

## POSTOFFICE BLASTED; ROBBERS GET \$1,500

Adairsville Postoffice Is Robbed for the Second Time

(Special Dispatch to The Journal.)  
ADAIRSVILLE, Ga., May 2.—The postoffice at this place was entered this morning and \$1,500 taken, so C. H. Dyer, the postmaster, states. The explosion stopped the clock at 2:24.  
The tools for gaining admission to the house were obtained from a blacksmith shop nearby. The men failed to gain admission at the front, but did get into the back door. The safe was blown with nitro-glycerine. No stamps were taken, neither were the checks for the rural carriers which arrived yesterday.  
No clue was left. Government inspectors are expected today. It is the second time the same office has been robbed in three years.

Robbers Visit Many

Stores in Garfield  
(By Associated Press.)  
GARFIELD, Ga., May 2.—Robbers took in practically the entire business portion of the town of Garfield last night. The postoffice was broken into but an entrance to the safe was not effected; the Southern Express office was broken open and some things taken; the store of William Swain was entered and three suits of clothing taken; R. T. Chaney's store was broken into, and at Lamb & Grey's store a few things were stolen. At R. T. Chaney's the small change was stolen, and about five dollars was taken from a box in the Pythian lodge. A horse went out with dogs today, but so far nothing has developed that indicates a probable capture.  
It was reported that the town of Thrift was similarly visited the night before.

DR. JAMESON MAY  
GO TO OKLAHOMA  
President of Mercer University  
Receives Attractive  
Offer

(Special Dispatch to The Journal.)  
MACON, Ga., May 2.—Dr. S. Y. Jameson, president of Mercer university, has returned from Arkadelphia, Ark., where he went to confer with the trustees of the Baptist college relative to an offer that has been made to him to take the presidency of that institution.  
Dr. Jameson declared upon his return that there were many things about the position that appealed to him, but he had not yet made up his mind what he would do. Close friends of Dr. Jameson, however, believe that he will accept the offer.  
In case he does the trustees of Mercer university will begin to cast about for a man to fill his place. So far no names have been mentioned in this connection and nothing will be done until Dr. Jameson announces his decision.

"I WOULD SELL NERVE,"  
SAYS MAN ON GALLOWS

(Special Dispatch to The Journal.)  
LOUISVILLE, Ga., May 2.—Will Thompson, the negro who killed Claud Humphrey at Avera two years ago, was hanged here Friday. After Thompson had mounted the scaffold the sheriff asked him for a statement, if he wished to make any. He said:  
"If I could sell my nerve I would like to sell the people of Avera about \$2,000 worth. I have plenty to spare."  
When the hour drew near for the execution, Sheriff Smith went to Thompson's cell to tell him to take preparation. He refused saying that he didn't intend to be hanged. He did not submit until the sheriff brought his shotgun in and told him he would shoot him, hands both off if he resisted further.

J. C. MCABE DIES  
IN FORT WORTH, TEX.  
(By Associated Press.)  
FORT WORTH, Texas, May 2.—J. C. McCabe, general freight agent of the Chicago, Great Island and Pacific railway and brother of Fourth Vice President McCabe, of the Pennsylvania system, died here today. He suffered a stroke of paralysis at San Antonio about a month ago. He is survived by his widow.  
The funeral will be held here Sunday.

WOMAN IS KILLED  
BY ACCIDENTAL SHOT

(By Associated Press.)  
LAKELAND, Fla., May 2.—Mrs. Allen Freeman, wife of a prominent business man of this city, was fatally shot in the abdomen early Friday morning, a gun which her husband was cleaning being accidentally discharged. The full load of shot entered her abdomen.

## President Holds a Reception at Top of Wash'ton Monument

(By Associated Press.)  
WASHINGTON, May 2.—President Wilson ascended the Washington monument today and held an informal reception in the tower at its summit.  
The president had strolled away from the White House, accompanied only by Joseph W. Murphy, one of the secret service men, and had stopped for a few minutes to watch "a kid's ball game," when he suddenly took a notion to join the crowd of tourists who meet at the monument throughout the day.  
At first the president was not recognized, but when one man spied him he insisted on shaking hands, the entire party grouped about the president and greeted him.  
When he descended, the elevator was crowded, so the president gave up his seat to a woman passenger and stood during the trip down, which takes several minutes.

PAINTS A PICTURE WHICH  
EVERYBODY WILL WANT

(By Associated Press.)  
NEW YORK, May 2.—Miss Eviline James, of San Antonio, Tex., an art student here, is receiving congratulations of her friends as she is the girl whose portrait is likely to become more popular than any other.  
It is safe to say her picture will be in every American home, as it will appear exclusively on Uncle Sam's paper money. It was recently selected by a committee of congress as the central feminine figure of a decorative group on the reverse side of the new currency.  
Miss James is the daughter of Mr. and Mrs. S. A. James, of San Antonio.

WILSON GIVES JOB TO  
MAN HURT IN SERVICE

(By Associated Press.)  
WASHINGTON, May 2.—President Wilson today prepared an executive order putting into the civil service Seward Swenson, of Brooklyn, who lost a hand and arm while employed by the federal government in construction work at Neely Landing, Mo.  
While the president is understood to be opposed to executive order without personal examinations, he felt in this particular case he was justified.

Sunday School Picnic

(Special Dispatch to The Journal.)  
COLUMBUS, Ga., May 2.—Over a thousand Columbus people are spending today at Warma Springs, the occasion being the annual picnic of the First Presbyterian, the First Baptist and the St. Luke Methodist Sunday schools. The party left the city over the Southern on a special excursion train at 7:30 o'clock this morning.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "I of course I recommend Foley Kidney Pills as a very effective cure for kidney and bladder trouble." For sale by all dealers.—(Adv.)

Mine Train Derailed

(By Associated Press.)  
LAKELAND, Fla., May 2.—The extra train which left here at 4 o'clock Friday for the phosphate district jumped the track and turned over about a half mile from Fort Meade, instantly killing John Bates, flagman, and painfully injuring Odell Maguire, brakeman.

## COUNTESS OF COTTENHAM IS ACCIDENTALLY KILLED

Body Found in Wood and  
Mystery Surrounds Death  
Until Husband Testified

(By Associated Press.)  
HENLEY, England, May 2.—"Death by the accidental discharge of her own shotgun," was the tragic fate today of the Countess of Cottenham, wife of the Earl of Cottenham.  
The countess' twin sister, daughter of Marquis of Aberavenny, was found dead in 1910 with a gunshot wound through the heart in the grounds of the family residence in Oxfordshire.  
Today's affair was at first a mystery. It was not known whether the countess had taken her own life, and been murdered or had been accidentally shot, until the Earl of Cottenham himself testified at the coroner's inquest. He said he had been out with his boys and when he returned and found his wife missing he instituted a search, which resulted in the discovery of her body with the gun beside it near the stump of a tree over which she evidently had stumbled, at the same time accidentally discharging the weapon. The jury thereupon returned a verdict of accidental death.  
The countess was an enthusiastic huntswoman and a fine shot. She frequently roamed through the preserves of her estate at Elvenden Priory.  
The twin sister of the countess was Lady Violet Nevill, who became Countess of Cowley, and whose divorce suit against Earl Cowley, in 1897, created a widespread sensation.  
Miss James is the daughter of Mr. and Mrs. S. A. James, of San Antonio.

ROME WOMEN RAID  
A "Wildcat" Still

(Special Dispatch to The Journal.)  
ROME, Ga., May 2.—Refusing to tolerate the presence in their community of a wildcat still and the almost open sale of liquor, a band of women residing at West Armuchee, in Walker county, searched the woods near Suttle's mill until the still was found. In the party were Mrs. S. Hunt, Mrs. Brock and daughter and Mrs. Anderson and daughter. The moonshiners were busy at work when the women approached, and immediately took flight, but not before they were recognized by the women.  
Securing a pick, the amateur raiding party made a desperate effort to destroy the still. United States revenue officers were notified and made a raid in the hope of capturing the moonshiners and their outfit.  
The raid had been tipped off, however, and when the officers reached the scene the still had been hurriedly removed and no one was about. Eight hundred gallons of beer were destroyed. It is said that the operators of the still are well known, and that arrests will follow unless they have fled the country.

LIFE'S STRUGGLE  
WITH ILLNESS

Mrs. Stewart Tells How She  
Suffered from 16 to 45 years  
old—How Finally Cured.

Euphemia, Ohio.—"Because of total ignorance of how to care for myself when verging into womanhood, and from taking cold when going to school, I suffered from a displacement, and each month I had severe pains and nausea which always meant a lay-off from work for two to four days from the time I was 16 years old.  
"I went to Kansas to live with my sister and while there a doctor told me of the Pinkham remedies but I did not use them then as my faith in patent medicines was limited. After my sister died I came home to Ohio to live and that has been my home for the last 18 years.  
"The Change of Life came when I was 47 years old and about this time I saw my physical condition plainly described in one of your advertisements. Then I began using Lydia E. Pinkham's Vegetable Compound and I cannot tell you or any one the relief it gave me in the first three months. It put me right where I need not lay off every month and during the last 18 years I have not paid out two dollars to a doctor, and have been blessed with excellent health for a woman of my age and I can thank Lydia E. Pinkham's Vegetable Compound for it.  
"Since the Change of Life is over I have been a maternity nurse and being wholly self-supporting I cannot overestimate the value of good health. I have now earned a comfortable little home just by sewing and nursing since I was 52 years old. I have recommended the Compound to many with good results, as it is excellent to take before and after childbirth."—Miss EVELYN ADELIA STEWART, Euphemia, Ohio.

## Daily Campaign Story

The Difference Between the Answer Book and the Catalogue.

A great many of our readers do not seem to understand what the Answer Book will be like. Of course, they are the readers who were not in last year's campaign, because they all know that the Answer Book was a book supplied for convenience in submitting answers, with a page for each of the 75 prize pictures and another page to write down from one to ten answers, the number allowed according to rules of the campaign. The Catalogue is a book containing 4,000 book titles and in it are the 75 prize titles used in this campaign. The Catalogue is an absolute necessity in this campaign, if you wish to win anything, and we do not believe there is one contestant who does not wish to win something and most of them are after the gold pile at that. Take a contestant who would try to go through without the aid of the catalogue and what is the result? He will turn in a set of answers composed of a great many titles not in our Catalogue at all and therefore cannot be correct. If he were using the Catalogue, he would not turn in any titles that were not there, because he would know that not being in the catalogue, they could not be correct. Last year's contestants who find themselves using the old catalogue will find themselves loaded with a nice bunch of incorrect answers.  
Invest 25c in a new catalogue and get \$1,000 in return.

# That "SKUNKY" Taste in Some Beers

is caused by the  
action of Light.

This is the deliberate opinion of no less an authority than Philip Dreesbach, German expert and scientist in the Wahl-Henius Institute of Fermentology. He says:

"Beer acted upon by light soon takes up the very disagreeable, so-called 'light taste,' and also a repulsive skunk-like odor. Beer so affected is offensive to the palate of most consumers, and there is probably nothing that will influence them more against any brand of bottled beer than to have once tasted beer possessing this 'light taste' to a marked degree. The presence of this defect, however, is not always the bottler's fault, as the consumer himself very often lets the beer stand in the light. But the consequences must usually be borne by the bottler."

"Schlitz is sold in Brown Bottles to protect its purity from the brewery to your glass.

In our brewery we spend more in purity—in time, in skill and in money—than any other cost.

Why don't you, too, demand the pure beer—Schlitz in Brown Bottles?

See that crown or cork  
is branded "Schlitz."

## GEORGIA EDUCATORS ELECT NEW OFFICERS

P. S. Polhill, of LaGrange, Was Chosen President—Meet Comes to a Close

With the election of officers for the annual convention of the Georgia Educational Association that has been in session since May 1 at Taft hall, came to a close.

Following are the officers chosen unanimously:

P. S. Polhill, LaGrange, Ga., president.  
P. C. Wardlaw, Athens, Ga., first vice president.

Miss Edith Holt, Augusta, Ga., second vice president.  
C. L. Smith, LaGrange, Ga., secretary.

Ralph Newton, Fort Valley, Ga., treasurer.

Both secretary and treasurer were re-elected, while all other officers are new. The board of directors was also named. The three members are Superintendent H. E. Brooks, Dublin, Ga.; Superintendent J. G. D. Goddard, Milledgeville, Ga.; and Superintendent Jason Scarborough, Tifton, Ga.

The closing session of the convention occupied practically all of Saturday morning, though mostly routine matters were taken up and the report on the selection of a state song referred to the board of directors. Reports of committees were also received and a general discussion of school work indulged in.

## ATLANTIAN MAY BECOME A GENERAL IN THE ARMY

Georgians are interested cordially in the report which comes from Washington that William W. Forsyth, now a lieutenant colonel of cavalry in the United States army, is being urged impressively upon President Wilson for appointment as brigadier general in a military unit to be organized in Georgia. Forsyth is an Atlanta-born and reared, and if he is made a brigadier he will be the first Georgian to become a general officer in the army in 50 years.

Senator Hoke Smith and Senator A. O. Bacon, of Georgia; Congressman William Schley, Howard, and other Georgia congressmen and legislators are citizens of high degree from other states, are placing their efforts behind the movement already started in behalf of Colonel Forsyth. Colonel Forsyth is a son of the late General Forsyth, one of the before-the-war leaders in Atlanta, and is a relative of old Governor Forsyth, for whom that street in Atlanta is named. He entered the army through West Point in time to see active service against the Indians, and in later years he was in the field in the Spanish-American War, the uprising in China, the Philippine insurrection, and the Moro campaign. Colonel Forsyth has been for some months past on detached duty from the Sixth cavalry, his regiment, as superintendent of Yosemite National Park in California.

## BIG REVIVAL BEGINS AT CHRISTIAN CHURCH

The West End Christian church will begin a series of evangelistic services Sunday morning. Evangelist John T. Hawkins has been secured as leader for this meeting. Mr. Hawkins is a resident of Kentucky, but has done evangelistic work in twenty states. He is a man in closest sympathy with both the young and the old, and he comes to Atlanta with a splendid record of achievement.

Mrs. Katherine King has been secured as soloist. She was for awhile associated with Evangelist Yuel, so well known by his revival held in Atlanta a few years ago. T. J. Jennings will serve as leader of songs. With three leaders associated with the local minister, the church is expecting one of the greatest meetings in its history.

There will be services each day at 8 p. m. for several weeks. The public is invited.

