. Moore & Sons are headquarters for the Kodak. 42 North Broad street.

SOCIETY

Mrs Atkinson Entertains
Mrs. Spencer R. Atkinson's luncheon was a bright affair of Wednesday assembling fourteen of her married friends.
Nasturtiums and daisies and a wealth of old fashioned flowers decorated the reception room and made still more inviting the sun parlor and in the dining room the handsomely appointed luncheon table had its centerpiece of white sweet peas, ferns and asparagus fern. A few blue vases were filled with them and bouquets of green tulips were tucked in the flowers. Silver candlesticks burning with

candles alternated with silver vases of white sweet peas the hand painted place cards were daisies tied with green tulle and of other pretty detail of color was white and green.
Mrs Atkinson was gowned in cream batiste hand embroidered with blue satin wash.
To Attractive Visitors
Miss L. M. Williams and Miss S. J. Williams were the two attractive visitors from Savannah. Miss Williams was the guest of Miss L. M. Williams and Miss Jessie Dixon the

guest of Miss Alice Parks.
The guests will include Miss Dixon, Miss Osborne, Miss Parks, Miss Humphries, Miss Jennie D. Harris, Dr. J. Osborne, Mr. Marshall, Mr. Stewart, Mr. Witham, Mr. Ralph Ragan and Mr. James Harris.
To House Party.
Mrs. H. D. Cole gave a pretty luncheon of eight covers Wednesday at the Driving club in compliment to the young women who are guests of the Lambda Alpha fraternity for Tech commencement.
The party included Miss Dottie Cowles, Miss Fairlie Cubbage, of Macon, Miss L. M. Swift and Miss Margaret Gordon of Columbus, Miss Lucy Caroline of Corinth, Miss Miss Georgia Scott of Rosedale, Miss V. L. F. and Mrs. Hunter Pope of Macon.
To Miss Shields.
Mrs. F. I. Edelman will give an afternoon reception today in compliment to Miss Willie Shields a bride elect.
Thompson-Pagett
Mrs. Sherry G. Thompson has announced the marriage of her daughter Caroline Lucari to Mr. Charles Earnest Pagett on Saturday, May 24, 1913, at St. Louis.

Annual Shower.
On June 28, John Wesley's birthday the annual shower day will be observed at Wesley Memorial hospital. All donation of linens for the charity wards of the hospital will be most acceptable.
Altrurian Society
The Altrurian society announces a call meeting this afternoon at 3:30 o'clock in the Altrurian book room 500 Hillier Tr. at building.
A full attendance is requested as matters of importance are to be discussed. All interested in the study of philosophy, new thought, astrology, etc. will be welcome at this meeting.
Wright-Selman
The wedding of Miss Marie Wright and Mr. James Thomas Selman took place last evening at the home of the bride's parents Mr. and Mrs. Marshall Jefferson Wright on Park avenue at 8:30 o'clock.
The house was beautifully decorated with palms and ferns and pink roses artistically arranged. The bridal party was grouped before an altar of greenery in the drawing room. On either side of the altar silver candelabras held white candles and above the altar tiny incandescent lights formed the monogram of the bride and groom.

Cheek-Neal Coffee Co.,
Nashville, Houston, Jacksonville.

Remson, Mrs. Jerome Simmons, Jr., Mrs. Albert Thornton Jr., Mrs. Francis Jones, Mrs. Roy Collier, Mrs. Marshall Johnson, Mrs. Marshall McKenzie, Mrs. Robert Gregg, Mrs. Charles Darnall, Mrs. Forrest Adair, Jr., and Mrs. Clarence Haverly.
Luncheon was served in the dining room and the centerpiece for a handsome appointed table was a basket of pink sweet peas. The handpainted place cards were a design of the same flowers, the silver candlesticks had pink shades and the prevailing pink was continued in effective detail.
Miss Rawson was charmingly gowned in pink furled crepe and her leghorn hat was trimmed with pink roses. Mrs. Hopkins wore a white mirlatone suit the chiffon blouse with a touch of pink and her white hat was trimmed with a goorah plume. Mrs. Shelton wore a rose colored charmeuse gown with an all black hat.
Ladies' Day
The Elks club has made Tuesday Ladies Day at their club house and the ladies who are entitled to the hospital of the club may now enjoy once a week the swimming and bowling privileges and the use of the reception rooms for cards or other entertaining.
Afternoon Tea.
Mrs. J. M. Van Hartlingen will entertain at afternoon tea today from 4 to 6 o'clock at the home of Mrs. Gersoll and for Mrs. Charles Downman, Jr. of Birmingham. The guests will include a number of young married women.
Dance by Gate City Guard
The regular weekly dance by the Gate City Guard will be held in their hall at 54 Houston street Friday evening June 13.
Van Epps-Hanson
The marriage of Miss Minnie Van Epps and Mr. Robert Graham Hanson Jr. was a beautiful event of last night taking place at the home of the bride's cousin Mrs. Richard W. Johnston on Peachtree road.
Miss Agnes Hanson the groom's sister and Mr. Charles Baumgartner Jr. of Bristol were the only attendants and an elegant simplicity characterized the occasion. Rev. Dunbar performed the ceremony which was witnessed by an intimate company of friends and relatives.
Little Misses Isabel and Pamela Johnston held in place the ribbons which formed the aisle for the entrance of the bride and her bridesmaid. The ceremony took place and her brother, Mr. George Van Epps escorted her.
Her winsome charm and beauty were accentuated by the wedding array, her gown of white brocade satin point lace and pearl embroidery with which she wore an exquisite pearl necklace which was an heirloom. Her tulle veil was hung from a wreath of orange blossoms and her bouquet was white roses and lilies of the valley.
The bridesmaid wore a white lace gown, her flowers pink roses and the ribbon bearers wore dainty lingerie dresses over pink silk.
Mrs. Johnston was gowned in black chiffon cloth and she was assisted in receiving by the brides maids, Mrs. W. W. Thomas of Macon, Mrs. George Thomas of Athens, Mrs. Carlton Hillier of Augusta, and Mrs. George Miss Norwood Mitchell Mrs. A. M. Thomas Miss Ella May Thornton, Misses Thomas of Athens and by the groom's father and sister, Mr. G. Hanson and Miss Hanson of Bristol.
Artistic decoration prevailed all throughout the house and the bridal party grouped for the ceremony had picturesque setting in an effective massing of palms with baskets and vases of white hydrangeas and fever few contrasted against the luxury of green.
Supper was served from the dining room where the table had a large silver centerpiece filled with pink roses. The silver candlesticks had pink shades and the candles were pink. Punch was served in the pretty sun parlor which was inviting with palms and hydrangeas.
Mr. and Mrs. Hanson went north on their wedding trip and they will make their home in Bristol.
The bride is the daughter of the late Judge Howard Van Epps an able lawyer and jurist and through her mother, who was Miss Thomas of Athens her family connection is one of the most prominent in the state. Pretty and lovable she has many warm friends in Georgia cities who regret her departure to live in Bristol where Mr. Hanson is a prominent and progressive citizen.

To Mr and Mrs Halliday.
Miss Gertrude Corrigan entertained at a dinner last night Mr. and Mrs. Stanford Quincy Halliday of Spartanburg S. C. who are spending a short time in Atlanta on their wedding trip. They are at the Georgian Terrace.
MEETINGS
The regular monthly meeting of the Atlanta Women's Missionary association supporting the Travelers Aid work was held at the Central Congregational church corner Ellis street and Carnegie way Wednesday at 10:30 o'clock. Reports from the matrons at the stations were given.
PEABODY SCHOLARSHIP AWARD IN AUGUST
The first award of the George Peabody scholarship in education at Johns Hopkins University will be made next August. This scholarship paying \$270 per annum is open to men and women who are residents of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia.
It is offered to candidates who can give evidence of a liberal education and who intend to continue the work of education, preferably in connection with a system of public schools in this territory mentioned. Application for such must be made to the president of Johns Hopkins before August 1.
This scholarship was founded in 1913 by the trustees of the Peabody Education Fund. It is expected that a large number of Georgians will compete for the scholarship, as it will be one of the most valuable in Johns Hopkins university.

For Miss Buckley
Miss Helen Jones will entertain at an afternoon tea next week at her home in Inman Park in compliment to her guest, Miss Margaret Buckley of Roanoke Va.
Informal Bridge Party
Miss Florrie Humphries entertained sixteen guests at bridge at her home on Eleventh street in compliment to Miss Mary Osborne and Miss Jessie Dixon of Savannah.
The apartments were attractive with decorations of sweet peas and daisies. The prizes were silk stockings and correspondence cards.
For Mrs Grove
Mrs. Albert Akers entertained eight friends informally at bridge yesterday afternoon for Mrs. E. W. Grove, Jr. of St. Louis who is the guest of Mrs. William Akers.
For Miss McCarty
Miss Helen Jones tea yesterday afternoon was a pretty compliment to Miss Mignon McCarty who has just returned from a trip abroad. The tea table was set in the pink room at the Driving club. A pretty arrangement of pink sweet peas forming the centerpiece and all other details were pink and white and each place was marked with a corsage bouquet of gardenias.
Miss Jones wore a gown of petunia charmeuse satin with hued net. The guests included Misses McCarty, Margaret Buckley of Roanoke Va., Annie Laura Robinson Aurelia Speer Clifford West Nellie Kiser Stewart Laura Lee Cooney Laura Cowles Nancy Payne Laura Ansley and Harriet Cole.

NEW PRESIDENT OF MERCER UNIVERSITY
Although no definite announcement has been made by the trustees of Mercer who recently requested the resignation of Dr. S. F. Jameson as president, it is regarded as probable that Professor E. T. Holmes, president of Gordon Military Institute at Barnesville, and who formerly held the chair of Latin at the Baptist university, will be chosen to become its head.
This is the report that was widely circulated during the Tech commencement month although Professor Holmes appeared surprised himself at it, and declared that he had not been approached in the matter.
During his connection with educational institutions in Georgia, Professor Holmes has made an enviable reputation for himself. At Mercer he was regarded as one of the most efficient men on the faculty.
He was president of the athletic council and it was chiefly through his efforts that the university finally forged to the front in athletics. He was also on the board of directors of the Southern Intercollegiate Athletic Association.
Since becoming head of the Barnesville preparatory school several years ago he has kept the standard of that school to that of any similar institution in the state and many of his friends among Mercer alumni would like to see him head Mercer.

STATE DENTISTS MEET.
Large Number of Delegates Are Present at Columbus.
Columbus Ga. June 12—(Special)—The forty sixth annual convention of the Georgia Dental society convened here this morning with a large number of the members present. The sessions of the convention are being held in the Rankin house.
The first session met at 11 o'clock Dr. DeLoos Hill of Atlanta presiding. Rev. S. Alston Wragg rector of Trinity Episcopal church offered prayer. Following this Mayor L. H. Chappell delivered the address of welcome in behalf of the city and Dr. J. W. Pierce welcomed the visitors in behalf of the local dental society. The response to the addresses was made by Dr. S. W. Foster of Atlanta.
Following these addresses came the annual reports of Mrs. M. M. Forber of Atlanta secretary and Dr. W. H. Zirkle of Atlanta treasurer which were filled with interest to the dentists.
The afternoon session was given over to reports of the executive and special committees and the reading of papers by various members of the society.
The night session was devoted to lantern lectures by Dr. Clinton C. Howard and Dr. Joseph D. Eby both of Atlanta. A discussion followed which was indulged by half a dozen or more members.
There will be a banquet tomorrow night.

For Miss McCarty
Miss Helen Jones tea yesterday afternoon was a pretty compliment to Miss Mignon McCarty who has just returned from a trip abroad. The tea table was set in the pink room at the Driving club. A pretty arrangement of pink sweet peas forming the centerpiece and all other details were pink and white and each place was marked with a corsage bouquet of gardenias.

