Francisco Carbajal Accepts Provisional Presidency After Huerta Resigns, and Committee Is Sent to Confer With Rebel Leaders on Terms of Peaceful Occupation of the Capital—End of Strife Appears to Be at Hand

**RETIRING DICTATOR DENOUNCES WILSON
AND PREDICTS DOOM OF UNITED STATES**

Retribution Will Follow Outrages This Government Has Committed, He Declares—Huerta and Blanquet Flee from Mexico City and Are Believed to be on Way to Europe—Felix Diaz Reported in Plot Against Carranza

President Wilson today instructed John R. Silliman to notify General Carranza, constitutional leader in Mexico, that he would recognize any government which may be agreed on by the warring factions, provided peace is one of the conditions of the agreement.

After ruling Mexico since the overthrow of President Madero on February 19, 1913, Victoriano Huerta last night tendered his resignation to a chamber of deputies to "rebut the charge that he sought to advance his personal interest and not that of the republic."

The resignation was accepted immediately and Francisco Carbajal was elected provisional president in his stead. President Carbajal is expected to name a new cabinet today. Huerta's cabinet having also resigned.

Huerta and General Blanquet, his faithful minister of war, left Mexico City last night, presumably for Puerto Mexico, whence they will probably return to Europe.

In his resignation the retiring dictator denounced President Wilson

and predicted the ruin of the "government that has committed so many outrages on this continent."

Washington officials saw Huerta's resignation as the forerunner of peace in Mexico. The new government has sent a committee to make overtures to the rebel leaders for peacefully surrendering power, and it is believed Carranza and his aides will not insist on a military ouster from the capital.

Meantime, a revolt against Carranza, with Felix Diaz as the moving spirit, is being hatched in El Paso. It is reported.

Carranza Offered Recognition
If He Stops War in Mexico

WASHINGTON, July 15.—The United States today instructed John Lind, American minister at Santiago, to inform General Carranza that if he arrives at a peaceful agreement with the Carrista government for the transfer of power at Mexico City recognition will be extended to the resulting administration.

Should Carranza refuse to complete the settlement of the internal conflict, should he extend the war, the United States would be obliged to withhold recognition.

DETROIT SHRINERS SEND DIAMOND RING TO NEER

Gift Is in Appreciation of Recent Visit to Atlanta

One of the finest and most appreciated gifts among the number that have been sent to the Shrine of the Blue Nile Shrine and other organizations that visited here from every part of the compass last May was that just received by Noble J. J. Neer from Moslem temple patrol and band, of Detroit. The gift consisted of a diamond ring, presented by Forester Adair, to whom it was addressed from the Shrine of the Blue Nile Shrine.

Many diplomats in Washington thought Francesco Carlucci who was sworn in as Russia's successor, might accept the terms of the plan of G. C.

Ten Days Clause in Players Contract Knocked Out in Pitcher Johnson's Case

President J. Randolph Anderson, of the state senate, who is a candidate for governor, has made several engagements to deliver speeches during the next few days. Owing to the fact that Mr. Anderson is the presiding officer of the senate and feels it to be his duty to be on the job as much as possible.

ible, he has been compelled to decline several invitations to deliver speech in sections of the state so far from Atlanta that he would have had to spend too much time from the senate if he had accepted.

Thursday at 1 o'clock he spoke at Cartersville. Monday, July 29, at 10 o'clock he will speak at Marietta. Tuesday, July 31, he will spend the day in Eastman, getting acquainted with the voters. Saturday, July 26, 1 p. m., will speak at Monroe. Monday, July 29, 1 p. m., will speak at Marietta. Tuesday, July 30, at 10 o'clock he will speak at East Point.

Joyful Anticipation of Motherhood

There is apt to be a latent apprehension of distress to mar the complete joy of expectation. But this is quite over come by the advice of Dr. Williams' Pink Pills.

to use "Mother's Friend." This is an external applicator designed to so lubricate the muscles and to thus so relieve the pressure reacting on the nerves, that the

natural strain upon the cords and ligaments is not accompanied by those severe pains said to cause nausea, morning sickness and many local distresses.

Many people believe that labels remain white have stood the test of time, but have been used to every trial under the varying conditions of age, weight, general health, etc., may safely relied upon. And judging by the fact that "Mother's Friend" has been in continual use since our grandmother's earlier years and is known throughout the United States it may be easily inferred that it is something that women gladly recommend.

BILL AGAINST CIGARETTES FAVORED BY COMMITTEE

Drastic Measure Recommended
for Passage by Senate
General Judiciary

A bill prohibiting the sale or giving away of cigarettes in Georgia was reported favorably by the committee of the senate Wednesday afternoon. The original bill was introduced by Senator Searcy and was somewhat more drastic than the substitute, although the latter is the most drastic piece of legislation touching cigarettes that has ever got a favorable committee report.

The substitute prohibits any person, firm or corporation from selling or giving away or having on hand for sale or free distribution, any cigarettes or cigarette papers, and fines less than \$25 and not more than \$100 for violation.

Mrs. T. E. Patterson, ex-president of the Woman's Christian Temperance Union of Georgia, addressed the committee in support of the bill. She declared the spread of the cigarette habit has become alarming and that boys under five years of age are getting it.

SOLICITORS ON SALARY

Senator G. Y. Harrell's bill to place solicitors general on a salary of \$1,000 per year each was reported favorably by the committee. It is drawn up so as not to necessitate a constitutional amendment, by the expedient of allowing the solicitors fees for prosecuting criminal cases in the supreme and appellate courts. No other fee or perquisite is allowed.