## THIS INTERESTS EVERY WOMAN.

A family doctor said recently that women come to him thinking that they have female trouble, but when he treats them for their kidneys and bladder, they soon recover. This is worth remembering and every woman who has trouble with her kidneys and bladder should take the best and safest medicine at such times. You cannot get better purer medicine for backache, weary legs, aching joints, aching limbs, kidney and bladder trouble, and nervousness due to kidney troubles. Try them. They are tonic in action, quick in results. For sale by all dealers. (Adv.)

## NEGRO BOY "TURNS UP" BLIND TIGER IN PEEVE

A little negro boy who was peevish because he alleged that his employees failed to keep faith on the salary question, appeared as the principal witness against him in recorder's court Saturday morning, and George Poulos, and Charles Nivao were bound over under bonds of \$200 and \$200 respectively, on the charge of conducting a blind tiger at 19 1/2 South Broad street.

Detectives who were piloted to the place by the boy found a dozen pints of whiskey and a barrel of beer under the floor. Access to them was through a secret trap door.

## CONDUCTED BLIND TIGER IN BED FACTORY

Jimmie James must pay a fine of \$500 or serve 30 days on the chain-gang for conducting a blind tiger at the Metal Springs Bed factory, at 90 West street, where he was employed. From the evidence brought out at recorder's court Saturday morning it was proved that James had been selling whiskey to the employees of the factory and received two cases a week from Chattanooga, Tenn., to replenish his stock.

Assistant General Passenger Agent.

## SCRANTON POLICE GET A MAN ATLANTA WANTS

Frank Stomaken, wanted in Atlanta on the charge of larceny after trust, has been apprehended in Scranton, Pa. He also is wanted on two indictments of a similar offense.

According to city detectives, Stomaken was in the employ of a local cigar house, and appropriated \$180 he had collected for them.

The prisoner will stand trial first in Scranton, and will be brought to Atlanta by Detective Hollingsworth, who has been named to make the trip. His agent was not convicted.

## ALL IS READY FOR GREAT MEET SUNDAY OF TWO BIBLE SCHOOLS

Joint Meeting of Second Baptist and First Christian Schools, Champions of Big Contest, Will Pack Auditorium—6,000 Scholars Expected—Visitors to Have Upper Balcony

If the fine, fair weather augurs anything, there's going to be a real multi-tude around the capitol tomorrow morning when the Second Baptist and the First Christian Sunday schools get together for their march to the auditorium. The march is just what the pastors and superintendents and other leaders of the rival big schools are expecting.

They met Saturday forenoon to arrange the final details for the meeting and march to the auditorium and the joint session there. Present at the conference were Rev. Dr. John E. White, pastor of the Second Baptist; Rev. Dr. L. O. Bricker, pastor of the First Christian; V. V. LeCraw, superintendent of the Second Baptist school; and J. S. Spalding, superintendent of the First Christian school. The final march will begin when each school leaves its own quarters. The Second Baptist school will march to the Washington street entrance of the capitol and the First Christian school will march to the south of the same entrance. The First Christian school will form on the south of the same entrance. Photographs and moving pictures will be taken of both schools there and during the march. A squad of policemen will keep intruders away from the ranks of the schools. The scholars, young and old, will march across the Washington street viaduct.

**OTHERS TO AUDITORIUM.**  
"There is one thing that we want to impress upon every one," said Superintendent LeCraw, after the meeting Saturday. "It is this: We want all of our friends, everybody who is not enrolled in one school or the other—to go directly to the auditorium. We do not want them to meet us at the church or the capitol. If they attempt to be with us anywhere, everybody who is not enrolled in one school or the other, they merely will confuse our order."

The whole lower floor of the auditorium has been reserved for the two schools, of which there are expected to be over 6,000 scholars present. The total enrollment of the two is something over 6,500. The upper balcony of the auditorium will be open to the friends of the Sunday school movement. Visitors will be there to direct every body.

One week from tomorrow will see the end of the three months' contest between the two schools for enrollment of new scholars and promoters of all who are enrolled. The prize of that contest is a picnic, to be given by winner to loser. But in the enthusiasm which it has aroused, the contest almost has been lost from sight. It has created a spirit so much greater than that of the contest, it has become merely the yeast in the growth of those two schools.

Too, it has scattered the bacteria of

The Journal is in receipt of a contribution of \$2.38 from the Townsend, Ga. Sunday school for the flood sufferers of the middle west. The money was raised by the little ones in the school and cheerfully given to help those in distress.

**MOTORCYCLIST HURT IN  
COLLISION WITH AUTO**

V. O. Gettiss, a moving picture operator, was badly bruised about the face and sustained other minor injuries early Friday night, when the motorcycle he was riding collided with an automobile driven by R. F. Ingram, Jr., of 431 Washington street.

The accident occurred at the junction of Peachtree and Forsyth streets. Ingram was coming up Forsyth and ran into Gettiss as he turned at the junction. Gettiss was taken to the Baptist Tabernacle infirmary. He is not believed to be injured seriously.

## CHEROKEE LIFE NOW IS A \$100,000 COMPANY

Secretary of state Phil Cook on Saturday issued an amendment to the charter of the Cherokee Life Insurance company of Rome, Ga., allowing the company to become a stock company with a capital of \$100,000.

## HOW \$20,000 WAS OFFERED TO EVERYONE

The best homes in England have for years used a recipe called Waw-Waw, which was prepared by a young English singer who had suffered with indigestion for years, by the suggestion of a noted French doctor, and \$20,000 was offered to any one in England who could analyze the Waw-Waw correctly. (An obsolete South American Indian word for vegetable) contains no raw spices, drugs or coloring matter and is absolutely pure. It is a sauce unlike all others, but in flavor resembles a Worcestershire, but the ingredients contained are quite different and when added to the cooking or to

soups, salads, hot and cold meats, and fish it gives a flavor unequalled, and at the same time notice how easily your food is digested. The great cooks in Europe pronounced Waw-Waw unexcelled. So great has been the success of Waw-Waw that it is to be found in all parts of the world. A 25-cent bottle from your grocer will convince you how much more you will enjoy your food and how easily anything can be digested. Miss Lillian Russell, the beautiful actress, writes: "Waw-Waw is delicious. Added to soups, salads, meats and fish it is unequalled."

## POSTOFFICE SAFE AT ADAIRSVILLE IS BLOWN

Money Order and Postal Funds and Stamps Taken by Cracksmen

Local postal officials received a notice today that the safe at the post office at Adairsville had been blown. Adairsville is in Bartow county.

The burglar got \$114 of money order funds, \$40 of postal funds, and stamps the value of which has not yet been determined.

Postoffice inspector Sutton and his force in the federal building are at work on the case.

## TO GIVE RECITAL FOR GIRLS' NIGHT SCHOOL

Young Women Will Help Super Fund Grow by Giving Reading Saturday Evening

The Girls' Night school supper fund is to be helped by a recital Saturday night in Cable hall by Miss Agnes Coleman, Miss Verna Ruth Harris and Miss Ethel Thornton, all of whom have attained local fame in their work.

The night school has on its rolls more than 150 working girls, otherwise denied the advantages of education. The wonderful attendance has almost exhausted the supper fund, and officials of the school say they have found the recital necessary to pay the bills of the school for the next month of the session.

The recital will be one of readings and recitations. Humorous, dramatic and select selections will be given.

The night school is located on the second floor of the Emery-Steiner building. The members of the school go there for instruction each evening at 6:30 o'clock, immediately after quitting work, and in order to save time supper is served them at the school. Much of the expense of these suppers is paid out of the supper fund by the school management.

**ELK OFFICERS GUESTS OF EXALTED RULER A. L. DUNN**

Unique Occasion in Fraternal Circles Wins Success—To Be Repeated

An occasion without immediate precedent in fraternal circles was that of the Dutch supper tendered to the officers and standing committee members of Atlanta lodge No. 78, B. P. O. E., Friday night at the Elks' home on East Ellis street, by Exalted Ruler Albert L. Dunn.

For several hours the informal gathering discussed affairs of Elksdom and planned for the best year that the Atlanta lodge has known.

An informal organization, termed "the committee of the whole," resulted spontaneously from the gathering. It is composed of the officers and standing committee members of the lodge. It will assemble hereafter on the first Monday each month, to discuss and formulate the policies of Atlanta No. 78, for submission later to the lodge.

## DOMESTIC SERVICE IS A GRAVE PROBLEM

(By Associated Press.)  
NEW YORK, May 3.—Domestic service is a grave problem, not because servants are scarce, but because so many of them are incompetent; and this incompetency is due largely to the attitude of employers, according to Herman Robinson, municipal commissioner of licenses, in his annual report issued today.

The report is based on investigation of New York employment agencies. The agents assert employers as a rule fail to sufficiently provide for servants' comforts and don't take into account their ambitions.

"The social standing of the servant," says the report, "is the most important factor in the problem."

## PATROLMAN SULLIVAN SUSPENDED FOR FORCE

Officer J. C. Sullivan, of the police force, who has been missing from duty and his home since April 1, was Saturday morning suspended from the force by an order of Chief of Police James L. Beavers.

Sullivan formerly resided at 423 Central avenue but left there. It was thought that he had gone to his sisters home on Fair street but inquiries developed the fact that he had not been seen about the premises for four weeks.

Chief Beavers will prefer charges against the officer at the next meeting of the police board.

## Militants Burn School

(By Associated Press.)  
ABERDEEN, Scotland, May 3.—One of the public schools of this city was partly burned this morning by militant suffragettes.

## ATLANTA PRESBYTERIANS TO DOUBLE WITHIN TWO WEEKS

Gathering of Four Great Assemblies Here May 15 Will Add as Many Presbyterians as City's Population Has Now. Home Entertainment Being Promised for Delegates

Within two weeks Atlanta's Presbyterian population will have doubled. This census-breaking record will result from the gathering here of the general assemblies, the governing bodies of four great Presbyterian churches, and Atlanta's Presbyterian population of 4,500 souls will be called upon to entertain 1,500 commissioners to the assemblies, 500 or 600 members of societies affiliated with the assemblies and from 3,000 to 4,000 Presbyterian visitors who will come here from many sections just to see their church governing machinery in action.

Of course, Atlanta will not allow her Presbyterian citizenry alone to entertain so many distinguished visitors, so the members of that denomination are receiving in their hospitality task the assistance of members of every other denomination.

In fact, denominations are being forgotten, as Atlanta prepares to welcome so great and unique a religious gathering.

The largest of the assemblies will be that of the Presbyterian church, U. S. A. (northern), which has more than 1,500,000 members. This church expends more than \$30,000,000 annually in various religious and benevolent enterprises.

The United Presbyterian assembly will represent here more than 178,000

members scattered in many parts of the United States, while the assemblies of the Presbyterian church, U. S. (southern), will represent a like number, and the Associated Reform Presbyterian church represents a smaller membership.

J. K. Orr heads the Atlanta entertainment committee, whose most important task has been the securing of homes for the many churchmen. And this work is not yet completed.

The detailed work of preparing for the unique religious gathering is in the hands of Rev. Jere A. Moore, executive secretary of the committee. He is keeping a force of six stenographers busy arranging the details of their visit with the men who are coming here from every state.

The assemblies of the four churches will hold separate business sessions: The U. S. A. assembly meeting May 15 at 11 a. m. at the Baptist Tabernacle; the U. S. assembly meeting at the same time at North Avenue Presbyterian church; the United Presbyterians meeting at the Central Presbyterian church on the evening of May 14, and the members of the A. R. P. church meeting at the Whitehall street edifice of that body.

Each evening, commencing May 15 and continuing through May 23, the assemblies will unite in giant mass meetings at the auditorium.

## CHARLES D. BARKER IS IN CRITICAL CONDITION

Charles D. Barker, who was seriously injured in a street car accident last November, is reported in a critical condition.

Following the accident, Mr. Barker spent three months in Florida in an effort to regain his health, but returned about a month ago in a serious condition, and since his return has suffered a stroke of paralysis.

Mr. Barker is well and favorably known among a large circle of friends. He published the Southern Star, the only prohibition paper in the south, for nearly twenty-five years, leaving the newspaper field to take up circulation work, which he was engaged in up until the time of the accident.

His many friends wish for him an ultimate recovery, although little hope is extended in his present dangerous condition.

## HALF-MILLION-DOLLAR FIRE LOSS IN ENGLAND

BRADFORD, Eng., May 3.—Extensive sheds belonging to the Midland railroad, containing much freight, burned down here last night, causing a loss of \$500,000. Nineteen loaded freight cars and quantities of dry goods and carpets were consumed.

Mysterious fires have broken out in these sheds on three successive Friday nights. The militant suffragettes were suspected of arson but there was no proof of this.

The latest fire was evidently incendiary, for the firemen discovered it had been started simultaneously in several parts of the building.

Earlier in the night a fire had been started in some cars loaded with straw in another yard apparently to divert attention from the principal scene of operations of the incendiaries.

## Greetings to New China.

In formally recognizing the Chinese republic, the United States has simply consummated a purpose which became manifest in the outset of the Wilson administration and which had already produced its moral effect. Our State department has evidently been only awaiting the complete organization of China's new government. That having been accomplished through the national legislature at Peking, there remained no occasion for further delay in officially welcoming the young republic into the family of nations.

There is reason to believe that this seasonable example on the part of the United States will influence other world Powers to follow our lead. Certain it is that the republic is the only established government in China. It is through the officials of the republic that all diplomatic business must be transacted. The Manchu regime is dead and done for and the new political order stands unchallenged. Hence, matter of practical necessity, if for no other considerations, the republic must soon be recognized by all the Powers.

It is gratifying, and we believe will prove fortunate, that the United States has graciously led the way in according the new China its due acknowledgment and courtesy. Our government has always been the staunch friend of this great Oriental people. It was our high-minded and plain-spoken diplomacy that saved the Chinese empire from being dismembered by European greed. It is from our constitution and our ideals that the Chinese statesmen of this new era have drawn their model and inspiration. It is, therefore, very appropriate that the United States should be the first among nations to recognize the republic and to bid its patriots godspeed in their brave and splendid endeavor.

California evidently wants the whole field of champagne industry to herself.

The queer Mexican names are again giving the telephone operators trouble.

Over 100,000 aliens entered New York last month, not including several people from Minneapolis, Peoria, Houston and other points in the provinces.

## Montenegro's Shrewdness.

The European outbreak which, it was feared, might follow Montenegro's refusal to evacuate Scutari has thus far failed to materialize. Indeed, conditions seem more reassuring than for many days past, despite the fact that the doughty little mountain kingdom still clings to its booty and that Austria is still firm in its demand.