TERRIBLE AGONIES
WORSE MISERY

Advices From Durant's Neck
Tell of Mrs Bazemore's
Trying Ordeal, and Her
Condition at Present

Durant's Neck "N. C."—Mrs. Emma Bazemore of this place says "Words fail to express my appreciation and gratitude for the benefit I received from Cardui the woman's tonic. I suffered agonies from womanly troubles. I tried different doctors but they didn't help. The last one I went to said I needed an operation so I agreed to it and bore those terrible pains. I felt better but only for a short time and soon the misery was worse than ever before. I began to use Cardui and it made me feel entirely different. Now I am the picture of health weighing 170 pounds. Before I started the treatment I could not do my housework. Now I can do my work and I feel so much better."
Cardui the woman's tonic acting in its gentle healing way upon the womanly organs helps to restore your natural vigor and to build up the womanly constitution.
If you are tired, worn-out, weak, nervous or suffer from any of the ailments peculiar to women do what over a million other women have done—try Cardui. It cannot do you harm and is almost sure to help you just as it has them. Begin taking Cardui today.
Your druggist sells it.
N. B.—Write for Chattanooga Medicine Co. Ladies Advisory Dept. Chattanooga, Tenn. For special instructions on your case and 64 page book, "Home Treatment for Women" sent in plain wrapper.

Mr. and Mrs. Charles Phinizy of Athens, are the guests of Mr. and Mrs. Ransom Wright. They brought their son, William, for an operation on his eye, which he injured yesterday morning. He is at St. Joseph's infirmary.

Mrs. Ella Wilcox and daughter, little Miss Catherine Wilcox, have taken the Saunders cottage, near Station Six, at Wrightsville Beach, for a month or six weeks. Mrs. Wilcox and daughter lived in Wilmington a few years ago, and have many friends there.

FRICITION IS CHARGED TO TAX OFFICE SYSTEM

Alderman Nutting Would Put Tax Receiver Under Authority of Tax Assessors.

Because of friction in the tax office between the three assessors and G. B. Beachamp, chief clerk and tax receiver, Alderman James R. Nutting has put through the tax committee an ordinance to amend the city charter so that all departments shall be consolidated and put under the assessors.

The friction which is said to exist has been noticeable since January 1, the date upon which the new system went into effect. Under the present status Chief Clerk Beachamp has control of the tax receiving department, and the assessors have charge of the assessments. Alderman Nutting explains that the friction is due more than the result of a bad system, and he says that his ordinance seeks only to return the tax office to the conditions under which it operated prior to the first of the year.

The ordinance does not become effective until the legislature amends the city charter. It was adopted by the tax committee Thursday afternoon, with only one dissenting vote. Councilman Orville H. Hall protested against the proposed amendment, and it is understood that he will combat it on the floor of council Monday afternoon.

Under the ordinance which is in strict accordance with the council charter, the assessors are vested with the power to nominate subordinate officers. The office which Chief Clerk Beachamp holds will be named by the assessors.

Mayor Woodward has not given an expression as to what he thinks of the Nutting ordinance, but he has indicated that he does not approve it.

Family Relations Tangled By Wedding of Stepchildren

Mr. and Mrs. Walter K. Mitchell.

Last Thursday night, pretty Marie Pate graduated from the Girls' High school. Saturday afternoon, she was secretly married to her step-brother, Walter Kelly Mitchell, at the home of their parents, Mr. and Mrs. M. D. Mitchell, 19 York avenue.

When Mr. Mitchell, the father, who is attached to the Grady hospital staff, went home Saturday night, he carried a huge package of roses for his step-daughter in honor of her graduation. As he handed over the mass of flowers, he said:

"This is a graduation present, and—before he could proceed further, his step-daughter told him, but now is his daughter-in-law, interrupted: "And wedding present, too, eh?" The father did not instantly grasp the meaning of her remarks. The son broke in:

"If I marry your daughter, father, what am I—your son, your son-in-law or what?"

"For one thing," Mr. Mitchell answered, "you'd be a mighty lucky fellow."

"Then a lucky fellow, I am, for Marie and I were married this afternoon."

The wedding was a surprise. The bride is only 17 years old. They left Saturday night for Asheville, where they will spend their honeymoon. Upon returning to Atlanta, they will live with their parents at the York avenue address.

The young groom is 24 years old and is an auditor. The courtship extends back for six years, at which time the parents of the couples were married.

WORK ALREADY BEGUN FOR BIG CORN SHOW

Will Offer Prizes for Improved Yield and Give Chance to Boys on Poor Land.

The corn show committee of the Atlanta Chamber of Commerce is beginning active work six months in advance of the date for the show, with the object in view of making the 1912 show the largest and most successful in the history of the south.

The members believe that it will take fully half a year to complete the plans which have been outlined. Last year's Georgia corn show was the largest and most notable ever held in the south, and after it was over many communications came in from other southern states for information about the methods Georgia had used in stimulating interest in the contests. This year it is proposed not only to retain, but to increase the emulgence of Georgia as a southern corn-growing state.

Meetings for information about the methods Georgia had used in stimulating interest in the contests. This year it is proposed not only to retain, but to increase the emulgence of Georgia as a southern corn-growing state.

Among the new plans and features that will be introduced to increase interest and add to the efficiency of the contestants is a proposed series of entirely new prizes and awards. This new series will in no way affect the old prizes, which will be given practically the same as last year, but will be in addition to them.

By this supplementary series of prizes, boys who are handicapped by working on poor land will have cognizance taken of the disadvantages under which they work, and will stand to win on their merits. In other words, the "poor land handicap" will be lifted in contesting for the new prizes, and will be rewarded not only as before for the greatest total yields per acre, but also for the greatest proportionate increase per acre. In other words, if a boy whose land normally has been making fifteen bushels an acre increases its yield to thirty bushels he wins, in the handicap contest, from the boy whose land has been yielding normally forty acres and who increases it to fifty.

The only regret in the awarding of prizes last year was the fact that no proper provision was taken to recognize the merits of boys who planted on bad land, and who achieved splendid increases, but who had no chance to win prizes granted for total yields per acre.

BIG TYBEE EXCURSION LEAVES ON JUNE 20

One of the largest excursions of the season will be that of the Central of Georgia Railway to Tybee, Ga., on June 20, when a number of Atlantians will go for a six-day stay at this popular resort.

For the benefit of those who wish to go to Jacksonville, Fla., and other coast points at the same time, special coaches will be run on that date.

GENTRY TO ENTERTAIN TELEPHONE OFFICIALS

W. T. Gentry, president of the Southern Bell Telephone company and Telegraph company, will give a dinner at 8 o'clock tonight at the Capital City club in honor of W. T. Guernsey and E. J. Hall, visiting officials of the company.

A number of prominent Atlanta business men have been invited to meet the visitors at the dinner in their honor.

Those Popular Excursions to Warm Springs via A. B. & A., commence Sunday, May 25. Only \$1 round trip. Train leaves Union Station at 8 a. m.

LAST FREE CONCERT AT THE AUDITORIUM

Before disbanding for the summer months, the Atlanta Music Festival chorus will give a big free concert at the auditorium Sunday afternoon at 4 o'clock. This will be the last appearance of the chorus until late next fall, and a brilliant and elaborate program is being prepared under the direction of Dr. Percy J. Starnes. The final rehearsal will be Saturday evening at 8 o'clock, in the Auditorium, and all members of the chorus are requested to be present.

This Atlanta chorus which is a permanent organization, was formed last year under the auspices of the Music Festival association. Over 7,000 people attended its first public appearance during Christmas week, and the splendid success achieved on that occasion was described in musical publications all over the world. The chorus is said to be the best trained and by far the largest in the southern states.

This concert Sunday afternoon will take the place of the regular weekly free organ concert. Dr. Percy J. Starnes will be the director, while Mr. Charles W. Sheldon will be the organist. The chorus numbers between 400 and 500 people.

Will Introduce Three Bills To Circumvent Dictagraph's Misuse by Unscrupulous

It is not improbable that legal restrictions may be placed around the use of the dictagraph this summer. The abuses to which its unrestricted employment may lead in ruining the reputation of good citizens has been brought to the attention of members of the general assembly, and several have announced their intention of introducing bills on the subject when the legislature meets. It is said that three different bills have already been prepared dealing with the misuse of the dictagraph.

Unless some safeguard is thrown around the use of the instrument, it is evident that great harm is liable to result to perfectly innocent citizens from the misuse of the invention in the hands of malicious and unscrupulous persons.

CLASSMATES HONOR MISS EUNICE REED

Athens, Ga., June 12.—(Special.)—A splendid record, indeed, was made by Miss Eunice Reed, who was selected by her classmates to read the valedictory essay at the graduating exercises of the Athens high school this week. Since she entered the first grade at the Meigs street school on through her high school course she had led her class every year.

TRIBUTE IS PAID TO DR. I. S. HOPKINS BY TECH ALUMNI

One of the interesting incidents of the graduation exercises of Tech on the twenty-fifth anniversary was the tribute paid to Dr. I. S. Hopkins, first president of the institution, and the man who years ago was first to see the need of such an institution in Georgia.

From the alumni of the college Dr. Hopkins was presented with a handsome loving cup, which was given to him with a suitable tribute to his services while in working for the institution's organization and for his labors while at its head.

Dr. Hopkins was present at the time, as it is said that he has never failed to attend the graduating exercises each year, and accepted the cup with a short speech of thanks in which he spoke of the early work at Tech and of its present and wonderful future.

It was Dr. Hopkins, who, as president of Emory college, first saw the necessity of a technical education for Georgia boys, and opened up a small workshop in the basement of the Emory building for those of the Emory students who wished to take advantage of the course.

It was his desire that such a course should become a part of this college, but this was voted down, and Dr. Hopkins began to urge the need of the legislature's establishing a state school. This was done later, and was persuaded to leave Emory to become the first president.

GRAND JURY DECLINES TO INDICT FELDER

"No Bill" Is Returned After Investigation of Pistol "Toting" Charge.

After investigating the charge that on June 5, when he had a difficulty with Detective Chief Newport Lanford, the colonel Thomas B. Felder bore a pistol in his pocket, the grand jury yesterday afternoon returned a "no bill" against him.

Dr. Horace Grant, Deputy Sheriff Miner and Newt Garner, an attaché in the solicitor's office where the fight occurred, were called as witnesses.

As Chief Lanford stood over Colonel Felder with doubled fists and ordered him to rise to his feet it is said that the lawyer reached toward his hip pocket as though to draw a weapon. The two men were separated by deputies and others before they could come together, but no report of an official search to see if they were carrying concealed weapons was made to the grand jury.

Chief Lanford, it is understood, was carrying a pistol in line with his right as an officer of the law and no investigation was made of this.

FEDERAL PRISONERS ASK FOR RELEASE

Edward F. Blake, with several other names, now doing ten years in the federal prison, and Frank Howard, likewise having many other cognomens, will appear before Judge Newman in the federal building, Friday, June 20, asking for release by habeas corpus.

Blake and Howard are now doing long sentences in the federal penitentiary following conviction in the Massachusetts federal courts, where they were held for breaking into and robbing a postoffice at East Morris, that state.

Lamar Hill, of Atlanta, their attorney, claims in his habeas corpus writ that the sentence should not be cumulative, and that the prisoners have served full time, and for that reason he asked their release. Judge Newman has assigned June 20 for a full hearing of the case, directing Warden Moyer, against whom the writ has been issued, to produce the two prisoners in court on the day indicated in his order.

"There's No Place Like Home"

Runs the familiar old song, and there's a great deal of truth in this particularly captivating phrase if the home be an attractive one.

Home is just what we make it, by the presence of ourselves, but attitude toward others, and by the way home is kept.

And that leads to the thought that the homes of the millions in this country may be constantly improved and made more comfortable if the advertising appeal is heeded.

Almost every day, if not every day, THE CONSTITUTION prints advertisements that point the way for householders to buy well and exercise economy.

During these warm days, when many home comforts are needed—things to keep the house cool and inviting—things for the table—things that are appetizing—it pays to read the ads in THE CONSTITUTION.

ATLANTA HOTEL MEN LEAVE FOR CONVENTION

Atlanta members of the Georgia Hotel Men's association left in a body for the midsummer meeting at Tybee Island last night. Leaving the city in a private car over the Central of Georgia railway for Savannah at 9:35 o'clock Thursday night, headed by J. Leo Barnes, president of the Atlanta Hotel Men's association, they will spend all of today and Saturday in convention, discussing, among other things, legislation for the creation of a state hotel inspector.

Leading traveling organizations will send delegates to the gathering to present arguments relative to the proposed legislation, and there will be representatives from the United Commercial Travelers' association, the Travelers' Protective association, the Georgia Traveling association and the Southern Traveling association.

The Atlanta hotel men will be entertained at luncheon at the Savannah Hotel, and will be given an automobile ride around the city, after which they will go to Tybee, where many of them will remain until Sunday morning.

TEACHERS GET LAST OF THEIR 1912 PAY

A treasury warrant was drawn yesterday for money to pay the school teachers for work done in 1912. It was for \$17,799.13, and represented a balance on the 1912 account from some counties, the superintendents of which had failed for some reason or other to get their receipts in earlier. Assistant State Treasurer Anderson says that the money might have been paid earlier if the demand for it had been made at an earlier date.

WHIFFS

On Other Foot.
THE CRACKERS have been losing ball games all season in the sixth inning. Thursday the shoe was on the other foot. The Crackers jumped on Grimes in the sixth inning and by miffing all kinds of baseball called a sufficient number of runs to win the game. A continuance of this session, like the worm, etc.

A Record.
CONZELMAN failed to give a base on balls in the game with the Lookouts Thursday. He twirled steady, consistent ball throughout and seemed to get better as he went, despite the poor support that he got at times. As Eric failed to give a base on balls in the final game with the Barons, a record was established. Cracker hurriers not giving a base on balls in two consecutive days is a new record of this and things look great.

He Did It.
THE SAILOR in the comic sheets has been having a time trying to catch Grimes' goat. Joe Dunn caught it Thursday and is due for that new suit of clothes as advertised. Joe caught one of the Ottumwa marvels first ones on the nose and picked it to right field for two sacks, sending home the two runs that were necessary to win, after the game had been tied in the same session, just previous to his smash.

We Thank Them.
WHIFFS is glad that the Birmingham Barons and the Chattanooga Lookouts are in the Southern league. Sixteen or more than half of the victors the Crackers have scored this season, have been registered from these two teams, eight out of nine from the Lookouts and eight out of eleven from the Barons. Pretty nifty, eh, what?

Speed v. Strength.
BOVING fans of Atlanta will have a chance to compare the relative merits of a speedy shifty boxer and those of a hard-hitting slugger when Jim Savage and Sailor White tie up at the Auditorium-Armory. If Savage has developed the kick that they say he has, Whiffs picks him to win over White, as he has more cleverness, and a clever man is a hard-to-beat man in the pugilistic game these days. When one springs up he usually mops.

Win We Repeat?
BIRMINGHAM scribes are calling attention to the fact that when the Crackers won the pennant in 1907, they trimmed the Birmingham Barons on pennant raising date, then performed a winning streak and waited through to a pennant. The Crackers performed the walloping on pennant day this season. It now remains to be seen whether the other part of the history will repeat itself. Hero's hoping.

The Difference.
INTEREST in their surroundings, that is as their teams are, is a vast difference in the work of Chief Bender and Rube Oldring this season. And the return of these two men to form has done as much toward putting the Athletics at the top of the American league scramble and keeping them there. They want that world's series money again. That's the answer.

If Money Lains.
KID ELBERFELD may win a pennant for the Lookouts. That is if the purse strings of the club owners are not drawn tight in the near future. The Kid has spent money like water this season, making many changes, trying out a player for a few days, releasing him when he did not deliver and buying another. The Chattanooga scribes said that Bill Smith was especially why he is as expensive a companion with Elberfeld as the sporting editor's pocketbook is in comparison with Rockefeller's. Some comparison, eh, what?

The Answer.
DESPITE the denial, we'll be willing to wager that Connie Mack would take Cy Morgan back if he could get him. The reason is simple. Morgan has won ten straight games for the Kansas City team of the American association. If Morgan was with the Athletics winning ten straight games coupling this with the record of Bender and Plank, the American League would be choosing him and starting over again July 4.

At 'Em Again.
THE BIG FOUR will lock horns with the English polo team again on Saturday. That is, three of them will. Monte Waterbury will be unable to play owing to a broken finger. Stoddard, who takes his place is a grand player, but it is feared that he may upset the team work of the Americans as the lack of his experience and ability to co-operate with the other three. However the odds in betting have shifted from 10 to 8 on the English to 10 to 5 on the Americans.

Making Money.
SOUTHERN league teams are at least paying expenses this season, and some of them are making money. President Kavanaugh states that the attendance throughout the league this year shows an improvement of 25 per cent over last season. If such is the case, and it continues so, there will be some money made in this league this year, as the shortage last season was but little below the actual expenses.

The Old AIM.
IF SAVAGE loses to White tonight, if Chattanooga beats Atlanta today, and any other such possibilities, the old AIM stuff can be worked overtime. Today is Friday, the 13th. Ouch!

To Steal March.
JACK PRINCE is going to try to double cross the weather man. Instead of postponing his opening motorcycle race meet to Tuesday night, he is going to try to pull it off Saturday afternoon at 4 o'clock. A continuance of the present weather and the chances are exceedingly bright.

Pels Buy McDowell.
New Orleans, June 12.—Second Baseman McDowell, of the Toledo American association club, has been purchased by the New Orleans Southern league club, according to an announcement by Manager Frank today.

Crackers Get Grimes Goat; Joe Dunn's Wallop Does It; Conzelman in Great Form

By W. G. Foster.
Chattanooga, Tenn., June 12.—(Special)—Staging another "big inning" as they did twice in Atlanta last week, after the Chattanooga team had apparently won the game, the Crackers romped to a 7-4 victory over the Lookouts this afternoon.

After twirling fairly good ball for five innings and receiving sensational support, Grimes, Elberfeld's "phenom" from the Central association, started a donation party in the sixth.

With the score 4 to 1 in favor of the home club, he issued three successive hits and a home run, which, in succession, forced in Welchone, who had singled. When he stopped donating, the Cracker batsmen decided it was time to get busy and a hard single by Agler was followed by a long double by Dunn, which, while totaling five runs and victory.

Conzelman Right.
Conzelman pitched a superb game. Errors were connected with three of four runs off his delivery, and after the fourth there was never the remotest possibility of a run being scored by the Lookouts.

His control was perfect in the pinch, and efforts to walk him out proved futile. Although he was hit by a passing batter, he did not issue a pass during the game. He was backed rather erratically, a muff by Long and wild throw by Bisland, each being costly.

Long opened the first by beating a scratch. He went to second when Alpermann was hit, to third when Bailey forced Alpermann, and scored on a double steal.

Pick's first which tore up the chalk just back of first, was followed by Williams fly to center for a tying run in the last half. The triple caught a hot argument. Rudderham, umpiring the bases, at first, suggested to Hart that the ball was foul, but Hart could see it that way.

Two Errors Hurt.
A muff by Long of an easy chance with two down in the third gave King a life at first, and he scored on Pick's single in the fourth, with one down. Bisland's wild throw gave Elston second, and he scored on Johnson's long single. Johnson made merry with Joe Dunn when he was stealing second on a third clearly hit, scored on the street's fluke single past short. This was the fourth and last run for the Lookouts.

Grimes' control was way off for the whole period of the occurrence of the mound, but his support was steady. Street helping by throwing out three pickers in the sixth the lowan became wild beyond the power of his teacher to rescue. Alpermann, who became a scratch and Alpermann was poked for the second time. Bailey bunted then passes to Smith and Bisland forced a run over.

Elberfeld kept the youngsters in, by way of trying to miff him. He was forced to groove one for Agler, who pickled it for a hard single, scoring two and tying the count. Dunn then cracked a double past first, scoring the third run.

Kroh was sent in for the locals in the next inning, and was effective save in the eighth, when Smith hit him for a long triple to right center, and Bisland's error with one out, allowed to fly. The locals seemed to wilt after the sixth, and showed little confidence against Conzelman.

Dent or Brady for Atlanta and Somers for Chattanooga are the probable hurlers for Friday.

Barons 8, Vols 1.
Birmingham, Ala., June 12.—Overwhelming Nashville by a rally in the third inning, Birmingham won easily, 8 to 1. Hardgrove allowed eight scattered hits and was accorded sensational support. Breckenridge was easily solved. Carroll stole home in the third inning and fielded in sensational form.

Time, 1:48. Umpires, Field and Wright.

Billies 6, Pels 1.
New Orleans, June 12.—Pitcher Evans was batted hard and often by the Montgomery team today, and the visitors took the final game of the series, 6 to 1. The batting of Elward and Sloan, and the fielding and base running of Ware featured. Elmer Brown was wild in the first inning, forcing in a run, by giving a base on balls when the sacks were crowded, but settled down and pitched a splendid game afterwards.

Indians 1, Peaches 0.
Savannah, Ga., June 12.—Though out-batted and outfielded, Savannah took the opener of the series with Macon here today, 1 to 0. Wortman's hitting featured. Dowell worked the delayed steal after singling with two down in the seventh, and scored on a sacrifice fly. The second hit, a single to right, Macon had runners on third and first, with but one down in the ninth, but failed to score.

Score by innings:
R. H. P. Savannah 000 000 000—0
Macon 000 000 100—1

Batteries: Martin and Reynolds, Adams and Glebel. Time 1:22. Umpire, Moran.

Gulls 4, Babies 3.
Charleston, S. C., June 12.—In a free hitting contest Charleston won the opening game of the series from Albany today, 4 to 3. With the bases full in the ninth and one out, Keating hit a sacrifice fly, which scored Montefiore with the winning run. The Babies also had the bases choked in their half of the same inning, but Foster tightened up and struck out two, and the other went out on a pop fly. The game did not start until 5:30 o'clock, as the local team was delayed in making the jump from Macon.

Score by innings:
R. H. P. Charleston 000 000 000—0
Albany 010 002 000—3

Batteries: Martin and Reynolds, Adams and Glebel. Time 1:22. Umpire, Moran.

Yanks 2, Tigers 1.
New York, June 12.—The New Yorks won today from Detroit, 2 to 1, this afternoon 6 to 5. Camnitz was batted hard in the second and eighth. Behind Tesera New York played bad ball, five errors having a lot to do with Pittsburgh's scoring.

Score by innings:
R. H. P. New York 010 001 300—5
Pittsburgh 010 001 300—1

Batteries: Tesera, Crandall and Meyers; Camnitz, Robinson and Gibson and Kelly. Time 1:22. Umpires, Rigter and Eyrton.

Senators 5, White Sox 4.
Washington, June 12.—Morgan's long drive in the ninth inning today, with second occupied, won for Washington from Chicago, 5 to 4, and restored the locals to third place. The visitors threatened early to drive home from the box, but he settled down after the third inning. Washington batted both Cleote and Scott in the sixth for three runs, tying the score.

Score by innings:
R. H. P. Chicago 112 000 000—4
Washington 010 003 001—5

Batteries: Cleote, Scott and Schalk, Groom and Henry. Time 2:08. Umpires, Ferguson and Dineen.

Philadelphia 6, Naps 1.
Philadelphia, Pa., June 12.—Cleveland today lost to Philadelphia 6 to 1. Plank had the visitors blanked until they were driven home from the box, but he settled down after the third inning. Washington batted both Cleote and Scott in the sixth for three runs, tying the score.

Score by innings:
R. H. P. Philadelphia 000 000 001—1
Cleveland 112 000 000—6

Batteries: Falkenberg, Blanding and O'Neil; Plank and Lapp. Time 1:59. Umpires, O'Leughlin and Hildebrand.

Valdosta 4, Waycross 3.
Valdosta, Ga., June 12.—(Special)—In a well-played game this afternoon Valdosta took the first of the series with Waycross by the score of 4 to 3. The game was won in the eighth on hits by Jordan and Hurley, two errors and a wild pitch for Valdosta. Hurley featured by catching the drive in deep left. Biting, for Waycross, did the almost impossible when he lifted one over left field fence for the first home run in the local diamond. In the ninth Pitcher Clarke was crippled sliding into third and had to leave the game.

Score by innings:
R. H. P. Valdosta 020 000 001—3
Wayscross 000 010 004—4

Batteries: Clarke and Schuman; Zellars and Pierre. Umpires, Gentile and Warwick.

Thomasville 7, Cordele 3.
Cordele, Ga., June 12.—(Special)—By batting Elliot freely and bunting hits on him, Thomasville won the game this afternoon from Cordele by the score of 7 to 3. Roth twirled a pretty game for the visitors, keeping his hits well scattered and striking out men with bases full. The game was unusually slow and uninteresting to the spectators.