It was reported in London yesterday that the conference of ambassadors expected soon to evolve a plan whereby the interests of Montenegro and the dignity of the Powers would both be maintained. At the same time, there were indications of renewed business confidence in Berlin and Vienna. "A stormy general rise took place in most securities," say the dispatches from that quarter, "and none of the uncertainty or depression of the preceding day was shown." It is thus evident that some practical settlement of the pending differences is expected; and there is a hint as to what the terms of settlement will be.

Montenegro has stoutly withstood all the threats of the Powers, but it is believed that she would not turn a deaf ear to offers of compensation for giving up the captured territory. It is on such a plan that the diplomats are now evidently working. This may explain in a large measure the persistence and audacity of the tiny nation.

King Nicholas knows that if the Powers should move forcefully against him he would be compelled to retire from Scutari, and that if Austria alone should launch an actual campaign against him, resistance would be futile. But he also knows that the Powers are particularly anxious at this stage of Balkan affairs to avoid any belligerent measures. He calculates shrewdly enough that by adhering to his bold plan, he will force from the interested governments some sort of compensation for doing peacefully what they could compel him to do, if they so decided. That is probably all he has expected from the outset and that doubtless is what he will get.

The busier a man is the less time he has to complain of overwork.

We've recognized China, even if we shall find it difficult to recognize the Chinese language.

"Atlanta banks to pay us \$10,000 a year." No, that isn't right. "Atlanta banks to pay U. S. \$10,000 a year."

While it is well to make things go as far as possible we cannot advise stretching the truth.

## The Truth of the Ollie Taylor Case.

It is fortunate for every one interested that Miss Julia Lathrop, chief of the children's bureau in the United States Department of Labor, has made a personal investigation of the widely exaggerated Ollie Taylor case and filed an official report of the facts, as she found them. There has never been the slightest warrant for the sensational stories that seem to have drifted throughout the country concerning this Georgia lad. The rumors that he was given a long and cruel prison sentence for the childish theft of a five-cent bottle of soda water, had no grounds whatsoever. Yet, it is evident that many well disposed persons, particularly in distant States, have been misguided into imagining that through a legal technicality a grave wrong upon justice and humanity had been committed.

Miss Lathrop's report, based on an official and exhaustive inquiry, should forever set at rest all such erroneous opinions. She came to Atlanta, sifted all the evidence in the case, visited the reformatory, or industrial school, to which the boy was committed, talked with him himself and then on her return to Washington issued an interesting statement which concludes as follows:

"While, according to the words of the statute, the child was sentenced, the actual fact seems to be that he was committed to the guardianship of the school during minority, as children are committed in the juvenile courts of other states to quasi-public industrial schools or the state schools for a period not longer than minority, to be placed out or discharged at the discretion of the superintendent or trustees of the schools."

"While in Atlanta, I visited this school and met the superintendent, who has been a professional teacher all his life. He seems to have the boys' interests sincerely at heart, and inquiry showed that he has the general confidence of the community."

"I saw the boys as they were marching out of the dining room on Sunday, dressed in their gray Sunday uniforms. The atmosphere of the place was that of a school, some of the boys I spoke with, among them the child in question. He was a bright, cheerful-looking lad of about 13. All the information I gained personally in Atlanta from my own observation and from people with whom I spoke about the matter, convinced me that the boy is receiving proper care."

If there is one community above all others where the courts deal mercifully and sympathetically with offending children, it is Georgia and Fulton county. The very temper of our people would not suffer any other condition to exist. The institution in which Ollie Taylor is now being sheltered and trained to useful citizenship is in many respects a model for the entire nation. The juvenile court system that was established in Fulton county some years ago is being splendidly administered and is yielding results for which the community may well be grateful and proud. Miss Lathrop's clear-out and thoroughgoing report should suffice to remove any and all false impressions.

## Bringing Settlers to Georgia.

It has been evident for several years past that the tide of American emigration which once flowed into Canada is turning steadily Southward. Settlers who formerly sought new lands and new opportunities in the far northwest or across the Dominion border are coming to realize the South affords them far richer advantages.

Even before there was any organized effort on the part of the South to attract new settlers, this movement was fairly under way and now that alert cities and States are advertising their resources and are making special appeals to the homeseeker, it has become more pronounced than ever. The trend of investment and population is in this direction. The important matter for each Southern community to consider is how speedily and how largely it will enjoy its due share of this inflow of people and capital.

The railroads of Georgia have been doing good work in this connection. They have given wide publicity to the State's agricultural resources and have devised special rates and plans whereby prospective settlers can visit the commonwealth. The results of this enterprise are already apparent. Hundreds of thrifty farmers from the west are visiting Georgia each season and many of them, with their families, remain.

It is important, however, that the individual counties which desire settlers co-operate with the railroads and with other responsible agencies. Ware county has set a timely example in this connection. A number of its alert citizens are promoting a company for the purpose of developing the necessary lands for a colonization plan. Such work will utilize much soil that is now comparatively idle and will tend to the upbuilding of all the county's interests.

Anyway, the sign of old age is never a forgery.

## Cedar and Its Substitutes

By Frederic J. Haskin

The continued scarcity of cedar, no less than the actual knowledge that the supply available is already insufficient for the apparently trifling matter of supplying lead pencils to the children of the next decade, is giving some uneasiness to the minds of those who find the lead pencil an instrument in daily use. Some ten years ago a woman in Philadelphia was foresighted enough to invent a paper pencil which had the added advantage of being sharpened by merely unwinding a strip of paper, but although millions of paper pencils have been sold and the invention brought a goodly fortune to the inventor, the demand for the wooden pencil still predominates and the manufacturers are being hard pressed to meet it.

Only one variety of cedar is available for the manufacture of lead pencils. This is the red cedar, known also as the Virginia cedar or Juniper berry. Its range extends only from the Ohio river on the north, as far east as eastern Tennessee and central Georgia, as far south as Tampa Bay on the west coast of Florida, and as far west as eastern Texas and western Arkansas. Nearly 350,000,000 lead pencils are manufactured in the United States each year and these require about 110,000 tons of cedar wood. Each day 300 tons, or about 20,000 cubic feet, of wood is used in the manufacture of lead pencils. Practically all of this wood must be of a selected stock of red cedar which is harder to obtain each year. More than a century ago the pencil makers in this country began to use this wood, taking no thought of the possibility of the supply becoming exhausted. The German government, with its customary prudence, took measures for replanting its cedar stock, and Germany is now becoming independent of imports and is even able to supply a certain amount of red cedar to the pencil factories of other European countries.

In America no such precautions have been taken and the pencil factories are now glad to buy even small quantities of old red cedar, paying for it at the rate of a cent or more a pound, or 40 cents a cubic foot. The price is likely to double in the near future. As it is necessary that pencil cedar be well seasoned, its age is an advantage, providing it is in good condition. Consequently, it is not unusual to see an old darkey dragging an old fence rail or a piece of timber out of some old building, towards one of the pencil factories which are scattered over various southern states. He knows the factory will buy it at a price sufficient to keep him in tobacco for many a day. Even a single cubic foot of good, well seasoned red cedar will not be refused by some factories.

Fully three-fourths of the cedar wood purchased by the pencil factories cannot be used for pencils, but has to go into the waste heap or be used up as some by-product. Only the heart wood is good for lead pencils. The outside or sap wood is sometimes utilized for pen holders. Pencil wood must be straight grained and free from knots and black specks. Before the wood became so scarce, the sap wood was allowed to rot by keeping the logs in water. This process tended to make the heart wood brittle and soft, good qualities for the pencil maker.

The search for cedar has spread throughout all the southern states, and has been most thorough. As late as 1900 nearly 2,000,000 feet of good red cedar timber were rafted down the Cumberland river from the vicinity of Lebanon, Tenn. It is said by experts that another such lot is not likely to be secured in this country within the next half century. The virgin cedar stands have all been exhausted, and old cuttings have been gone over repeatedly. Logs and trees which were passed by a few years ago are eagerly taken now. Old stumps are cut up and good pencil wood secured from them. Barns and cabins built of cedar many years ago are not escaping the searchers who buy this wood in large quantities. Fence rails and pickets are also taken. Sometimes the pencil men will secure old cedar rail fences by building modern woven wire fences in their places.

The pencil industry is not the only one which is being embarrassed by this exhaustion of the supply of red cedar, which the United States department of forestry claims could have been prevented if this government had taken the same precautions as did that of Germany. The manufacturers of cigar boxes have had to substitute another wood because it has become impossible for them to secure cedar. In the minds of some smokers this fact is responsible for the deterioration in the flavor of a number of brands of cigars. Instead of being packed in a box of fragrant red cedar, most cigars are now put up in boxes made of poplar or some other soft wood and are covered and lined with a thin veneer of Spanish cedar which is imported from Cuba for that purpose.

In the colonial days in this country red cedar was used for many varieties of household wares. Well buckets were made of red cedar more frequently than from any other wood. At the St. Louis World's fair was exhibited a red cedar bucket with brass hoops which was made in Tennessee in 1757. Its wood was still sound, although it had been in active use more than a century. Few cedar buckets are to be found now. Incidentally it may be mentioned that the use of paper as a material for manufacturing water buckets has been more satisfactory than for lead pencils and the paper or fibroid water buckets are to be found in large variety in every house furnishing store.

Coffins of red cedar were used extensively in the southern states half a century ago, and frequently they were placed in boxes of the same material. It has been rumored that old graveyards have been rifled by the pencil wood seekers. This report has been denied rather indignantly by the manufacturers who claim that aside from other reasons, wood which had been buried for so many years in board thickness could not be perfect enough to be available for pencils as, notwithstanding its durability, cedar will decay under such conditions.

## Short Cuts

### I—JOY OF FOLLY.

They say, oh, winsome queen of hearts,  
To whom I've played full many parts,  
That I, when weeping kisses shall rule,  
To you shall play the April fool.

They say the smiles you dole to me  
Are but of soft cajolery;  
That I'm a very fool indeed  
To jest and get so small a meed.

They say—but let them say their say!  
This way or that—what difference, pray?  
Rather than wise away from you,  
I'll play your fool the whole year through!

### II—NOT CATALOGUED.

Some people seem to be afraid  
To spend their cash at home,  
They send away for all they use,  
From engine down to comb.

They boast the house they patronize  
Can sell you anything;  
Just try 'em on your phonograph  
Or new false teeth, by jing!

Or else a hair cut and a shave—  
All these will jar their pins;  
But if you want to stump the bunch  
Sit down and order twins!

## BOY WANTED

BY DR. FRANK CRANE.  
(Copyright, 1913, by Frank Crane.)

Wanted—A boy that stands straight, sits straight, acts straight, and 'jks straight;

A boy whose finger nails are not in mourning, whose ears are clean, whose shoes are polished, whose clothes are brushed, whose hair is combed, and whose teeth are well cared for;

A boy who listens carefully when he is spoken to, who asks questions when he does not understand, and does not ask questions about things that are none of his business;

A boy that moves quickly and makes as little noise about it as possible;

A boy who whistles in the street, but does not whistle where he ought to keep still;

A boy who looks cheerful, has a ready smile for everybody, and never sulks;

A boy who is polite to every man and respectful to every woman and girl;

A boy who does not smoke cigarettes and has no desire to learn how;

A boy who is more eager to know how to speak good English than to talk slang;

A boy that never bullies other boys nor allows other boys to bully him;

A boy who, when he does not know a thing, says, "I don't know," and when he has made a mistake says, "I'm sorry," and when he is asked to do a thing says, "I'll try";

A boy who looks you right in the eye and tells the truth every time;

A boy who is eager to read good books;

A boy who would rather put in his spare time at the Y. M. C. A. gymnasium than to gamble for pennies in a back room;

A boy who does not want to be "smart" nor in any wise to attract attention;

A boy who would rather lose his job or be expelled from school than to tell a lie or be a cad;

A boy whom other boys like;

A boy who is at ease in the company of girls;

A boy who is not sorry for himself, and not forever thinking and talking about himself;

A boy who is friendly with his mother, and more intimate with her than any one else;

A boy who makes you feel good when he is around;

A boy who is not goody-goody, a prig, or a little Pharisee, but just healthy, happy and full of life.

This boy is wanted everywhere. The family wants him, the school wants him, the office wants him, the boys want him, the girls want him, all creation wants him.

## Captain Barnacle's Travelogues

BY JOHN H. WISHAR

"I never see a Holland Dutchman without, feeling grateful to the Dutch race in general," remarked Captain Barnacle, spying an Amsterdam merchant on the wharf.

"He wharf," "It was the Dutch, or rather their wooden shoes, that saved me from Davey Jones' locker. These same shoes also gave corns to half the natives in Borneo, and I made a fortune with my patent corn cure—but that's a different story."

"The wooden shoes are associated with the last voyage of the steamer Gough of Holland. This vessel was loaded with wooden shoes. The shoes were taken aboard in Java, where it had become a great industry to manufacture the shoes and ship them back to Holland. At that time I was master, and this was the first steamer I had commanded. Just as luck would have it, we ran into the tail of a simoon two weeks out, and the old steamer started to fill. When the water struck the hot boilers there was an explosion that scattered her ribs over several square acres of the Pacific ocean. We all landed in the water, but luckily no one was killed. The storm had gone down and the sea was also peaceful."

"I was swimming for all I was worth when all around me came a rain of wooden shoes. They had been blown away up in the air, and scattered in all directions. I hailed the sight with delight. They all floated beautifully, and calling the sailors to grab as many as possible, we tied them together with our clothes. There must have been about a million of these wooden shoes, and we collected nearly all of them. We piled them up into a great raft, and as we were in the Borneo current we knew we'd soon be washed ashore. It rained and the rain was caught in the wooden shoes. This gave us drinking water. Then we would drop a shoe over the side and small fish would swim in. So we had plenty to eat. Well, sir, on the fifteenth day after the wreck we sighted the Borneo coast and the next morning were ashore. The natives came down to the beach by the hundreds. Then I got an idea. I slipped on a pair of wooden shoes and walked around. After that the natives were wild for a pair each. Then we commenced to sell 'em. And, sir, we collected dry woods, food, skins, feather coats, and some pearls, enough to load a small schooner which came two days later. We left the natives hobbling about in their wooden shoes, and we sailed away with a fortune. That's why I feel kindly toward the Hollanders."

## City Universities

(The Independent.)

We have state universities, and we are beginning to have city universities. Among our cities which have successfully conducted such universities or colleges are New York and Cincinnati.