Score by innings:
R. H. P. Thomasville 031 020 010—7
Cordele 001 100 001—3

Batteries: Roth and Dudley; Elliott and Eubanks. Time, 2 hours. Umpire, Carter.

Wells-Carpentier Again.
London, June 12.—Georges Carpentier, the French heavyweight pugilist, and Bombardier Wells, the British heavyweight, signed articles today for a return match in London in November.

Chicago Great Lumber Mart.
Chicago, June 12.—This city is the greatest receiving market for lumber in the nation, according to a report today of a committee of the Association of Commerce. The sales here last year were \$42,400,000. Last year's sales were \$42,400,000. Last year's sales were \$42,400,000.

STODDARD GIVEN PLACE ON TEAM

Takes Place of Monte Waterbury in Polo Match Next Saturday—English May Change.

New York, June 12.—The Polo association announced this afternoon that L. E. Stoddard, who took "Monty" Waterbury's place when Waterbury was injured in the game with the British challengers last Tuesday, would be in the line-up for the second game next Saturday.

Waterbury will not be in the game because of his broken finger, and Larry Waterbury, his brother, who played No. 1, will be shifted to No. 2. There will be no other changes.

The line-up announced this afternoon by the association is:
No. 1—Larry Waterbury
No. 2—Harry Payne Whitney.
Back—Devereaux Milburn.

The challengers, it is said, have practically decided to substitute M. Freake for Captain Noel Edwards at No. 2. Mr. Freake was on the British team in the matches with America in 1909, 1902 and 1903. It was in the last named year that the American team regained the cup.

NATIONAL

Cubs 6, Dodgers 1.
Chicago, June 12.—Chicago bunched hits off Rucker today and won, 6 to 1. Humphries was in fine form and held the visitors to six hits, only two of which were bunched. These, with the aid of a sacrifice fly, saved Brooklyn a shut-out.

Score by innings:
R. H. E. Brooklyn 001 000 000—1
Chicago 110 202 000—6

Batteries: Rucker and Miller and Fischer, Humphries and Archer. Time 1:25. Umpires, Brennan and Eason.

Doves 7, Reds 3.
Cincinnati, June 12.—A triple play by Maranville and Myers, of Boston, closed the game between Boston and Cincinnati here today, the visitors winning 7 to 3. Almeida and Groh had singled when Barghammer drove a line fly to Maranville, who stepped on second, retiring Almeida and threw to first, catching Groh.

Score by innings:
R. H. E. Boston 000 110 014—7
Cincinnati 300 000 000—3

Batteries: Rudolph and Whaling and Rarden, Suggs and Clarke. Time, 2:00. Umpires, Klem and Orth.

Phillies 7, Cards 5.
St. Louis, Mo., June 12.—Alexander was strong at critical stages, while Philadelphia hit Steele and Burk opportunely, winning 7 to 5. Alexander's batting was a scoring factor, the big right-hander making two runs and doing the most damage.

Score by innings:
R. H. P. Philadelphia 000 403 000—7
St. Louis 110 101 001—5

Batteries: Alexander and Killifer, Steele, Burk and Winge and Roberts. Time 2 hours. Umpires, O'Day and Smila.

Giants 6, Pirates 5.
Pittsburg, June 12.—Fielding badly, but hitting hard and opportunely, New York won from Detroit, 6 to 5, this afternoon 6 to 5. Camnitz was batted hard in the second and eighth. Behind Tesera New York played bad ball, five errors having a lot to do with Pittsburgh's scoring.

Score by innings:
R. H. P. New York 010 001 300—5
Pittsburg 010 001 300—1

Batteries: Tesera, Crandall and Meyers; Camnitz, Robinson and Gibson and Kelly. Time 1:22. Umpires, Rigter and Eyrton.

Yanks 2, Tigers 1.
New York, June 12.—The New Yorks won today from Detroit, 2 to 1, this afternoon 6 to 5. Camnitz was batted hard in the second and eighth. Behind Tesera New York played bad ball, five errors having a lot to do with Pittsburgh's scoring.

Score by innings:
R. H. P. New York 010 001 300—5
Pittsburg 010 001 300—1

Batteries: Tesera, Crandall and Meyers; Camnitz, Robinson and Gibson and Kelly. Time 1:22. Umpires, Rigter and Eyrton.

Senators 5, White Sox 4.
Washington, June 12.—Morgan's long drive in the ninth inning today, with second occupied, won for Washington from Chicago, 5 to 4, and restored the locals to third place. The visitors threatened early to drive home from the box, but he settled down after the third inning. Washington batted both Cleote and Scott in the sixth for three runs, tying the score.

Score by innings:

Batteries: Cleote, Scott and Schalk, Groom and Henry. Time 2:08. Umpires, Ferguson and Dineen.

Philadelphia 6, Naps 1.
Philadelphia, Pa., June 12.—Cleveland today lost to Philadelphia 6 to 1. Plank had the visitors blanked until they were driven home from the box, but he settled down after the third inning. Washington batted both Cleote and Scott in the sixth for three runs, tying the score.

Score by innings:
R. H. P. Philadelphia 000 000 001—1
Cleveland 112 000 000—6

Batteries: Falkenberg, Blanding and O'Neil; Plank and Lapp. Time 1:59. Umpires, O'Leughlin and Hildebrand.

Valdosta 4, Waycross 3.
Valdosta, Ga., June 12.—(Special)—In a well-played game this afternoon Valdosta took the first of the series with Waycross by the score of 4 to 3. The game was won in the eighth on hits by Jordan and Hurley, two errors and a wild pitch for Valdosta. Hurley featured by catching the drive in deep left. Biting, for Waycross, did the almost impossible when he lifted one over left field fence for the first home run in the local diamond. In the ninth Pitcher Clarke was crippled sliding into third and had to leave the game.

Score by innings:
R. H. P. Valdosta 020 000 001—3
Wayscross 000 010 004—4

Batteries: Clarke and Schuman; Zellars and Pierre. Umpires, Gentile and Warwick.

Thomasville 7, Cordele 3.
Cordele, Ga., June 12.—(Special)—By batting Elliot freely and bunting hits on him, Thomasville won the game this afternoon from Cordele by the score of 7 to 3. Roth twirled a pretty game for the visitors, keeping his hits well scattered and striking out men with bases full. The game was unusually slow and uninteresting to the spectators.

Score by innings:
R. H. P. Thomasville 031 020 010—7
Cordele 001 100 001—3

Batteries: Roth and Dudley; Elliott and Eubanks. Time, 2 hours. Umpire, Carter.

Chicago Great Lumber Mart.
Chicago, June 12.—This city is the greatest receiving market for lumber in the nation, according to a report today of a committee of the Association of Commerce. The sales here last year were \$42,400,000. Last year's sales were \$42,400,000. Last year's sales were \$42,400,000.

LEAGUE'S LEADING TWIRLER

Photo by Francis E. Price, Staff Photographer.
HARRY COVELESKIE.

The big Pole, who is pitching in the kind of form that earned for him the title of the Giant Killer when he was a member of the Philadelphia Nationals. Coveleskie has won twelve games this season and has dropped but three, giving him a percentage of .800 to date. Three other pitchers have the same mark, but they have won four less games than he has, therefore the Pole is awarded the palm as the league's best hurler so far. He will probably face the Crackers in the final game of the present series.

Savage and White Ready For Tap of Gong Tonight At Auditorium-Armory

led the best of the white hope crop with good success in 130 battles. Savage has lost but four. White has not been boxing as long, but his wonderful showing in the white hope tournament proves him a corker.

The scrap is bound to be a whirlwind affair. Sailor White is a mixer from the heart and has never stepped into a ring with a man who could keep him from being the aggressor. He believes in a short scrap and a merry one. He has tremendous strength, a lot of reach, moderate cleverness and a ferocious punch.

Savage, on the other hand, has only recently developed a dangerous punch. But he is a boxer, and has been for years a marvelously clever man. He learned the game from Bob Fitzsimmons, and he learned it right. There are few scrappers of any weight in the United States and no heavyweight on the globe who compare with him in cleverness.

Of course that battle is not for the heavyweight title, but it brings together two of the strongest candidates for championship honors and it does it at a time when every victory counts big to a heavyweight and a draw or a defeat is expensive.

Both men have been in Atlanta several days and are well trained. Both men have real records. They have battled the best of the white hope crop with good success in 130 battles. Savage has lost but four. White has not been boxing as long, but his wonderful showing in the white hope tournament proves him a corker.

EMPIRE STATE LEAGUE
Valdosta 4, Waycross 3.
Valdosta, Ga., June 12.—(Special)—In a well-played game this afternoon Valdosta took the first of the series with Waycross by the score of 4 to 3. The game was won in the eighth on hits by Jordan and Hurley, two errors and a wild pitch for Valdosta. Hurley featured by catching the drive in deep left. Biting, for Waycross, did the almost impossible when he lifted one over left field fence for the first home run in the local diamond. MOTORS TO BUZZ THIS SATURDAY

Jack Prince Decides to Steal a March on the Weather Man With Race Tomorrow Afternoon.

In an effort to steal a march on J. P. Pluvius, the weather man and the jinx, all at one time, Jack Prince has switched his plans for an opening race meet at his motorrome at the old show grounds and has scheduled it for Saturday afternoon, beginning at 4 o'clock.

Jack's track was built for night racing, primarily. But, of course, it is a great sport in the daytime. Ordinarily it would be too hot perhaps for many fans, but with the weather hot at night, the afternoon sun feels more comfortable and a meet beginning at 4 o'clock should be just the thing. The ball club is out of the city that day and there are no counter attractions.

The speed fans of Atlanta have been waiting patiently for the opening of the motorrome. Again and again it has been rained or frozen out. Now, at last, there seems a good chance to pull it with weather fair and with everything right.

The fact that the track is not only a bit over five minutes' run from Five Point and that Atlanta is virtually closed up tight on Saturday afternoons, especially after 4 o'clock, ought to insure a large crowd.

The annual seasonal card that was postponed from the opening night will be run Saturday afternoon. There will be nine good races, with three and four riders on the track in each event. They will make speeds right around ninety miles an hour. The big events will be the Atlanta sweepstakes, the motorrome pure and a special race. All the famous French, Scotch and American riders now here will take part in the events.

Georgia Alumni Battles Varsity on Saturday; Great Rivalry Exists

Athens, Ga., June 12.—(Special)—"If they 'lowed they wouldn't and then they 'lowed they would" is the way the Georgia baseball team has finally settled the matter of the challenge from the alumni to play a game of ball here on Saturday, the 14th—the last appearance positively of Captain Bob McWhorter's regular 1913 Red and Black team.

Marcus McWhorter, of Atlanta, is manager of the alumni team and Charles H. Cox is captain. They have sent in officially a partial list of the men they expect to play and give the following line-up (not probable) but positive, providence permitting.

Coby or Peacock will catch, both superb receivers; Kid Brannon and Charlie Cox or Wed Brown will do the pitching—and the latter is in fit form, while McWhorter has not grown stiff. Trammell Scott will play first, Frank Martin will guard second, John Cooper will be at third, Paul Bartlett will cover shortstop. The outfield will be taken care of by Jim Watson, Morton Hodgson and Frank Foley. Will Erwin and Dozier Lowndes will come with the team from Atlanta as official rooters for the old boys.

The preliminaries promise great doings. The Mike Saul-Terry Nelson scrap, at ten rounds, will be a large session. Both lads are fair boxers and great punchers. They are willing and well trained. Their meeting should be a hummer. In the first bout Spider Britt and Meyer Pries will go ten rounds.

KNABE AND TINKER FINED AND SUSPENDED

New York, June 12.—President Lynch, of the National baseball league, suspended and fined \$25 each today Manager Tinker, of the Cincinnati club, and Second Baseman Knabe, of the Philadelphia team, for fighting during the game at Cincinnati yesterday. Both men will be eligible to play next Tuesday.

QUERIES ANSWERED

Under this head the sporting editor will endeavor to answer all questions pertaining to all branches of sports.

Dick Jemison, Sporting Editor The Constitution. Please enlighten me on the Cincinnati hit

When a base runner is on first, for instance and the batter hits an infield hit which is batted to second base to catch the man going there, but the throw is too late the batter is credited with a Cincinnati hit. This is the same play that got previously scored a Sellers' choice. Of course, the play has to be made without an error for the batter to be given a hit.

NO TIME EXTENSION FOR HARRIMAN LINES

Government Serves Notice That the Dissolution Decree Must Be Carried Out.

St. Paul, Minn., June 12.—Attorney General McReynolds served notice today that the government was opposed to giving the Union Pacific railway any further extension of time within which to dispose of its holdings of Southern Pacific stock as ordered by the supreme court. In doing so he made known to the railroad attorneys and to United States Circuit Judge Sanborn, Hook and Smith, at a hearing in the dissolution proceedings, his objections to two of the latest plans proposed by the railroad for getting rid of its \$125,000,000 worth of Southern Pacific stock.

A new plan was proposed for the disposition of almost a third of the Southern Pacific stock held by Union Pacific. The plan provided for the sale of Southern Pacific stock to the Pennsylvania railroad for the latter company's holdings in Baltimore and Ohio.

The court took the whole case under advisement. No information was given whether the plan submitted would be approved or whether the court would follow the attorney general's suggestion and attempt to dispose of the stock itself through the medium of a receiver or suggest a plan agreeable to the government.

"We are anxious to comply with the mandate of the supreme court and dispose of our Southern Pacific holdings," but we are unwilling to sell it for the price we could get in the present state of the market," Chairman Lovett of the board, told the court.

"The supreme court ordered the Union Pacific to relinquish its Southern Pacific stock by July 1," responded Attorney General McReynolds. "That time practically has arrived, and the Union Pacific has not complied with the mandate. The time has come when this court is ready to order in hand and order something done. If loss is incurred by the immediate sale of the stock it will be as the result of wrongful action of the road."

Mr. McReynolds declared he could see no objection to the proposed exchange of the road of \$23,000,000 worth of its Southern Pacific stock (a little less than one-third of its total holdings) for Baltimore and Ohio stock held by the Pennsylvania railroad. He asked the court for a brief time, however, within which to investigate the stock holdings of the various railroads involved.

Permission to make this exchange was sought by the railroad in a supplemental plan of dissolution filed today. The two plans were explained to the court by N. H. Loomis, of Omaha, associate in Judge Lovett. He thought the railroad should be allowed a year to carry them out, if approved. During the discussion of the primary plan providing for the sale of the stock by public subscription through a syndicate, Judge Smith asked the railroad lawyer what there was to

prevent the syndicate from fixing a prohibitive price on the stock, thus preventing popular sale and thereby leaving control of the Southern Pacific in the hands of the Union Pacific.

Mr. Loomis protested that the railroad was acting in good faith and desired no prohibitive price placed on the stock. He agreed, however, with Judge Smith's suggestion that the court should fix a minimum price provided the figure was not below par.

In his statement to the court Mr. Reynolds said he had been hopeful that the financial interests would get together and arrange an exchange of stock whereby the Union Pacific would acquire the Central Pacific which runs from Ogden to Sacramento, in return for its Southern Pacific stock. "Failure to negotiate such a deal," he said, left the government with no alternative but to institute expensive litigation against the Southern Pacific to compel it to relinquish its control of the Central Pacific.

HIS LITTLE JOY RIDE PROVED RIDE OF DEATH

Continued From Page One.

Drew shot off his motor and the men at the aviation grounds saw a red tonnage of flame dart from the machine.

The flash of red at the rear of the machine increased, and Drew, evidently hoping to land in a field a half mile away, made an emergency dip in an effort to save himself. The airplane, however, did not stop, suddenly shutting down, careening as it fell.

As Hranazon and the other spectators ran across the fields to the wreck, Judge Smith's suggestion and the machine was torn apart.

Drew evidently had landed on his head. His skull was fractured and both arms and both hips were broken. Word of his death was sent to relatives in St. Louis.

Son of a Bank President.

St. Louis, June 11.—Andrew Drew was one of the most adventurous wealthy young men of St. Louis. Always a devotee of a bank president, brought up with every opportunity to take up the affairs of his father, who died three years ago, Drew accepted a position on an afternoon newspaper. While a reporter he made a habit of a balloon to get a story. He was fascinated by the experience and qualified for a pilot's license.

He went up in a leaky balloon from the Kinloch field, April 9, 1911, and narrowly escaped with his life. He studied aviation at Dayton, Ohio, and after graduation became director of the Cleveo field in Chicago. Later he established a school in San Antonio, Texas, but went to Mexico during the recent Felix Diaz revolution to cover an assignment for a St. Louis paper.

JUBILEE IS PLANNED BY ILLINOIS WOMEN

Continued From Page One.

Springfield, Ill., June 12.—President Wilson, former Presidents Taft and Roosevelt and the governor of each state where equal suffrage prevails have been invited by telegraph to be present at a women's jubilee, to be held here Friday night to celebrate passage of the bill yesterday granting limited suffrage to the women of Illinois.

The women are getting excited with their plans for further enfranchisement. It was announced today. A constitutional convention is one of these and a number of schools of instruction is another. The constitutional convention, it is expected, would enfranchise women so that they might vote on every proposition now decided by the ballots of the men. The schools of instruction will hold courses in citizenship as well as practical lessons in voting by hand-marked ballots and by machine.

By the bill adopted yesterday women may vote in all offices which are not mentioned in the constitution of Illinois. The bill gives as large a measure of suffrage to women in Illinois as the constitution permits the legislature to grant. Women cannot obtain complete suffrage in this state without a constitutional amendment or a constitutional convention.

KNIFE MAY BE USED IN THORACIC CAVITY

Continued From Page One.

Paris, June 12.—Surgical research has proved that operations in the thoracic cavity can be performed as easily as in the abdomen, according to Dr. Alexis Carrel of the Rockefeller Institute for Medical Research, New York.

In the course of a lecture today at the Beason hospital in Paris, the French physician declared that experiments on animals had demonstrated the heart to be an organ of very great resistance, and that it does not suffer harm if the circulation is interrupted for five or ten minutes.

The brain, however, said Dr. Carrel, is more delicate and may not be interrupted for more than three or four minutes, which, nevertheless, gives time for the accomplishment of much surgical work.

RATE CASE DECISION APPROVED BY ADAMSON

Georgian Says Court Has Upheld Rights of the States.

By John Corrigan, Jr.

Washington, June 12.—(Special.)—Representative W. C. Adamson, of Georgia, chairman of the interstate and foreign commerce committee of the house, which considers all railway legislation, expressed complete approval today of the supreme court decision in the Minnesota rate case.

Judge Adamson was pleased that his amendment to the interstate railway bill passed last year was given conspicuous attention in Justice Hughes' decision. It provides that "no provision of this act shall apply to a state wholly within a state."

"This opinion holds the right of the legislative intent in passing the railroad bill."

Attorney General Wickensham, in re-writing the Hepburn rate bill at the request of President Taft, had omitted this provision, and it was added on Judge Adamson's motion by an overwhelming vote in the house.

In giving hearty approval to the decision, Judge Adamson said he did not see how anybody familiar with the federal constitution and the interstate commerce law could have expected anything else.

"This opinion holds the right of the states to regulate commerce wholly within their borders," he said. "I do not see how the court could have held otherwise."

Similar attempts have been made to extend the power of the federal government over into the realm of state control, but congress has refrained from legislating in that direction.

The supreme court indicated in its opinion that congress might legislate in certain directions. Members of congress familiar with the interstate commerce situation and interested in the law have been aware of that all along, but congress has been too wise to legislate so as to encroach on the rights of the states. One oddity about the whole problem that has troubled the government was noted today: When attempts have been made to provide by federal legislation for the control of the railroad situation, some sensible gentlemen have yelled that the government was going too far; that the states could handle such matters. The moment the states attempted to procure real regulation the cry has been that the states were going too far, that the federal government should do the regulating, and these gentlemen are perfectly impartial when both attempt to regulate within their respective domains and insist then that neither state nor nation should regulate.

DEFIANCE GIVEN SENATE PROBERS

Continued From Page One.

started and a little awed by the sudden appearance of the senators, lawyers, mine operators, stenographers and newspaper men at the doors of their little houses. The business like "company stores" gave up to the senators lists of the "high prices" which was given as one of the causes of the strike, and the dust-begrimed miners, booted or from the shafts that were the sides of the mountains were halted and questioned in the road.

Bucolic Quiet Relieved.

As a method of securing definite testimony the all day trip proved unproductive, but the committee was enabled to secure a first-hand view of the conditions in the field. A bucolic quiet reigned throughout the entire district, so lately the scene of constant violence. The last of the state troops struck their tents and left the camp zone today, just as the committee's train pulled into Paint Creek Junction, where military headquarters had been maintained.

"Today's trip was valuable," said Senator Dillingham, chairman of the subcommittee, when he reached Charleston at 9 o'clock tonight, "because it gave us a birdseye view of the situation, and enabled us to fix the geographical outline of the country in our minds. It was a relief, greatly the examination of witnesses."

Throughout the entire trip the committee did not see a single disturbance or sign of disorder, and not an armed man was met in the district where the mines have confessed hundreds of rifles, revolvers and shotguns. A quiet reigned that seemed almost unnatural except where a stir of activity centered about a cash in the mountainside, which, half hidden by a forest, marked a mine.

Bullet Riddled Cabins.

Half dismantled sheet iron which had been used as a fort, and bullet riddled cabins were the only signs the committee saw of the state of virtual anarchy in the mountainous region. These and a few strike camps with less than half a hundred union miners living in tents were all that was left of the strike, so far as the committee could tell.

Cabin Creek and Paint Creek valleys lie parallel, about three miles apart, and the committee's special train went directly to the head of Cabin Creek, the valley nearest Charleston.

At Decota, the next stop, the senators saw the cabin that was believed to be a model mine room or four room houses, many in a state of bad repair. A bed, a table with some trinkets and a chair was the usual furniture of one of the rooms and a rough kitchen table and a stove equipped the other. The counsel for the miners explained to the committee that the older of these houses were rented for \$1 a room a month. Representatives of the strikers with the party said that the average rent on the creeks was six to eight dollars a month.

SOUTHERN EDUCATORS TO MEET IN NASHVILLE

Continued From Page One.

Montgomery, Ala., June 12.—The annual convention of the Southern Educational association, comprising the sixteen southern states, will be held at Nashville, Tenn., October 30 and 31, and November 1 next, according to an announcement today by W. F. Feagin, the association's secretary and treasurer.

The selection was made by the executive committee composed of M. L. Brittain, state superintendent of Georgia, Atlanta, president; W. K. Tate, state rural school supervisor of South Carolina, Columbia, and Mr. Feagin.

Owing to the central location of Nashville and the fact that the dates have been so arranged as not to conflict with the annual meeting of any state educational association, the largest attendance in the history of the organization is promised.

The program will be arranged during the summer.

SEARCH IS CONDUCTED FOR YOUNG MACCO

Continued From Page One.

New York, June 12.—The Cuban consul general's office today confirmed that it is conducting a systematic search for Antonio Maceo, son of General Antonio Maceo, a Cuban patriot killed in the war with Spain, but that, aside from learning that the young man had been in an insane asylum of Long Island and had escaped on June 3, no trace of him could be found.

Young Maceo was committed to the state hospital for the insane at Central Islip, L. I., in September, 1912. Dr. Alexis Carrel of the Rockefeller Institute had shown signs of extreme depression and melancholia. For some time he was in the institution under the name of "Antonio Maceo," and it was not until March last that he wrote a Cuban official of his plight and expressed his desire for release. The letter was forwarded to the state department at Havana with the request that the consul general here be asked to look into the case. On visiting the asylum yesterday he learned from the superintendent that Maceo had escaped Tuesday a week ago. He was about 22 years old.

No Second Trial for Atteaux.

Continued From Page One.

Boston, June 12.—Frederick E. Atteaux, the first man to be sentenced to a co-defendant with President William H. Wood, of the American Woolen company in the recent dynamite "planting" case, will not be tried again. The jury reached a verdict as to him, and today District Attorney Pelletier told the case.

ARCADY BROUGHT CLOSE TO ATLANTA BY YOUNG LOVERS

A real Arcadian venture into matrimony took place at Silver Lake Thursday, when Miss Lettie Weigand and Benjamin B. Avery were married with naught but the blue sky and green leaves over their heads and the water of the lake making music at their feet.