The city university is a new institution abroad as well as in this country. In England, such are the universities of London, Birmingham, Liverpool, Manchester, Leeds and five others, and such are the German universities at Hamburg and Frankfurt. The University of Leipzig is municipal and old. Our larger cities have universities already established by private benefaction within their own limits or close at hand, so that all that is needed to make them municipal is for the city to make an annual grant to the amount for the tuition of students living within their limits. Why should not Boston or New Haven or Chicago or Philadelphia pay the tuition of students at universities near at hand?

## The Trees of Paris

(Chicago Tribune.)

When the Parisian work of the planting on a great scale was begun under the reign of the ill-fated third Napoleon, holes five feet in depth were dug in the parkways along the streets. They showed that the soil conditions were not favorable to tree growth. It was sandy and pebbly and at the depth of five feet an impenetrable layer of hard clay was encountered.

But Paris was determined to have trees. A trench ten feet in length was dug about the site of each new tree and filled with rich, black dirt. Then in the municipal nurseries the young trees were pruned and trained to grow their roots horizontally instead of straight down, so that they might get the needed nourishment from the layer of rich dirt provided. As a consequence of that good start and of the continuing care which is exercised, the trees of Paris are perhaps the finest in the world and their average life is nearly forty years.

## CHORUS.

See them slimy, grimy crawlers  
Ragging, dragging, jaggy-jaggy  
Over the slimy sea, oh gee!  
Mark that time, kid;  
Through the slime, kid,  
Rag it along with me;

When the witch's oil begins to boil  
Oh, come and coil beside me, gail,  
While we do that Ancient, Ancient Mariner Rag.

THE DIARY OF OUR OWN SAMUEL PEPPY.

April 28.—With Fred, Kelly the scrivener and his friend Mr. Carmichael and W. Banning to luncheon, and R. Werrenrath the barytone, too, and much discourse of many things, and W. Banning told us many tales of the strange towns he hath been in. Also he gave us a story in pidgin English, very comical, and in correct dialect, too, which one seldom hears. Matching with coyness for the honour of paying the reckoning, it fell to F. Kelly, and he took it with a good grace. Thence to the ballpark, but find there is no game to be played, what with the wetness of the field, albeit I did think it was dry enough. To the great station to meet my wife, who hath returned from Pen's Woods, and so home on an omnibus with her. All the evening at scribbling, and so to bed.

## Among the Twenty-Five Thousand Children of Atlanta's Schooldom

## GRAMMAR SCHOOL FIELD DAY BETTER THAN EVER, SAYS DOCTOR TOEPEL

May 16 has been selected as the date for the annual field day exercises of the grammar schools of Atlanta, according to Dr. Toepele. Last year the affair was a huge success and promises to be better in every respect this time. The program consists of athletic contests for the boys and girls in the morning, and drills in the afternoon. There are running for the younger children at this time also.

The official program for the day, as announced by Dr. Toepele, is as follows:

**MORNING.**  
For Boys—Running high jump, standing broad jump, pull up, hundred-yard dash.

For Girls—Running high jump, standing broad jump, throwing basket ball, hundred-yard dash.

As prizes for these events, the usual gold, silver and bronze buttons will be offered.

**AFTERNOON.**  
Running races for the children of first, second, third and fourth grades.

Two from each class, eight from each school, will enter, and the winners will be given red, white and blue ribbons.

Butterfly round, by all the fourth grades of the city. This is an aesthetic exercise in which both the boys and girls of the fourth grades will take part.

American flag drill, by all the sixth grades and some of the seventh. About eleven hundred children will take part in this beautiful exercise, the like of which has never before been attempted in the city. The girls will be dressed in red and blue and the boys in white.

After forming on the field, the lines will come together and form an American flag in all its details, the girls in red and blue representing the stars and stripes and the boys in white as the white stripes. Each child who takes part will carry two small flags, and the effect produced will be very striking.

The Confederate veteran have been asked to take part and have responded with enthusiasm. After this drill the national songs will be sung and then comes the delivery of the prizes.

The affair will be in charge of Dr. Toepele and Miss Myra Graves, the assistant physical director of the schools. Four boys from the Boys' High school have been asked to act as judges.

**PRYOR STREET.**  
The Walter Rich Improvement club met last Friday. The main feature was a talk on consumption or the great white plague that is devastating our country, which was given by Dr. Toepele. He certainly gave Mr. Sage our most sincere thanks. After this instructive talk a few matters of interest were discussed and decided upon. Our baseball team has been playing with Crew and Frater the last two games with Crew and Frater. We won 5 to 5 and 15 to 12. The game with Frater was particularly exciting, in the first of the seventh inning the score was 11 to 6 and our team was in despondency. But presto! we had awakened and our spirit was up till the score was 15 to 12 in our favor. We occupy third place now and we hope to come second so we can play at Ponce de Leon with the second team on the north side.

We hope the city council will not pass the bill to give each school \$50 to install "penny lunches" for we do not want them. We want books. Our library already contains a large number of volumes, but we want more. If the bill is passed we hope we can use our money to enlarge our library. "Penny lunches" may be successful in some parts of the city but we believe that our mothers know better than anybody else what is good for us and will make us live long and happily.

We have heard from many sources that our boys marched better than those of any other school in the parade on Memorial day. We are very proud of this most acceptable fact. Mr. Jones was our commander-in-chief and our lieutenants were William Steele, Jr., Clyde Kimball and Bertram Kirkland, all of which commanded with matchless military skill. The other officers were discussed in last week's bulletin from Dr. Toepele.

**LEE STREET.**  
We are very proud of the boys from Lee Street school that marched in the parade and hope that every one who saw them thought that they were as good as we did. We know all of the girls wish they could have marched too, so as to get out at 1 o'clock as the boys did Monday.

Miss Harrison has selected our seventh grade as one of the few grades to sing in the concert at the auditorium on May 5.

Second grade B has about twenty potted plants in their windows. Four clematis and several other kinds of plants are blooming, which they have anxiously waited for all of the winter.

The fifth and sixth grades have been practicing hard for the flag drill which they will be in the field on May 16. Miss Zuber has complimented them greatly. They are very proud of the fact that they have been chosen to form the blue in the flag. They are working very hard to have every part of it just right.

Resolved, The electricity is more useful than steam! The debaters will be Genevieve Calhoun, Frances Alman, Marie Roberts and Marguerite Eberhart.

The primary grades enjoyed a visit from Miss Millidge today. The second A, second B and fourth B received "very good." The first A "very good plus" and the two third grades "excellent." This is the fourth time this year third A has received "excellent."

**VIRGINIA COLLIER.**  
**INMAN PARK.**  
At the meeting of the Parent-Teachers association at this school last Friday, Dr. Claude Smith, the city bacteriologist, lectured on the diseases caused by the fly and mosquito. Some fly charts have been placed in our school and they are being watched by the children with great interest.

The children of the fifth and sixth have been practicing and are now ready to the field day exercises.

In the memorial parade we had but three platoons, but each boy seemed to believe that the reputation of the school rested upon him and acted accordingly. Our boys were the first to reach the cemetery.

The boys who were in the parade felt more than compensated when Mrs. Johnson read them the letter of thanks from Superintendent Slaton.

The children of the sixth grade were glad to have Harry Smith return to school Monday, after a serious accident to his eye.

A committee, of which Laura Lee Pennington, Elizabeth Wilson and Roberta Browne are members, has been appointed to arrange a program for the closing day exercises.

**JESSE FINCHER.**

## AGNES SCOTT GIRLS PRESENT BEAUTIFUL MAY DAY PAGEANT

On last Thursday afternoon the first of May, the students of Agnes Scott college, enjoyed a real May festival. The students had been looking forward to the occasion for weeks and several days ago chose Miss Ethel McKay, of Macon, Ga., queen of the May. Her maids were Misses Theodora Cobbs, Ray Harrison, Isabel Norwood and Nenusa Leymour.

About 5 o'clock in the afternoon a long procession consisting of the queen and her maids, and representatives of all the classes in costume was formed on the colonnade of Rebekah Scott hall.

There were peasants, Irish folk, milkmaids and folk dances with Robin Hood and his band and maids.

The long line marched across the campus to the queen's throne, before which stood the Maypole, gay with its many colored ribbons, around which gathered the queen's followers to witness her coronation. Then all joined in the dancing, a beautiful folk-dance being given first by the peasant girls. This was followed by an attractive dance given by the students of the academy, representing Norwegian peasants, while Robin Hood and his band distinguished themselves by a skilful rendering of the Morris dance. And finally came the dance around the may pole. The dancers all represented hours, and formed a truly beautiful sight, as they wove the long, bright streamers around the pole. The girls were all attired in beautiful and appropriate costumes, and seemed to embody the very spirit of May as they joined in the happy festival.

The event was one long to be remembered, a truly beautiful, festive and joyful occasion and one of the most thoroughly enjoyable features of the whole college year.

There were many visitors present, and after the celebration a delicious supper was served in the campus. The proceeds of the entertainment were for the Y. W. C. A., which has done so much in thus inaugurating at Agnes Scott the observance of this most beautiful and time-honored custom—the celebrating of May day.

**SENIORS AT BOYS' HIGH GIVEN HOLIDAYS ON FRIDAY AND MONDAY**

The final examination in college algebra comes to the senior class of Boys' High tomorrow, and since there are only two who have not made the required 75 per cent to be exempt, the last two games will have the privilege of a holiday. The building was also used to conduct the examinations for public school teachers on Friday and the whole school was released from the routine of studies.

The speakers for the graduating exercises have selected the subjects of their orations, and are hard at work. Bascomb II. Torrance is the valedictorian, and his efforts will produce his usual finished and eloquent speech. Manning and Lowenthal are the other two from the classical section of the Boys' High school, who will deliver speeches at the graduation exercises on June 6. Torrance is the valedictorian.

**FORREST AVE. SCHOOL.**  
On last Thursday a most beautiful program was rendered by the pupils of the first grade, celebrating May day.

On the previous day the pupils made the beautiful May baskets which they filled with gorgeous flowers of every description on the morning of the entertainment. The pupils marched into their class room with baskets overloaded with flowers. On each little head was a flower wreath, and all were dressed in white.

Upon entering their room they sang several sweet and appropriate songs. The next interesting event was when the little girls sang their doll song, and also explained how they rocked them to sleep, scolded them and attended to them in general. The boys' part had a militant caste, and they sang their "Soldier" song with flags waving and drums beating, much to the delight of the roomful of guests. After a few more songs they adjourned to the auditorium for the final event which was a pretty drill and a little dance concluded the exercises.

**BOUWELL HUDGINS.**

**ASHBY STREET.**  
The second grade got a reward for best lines last week.

Nineteen children got the reward for best copy books in the second grade.

Herbert Manning, Emmet McClean, Louise Spivey and Roy Sturgis, of the deaf class, have neither been absent nor tardy this week.

The fifth grade got the highest in attendance last week.

After a long sickness, John Barker has come back to the deaf class.

Miss Millidge visited the school Monday and said the work was very good. She gave the second, fourth and fifth grades stars.

**PEARL L. SPENCER.**

**WINNERS IN TENNIS TOURNAMENT**

Left and right, Starr and Harris, who copped honors in the Boys' High tennis tournament, held the past week at the East Lake Courts. They were part of the doubles, while Starr ran away with the singles.

**Baseball in the Grammar Schools**

On the south side the Formwalt team seems to be making a clean sweep, and is on a fair way to bring another pennant to the halls of that pennant-winning school. They succeeded in coping from the Grant Park bunch on Friday by a large score, and the latter team is considered to be a strong contender for the rag. Crew also had little trouble in running away with the Georgia Avenue nine.

On the south side, the Boulevard-Luckie contest was won by a large count, the former coming off as victors.

The games by innings:

**South Side.**

**ATLANTA SELECT.**  
With only the remaining month of May to be completed our school is progressing smoothly and indications are that the classes will finish their work assigned them on schedule time.

Prof. Richardson has been busily engaged in making out the monthly reports and the boys are anxious to see them.

The Phi Gamma Literary and Debating society postponed its regular meeting on last Friday so as to complete the examination in mathematics.

At last our baseball team has loomed into shape, and we are ready to battle with any team between the ages of fourteen and sixteen.

Any team that would like to have a game with the "Atlanta Select" team, will please call Ivy 5974, between the hours of 8:30 and 10 p. m.

## STARR AND HARRIS COP DOUBLES IN BOYS' HIGH TENNIS TOURNAMENT

The tennis tournament held at East Lake this week by the Boys' High school came to a close yesterday afternoon, when Homer Starr defeated Bolling Jones for the singles championship of the school. The contest between these two was fast and close, standing in two sets and games until yesterday, when Starr succeeded in downing his opponent in the final set. In the doubles which were played off Wednesday, Starr and Harris came off victors, having little trouble in downing all except the team composed of Hoyt and Bedinger, two seniors, who gave the winners much trouble before the affair was brought to a close.

Harris is the youngest who gave Harry Hallman, the champion of last year, and winner of the prep honors, such a tight race in the singles. Starr is a new man in the game, but has won honors in football and basketball this term, and gives promise of big things before he leaves.

**Baseball in the Grammar Schools**

On the south side the Formwalt team seems to be making a clean sweep, and is on a fair way to bring another pennant to the halls of that pennant-winning school. They succeeded in coping from the Grant Park bunch on Friday by a large score, and the latter team is considered to be a strong contender for the rag. Crew also had little trouble in running away with the Georgia Avenue nine.

On the south side, the Boulevard-Luckie contest was won by a large count, the former coming off as victors.

## BOYS' HIGH WILL NOT ENTER TEAM IN PREP TRACK MEET ON MAY 9

It has been announced by the management of the track team of the Boys' High school that the school will not be represented in the prep track meet which is to be held at Tech Flats on Friday, May 10. The boys on the team feel that the work that they did in winning the recent meet with Tech High is not sufficiently appreciated. Then, too, a trip has been arranged with a five-man team at Riverside on May 17, and these two coming so close together would be more than they could stand.

The squad has some good material in Lochridge, Lopez, Holtzendorf, Neal, Newman and Schane, and would have a better chance of coping in the prep meet this year than ever before. It will undoubtedly be a great disappointment to the school in general as well as the men on the team if the high school team does not enter.

**PEOPLES STREET SCHOOL.**  
Now that Memorial day is over, and only five more weeks of school remain until vacation comes again, we have settled down to a few weeks of good, hard study, interrupted only by the constant practice for the field day exercises.

The fine weather we have enjoyed lately has brought up the attendance record. Very good averages were made by all the classes last week, and the fifth grade B made 100 per cent.

The picture offered in the third grade for the best work in spelling went to Josephine Henderson last week.

The Junior Civic club meeting was postponed from last Friday, as one of the debaters was absent. It will be held this Friday. The subject for debate will be "Resolved, That public schools are preferable to private schools."