The young couple had known and loved each other for a long time and planned to marry next fall and take an extended honeymoon through the west. But a week ago Miss Weigand accompanied Mr. Avery and his sister, Miss May Alva Murray, and their little brother on a camping party at Silver Lake. A week of the moonlit waters of the lake and the crooning loughs of the pines, however, spoiled the courtship to a most happy and romantic ending.

A cedar canoe will take the place of hot and stuffy trains and a tent will answer for the discomforts of hotels for the honeymoon of the young couple.

The only people present at the wedding were the bridegroom's sister and little brother, the minister, and a party of campers.

COLUMBIA IS SEIZED IN JAPANESE PORT

American Yacht Entered Nagahama Without Permission. Passengers Not Detained.

Tokio, June 12.—The official procurator of Nagahama is investigating the "arrest" yesterday of the American yacht Columbia, owned by J. Harvey Ladew, of the New York Yacht club.

The owner claims to have received verbal permission from the custom house authorities to enter the port of Nagahama for repairs.

No Japanese government, however, declares it issued a permit for the Columbia to visit the sacred islet of Mikajima, but not Nagahama.

No diplomatic incident.

The procurator at Nagahama decided tonight that the arrest of the Columbia was justified.

Washington, June 13.—Although without advice regarding the seizure of the American yacht Columbia by Japanese authorities at Wakayama, officials here have no doubt that the vessel will be allowed to proceed without penalty, if it can be shown that she was forced to take refuge in the harbor to make repairs.

There is little possibility of the matter being turned into a diplomatic incident, because a similar prohibition against entry of foreign vessels, except in cases of distress, into any port lawfully opened ports, is common to all countries. Even where a vessel is forced by excessive weather or exhausted supplies into a closed port, the captain is required to make immediate report of his entry to the nearest collector of customs.

During President Taft's administration the United States adopted the practice, now common among great powers of closing to foreign vessels certain ports regarded as military or naval bases.

DESPITE THEIR WEALTH THEY KILLED SELVES

Continued From Page One.

Zurich, Switzerland, June 12.—Eugene Maggi and his wife, believed to be the wealthiest persons in Switzerland, committed suicide today, their act being actuated by sheer lack of interest in life.

Eugene Maggi was only 41 years old and his wife 35. The joint estates of the man and wife were estimated some time ago at \$10,000,000, while quite recently Maggi inherited the income from a number of extensive factories.

The couple had been married for a number of years, but a childless union brought disappointment to both. Last night they retired to their bedroom in their villa here, turned on the gas and were found dead in the morning.

Auguste Maggi was the owner of extensive flour mills in Zurich and other parts of Switzerland and had other widespread interests. His wife was the daughter of his dead cousin, Julius Maggi, who was the founder of a great preserved foods and milk business known throughout the European countries. Julius Maggi left an immense fortune.

ELECTRIC BOLT STARTS LITTLE BOY TO WALKING

Continued From Page One.

New York, June 12.—That Thomas William Brown, Jr., is walking this week for the first time in his life, although he is over 4 years old, is credited by his parents to a bolt of lightning which struck near their home at Jamaica, Long Island, last Saturday.

The little boy had always had a pair of very normal legs, but an amount of coaxing would induce him to use them. During Saturday's storm he sat by the door of his father's grocery store when lightning struck nearby and a deafening crash of thunder came. Mrs. Brown herself was hysterical with fright, and then with joy, when she saw her little boy running around the store for the first time.

LITERACY TEST LAW FOR THE IMMIGRANTS

Continued From Page One.

Washington, June 12.—The Burnett-Dillingham immigration bill, proposing a literacy test and drastic changes in the present immigration laws, will be reintroduced tomorrow by Representative Burnett of Alabama. Mr. Burnett struck their tents and left the camp zone today, just as the committee's train pulled into Paint Creek Junction, where military headquarters had been maintained.

"Today's trip was valuable," said Senator Dillingham, chairman of the subcommittee, when he reached Charleston at 9 o'clock tonight, "because it gave us a birdseye view of the situation, and enabled us to fix the geographical outline of the country in our minds. It was a relief, greatly the examination of witnesses."

Throughout the entire trip the committee did not see a single disturbance or sign of disorder, and not an armed man was met in the district where the mines have confessed hundreds of rifles, revolvers and shotguns. A quiet reigned that seemed almost unnatural except where a stir of activity centered about a cash in the mountainside, which, half hidden by a forest, marked a mine.

Bullet Riddled Cabins.

Half dismantled sheet iron which had been used as a fort, and bullet riddled cabins were the only signs the committee saw of the state of virtual anarchy in the mountainous region. These and a few strike camps with less than half a hundred union miners living in tents were all that was left of the strike, so far as the committee could tell.

Cabin Creek and Paint Creek valleys lie parallel, about three miles apart, and the committee's special train went directly to the head of Cabin Creek, the valley nearest Charleston.

At Decota, the next stop, the senators saw the cabin that was believed to be a model mine room or four room houses, many in a state of bad repair. A bed, a table with some trinkets and a chair was the usual furniture of one of the rooms and a rough kitchen table and a stove equipped the other. The counsel for the miners explained to the committee that the older of these houses were rented for \$1 a room a month. Representatives of the strikers with the party said that the average rent on the creeks was six to eight dollars a month.

SURRENDER OR DEATH FOR COMPETITORS

Continued From Page One.

Boston, June 12.—"We always try to buy out competitors, and if they don't sell we crush them."

This statement was attributed to William Barbour, vice president of the United Shoe Machinery company, by James N. Darragh, of New York, a witness for the government, today in the dissolution proceedings against the United Shoe Machinery company. Barbour was claimed that the statement of Barbour was made to him for the purpose of effecting a sale of the Standard Shoe Machinery company of Boston, with which he was connected.

On refusing to sell, witnesses said Mr. Barbour made the statement about crushing competitors.

The witness testified that he declined to sell and that later the company went into the hands of a receiver.

"COLOR BLIND" SQUAD FOR CHICAGO POLICE

Continued From Page One.

Chicago, June 12.—The police department has a "color blind squad" at the loss of a lot opposite the Grand Central service examinations for second-class detective sergeants when 7 per cent of the policemen failed to qualify in color.

One policeman picked four green tassels and a brown one to match a yellow tassel. Another selected two pink tassels, one lavender and two blue and insisted they all were the same color. The applicants were rejected on the ground that their "color blindness" or "color ignorance" might be the cause of losing cases. They were sent home to study.

THEODORE ROOSEVELT GOING TO ARGENTINA

Continued From Page One.

Buenos Ayres, Argentina, June 12.—It was announced here today that Theodore Roosevelt is coming to Argentina to lecture on the progress of the United States.

New York, June 12.—Colonel Roosevelt's private secretary today confirmed the report that the colonel contemplates a trip to Argentina but added that the details had not been settled. Present plans call for his departure this fall.

Mrs. C. L. McHugh.

Mrs. C. L. McHugh, aged 45, died at her residence on East Point avenue, at 10:15 o'clock last night. She is survived by her husband, seven boys and four girls. The funeral services will be held in the First Baptist Methodist church at 2 o'clock Saturday afternoon. Interment will follow at East Point cemetery.

Equal Suffrage Banquet.

Springfield, Ill., June 12.—All members of the Illinois legislature received invitations today to a banquet to be given "in celebration of the passage of the bill for equal suffrage by the Mississippi river." The banquet is to be given by the Illinois Equal Suffrage association tomorrow evening. The invitation list included members of the legislature who voted against the bill.

ATLANTA ALUMNI OF THE UNIVERSITY GOING TO ATHENS

Men who took a prominent part at the University of Georgia in both school work and in athletics will be among those who attend the reunion of the class of 1906. Numbers of Atlanta alumni of the university have already announced their intention of going, and there will be others from scattering points over the country.

On Friday night they will attend the performance of the Thalian Dramatic club; on Saturday afternoon a baseball game between the alumni and the varsity team; and Saturday night dance. Going to church and much talk over their college days will take up Sunday, and on Monday the class dinner will be held at the Georgian hotel.

"Alumni Day" will be celebrated on Tuesday, when all of the former students who are present will attend the annual meeting and luncheon. At this time Thomas W. Connally, of Atlanta, a graduate of the law school, will outline his plan for an alumni bureau in Atlanta to distribute literature, edit a publication and compile lists of alumni with their correct addresses so that the university may keep in touch with its former students.

DESPISE THEIR WEALTH THEY KILLED SELVES

Continued From Page One.

Zurich, Switzerland, June 12.—Eugene Maggi and his wife, believed to be the wealthiest persons in Switzerland, committed suicide today, their act being actuated by sheer lack of interest in life.

Eugene Maggi was only 41 years old and his wife 35. The joint estates of the man and wife were estimated some time ago at \$10,000,000, while quite recently Maggi inherited the income from a number of extensive factories.

The couple had been married for a number of years, but a childless union brought disappointment to both. Last night they retired to their bedroom in their villa here, turned on the gas and were found dead in the morning.

Auguste Maggi was the owner of extensive flour mills in Zurich and other parts of Switzerland and had other widespread interests. His wife was the daughter of his dead cousin, Julius Maggi, who was the founder of a great preserved foods and milk business known throughout the European countries. Julius Maggi left an immense fortune.

ELECTRIC BOLT STARTS LITTLE BOY TO WALKING

Continued From Page One.

New York, June 12.—That Thomas William Brown, Jr., is walking this week for the first time in his life, although he is over 4 years old, is credited by his parents to a bolt of lightning which struck near their home at Jamaica, Long Island, last Saturday.

The little boy had always had a pair of very normal legs, but an amount of coaxing would induce him to use them. During Saturday's storm he sat by the door of his father's grocery store when lightning struck nearby and a deafening crash of thunder came. Mrs. Brown herself was hysterical with fright, and then with joy, when she saw her little boy running around the store for the first time.

LITERACY TEST LAW FOR THE IMMIGRANTS

Continued From Page One.

Washington, June 12.—The Burnett-Dillingham immigration bill, proposing a literacy test and drastic changes in the present immigration laws, will be reintroduced tomorrow by Representative Burnett of Alabama. Mr. Burnett struck their tents and left the camp zone today, just as the committee's train pulled into Paint Creek Junction, where military headquarters had been maintained.

"Today's trip was valuable," said Senator Dillingham, chairman of the subcommittee, when he reached Charleston at 9 o'clock tonight, "because it gave us a birdseye view of the situation, and enabled us to fix the geographical outline of the country in our minds. It was a relief, greatly the examination of witnesses."

Throughout the entire trip the committee did not see a single disturbance or sign of disorder, and not an armed man was met in the district where the mines have confessed hundreds of rifles, revolvers and shotguns. A quiet reigned that seemed almost unnatural except where a stir of activity centered about a cash in the mountainside, which, half hidden by a forest, marked a mine.

Bullet Riddled Cabins.

Half dismantled sheet iron which had been used as a fort, and bullet riddled cabins were the only signs the committee saw of the state of virtual anarchy in the mountainous region. These and a few strike camps with less than half a hundred union miners living in tents were all that was left of the strike, so far as the committee could tell.

Cabin Creek and Paint Creek valleys lie parallel, about three miles apart, and the committee's special train went directly to the head of Cabin Creek, the valley nearest Charleston.

At Decota, the next stop, the senators saw the cabin that was believed to be a model mine room or four room houses, many in a state of bad repair. A bed, a table with some trinkets and a chair was the usual furniture of one of the rooms and a rough kitchen table and a stove equipped the other. The counsel for the miners explained to the committee that the older of these houses were rented for \$1 a room a month. Representatives of the strikers with the party said that the average rent on the creeks was six to eight dollars a month.

SURRENDER OR DEATH FOR COMPETITORS

Continued From Page One.

Boston, June 12.—"We always try to buy out competitors, and if they don't sell we crush them."

This statement was attributed to William Barbour, vice president of the United Shoe Machinery company, by James N. Darragh, of New York, a witness for the government, today in the dissolution proceedings against the United Shoe Machinery company. Barbour was claimed that the statement of Barbour was made to him for the purpose of effecting a sale of the Standard Shoe Machinery company of Boston, with which he was connected.

On refusing to sell, witnesses said Mr. Barbour made the statement about crushing competitors.