The children of the second grade B all had very good marks on the final examinations. Several of them deserve special credit for having 100 in all three finals. These are Edwin Hollinsworth, Lois Bolles and Mary White.

The ball game with Crew Street, which was postponed April 18, was played the 23d with a close score of 6 to 5 in our favor. The game was well played, the features of Peoples Street's playing being the two home runs knocked by Warren Pollard and Paul Gunn, and the double play from Burnett to Gunn. A game was also played with Formwalt Friday. Defeats must be told about after victories, but the Peoples Street team put up a stiff fight and "died hard."

## PEACOCK DOWNS TECH HIGH IN A TEN-ROUND FRAY

BY A. C. M'PHAIL.  
Peacock-Fleet downed the Tech High school aggregation Tuesday afternoon in a lengthy ten-round battle, the final score being 9 to 8. The game was a hitting festival from start to finish, each team pounding out quite a number of hits. The Fourteenth Street boys showed up better in this game than ever before, a big improvement in every department of the game being evident. With the big stick they clearly outclassed their opponents. One home run, three three-baggers, three two-baggers, and eight singles made up the list that was extracted from Parks. Tech High's star hurler, while ten singles went to the credit of the Tech High batsmen, Harlan's home run in the third chapter, with two out and two men on bases, was the most exciting feature of the game.

Harlan, McRae and Carraway did the most important work for Peacock-Fleet, while Thomas and Parks W. worked fine for Tech High. The holding of the two teams was fairly good.

The score by innings is as follows:

**PEACOCK-FLEET.**  
P. F. S.....004 021 000 2 3 14  
T. H. S.....102 013 000 1 8 10

Batteries: Sams, Wells and Harlan; Parks J. and Hair. Struck out: by Sams 2, by Wells 5, by Parks 1. Bases on balls: off Sams 1, off Wells 1, off Parks 3. Umpires, Hardin and Culver.

The first round in singles and in doubles in the team's tournament in Peacock-Fleet was played off this week, and the best part of the tourney is now ready to be played off at East Lake next week. The unusually large number of entrants required quite a long time to settle all the matches of the first round, but the remainder of the tournament will now be completed in a few days.

The double-header between P. F. S. and Athens High School that was scheduled to be played here and there this noon was called off late yesterday owing to a disagreement between the teams.

The speakers chosen for commencement are: Valedictorian, L. Parker; senior orators, George Saville and Thomas; junior orator, B. Rodriguez. The sophomore and freshman declaimers are Jessup and Brooks, respectively.

Our track prospects received a serious setback by some of the men who disabled A. B. Smith, who is looked forward to on the jumps, has been kept busy with baseball and the same can be said of Rabb. Snedeker has not been able to throw the hammer on account of being ill, and Davis has had the tonsillitis for the last week. Hagan, who was showing up splendidly on the pole vault, has a sprained ankle.

**LITTLE STORIES FOR BEDTIME**  
BY FORTENOT W. BURGESS.

Ever since Farmer Brown's boy and Reddy Fox had found his new house in the far corner of the old orchard Johnny Chuck had been worried. It was not that he was afraid for himself. Oh, no, no Johnny Chuck was not afraid to take care of himself. But there was Polly Chuck. He was terribly afraid that something might happen to Polly Chuck. You see, she was not big and strong like him and then Polly Chuck was apt to be careless. So for a while Johnny Chuck worried a great deal.

But Reddy Fox didn't come again in daytime. You see, Bowser the hound had given him such a scare that he didn't dare to. He sometimes came at night and snuffled about in the very way in which he took each step. There was a bit, and farmer's Brown's boy seemed to have forgotten all about the new house. So after a while Johnny Chuck stopped worrying so much. The fact is Johnny Chuck had something else to think about. He had a secret. Yes, sir, Johnny Chuck had a secret.

Sammy Jay came up to the old orchard almost every morning. His sharp eyes were not long in finding out that Johnny Chuck had a secret, but try as he would he could not find out what that secret was. Whatever it was it made Johnny Chuck very happy. He would come out on his doorstep and smile and sometimes give a funny little whistle of pure joy. It puzzled Sammy Jay a great deal. He couldn't see why Johnny Chuck should be any happier than he ever was. To be sure it was a happy time of year. Everybody was happy. It was spring time. The Green Forest and the Green Meadows, even the Old Pasture, were very lovely. But somehow Sammy Jay felt sure that it was something more than this, a secret that Johnny Chuck was keeping all to himself, that was making him

so happy. But what it was Sammy Jay couldn't imagine. He spent so much time thinking about it and wondering what it could be that it actually kept him out of mischief.

One morning Johnny Chuck came out looking a little different in his bushy coat and chuckled as only a happy Chuck can. Then he did foolish things. He kicked up his heels. He rolled over and over in the grass. He whistled. He even tried to sing, which is something no Chuck can do or should ever try to do. Then suddenly he scrambled to his feet, carefully brushed his coat and tried to look very dignified. He strutted back and forth in front of his doorway as if he was very proud of something. There was pride in the very way in which he took each step. There was pride in the very way in which he held his head. It was too much for Sammy Jay.

"What are you so proud about, Johnny Chuck?" he demanded in his harsh voice. "If I didn't have a better looking coat than you've got I wouldn't put on airs!" You know Sammy Jay is very proud of his own handsome blue and white coat and dearly loves to show it off.

"It isn't that," said Johnny Chuck. "Well, if it is because you think yourself so smart to hide yourself up here in the old orchard let me tell you that I found you out long ago, and so did Reddy Fox and Bowser the Hound and Farmer Brown's boy," sneered Sammy Jay in the most disagreeable way.

"It isn't that," said Johnny Chuck. "Well, what is it, then?" snapped Sammy Jay.

"That's for you to find out," replied Johnny Chuck.

There's foolish pride, and silly pride and pride of low degree; A better pride is honest pride, and that's the pride for me.

And with that Johnny Chuck disappeared in his new house.

**ALASKAN PROBE TO CALL IN G. W. PERKINS**

(By Associated Press.)  
WASHINGTON, May 3.—As a result of testimony before the senate territories committee today, representatives of the Morgan and Guggenheim interests in Alaska will be asked what they know of alleged threats to retard the development of territory.

J. E. Ballane, of Seattle, before the committee today declared George W. Perkins had told him several years ago that the Morgan interests never would permit the development of Alaskan railroad until coal claims there were obtained under government patent.

Members of the committee were greatly interested in Ballane's testimony and declared Mr. Perkins and others interested in the Morgan and Guggenheim companies would be asked to appear.

**JAPANESE STUDENTS ABANDON SWORD DANCE**

(By Associated Press.)  
PHILADELPHIA, Pa., May 3.—Japanese students of the University of Pennsylvania who were to have appeared in a "sword dance" at the central branch of the Young Men's Christian Association last night, declined to give the exhibition "because it might prejudice Americans against their race." They substituted a Ju jitsu exhibition.

"While we are sure that the majority of the audience would understand that the dance is but a portrayal of the customs of our forefathers," said one student, "many might assume that the Japanese nation is still peopled by barbarians. We feel very warmly toward Americans and want to preserve their respect."

# Sewanee Plays Tech Jackets==Atlanta Closes With Barons

## Hit in Pinch Gave Atlanta Second Game

Bausewein Was Unhittable When the Bingles Counted for Runs—Crackers Now Enjoy the Edge in Series

(Special Dispatch to The Journal.) BIRMINGHAM, Ala., May 3.—With George Bausewein working to a finish in the pinches and the Crackers hitting Hardgrove when hits meant something more than goose eggs in the tally sheet, the Atlanta club assumed charge of the game yesterday and defeated Birmingham, 2 to 1. There was another something that helped the Crackers, and that was luck, which certainly broke in favor of the Smith clan.

Hardgrove pitched wonderful ball for Birmingham and allowed four hits. Bausewein hurled well for Atlanta and gave up eight. Atlanta won. There you are.

The Barons were not there. They gave Hardgrove rotten, putrid support. Six errors came at the critical points in the game and worked havoc with the score sheet. Under the sixth nobody had scored. In that frame Bausewein's Texas leaguer, Long's rap to third, and Azler's infield scratch, coupled with the bad bounce Alperman's roller to short took, netted the Crackers a run. Well, Bill kicked it a block, and the winning tally for Atlanta walked in.

The Barons scored one in the eighth, when they filled the bases on a pass and two singles with nobody down. Carroll fanned, Ellum sacrificed to right, scoring Bodus, and Mayer whiffed the breeze.

## GET LESSONS AT BALL YARD

NEW YORK, May 3.—Baseball as an incentive to the study of arithmetic, which has recently been tried in schools elsewhere, is being tried in the Girls' High school in Brooklyn. Dr. William L. Felter, the principal of the school, intimated to the management of the Brooklyn baseball club that 500 girls were to have a class in percentage yesterday, and the club invited them to make a classroom of Ebbetts field.

They did so, and combined the fun of seeing a good ball game with an arithmetical test in figuring percentage of hits, runs and errors.

## VOL CLUB LOOKS GOOD WILL MAKE NO CHANGES

BY JACK NYE  
A more first division berth will not satisfy the Volunteers this season. They have serious designs on the pennant.

What authority have we for this statement? As if our word were not enough, we take pleasure in presenting Hon. W. G. Hirsch, the genial and popular president of the local baseball club. President Hirsch, being duly presented, has the following to say:

"It's about time Nashville was winning another pennant and Manager Schwartz and myself are determined to turn the trick if possible. We have a first class team in every respect, with the single exception of the twirling staff, which is still not well balanced. But we are in a position to correct any weakness in the box in short order and intend to do so before many days.

NO OTHER WEAKNESS  
"Outside of the pitching staff, we compare favorably with any team in the league and I believe that only Atlanta and Mobile are our equals, the former by reason of its heavy hitting and the Gulls because of their steady pitching staff and general all-round excellence. As a fielding organization, we lead the league by a wide margin and the men have not yet reached their real stride with the bat. The fact that they have been able to win a majority of their games while hitting less than any team in the circuit, certainly speaks well for the brand of inside ball Bill Schwartz is getting out of them and when they do begin to hammer the ball, as they are sure to do soon, you can watch for them to have a sensational winning streak that will put them around the top, if not on it.

"We are well pleased with the two new pitchers secured from Cincinnati. Dahlgren proved he had the stuff in the second game with Birmingham. Bill Schwartz writes me that he is more

## Coming Star

RUBE BENTON, Southpaw of Cincinnati Reds who critics believe will eventually develop into as great a hurler as Babe Marquard.

## Hitting Fest Won by Georgia

Seventeen Hits Made off Tennessee Twirler—Every Player in Game

ATHENS, Ga., May 3.—Georgia fattened her batting averages again Friday when they rapped Hutchinson, Tennessee's star hurler for seventeen safeties. Corley, who faced Tennessee, got away with five hits registered against him.

Glen, McWhorter and Harrison had big days with the stick, rapping out three hits apiece. Two of McWhorter's were clean home runs, and one of Harrison's was a screaming single which took a bad bound and went in the ditch for a circuit smash. Every regular on the team got a hit.

Tennessee scored when Cunningham sent in substitutes, who were a little nervous. The volunteers also added to Georgia's hits their many errors. Holdon, the man who is taking Covington's place at third, played a steady game, and got one hit.

It is getting to the place now where the only men who star for the Crackers' collegiate aggregation are the men who hand on the opposing twirler for more than two safeties.

## Umpires Are Named For Appalachian

KNOXVILLE, Tenn., May 3.—President Jacob Smith, of the Appalachian league, has appointed three umpires to officiate in this league during the present season, as follows:

C. M. Wainwright, Athens, Ga.; H. N. Minnis, South Pittsburg, Tenn.; Harry Nickens, Nashville.

Umpire Wainwright is very well known in this section, and his selection is a popular one with the fans. Wainwright is a little service in the Appalachian last season, his work being of the especially high order.

Of the other two men little is known here. However, they were personally recommended to President Smith as men who are real umpires in real games.

## Operation for Gutch; Hurt During Match

MARSHALLTOWN, Iowa, May 3.—Frank Gutch, of Humboldt, Iowa, champion wrestler, underwent an operation in a hospital here for the removal of a bone growth in his nose. The growth is said to be the result of an injury sustained in a wrestling match several years ago. Gutch has lately experienced difficulty in breathing and hearing. The right side of the nose was operated on today and the other side will be treated later.

## Whitney's Horse Is Third in Big Race

NEW MARKET, England, May 3.—The two thousand guinea stakes for three-year-olds over a mile course was won by W. P. Whitney's colt, Gragour was second and H. P. Whitney's Meeting Horse was third. Fifteen ran. The French winner was ridden by Johnnie Reiff, and the American horse by P. O'Neill, both American boys.

## HOW GAMES WERE WON

The only run the Reds made against the Cubs yesterday came in the third when Bescher tripled and Evers threw into the stand trying to head the runner at third.

Smith held the Cubs to four scattered hits, but lost the game, wildness and errors being responsible.

Pittsburg won its first game, after suffering five straight defeats by trouncing the Cardinals yesterday, 5 to 4. Hard hitting by Miller, who got a triple and a double, helped the Corsairs.

With the score of the Brooklyn-Boston game tied at the end of the eighth, an at-bat man on bases in the ninth, Mann smashed a liner to center, just as the runners started a double steal. Stengel was coming in fast, expecting to back up a throw to second, and the ball shot over his head for a home run.

In the eighth inning of the Philadelphia-Giant game, Doolan dispensed a decision of Umpire Byron's and was ordered off the field.

Brenton, doing the slapping for New Orleans yesterday, allowed the Turtles but three hits, the Pels coping 8 to 1.

Dave Robertson, who broke up the Mobile-Montgomery game the other day with a drive over the fence in the twelfth inning, featured the battle between the two clubs with a triple and a double, both of which scored runs.

## Fittery and Brady Named To Pitch Game

Concluding Battle at Rickwood Field Slated for Saturday. Two New Players for Barons Report Next Week

BIRMINGHAM, Ala., May 3.—The Atlanta-Birmingham series will be concluded with the game here Saturday. Brady working on the mound for Billy Smith and Fittery for the Baron mogul. Mayer and Dunn will again do the backstopping. Pat Graham, the other Atlanta catcher, being in the outfield owing to the absence from the lineup of Bailey.

The Crackers lead in the present series two to one and the Barons are anxious to get at least an even break by winning today, the Crackers having won three of the four games in the last mix-up.