The witness testified that he declined to sell and that later the company went into the hands of a receiver.

"COLOR BLIND" SQUAD FOR CHICAGO POLICE

Continued From Page One.

Chicago, June 12.—The police department has a "color blind squad" at the loss of a lot opposite the Grand Central service examinations for second-class detective sergeants when 7 per cent of the policemen failed to qualify in color.

One policeman picked four green tassels and a brown one to match a yellow tassel. Another selected two pink tassels, one lavender and two blue and insisted they all were the same color. The applicants were rejected on the ground that their "color blindness" or "color ignorance" might be the cause of losing cases. They were sent home to study.

THEODORE ROOSEVELT GOING TO ARGENTINA

Continued From Page One.

Buenos Ayres, Argentina, June 12.—It was announced here today that Theodore Roosevelt is coming to Argentina to lecture on the progress of the United States.

New York, June 12.—Colonel Roosevelt's private secretary today confirmed the report that the colonel contemplates a trip to Argentina but added that the details had not been settled. Present plans call for his departure this fall.

Mrs. C. L. McHugh.

Mrs. C. L. McHugh, aged 45, died at her residence on East Point avenue, at 10:15 o'clock last night. She is survived by her husband, seven boys and four girls. The funeral services will be held in the First Baptist Methodist church at 2 o'clock Saturday afternoon. Interment will follow at East Point cemetery.

Equal Suffrage Banquet.

Springfield, Ill., June 12.—All members of the Illinois legislature received invitations today to a banquet to be given "in celebration of the passage of the bill for equal suffrage by the Mississippi river." The banquet is to be given by the Illinois Equal Suffrage association tomorrow evening. The invitation list included members of the legislature who voted against the bill.

FAMINE THREATENED BY CONGRESS DELAY

Washington, June 12.—Famine, with only seal meat to keep off starvation, threatens the people of the Fribillot islands, Alaska, as a result of congress' delay in passing the sundry civil bill, the department of commerce announced tonight. There are food supplies on the island for but a month longer, and until funds are provided the department can send no more. Even if a vessel sailed from San Francisco at once it could not arrive before July 6.

The sundry civil bill, vetoed at the last session of congress because of a provision exempting labor and farmers' organizations from prosecution with funds appropriated in it, is now in conference between the house and senate with no prospect for early disposition. It contains an appropriation of \$75,000 for the Alaska fisheries service, funds for which have been completely exhausted. A statement issued by the commerce department describes the situation as grave. Not only will the government officers and employees as well as natives have to eat seal meat to live, unless relief is afforded quickly, but the government's measures for the protection of the seal herds and salmon industry of the islands will be seriously interfered with.

Unless a vessel reaches the islands by July 10, the census of the seal herds contemplated by the treaty with Japan, Russia and England cannot be taken. After that date the seal herds begin to break up and an accurate count will be impossible. The salmon agents and fur wardens also are practically marooned, because of the lack of funds.

GARRISON SPEAKS TO WEST POINT CADETS

Continued From Page One.

West Point, N. Y., June 12.—West Point's class of 1913—ninety-two Americans and one Cuban—was graduated today.

Secretary of War Garrison pledged the young officers the same sympathy from the head of the war department as he urged them to extend to the enlisted men in constant warfare. He declared, should ever be waged against the baser qualities of mankind.

"Life is no dress parade," Secretary Garrison said. "Military life holds few occasions of theatrical character. You will have great responsibility in dealing with the men under you. In a large way you are their providence. They look to you for fairness, justice, patience, tolerance and wisdom. You must carefully watch and train yourself, you will not fall them in any of these."

HE LOST HIS FORTUNE TRYING TO SAVE SON

Continued From Page One.

Chicago, June 12.—Declaring that he had lost nearly everything he had trying to keep his son out of jail during the last year's military warfare, Philip Kaufman today came to the end of his rope and asked the arrest of his offspring, Allen J. Kaufman.

"He embarrassed \$2,500 from the Chicago Times. He was working for," said the father, "and I made that good. He got a job in Rochester, N. Y., and stole \$2,500, which I restored. Incidentally he kept forging my name to checks. In the last eighteen months they have aggregated \$3,000 and now all my possessions are gone and my wife is in the east trying to borrow money for me."

KILLING MOTHER-IN-LAW CHARGED TO ACTOR

Continued From Page One.

Leavenworth, Kan., June 12.—Walter Barnes, Frank Gordon, a vaudeville performer, was arrested as stepped from the federal prison today on a charge of killing Mary D. Serviss, his mother-in-law. The shooting took place in Chicago in January, 1912. Barnes fled, but a year later was arrested in Guthrie, Okla., and convicted on a forgery charge.

22-STORY CLUBHOUSE PLANNED BY YALE MEN

Continued From Page One.

New York, June 12.—The Yale club today completed negotiations for the lease of a lot opposite the Grand Central station on which will be erected a twenty-two-story clubhouse. The new building will be one of the finest and largest of its kind in the city, and represents an investment of nearly \$1,000,000. The lot, which is 90 by 100 feet, was leased for a period of twenty-one years.

Some men walk through this world wearing blinders. And they never seem able to put them off.

For instance:

The other day we entered a store. Advertising was responsible. It appealed to us and we needed the goods described.

We entered. No one in the front. We hemmed a bit, rapped on a show case and waited. Still no one came to ask our wants. We left.

There were men in the rear of the store. We saw 'em. But they didn't seem to want our trade. No doubt they were "cussin' dull times." That's bad business—to invite a man to visit your store and then let him cool his heels until you get ready to serve him.

Yet many a merchant does just that thing. Then, when the sheriff comes around with the notice and someone sticks a red flag in front of his door and clangs a bell, he's sore. Blames it all on advertising. Says he's worked like a slave trying to make a success of things but luck doesn't seem to come his way.

You've got to back up your advertising to make it pay. Good, clean-cut ads in The Constitution will put the people in your store. But you shouldn't expect them to wait on themselves. Leave nothing undone to serve your customers promptly and courteously and the cashier at the corner bank will write more often in that little brown book of yours.

Advertising drives the wheels of trade

IT MUST BE IN THE HOUSE SOMEWHERE HAVE YOU LOOKED IN YOUR ROOM

NO MOTHER ITS NOT HERE ON ITS LOST WHAT SHALL I DO MY ENGAGEMENT RING TOO

I HAD IT YESTERDAY WHEN I WAS OUT PLAYING TENNIS I MUST HAVE LOST IT ON MY WAY HOME

MOTHER I AM GOING OUT TO LOOK FOR IT I THINK I KNOW WHERE I LOST IT

HAI! WHAT! THIS FOUND! HA! HA! HA! A BEAUT

IN THE MEAN TIME

ATLANTA'S STRIDES, DAY BY DAY

ALL THE NEWS OF REAL ESTATE AND BUILDING

Of interest to real estate men is the street improvement work now in progress. A crew of workmen has just started on the work of regrading West Harris street. The work now in progress is just west of the viaduct over the railroad at the Terminal station.

The county commissioners on Thursday voted for the repaving of the pavement on Peachtree road from Fifth street to Buckhead. This action will mean the repaving of the entire distance of 4 miles of this road by 1914.

Real Estate Sales. A J. & H. T. West have made the following sales: P. M. I. West to Miss E. Richards a lot 50x100 on East street near Fourteenth street for \$800.

For the DeKalb Land company to G. N. Bullock a lot in the Dalton estate for \$10,000. The same firm has sold to a client a lot 50x100 in Home park adjoining the Richardson school for \$700 and a lot on Kontz avenue for \$115.

Fincher & Marriot have sold for George W. Malone to P. M. I. West eight acres at East Lake Junction fronting on Boulevard DeKalb and Cottage Grove avenue for \$5,000. The purchaser has plans for converting the property into a residence and subdivision.

Edwin L. Harding has sold for A. P. Noveck to John J. Vogel a 5 room cottage on a lot 100x150 in Capitol View for \$2,500.

Cooper Goes With Turner Co. John Wesley Cooper of Rome has formed a connection with the L. C. Turner company in the real estate business here.

John Currier was in the general real estate and fire insurance business in Rome for six years before coming to Atlanta. He has in Atlanta however a large number of friends who will be glad to know that he has entered a business here.

H. B. & A. Makes Purchase. J. H. Swin of the Smith & Swain Agency has closed a deal whereby the A. B. & A. railroad with the approval of the courts will purchase several parcels of property on and in the neighborhood of Marietta and Fourth streets for the purpose of building a new bridge for Peachtree.

New Bridge for Peachtree. It was announced on Thursday that the Seaboard railroad has had plans for the construction of a new bridge over Peachtree road. A steel span will replace the old wooden bridge.

SWIFT PROGRESS ON REVISION BILL

Tariff Measure Will Be Reported to Senate Next Week. Free Wool and Free Sugar Approved by Committee.

Washington, June 12.—The democratic "steering committee" of the senate was called into action late today to clear the way in that body for the tariff revision bill. As a result of the meeting and of reports received from the finance committee, members of the "steering committee" said tonight they believed the tariff bill would get back into the senate before the end of next week.

Senator Kern called the party managers together after reports had become general that the democratic tariff caucus would have to be postponed until the senate's West Virginia coal strike investigation had been completed. It was determined to attempt to secure an agreement between the senate and house on the sundry civil bill now in dispute; to end Senator Jones' single handed filibuster, which has delayed senate business for over a week, and to remove all other obstacles to early action on the tariff.

Measure in Senate Next Week. The "steering committee" was informed by Senator Thomas, who is also a member of the finance committee, that the tariff bill could be completed and returned to the senate next week. Several other members of the finance committee, however, expressed doubt tonight as to probability of this being accomplished.

Recommendations were made early in the day by several democrats prominently identified with the administration forces that the senate caucus be deferred until Senators Swanson, Shields and Martin had returned from their work with the investigating committee in West Virginia. The narrow margin by which the administration forces control the senate in support of the president's wool and sugar program makes it necessary, in their opinion, to have all democrats present at the caucus and it is possible that the democratic members of the committee will be called from West Virginia to participate in the caucus. It is proposed that the caucus shall be a binding one, pledging every senator to vote for the bill as approved.

Free Sugar and Free Wool. Free sugar in three years and free wool, the most troublesome schedules of the tariff confronting the party, advanced another stage today without suffering alteration, when the democratic members of the finance committee approved them as they passed the house. These schedules are now up to the democratic caucus. That is another reason why the caucus will not be called until all the democrats are present, because the caucus vote on sugar and wool bill and all controversy as to whether President Wilson's tariff policy is to receive the party support. The party leaders anticipate that not more than three senators will refuse to support the schedules and that the

bill can be passed with the vote of the vice president. John Sharp Williams, chairman of the subcommittee in charge of the administrative features of the Underwood bill, stated majority members of the finance committee today when he proposed that a commission be appointed to study the entire question of tariff administration and that meanwhile the administrative provisions of the Payne-Aldrich law be permitted to stand as the new democratic bill.

To Continue Work. The suggestion did not meet with approval of the committee members and Senator Williams and his colleagues on the subcommittee, Senators Shively and Gore, were instructed to continue their work of revising the administrative provisions of the Underwood bill.

The subcommittee has encountered difficulties with the provisions in the Underwood bill requiring foreign manufacturers to submit their books in cases of disputed valuations, and the provisions, designed by the ways and means committee to prevent undervaluation. The committee also has had trouble in endeavoring to modify the proposed amendment which would give the secretary of the treasury authority to proclaim general import values. After many weeks of studying these questions Senator Williams had concluded it would be wise to turn over the whole tariff administrative section to a commission to consist of three senators, an officer of the customs division of the treasury and an official of the department of justice familiar with custom affairs. The finance committee majority, however, determined that the committee itself should work out the problems at once. The subcommittee will make another report tomorrow.

AMERICAN MEAT FIRMS WILL NOT BE MOLESTED

Buenos Aires, Argentina, June 12.—The American meat packers companies operating in Argentina are not considered a "trust" by the Argentine government.

The minister of agriculture today, replying to a note sent to the government by six of the leading Anglo-Argentine chilled beef companies, declaring that if the present onerous situation should continue they would close plants, said:

"After investigating the situation, the government considers that it is not called upon to modify the existing regime of liberty, which permits the development of industry in Argentina. If, however, new facts should later prove that the intentions of the American companies are to develop a combination disadvantageous to the country, we shall adopt the necessary measures to prevent such an occurrence."