Manager Molesworth has started to strengthen his club by the addition of a new outfielder and a third baseman, and it is possible that another mound artist will be taken on shortly. Pete Kinsey, an outfielder, and Eddie MacDonald, a third baseman, are the two men who have been purchased from the Chicago Cubs. They will join the club here the first of next week and jump right into the game. Carroll, the present third sacker, being held as utility and pinch hitter.

## WHITEY BIG AID TO BILL

Whitey Alperman is a great aid to Billy Smith and the blond second sacker is in the game all the time. He and Smith consult on plays, evidently judging from their close position on the bench and Smith can make no mistake by taking much of Alperman's advice. The Crackers' keystone guardian is one of the most valuable players in the league and around him the Atlanta team is built.—Birmingham Ledger.

## TODAY

CHATTANOOGA, May 3.—Nashville and Chattanooga meet this afternoon for the fourth game of the series. The weather is warm and clear. Batteries, Chattanooga, More and Street; Nashville, Williams and Noyes.

NEW ORLEANS, May 3.—Memphis and New Orleans will play the final game of the series today, with Southpaw Evans, of the local club, pitching, and Angemier behind the bat. For Memphis Kroh, also a southpaw, and Seabough, catching, will be the battery men.

Memphis will leave tonight for home, playing Nashville Sunday. Pitcher Intyre and Outfielder James, recently taken on by Manager Frank, reported for work today.

MOBILE, Ala., May 3.—Campbell and Berger are scheduled to work on the mound for Mobile today, with Brown behind the bat. Paige will pitch for Montgomery with Donahue receiving.

Mobile's first baseman, is out of the game owing to illness and may be out permanently. He was taken ill on the field Friday, just before the game started. Dave Robinson will hold down first temporarily and Corbett will be sent to right field.

Manager Dobbs, of Montgomery, announces the purchase of Shortstop Knappe from the New Orleans club and he will report as soon as the New Orleans manager gets Williams from Atlanta.

## Again Riverside Wins; Gordon Team Is Loser

SAVANNAH, Ga., May 3.—Riverside ran away with Gordon here Friday afternoon by a score of 13 to 2, incidentally winning her fifteenth straight game.

The fourth inning was fatal for Gordon. Riverside scoring eleven runs during that session. Crow and Press batted well for Riverside and Morris started at second.

R. H. E. Riverside 13 2 6  
Gordon 2 6 6  
Haynes and McNeill and Montgomery; Slappey, Hughes and Bankston. Umpire, Fluker.

## Federal League Opens

CLEVELAND, May 3.—The first game in the first series of the Federal league will be played here between the Covington, Ky., and Cleveland teams. Sam Leever and Cy Young, both former big league pitchers, are the rival managers. Ten years ago the two opposed each other in a world's championship series, when Young pitched for Boston and Leever for Pittsburgh.

A curious incident of the game between the Yankees and the Athletics came in the fourth when the Highlanders jogged around the pillars for four runs, scored on errors and passes with the aid of only a scratch infield hit.

Bob Groome, hurling for the Senators, allowed the Red Sox but one hit until the sixth inning, when they tied the score on three singles and a couple of passes. Washington won out in the seventh.

Brenton, doing the slapping for New Orleans yesterday, allowed the Turtles but three hits, the Pels coping 8 to 1.

Dave Robertson, who broke up the Mobile-Montgomery game the other day with a drive over the fence in the twelfth inning, featured the battle between the two clubs with a triple and a double, both of which scored runs.

### Will Quit Track

CHICAGO, May 3.—Irr N. Davenport, the great half-mile, is en route to Hot Springs, Ark., to begin training for his last race. He has announced he will retire from active athletics after competing in the Central A. A. U. championships at Northwestern field on June 21. He hopes to crown his career on the cinder path by establishing a new world's record for the half-mile.

### Federal League Opens

CLEVELAND, May 3.—The first game in the first series of the Federal league will be played here between the Covington, Ky., and Cleveland teams. Sam Leever and Cy Young, both former big league pitchers, are the rival managers. Ten years ago the two opposed each other in a world's championship series, when Young pitched for Boston and Leever for Pittsburgh.

## Jordan Is Bit High-Priced Man and This May Block Deal for Him

It now looks as if Shortstop E. Williams, recently turned over to Atlanta by Washington, will have to be sent to the New Orleans club, Manager Frank having made a fight for the youngster following his claim which was filed on February 1.

In the event Williams is ordered to New Orleans it is possible that Otto Jordan, ex-Cracker manager, will be signed for utility roles by the Atlanta club.

Since Jordan's unconditional release by the Chattanooga club it is known that he has been anxious for a job with the Crackers, his first love, and all that stands in the way of signing this popular player is the salary question. With Williams working as utility the Atlanta club is right now jam up to the monthly salary limit, and to take on Jordan in place of Williams is an impossibility, unless the veteran is willing to sign for less than ever before.

Right now Jordan is in communication with several clubs relative to signing for the remainder of the season, but he has yet to come to terms with them. He would prefer to come to Atlanta and it is possible that he will willingly come down a few dollars in his past pay.

When Williams was first turned over to Atlanta the Pelicans made a kick, Frank claiming he had put in a claim for the remainder of the season, but he has now taken the matter to the highest baseball tribunal and it belongs to look as if he will be awarded the youngster. It is purely a question of baseball law and if Atlanta loses the player there will be no money lost.

Every club needs a good utility player and if it would make a successful race for a pennant, and Manager Billy Smith intends to keep on hand just such a man, Jordan would undoubtedly be the right man for the place.

# Jordan Would Look Good as Utility Player for Cracker Club

## HANK HAS ROLAND TO HELY HIM IN HIS PUN TO REACH THE GAME---BUT!

BY FARREN

## THE SPORTLIGHT BY GRANTLAND RICE

### THE CASEY AFTERMATH.

When Casey on that day cut gasbes in the air, And fell down like a bush-league mutt with several lengths to spare; Did Casey—mighty Casey—speak as follows, or to-wit— "That bloke had more upon the ball than this old dog could hit?"

No—Casey trailed the Union Rules and held the ancient laws; He spoke no words of "curves and speed"—or "stuff without a flaw"— But trailing backward to the bench there came this final fling— "What has he got? That bushier—why, he hasn't got a THING."

### EVERS VS. TINKER.

Any doubt now as to whether or not Evers would be able to beat out Tinker has vanished. All that Joseph the Red has to fall back on before clipping the Cubs is amastodonic miracle. The season may be young and all that bally sort of thing, but it is old enough to indicate that the Reds will never catch the Cubs in this gala season of 1913. They may be in 1914 or 1915, but not by the forthcoming October.

There was a brave badinage of fast flying dope between the two clubs on April 9. Whereupon it took Evers, exactly three weeks to conclude said badinage for good and all. No gap between two ball clubs was ever opened with such speed before nor carried forward with such a rush.

No wonder that Washington investigation of the baseball trust ceased with such sudden abruptness.

When the congressional probe was started some keen-eyed politician soon discovered that the greatest trust or monopoly in the game was lodged in the main hinge attached to Walter Perry Johnson's shoulder.

If the heart of the monopoly is to be shattered the only fair procedure would be in dismantling Johnson's arm. If the congressional committee cares to take a chance of being boiled in oil it can start after the big slaban without delay.

In reply to those who have queried as to what is the matter with the Yanks, we point to the standing of the clubs without further words. Even an additional comma would be wasted evidence after that.

The Dodgers can win for any other pitcher on the club except Nap Rucker. They have been kicking Nap's games away for so many years that force of habit still controls when the great southpaw steps in the box. It is only necessary to inhale a look at the set, earnest faces of the Dodgers when Rucker strolls into the box. They can hardly restrain themselves from blowing wide open as the first ball is pitched. If Dahlen expects to win with Rucker he should give him a fair chance and let him try it alone some afternoon.

### THE BEST DEFENSE.

"The best defense in the world," Hurry-up Yost was wont to remark, "is a strong attack."

In the same direction Evers and company have apparently figured out that the best pitching staff in the world is the one backed up by five or six runs per game.

There may be another answer to this, however, when the Cub machine next week starts in against Seaton, Alexander, Rucker, Mathewson, Marquard, etc. The balance of pitching in the National League is all in the East.

It took a regular disease to block Kid Foster out of the battle line. The Senator star stuck through 154 games last season and when his temperature drops as low as 103 he's liable to be back at third again.

The answer as to which wins offnest—great hitting or star pitching, was answered when Johnson met the Athletics. And the answer was 2-0, Johnson predominating.

## CHURCH TEAMS ORGANIZED INTO FAST BALL LEAGUE

NEWARK, N. J., May 2.—A baseball league, composed of teams representing the largest churches at Rutherford, N. J., has been organized and will shortly begin its season's schedule. The league was organized with the object of increasing the Sunday school attendance, as no player will be allowed to participate who is not a scholar in the classes of one of the churches which are members of the association. They are the Presbyterian, Unitarian, Congregational, Methodist, Baptist and Episcopal churches. At the first meeting of the league a constitution was drafted and approved and officers elected.

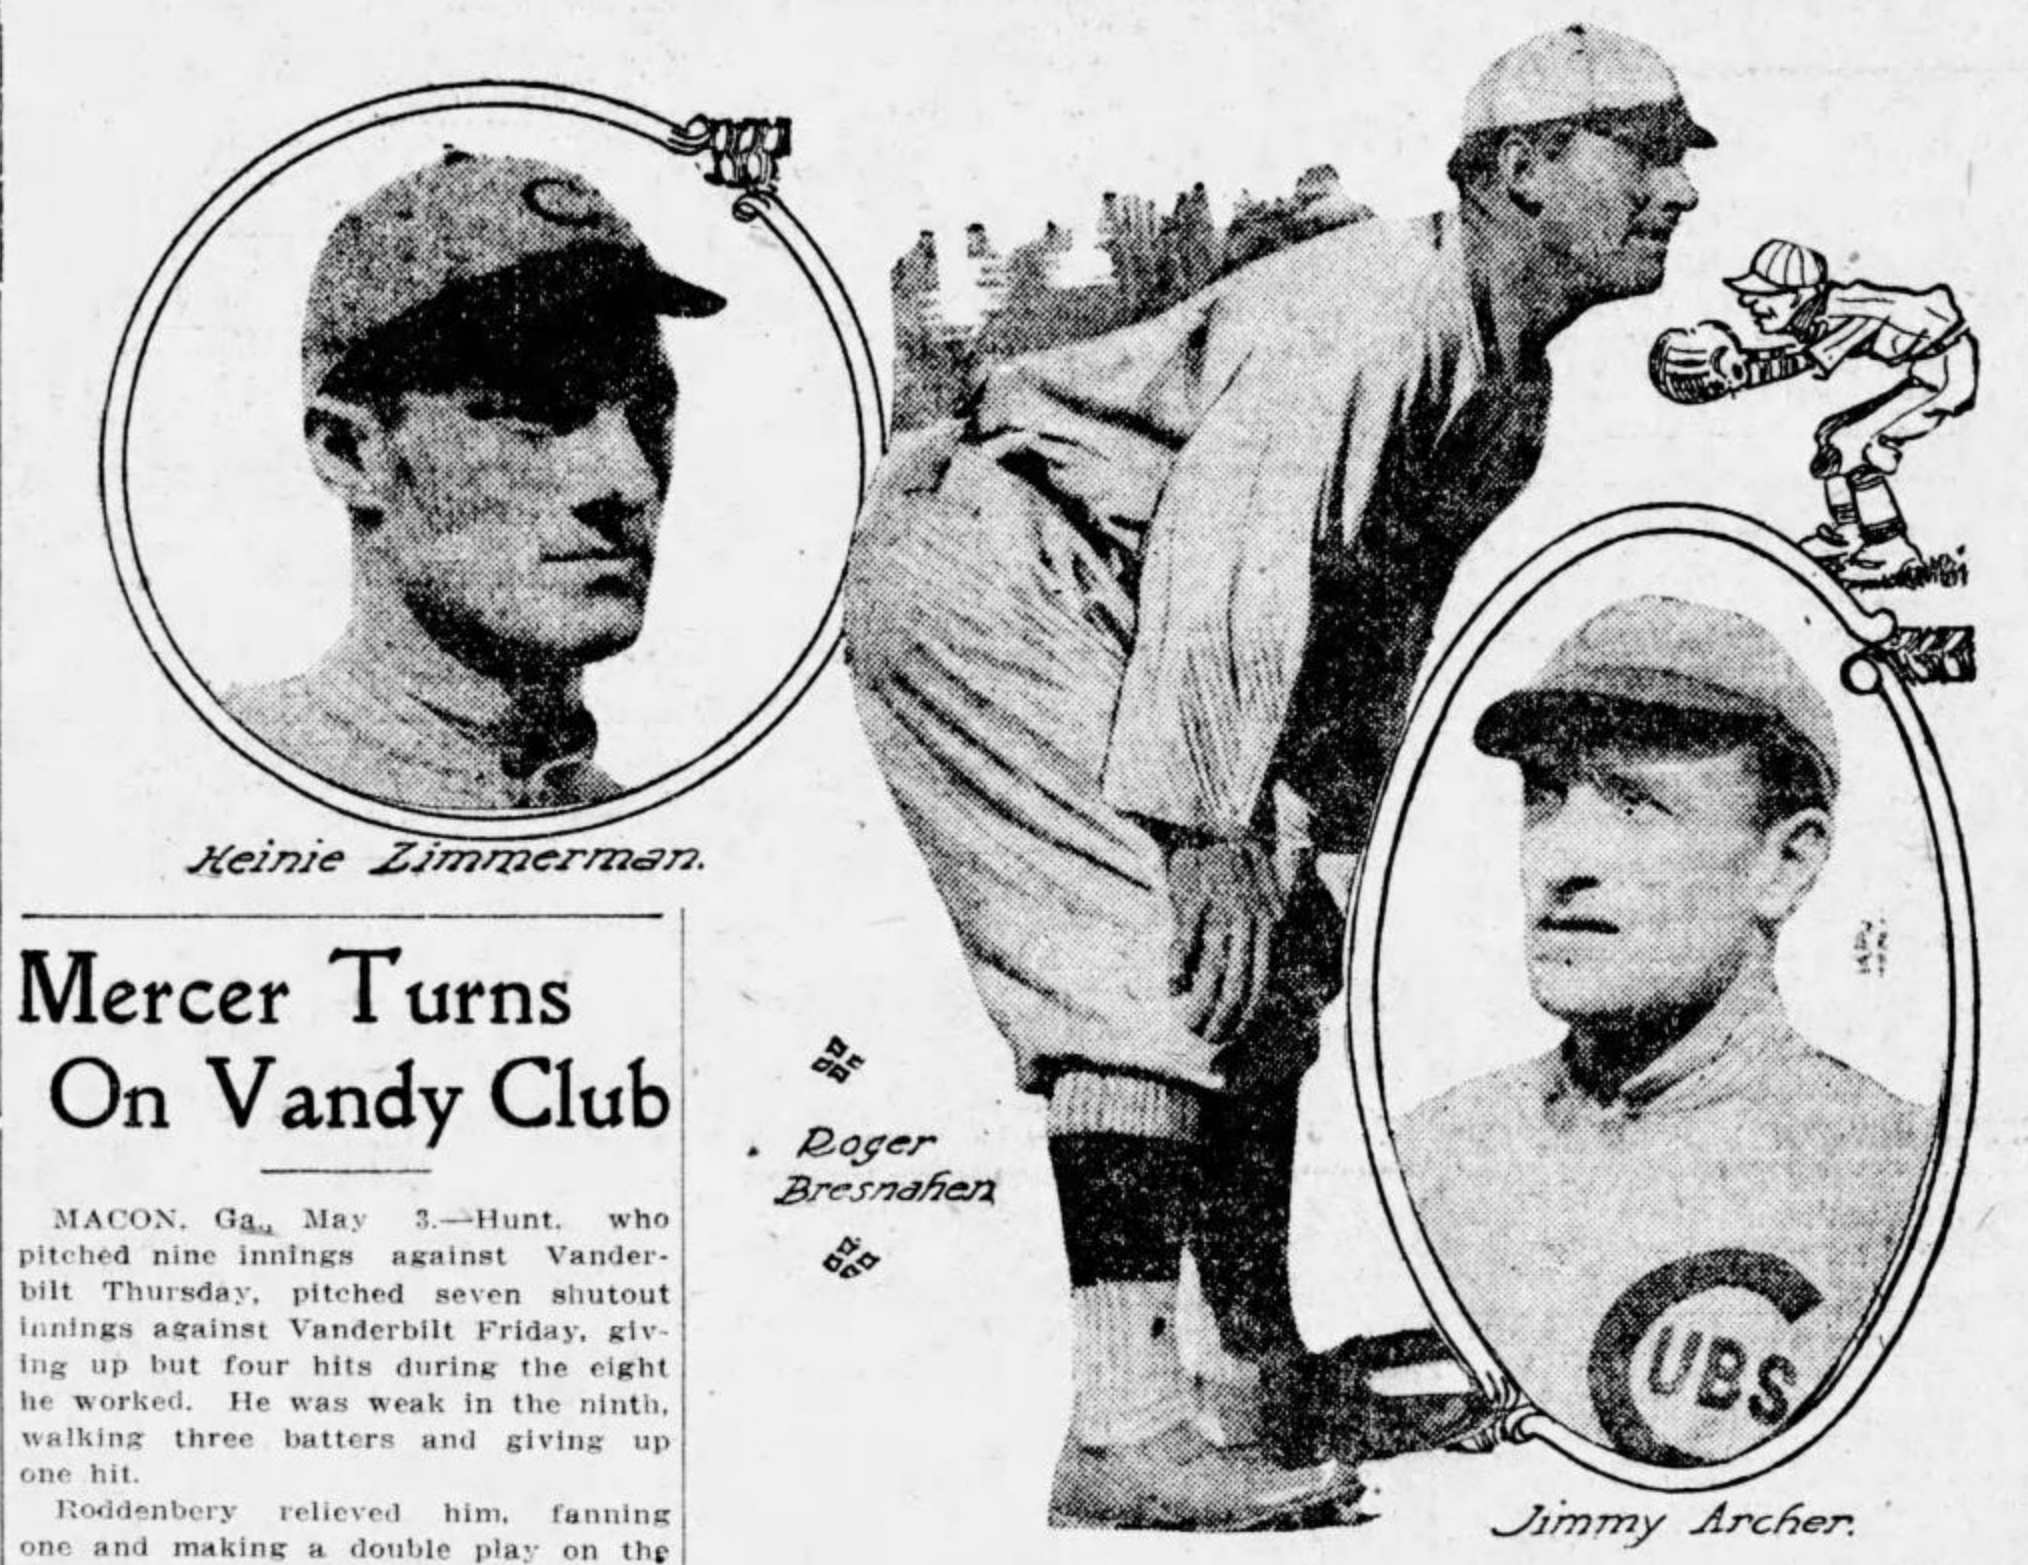

A schedule of twenty-three games was adopted, the first contest to be played on May 3. All games will be played on Saturdays. Double-headers will be played every week and on holidays throughout the season. The games will be played on the grounds of the Rutherford Field club.

The victorious team will be awarded a championship pennant and trophy, the latter a handsome silver loving cup. Other trophies and prizes will also be given.

The highest individual score, which was rewarded with a handsome gold medal, was won by "Baby" Taylor, of the freshman class, with a score of sixteen points. "Baby" Taylor is a man of football fame, and tips the scales at present at 220. Notwithstanding this, he won first in the 100-yard dash—time, 10 2-5 seconds. He also won the shot put, and ran the 220 dash in twenty-four seconds flat, winning first in this also. He also won points in the broad jump, the high hurdles and the hammer throw.

The officers of this organization are going at it in a "sane, sensible way," said Mr. West last night. "Their purpose is not to kill horse racing, but to kill gambling. They are not after the directors of racing associations or the law enforcement officers of the county; they are after the gamblers."

## Mercer Turns On Vandy Club

MACON, Ga., May 3.—Hunt, who pitched nine innings against Vanderbilt Thursday, pitched seven shutout innings against Vanderbilt Friday, giving up but four hits during the eight he worked. He was weak in the ninth, walking three batters and giving up one hit.

Roddenberry relieved him, fanning one and making a double play on the next two outs. Mercer made eleven errors Thursday and Vanderbilt an equal number Friday, which cost them the game, Mercer 7, Vanderbilt 2.

Score: Vanderbilt... 2 4 11 Mercer... 7 9 1 Batteries—McClure and Brown; Hunt, Roddenberry and Irwin.

## Locust Grove Cops

LOCUST GROVE, Ga., May 3.—Locust Grove Institute showed a complete reversal of form Wednesday and defeated the North Georgia A. and M. college, 13 to 1.

Locust Grove scored five runs the first inning and the Dahlonga farmers went up in the air, and when they got back at the end of the seventh L. G. I. had 13 runs.

Herrington started to pitch the game but retired during the third for palpation.

Combs pitched well and the North Georgia team did not reach third but once.

The entire L. G. I. team hit the ball for a total of 18 hits.

In the first inning, with the bases full, Culpepper hit for a home run.

The game was called at the end of the seventh inning to allow Dahlonga to catch a train, but L. G. I. was still scoring, making four in the seventh.

North Georgia A. and M. left for G. M. C. for a series of games.

The following is the score: R. H. E. Dahlonga... 100 00 0—1 2 3 Locust Grove... 5000 202 4—13 18 2

Batteries—Dahlonga: Herrington, Falmour and Huey. L. G. I.: Combs and McCorvey. Umpire, Combs.

## N. G. A. C. Club Winner In Tenth Straight

DAHLONEGA, Ga., May 3.—By defeating the Dahlonga Athletic club, the North Georgia Agricultural college scrubs registered their tenth consecutive victory, having played the whole season thus far without suffering defeat.

Cliff Robinson twirled for the scrubs and was in magnificent form, fanning sixteen men. This young southpaw shows great promise of developing into a star. Griffin, Brock and Brown starred with the stick, while Bush did great work on the bases.

Score by innings: R. H. E. Dahlonga A. C... 100 100 200—4 4 6 N. G. A. C... 103 041 112—13 16 0 Batteries—Robinson and Bush; Baker, Kerr and Huff.

## Hot After Gamblers At Racing Tracks

ALBANY, N. Y., May 3.—The state Law and Order alliance is going to see to it that the race track gambling law is enforced on every track this year, according to its superintendent, George H. West.

## Mountaineers Downed Marist

Yesterday afternoon at the Marist campus, Stone Mountain defeated Marist college, 7 to 3. The game was slow, and except for the sixth and ninth innings was very uninteresting.

Allen, Callahan and Roberts played good ball for Marist, Allen and Roberts each getting two bingles, one of Roberts' going for two sacks. Callahan pitched good ball, but his support was not as good as it has been. Allen featured in the only double play of the game, catching a hot one off Horton's bat and doubling Morton off first.

For Stone Mountain, Vanderve was the star. He gave up only five hits and made nine men fan the air. He secured two hits and drove in one run. Monahan and Morton also played well.

U. S. M... 100 000 600—7 5 3 Marist... 200 000 001—3 8 4

Summary—Two-base hit, Roberts; struck out, by Callahan 6; by Vanderve 8; walked, by Vanderve 4; double play, Allen to Cheevers; stolen bases, Allen 2, Struppner, Norton, Tolen, 1; 4; 5. Umpire, Dean.

## Rome Ready for Opening Fracas

ROME, Ga., May 3.—The Rome baseball team is setting in fine shape for the season's work. The team played the Rome High school yesterday afternoon, winning by a score of 29 to 0.

John Cochran, a hard hitting outfielder who was with the Southeastern league last year, made three home runs, Fumell, who played shortstop on the Morrisstown club last year, hitting .243 and fielding .897, joined the squad yesterday.

Hudnall will probably hold down third base. Hopper and Powers are putting up a warm fight for first. In the outfield, Reidy, Cochran, Whitfield or Reece will work. There is a big line of twirlers to choose from, including Davis, Killingsworth, Moore, Schoettlin, East, Golins and DuBose.

The next engagement of the local team will be on Saturday afternoon with the Lindale aggregation.

## Dahlonga Cops

LOCUST GROVE, Ga., May 3.—In a slow and listless game, Dahlonga defeated Locust Grove Tuesday 4 to 1. Errors were responsible for two of the visitors' runs. Jones, of North Georgia Agricultural college, pitched a game, remarkable for his slowness. The two teams play again tomorrow.

Batteries: Locust Grove Institute, Dosier and Scout; North Georgia Agricultural college, Jones and Haly. Umpire, Combs.

## McGoorty-Clabby Draw

DENVER, May 3.—Eddie McGoorty, of Oakkosh, Wis., and Jimmy Clabby, of Hammond, Ind., claimants of the middleweight championship, fought ten fast rounds to a draw here last night. There were no knockdowns. The decision was well received by the crowd.

## Moreland Avenue Wins

For the third consecutive time, the Moreland avenue baseball team beat the Ponce de Leon team. Morgan, who pitched for the Moreland avenue boys, had the Ponce de Leon team at his mercy and at no time was he in danger. The Moreland avenue boys fielded well and hit th ball at will. Score 13 to 7.

## BUSH HITS SLOW BALL; WILL BEAT OUT BUNTS

Diminutive Detroit Shortstop Now Going at His Best Clip

Donie Bush, the Tigers' dynamic shortstop, has concocted, evolved and otherwise mentally matured a plot or scheme whereby he not only hopes but confidently expects to be numbered with the strong men of the flail at the end of this season.

Mr. Bush, long known to American league fans as a prince among fielders and a baron of base runners, has been for some seasons past just one of the common people when it comes to batting.

He has made plays that ought not be permitted in daylight and has distinguished himself as one who could fly around the bases like a bothersome boy to a fire, but he hasn't been connecting with the orange, globe or missile of play regularly enough to suit either himself or his manager.

Now things will be different. Taking a careful squint at his failing, Bush has come to the conclusion that the slow ball is the rock on which he splits. He can caress curves and flatten fast ones, but as soon as they begin to hand up the floaters, he is ready to quit.

Naturally the majority of pitchers and catchers in the American league have made the same discovery, and as a result, Bush never sees much besides slow ones when there is a flinger on the mound who includes that deliberate delivery in his repertoire. They fairly have slow-balled Donie to death.

The midges blame Eddie Summers for discovering the skeleton in his batting closet and rattling it before the world. In batting practice, it was Summers' greatest pleasure to throw the little infidel the floating thing until he tore his hair and pranced.

Bush declared that in all his life he never pitched him a ball that did not seem to hesitate on the way up to the plate as though it had forgotten something and meant to go back after it.

In future, Donie not only will have no fear of this sort of hurling, but will fairly dote on the lackadaisical delivery. He will moan and sigh for more slow balls to hammer, so to speak.

Question is the solution of the problem that has worried him so long. He has discovered that he can lay the slow ball down to perfection, and he means to work at it until he pitches get tired of trying to throw him out on gentle pats expertly placed, and pitch him much speed, which he may lam to the uttermost fence.

Being unusually fast in getting to the base and celebrated in getting the plate after connecting, Donie thinks that he will be able to convert a lot of his bunts into hits. Other players who know his speed are inclined to agree.

## GRIFTH WANTS TO GET LAKE

PHILADELPHIA, May 3.—Manager Griffith is making another effort to secure the services of Joe Lake, the veteran pitcher of the Detroit club. Waivers have again been asked on Lake and Griffith has refused to grant them in the hope that he can add Lake to his own pitching staff. Griffith figures that for a while, at least, his young pitchers are apt to need help in any game they start and he figured that Lake would be just the man to have around to go on the slab in case of emergency, because he has a spit ball and is always bothersome for a few innings.

That is, of course, a bit strange that Detroit, which needs pitchers badly, should want to let Lake go if he can be of any service to the Nationals, but as Griffith only wants to use him to finish games he would be intended for a slightly different purpose in Washington than he is serving in Detroit, where he is a regular member of the pitching staff and expected to take his turn on the rubber. Whether Lake will be turned over to Washington depends entirely on whether the Detroit club is willing to accept the waiver price for him.

## Newnan Goes Good; Wins Another Game

NEWNAN, Ga., May 3.—The Newnan ball team defeated the strong Greenville, Ga. team before a large crowd of spectators. Hawkins, for Newnan, pitched superb ball, while Becker was hit hard by Newnan.

Robinson, a "tryout" with Newnan, was released immediately after the game. W. H. Cranford, a local player, was signed.

The Greenville-Newnan game is the last practice game that Newnan will play, thus having defeated East Point, Greenville and other strong teams. Newnan expects to stand high in the league, which opens next Monday.

## EMORY HOLDS TRACK MEET

OXFORD, Ga., May 3.—Emory's interclass track meet was held yesterday afternoon. All classes, including the sub-freshmen department, were entered.

The afternoon was cool, and partly accounts for some of the poor showings, although these events give credence to a belief that Emory will not be among the last in winners when they meet Mercer in a dual meet at Macon, on May 10.