MEREDITH NICHOLSON MINISTER TO PORTUGAL

Washington, June 12.—Meredith Nicholson, the Indiana novelist, probably will be minister to Portugal. Although there have been some protests from Indiana democrats to the effect that Mr. Nicholson was not a "consistent democrat" it was said today that the Portuguese government was being sounded as to his acceptability. Colonel Thomas H. Byrch, of New Jersey, slated for minister to Persia, conferred with President Wilson and Secretary Bryan today.

MORTUARY

Mrs. J. C. Butler, Marietta.

The funeral of Mrs. J. C. Butler, who died here Wednesday, will be held Friday afternoon at 4 o'clock from the Presbyterian church. The interment will be in the city cemetery.

Mrs. Joseph McGhee, Rome.

Rome, Ga., June 12.—(Special.)—The funeral of Mrs. Joseph McGhee, who died here Wednesday, will be held Friday afternoon at 4 o'clock from the Presbyterian church. The interment will be in the city cemetery.

J. T. Ragan, Dawson.

Dawson, Ga., June 12.—(Special.)—Joseph T. Ragan, a highly esteemed citizen of Dawson, died here this evening from a severe attack of pleurisy and pericarditis. The deceased was aged 55 years. He was born and reared in this county and had resided in Dawson for a number of years. He was a successful business man and had been for many years president of the Southern Cotton Oil company. He is survived by a wife, four sons, Joseph, Ellis, Clarence and Terrell, and one little daughter, Dorothy. Funeral services will be held here Saturday morning at 10 o'clock.

Lewis Jackson Morton.

Lewis Jackson Morton, age 8, died at a private sanitarium Thursday afternoon, and the body was removed to the chapel of Barclay & Brandon's undertaking establishment, and at 3 o'clock Thursday afternoon the remains were taken to Alpharetta, Ga., for funeral and interment.

Mrs. Mary Perkerson.

Mrs. Mary Perkerson, aged 77, died at her residence, 163 Jefferson street, at 10:30 o'clock Thursday morning. She is survived by the following daughters: Mrs. T. E. Medlock, Mrs. J. D. Ragan, Mrs. L. E. Wright. The body will be taken to Pooler's funeral establishment. Funeral announcement later.

George N. Morgan.

George N. Morgan, aged 70 years, died at his residence, 479 Marietta street, at 6 o'clock Thursday morning. He is survived by his wife and seven children: W. B. C. L. H. E. O. M. P. M. E. H. Nesbitt. The funeral will be held from the residence at 3:30 this morning, and the body will be taken to Lawrenceville for interment.

Mrs. May Cannon.

Mrs. May Cannon, aged 35 years, died at her residence, 44 Jefferson street, Thursday morning at 1 o'clock. She is survived by the following children: S. W. W. T. G. M. E. R. Cannon, Miss Lucy Cannon and Mrs. Mattie Harris and Mrs. John Tribble. The funeral will be held this morning from the residence at 12 o'clock. Interment will follow at Atlanta Park cemetery.

W. T. Maner.

W. T. Maner, aged 22, died at the residence of his parents, 625 Chestnut street, at 1:30 o'clock Thursday morning. He is survived by his parents, Mr. and Mrs. W. B. Maner, and three brothers: P. R. E. A. L. Maner. He was a member of Apache tribe, No. 21, Order of Red Men. The funeral was held last night at 9 o'clock from the residence. Interment will take place at Collins Springs, Ga.

Miss Fannie Mangum.

Miss Fannie Mangum, aged 78, died at her residence, Hapeville, Thursday morning. She is survived by two nieces, Mrs. Janie Hill and Miss Fannie Hill Campbell, and one nephew, Dr. J. L. Campbell, of Atlanta. The funeral will be held today at 3 o'clock from Mount Zion church. Interment will follow in the church yard.

Mrs. O. A. Smith.

Mrs. O. A. Smith, aged 70 years, died at her residence, 432 Whitehall street, at 4 o'clock yesterday afternoon. She is survived by her husband, O. A. Smith, two daughters, Miss Amelia Smith and Mrs. W. Camp, and one son, Percy Smith. The funeral will be held Saturday morning at 10 o'clock from the residence, Rev. R. O. Flynn officiating. Interment will follow at Oakland cemetery.

CONTRACTOR ACCUSES JUSTICE COHALAN

New York, June 12.—Supreme court Justice Daniel F. Cohalan notified the Bar association this afternoon that he had forwarded to Governor Sulzer, "for such action as may be proper at the special session of the legislature, which convenes next Monday," the charges made against him by John A. Connolly, a contractor. The justice also advised his belief that the Bar association had no jurisdiction in the matter. Connolly alleged that for a consideration of 55 per cent of the profits, Cohalan, before he became a supreme court justice, obtained certain contracts for the Wilson Heating company, of which Connolly was the head. The amount of money Connolly alleges he paid Cohalan approximately \$4,000. These charges Justice Cohalan has denied.

JOURNALISM SCHOOLS KNOCKED BY MOORE

St. Louis, June 12.—Paul Elmore Moore, editor of The Nation, deprecated teaching journalism in colleges in an address at the commencement exercises of Washington university here today. Secretary of Agriculture Houston, chancellor of the university, on leave of absence, presided.

Dramatic Entertainment.

A literary and dramatic entertainment for the benefit of the Yiddish Magazine, "Das Neue Leben," was staged at the Jewish Educational alliance Thursday evening, under the auspices of the National Workmen's alliance. The program included readings, recitations and a playlet by Sholem Aleichem.

MORO REBELS ROUTED BY AMERICAN TROOPS

Six American Soldiers Killed and One Wounded—Stubborn Fight by Moros.

Manila, June 12.—The entrenched positions of the rebellious Moros in Jolo have been stormed by the American troops. The Americans lost six men killed.

The killed were two privates of company M, eighth United States infantry, three members of the first company of scouts and one member of the 25th company of scouts. Lieutenant Edwin H. Rackley was wounded in the leg.

The casualties are regarded as light in view of the stubborn resistance put up by the Moros.

The attacking forces had been made up unofficially at first as a precaution, there being in addition to the company of regular infantry, a troop of cavalry, seven companies of scouts, two companies of constabulary, with a battery of four mountain guns and a machine gun platoon.

Although Manila remains one point still occupied in the mountain the mountain guns will be in a position to shell it easily. Brigadier General John G. Pershing, commander of the department of Mindoro, who led the forces, declared he will continue operations in Jolo until the rebel Moros' guns have been taken and the island is peaceful.

War Department Disturbed.

Washington, June 12.—General Wood has ordered Major General Bell, commanding the Philippine division, for an immediate report upon the operations Brigadier General Pershing is conducting against the Moros in the Jolo archipelago. The war department knows nothing of the details of the operations. The distance from Manila to Jolo is great and communications are uncertain. Reports from the scene are very meager.

The general staff is considerably disturbed by the situation of the Sultan of Jolo as leading the hostile Moros for it had been understood he had thrown his influence with the Americans.

ATLANTA'S STRIDES FROM DAY TO DAY

BOY SCOUT DROWNS DESPITE EFFORTS OF HIS COMPANION

Demorest, Ga., June 12.—(Special.)—Roy Pritchard, 17 years old, a Boy Scout, was drowned today in Lake Demorest, while bathing. His body was recovered by Kenneth Stambaugh, 15 years old, another "Boy Scout," who was fishing not far away.

Although in the water only about 5 minutes, all efforts to resuscitate Pritchard failed. He was a clerk in the J. H. Ford drug store and was very popular. Much sympathy is felt for his mother, who is a widow, Roy being her main support.

OBLIGATIONS ASSUMED BY COSMOPOLITAN LIFE

State Insurance Commissioner William A. Wright has issued a certificate to the effect that the Cosmopolitan Life Insurance company, organized in foreign lands, by formal contract filed in his office, assumed all outstanding policy obligations of the old Cosmopolitan, and has made a deposit of \$100,000 with the state treasurer for the protection of these policy holders.

This announcement from the insurance commissioner will be of interest and importance to policy holders of the old Cosmopolitan in many sections of the state. The Cosmopolitan is an entirely new company with new offices and new ideals, and has no connection whatever with the old company, beyond the fact that it bought its assets at public sale for cash.

State Dinner for Muller.

Washington, June 12.—A state dinner tonight by Secretary Bryan to Dr. Lauro Muller, the Brazilian minister of foreign affairs, here on a special mission, closed a busy day of entertainment and sight-seeing for the visitor. The program included an inspection of how the United States manufactures 14-inch guns for the navy at the government plant here, a Pan-American Union luncheon and visits to the capitol and congressional library.

Flagman Rader Killed.

Tampa, Fla., June 12.—O. A. Rader, flagman on the Atlantic Coast Line, was knocked from the top of a freight car at Kissimmee today by a water tank, about and sustained injuries from which he died later at a hospital at Lakeland. The body will be shipped to his former home at Lebanon, Tenn.

AT THE THEATERS.

"The Duke of Durham,"

(At the Bijou.)
The Bijou announces for next week one of its strongest attractions in the engagement of the merry, up-to-date musical comedy, "The Duke of Durham." Some attraction features the popular German singing comedian, Lon L. Shean; the American Comedy Four, Callahan and Klein in song, dance and chatter, and Smith and Pollock, tango dancers. There will be some fifteen musical numbers in which a dainty chorus of young girls will take part and elaborate scenic and light effects. "The Duke of Durham" has been accorded first place amongst the tabloids that have played over the circuit.

"Quo Vadis,"

(At the Grand.)
Seats were put on sale Thursday at the Grand box office for the engagement of George Kleins' wonderful photo-play "Quo Vadis," the attraction that is to be at the big theater all the week starting on Monday.

There are eight reels of imported pictures in "Quo Vadis," more than 10,000 feet of imported film, that was taken by the famous Cines people in Rome, after eighteen months of terrible hard work, and the expenditure of a fortune in properties, effects and money.

The sensation has passed its one-hundredth performance at the Astor theater in New York city and is playing to crowded houses in Chicago and Philadelphia.

Keith Vaudeville.

(At the Forsyth.)
It is generally agreed that the Forsyth is offering a bill this week far superior to any combination of Keith features that have been offered this season. It does appear that the shows at the busy theater have gotten better as the summer progresses, and indications point to a better and stronger grade of attractions as the time goes along reaching the opening of the new season just ten weeks off. There is much of a comedy value to this bill: Johnny and Mae Burke in the piano playing nonsense, Travato, the eccentric violinist, and Chick Sale, the character change comedian, have all registered hits, and the tremendous novelty of the Athletic Girls' act has certainly been a powerful drawing card.

The bill for next week promises to be one of the strongest and most inviting of the season. It will be headed by Bud Fisher.

Special Notices

MEETING NOTICE.

A regular communication of Piedmont lodge No. 447, F. & A. M. will be held in Masonic Temple this (Friday) evening, June 13, 1913, at 8 o'clock. The Entered Apprentice degree will be conferred. HE MUST GET TO PARIS TO WIN \$10,000 WAGER

New York, June 12.—Louis Grandjean, who declares that he will win a \$10,000 wager if he arrives in Paris by July 15, is hoping to get the immigration authorities to deport him. Ten years ago, he says, he left Paris to win the \$10,000 stake put up at the Jockey club there that before July 15, 1911, he could not visit every country in the world, always working his way, never being subsidized or accepting charity.

Penniless and hungry yesterday he applied to the police for his arrest on a charge of vagrancy, but when he found that he might be sentenced to the workhouse for six months, he saw it would interfere with his getting to Paris on time. Since then, he says, he has been all through this country, Canada, Japan, Australia, the Philippines, Panama and South America.

GERMAN COUNTRY TRIES WALL STREET GAME

New York, June 12.—Count Christian-Guenter von Bernstorff, the 22-year-old son of the German ambassador, has entered the offices of an international banking firm in Wall street as junior clerk. It was learned today, to acquire a knowledge of finance and business.

Callaway to Make Trip.

Grady Callaway, chief clerk of the Piedmont hotel, leaves for his home in Athens next week. Since then, he says, he has been all through this country, Canada, Japan, Australia, the Philippines, Panama and South America.