The seniors were the winners in points, securing 55, while the sophomores were second, with 35. The other classes ranged with freshmen, 5; sub-freshmen, 5; and juniors, 1.

Carlton was the big personal point winner, he rolling up 32 points, only lacking four to beat the sophomores single handed.

The events resulted as follows, in the order of winners: 200-yard dash—Carlton (senior), Lasseter (senior), Porter (sophomore), Porter (sophomore), Lasseter (senior).

440-yard dash—Carlton (senior), Fagan (sophomore), Lasseter (senior).

Half mile run—Lasseter (senior), Rumble (sophomore), Griner (freshmen).

1 mile run—Singleton (sub), Hayes (freshmen), Branham (freshmen).

Pole vault—Muse (senior), Mathews (sophomore), H. Towson (senior).

High jump—Monfort (sophomore), Belk (sophomore), and Carlton (senior.)

Belk (sophomore), Porter (sophomore), Porter (sophomore), Porter (sophomore), Porter (sophomore).

Shot-put—Carlton (senior), Belk (sophomore), Porter (sophomore).

The officials for the day were Prof. Goodyear, referee; Prof. Stipe, starter; Dr. Duncan, Prof. Hanner, judges; Prof. Shingler, Prof. Peckin, timekeepers; J. E. Mathews, announcer; Cranston Williams, scorer; W. W. Irvine, clerk.

## PRESIDENT OF HAITI DIED FRIDAY NIGHT

General Tancrev Auguste Had Been Ill Only a Short While Before Death

(By Associated Press.)  
PORT AU PRINCE, Haiti, May 3.—The president of the republic of Haiti, General Tancrev Auguste, died at 9 o'clock last night after a brief illness. The national assembly was convened to elect a successor as chief executive. Four candidates were prepared to present their claims—Judge Luxembourg Cauvin, former minister of the interior; Michel Oreste, a prominent senator; General Beaufosse Laroche, minister of war, and General Beliard. In official circles and among the general public the opinion prevailed that General Beliard would secure the nomination. President Tancrev has occupied his office only since August 9, last year. He succeeded General Cincinnatus Lescot, who met a tragic death together with 100 officers and soldiers in a fire which destroyed the palace on August 8. It was reported that at that time he had been the victim of intrigue, but nothing was officially revealed to confirm the theory.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. Great suffering and sickness from colds and exposure resulted which Foley's Honey and Tar Compound helped to alleviate. L. Poole, 2217 California St., Omaha, writes: "My daughter had a severe cough and cold but Foley's Honey and Tar Compound knocked it out in no time. My wife would not keep house without it. We have used it for years, always with good results." For sale by all dealers.—(Advt.)

## HOUSE ASKED TO NAME GOOD ROADS COMMITTEE

Congressman Henry, of Texas, Introduces Resolution for New Committee in House

(By Associated Press.)  
WASHINGTON, May 3.—Good roads legislation is considered of such importance, and so many highway improvement measures are pending in congress, that leading Democrats propose to create a new standing committee in the house to be known as the committee on good roads. Provision for such a committee of twenty-one was made in a resolution introduced today by Representative Henry, of Texas, chairman of the rules committee, which will consider it soon after the passage of the tariff bill. Should the committee be created it would take from the present committee on postoffice and post roads a part of its work. Mr. Henry declared more than fifty good roads measures already introduced, which ordinarily would go to numerous standing committees, should go to one. His suggestion had the approval of many leading Democrats. An effort will be made to have the resolution passed at the special session.

## VARDAMAN'S SERVANT WALKS TO WASHINGTON

(By Associated Press.)  
WASHINGTON, May 3.—After a six weeks' "hike" from his home in Mississippi, William Gregory, a former servant of Senator Vardaman, limped, foot sore and travel-stained, into the capital in search of a job. He got it. He goes to work today as a porter in the senate office building. For Senator Vardaman believed the display of grit made by Gregory in search of office deserved to be rewarded. "I'm glad William is here," said the senator today, "for he will prove an example to the members of his race." He added that his old employer "never would take a seat in a street car while a woman was standing."

## DETECTIVES CONFER WITH CORONER AND SOLICITOR DORSEY

(Continued from Page 1.)

basement of which her lifeless body was found at 4 o'clock Sunday morning by Newt Lee, the negro watchman, the detectives want to know it, for if this fact could be established what they term their "main lead" would be broken. If Mary Phagan did not leave the factory after noon Saturday then the detectives have only to prove what transpired in the stone building and they will have solved the mystery. Several of the officers of the so many conflicting reports the officers say that their main case has been strengthened, and Saturday morning, as the men started out for a day of hard work, they had an air renewed confidence in their ability to solve the murder mystery within a short time. All of the rumors had to be investigated and now that most of them have been proved without foundation, the detectives consider that the case is less complicated than it was two or three days ago. Several of the officers have been conducting a general investigation of the factory with particular reference to the treatment of the women employed by the officials and by the men who work there. While past occurrences there would probably be inadmissible in the trial of an individual for the murder of Mary Phagan, still the knowledge of past events might give the detectives a new clue or "lead," they say.

Theodore Lamson, Fort Flagler, Wash.; Capt. James D. Heynsinger, Fort Casey, Wash.; Major Herbert G. Shaw, upon expiration leave absence will proceed to Fort Banks, Mass.; Capt. John W. Hanner will proceed to Letterman General hospital, the Presidio, San Francisco; Capt. John B. Luggins will proceed to Fort Robinson, Nebraska; Capt. Edward B. Veider will proceed to New York City to attend course of instruction at Rockefeller institute; Major Robert U. Patterson relieved from duty Fort Banks, Mass., effective June 1, and will repair to this city; Capt. Warren W. Whitcomb, quartermaster corps, is relieved from duty and will assume charge of the Front Royal remount depot, Front Royal, Va. Leave of absence: First Lieutenant John C. Maul is extended two months on account of sickness. Colonel George W. Vandusen field artillery, fourteen days.

## "PIE"—REAL EATS—WORRIES SENATORS

(By Associated Press.)  
WASHINGTON, May 3.—Insurgency over the question of "pie"—not political, but actual—is stirring the senate. While the senate restaurant was "reorganized" along Democratic economy lines and the prices of many of the viands materially reduced, the price of pie per cut remains at 10 cents. "It's the most important article of food we have," declared a New England senator, "and one that inspires good legislation. It's an outrage! The price must come down!" The management of the restaurant recently was changed. The feeding problem in the senate for years has been bothersome, but never before has disruption been threatened over the problem of pie prices.

## THREE OFFICERS GIVEN CONTROL OF MINE DISTRICT

(By Associated Press.)  
CHARLESTON, W. Va., May 3.—In furtherance of his plan to maintain order in the strike regions of Cabin Creek, Governor Hatfield has appointed Major James I. Pratt, John Moore, a labor leader and Deputy Sheriff Z. H. Trowbridge to have absolute control of the policing of the district and the only persons authorized to make arrests.

## POPE IS AGAIN AT HIS DUTIES IN THE VATICAN

Pontiff Names Dr. Andrea Amici as His Private Physician for Aiding Recovery

ROME, May 3.—The health of the pope continues to improve. Every day he descends to his library and devotes several hours to his work. It was learned that one of his first acts after he became convalescent was to appoint Dr. Andrea Amici his own private physician. Although Dr. Amici is not the official vatican physician, he shared with Prof. Ettore Marchiafava the responsibility of caring for the pontiff during his recent illness.

## PULSE OF MURDERERS IS STRIKINGLY SUBNORMAL

(By Associated Press.)  
CHICAGO, May 3.—Cold-bloodedness is a physical characteristic of the habitual criminal, according to statistics published today in the Journal of the American Medical Association. The temperature of murderers is found to be strikingly subnormal. Abnormally rapid pulse and respiration are found to be characteristic of the confirmed criminal. The figures were obtained from an examination of more than 1,500 convicts in the Wisconsin state penitentiary. Comparisons were made with statistics of 200,000 average Americans, examined for life insurance. General physical degeneracy is found to stigmatize the criminal. The average convict is three inches below the normal in stature, light in weight and with small chest expansion.

## POLICE CHAIRMAN'S STORE LOOTED BY ROBBERS

(Special Dispatch to The Journal.)  
COLUMBUS, Ga., May 3.—One of the boldest robberies of the season occurred last night when the clothing establishment of C. W. Mizell, chairman of the police committee, located in the heart of Columbus and within a very short distance from the police headquarters, was broken into from the rear and all the money in the cash drawer, amounting to about \$25, was taken, together with a lot of jewelry, such as collar and cuff buttons and a lot of small articles of underwear, etc.

## WOMAN BURGLAR IS ROUTED BY A GIRL

(By Associated Press.)  
PASADENA, Cal., May 3.—A woman burglar, faultlessly attired and employing an automobile in her work, was driven from the home of Mrs. P. B. Geary by Helen Geary, 17 years old, after a desperate encounter last night. The visitor was ready to depart with loot valued at several hundred dollars, when she was detected by the young woman. A fist fight ensued, the Geary girl being knocked down. The thief then jumped into her automobile and sped away, leaving the plunder.

## ASHEVILLE CARMEN SETTLE DIFFERENCES

(By Associated Press.)  
ASHEVILLE, N. C., May 3.—The strike of the motormen and conductors on the local lines of the Asheville Power and Light company, which was declared last Saturday at noon, ended at 3:15 Friday night, when the company announced its willingness to make certain advances in the wages of the men. The new rate ranges from 20 cents an hour for the first year to 25 cents an hour for the fourth year and every year thereafter. The strikers will return to work under the new scale of wages.

## CALIFORNIA SENATE IGNORES BRYAN AND PASSES LAND BILL

(Continued from Page 1.)

await the return of Secretary Bryan. Then it will be in order to take the matter up diplomatically, probably the first step being to ascertain whether the administration can be counted on to begin a legal test of the constitutionality of the new act.

If the question between the United States and Japan should not be settled within the next three months, it was intimated here today that Japan might make a formal request for submission of the issue to arbitration at The Hague tribunal.

The special arbitration treaty between the two countries negotiated in 1908, which is believed to cover the case, will expire by a limiting clause unless renewed on August 24.

The particular provision of the treaty is:

"Differences which arise of a legal nature or relating to the interpretation of treaties existing between the two contracting parties and which it may not have been possible to settle by diplomacy, shall be referred to the permanent court of arbitration established at The Hague by the convention of July 29, 1899, provided, nevertheless, that they do not affect the vital interest, the independence or the honor of the two contracting parties, or do not concern the interest of third parties."

Diplomatists here do not believe the question of Japan's honor as it has been referred to in connection with the California situation, would be held to be of such a nature as to come under the exemption as referred to in the treaty.

Secretary Bryan telegraphed President Wilson he would leave Sacramento tonight and arrive here next Thursday. Until that time the president, it is said, will make no comment.

Officials here hope no bill will be signed by Governor Johnson until President Wilson has an opportunity to confer with Secretary Bryan as well as the Japanese ambassador.

Mr. Bryan will bring to the president a detailed report and immediately after his return it is not improbable that Governor Johnson will be communicated with.

## REV. HENRY NEWTON IS DEAD AT ATHENS

(Special Dispatch to The Journal.)  
ATHENS, Ga., May 3.—Rev. Henry Newton, ninety years old, died at his home in this city Friday night. He was up to the time of his death the oldest living graduate of the University of Georgia, and was for many years a strong minister in the Presbyterian church and an acknowledged scholar of great ability. He is survived by two sons and a daughter, Mr. C. H. Newton, of this city; Mr. T. C. Newton, Washington, D. C.; and Mrs. W. B. Reynolds, of Milledgeville.

## WILSON BRINGS M'ADOO AND M'COMBS TOGETHER

President Met Them in New York With Colonel House, Returns to White House

(By Associated Press.)  
WASHINGTON, May 3.—President Wilson returned to the White House at 8 o'clock today, after a two days' speaking trip to New Jersey. He expressed himself as pleased with his reception in his home state and confident that the reforms he advocated ultimately would be accomplished.

One of the incidents of the trip which afforded the president much satisfaction and which did not become known until today was his meeting in New York with National Chairman William F. McCombs and Secretary McAdoo, of the treasury department, at the home of Colonel E. M. House.

It was the first time that Chairman McCombs and Secretary McAdoo, who was vice chairman, had met since the early days of the campaign. Differences of opinion as to the management of the campaign were said to have existed between the two men, though their relations with Mr. Wilson were always of a warm cordiality.

In view of the widespread significance, politically, that has been attached to the situation, the president was glad to meet his two friends for a social chat, especially since Mr. McCombs was scheduled to sail for Europe today for several months' rest.

The departure of Mr. McCombs for Europe revived talk here of circumstances under which he declined the president's offer to be ambassador to France.

There was an intimation that while Mr. McCombs was going abroad for a rest, he might be offered the same post later and would accept.

So far as known the president has not determined upon any one else for this post.

The president had no engagements and planned a holiday. He started out walking early and did not expect to be in his office except for a brief period.

## GOOD ORDER ALONG BORDER, SAYS WOOD

(By Associated Press.)  
WASHINGTON, May 3.—Major General Wood, chief of staff of the army, who returned today from a tour along the Mexican frontier, told Secretary Garrison good order prevailed along the border. He heard no report of serious marauding expeditions into the United States and said the sympathy of border folk he found overwhelmingly with the Carranza movement and opposed to the Huerta regime.

## SLEEP DISTURBING BLADDER WEAKNESS BACKACHE-RHEUMATISM, QUICKLY VANISH

Even Most Chronic Sufferers Find Relief After a Few Doses Are Taken

Backache, urinary disorders and rheumatism, are caused from weak, inactive kidneys, which fail to filter out the impurities and keep the blood pure, and the only way on earth to permanently and positively cure such troubles is to remove the cause.

The new discovery, Croxone, soon relieves such conditions because it reaches the very roots of the disease. It soaks right into the stopped up, inactive kidneys, through the walls and linings; cleans out the little filtering cells and glands; neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles to scratch and irritate and cause rheumatism; heals the inflamed membranes of the bladder, and cleans out and strengthens the stopped up, lifeless kidneys so they filter and sift all the poisons from the blood, and drive it out of the system.

So sure, so positive, so quick and lasting, are the results obtained from the use of Croxone, that three doses a day for a few days are often all that is required to cure the worst backache, regulate the most annoying bladder disorders, and overcome the numerous other similar conditions.

It is the most wonderful preparation ever made for the purpose. It is so prepared that it is practically impossible to take it into the human system without results.

An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if Croxone fails to give desired results, regardless of how old you are, how long you have suffered, or what else has failed to cure you.—(Advt.)