The temperance committee of the senate on Wednesday reported favorably on the bill by Senator McCall, of Macon, to legalize the manufacture and sale of real beer.

Other bills reported favorably by the committee were as follows:

To make certain changes in court procedure, drawn by Judge Andrew Cobb, of Athens, and a joint committee of the house and senate appointed in 1913.

To take Clayton county from the Sixth congressional district and add it to the Fifth district, which includes Fulton county.

To make malicious oral defamation a libel and punishable as such.

A resolution to request the judges of the supreme and appellate courts to recommend to the next general assembly such constitutional amendments as they deem necessary relating to the jurisdiction of these courts.

The general judiciary committee of the house of representatives had a very interesting hearing Wednesday afternoon on a bill by Representative Slater, of Bryan county, providing a method of for the validation of land titles, so that farmers owning land may put up their titles to same as security for loans.

COMMITTEE IS IMPRESSED.
Harvie Jordan, of Monticello; R. W. Hunt, a banker of Katoomba; R. N. Heron, an expert on municipal credits and bonds, and C. Gust McLeod, former railroad commissioner, spoke in support of the bill.

Their argument was that agriculture is held back in Georgia because the farmers cannot get money at reasonable rates of interest, whereas if official machinery were provided for the validation of land titles they would be enabled to use their land as collateral to finance their operations on a business-like and progressive scale.

The committee seemed favorably impressed with the bill, but referred it to a subcommittee for further study.

The same committee considered also a bill providing for indeterminate sentences and paroles for felony convicts. After considerable discussion the committee decided to confer with the prison commission before reporting on the bill.

The general judiciary committee No. 2 of the house reported favorably on a bill by Representative Smith, of Fulton, to tax vending machines.

POLICE BARRACKS STRUCK BY BOLT OF LIGHTNING

Secretary Morris and Others
Shocked by Bolt-Capitol
Also Hit in Storm

Several persons in the police barracks were injured and considerable damage was done to the tower of the building when a bolt of lightning struck the tower of the building, striking the roof of the state capitol also struck and slightly damaged.

The bolt, traveling down a Western Union wire from the tower to the outer office of Sheriff L. D. Hicks, exploded a call box, flying pieces of which struck W. T. Morris, secretary to the sheriff, who was also shocked by the flash. He was burned in the side and stunned.

Half a ton of bricks fell from the tower, these nearly demolished the automobile of Sheriff L. D. Hicks, of Cobb county, which was standing on the tower, fell across the trolley wire in front of the building, jarring it into the street and tying up traffic for some time.

The ear-splitting crash of thunder, accompanied by the rumble of falling bricks, caused many to think the building was falling down, and great excitement prevailed for a few minutes.

Charles G. Cowan, an assistant to the sheriff, was shocked and cut. Sergeant Holcomb's hand was cut; O. C. Howell, a bookkeeper, was burned on the leg. Malcom Bohndorf was carrying a cup of coffee to a prisoner and it was knocked from his hand by the shock when the building was hit.

At almost the same time a bolt of lightning struck the roof of the capitol, directly over the office of State Engineer. The roof was ripped and leaked badly during the rain that poured in torrents at the time, sending water down on Mr. Wortham's desk.

The city building inspector will investigate the damage done to the police tower and repairs will be made at once.

THAW WINS LONG FIGHT FOR POSSESSION OF FUNDS

Income of \$160,773 from Father's Estate Is Awarded Him in Pittsburgh

(By Associated Press.)
PITTSBURGH, July 15.—After a six months' legal battle, Harry E. Thaw, in a court decision yesterday, was awarded the income from his father's estate, denied him by the trustees since he was adjudged insane for slaying Stanford White.

By the decision Thaw gets \$160,773. Judge James W. Oliver said Thaw is entitled to the money despite the fact that alienists declare Thaw is suffering from an exaggerated sense of self which would make it unwise to commit any large sums of money into his personal charge.

The fight for the income began last January when Thaw filed a petition asking for \$50,000 to pay legal expenses. The Fidelity Title and Trust Company of Pittsburgh, trustees, took exception. The court allowed the petition. The trust company then was permitted to send alienists to examine Thaw, claiming he was insane. Thaw refused to submit to an examination. It is said the trust company then asked that Thaw be compelled to submit. The demurrer to this motion, filed by Thaw's attorneys, was sustained today.

BURGLARS USE WAGON TO HURL AWAY LOOT

Grocery and Drug Store on Angier Avenue Robbed in Heavy Rain Last Night

Thieves who worked during the down-pour of rain Wednesday night carried away a whole wagonload of loot from two stores on Angier avenue, according to a police report.

Because of the bulky nature of the goods carried from the stores, the police are certain a wagon was used. The stores looted were those of W. M. Bendley & Co., 29 Angier avenue, and J. L. Culver, 18 Angier avenue. From the former about \$50 worth of groceries was stolen, and cigars and tobacco were taken from the latter establishment, a drug store.

To enter the grocery store the burglars broke in the plate glass window and then crawled over a quantity of crockery and the window. They entered the drug store by using a "jimmy" on the door.

Detectives Gillespie and McGill are working on the case.

Arthur Johnson Shut Crackers Out in Fourth Game With the Barons

Knisely Looks Like Good Bet For Rose Medal

Baron Gardener Is Hitting Fielding and Running Bases in Great Style—Largely Responsible for Good Showing of Barons

By Innis Brown

Unless Peter Knisely springs a tendon or breaks a leg between now and the dropping time in September, the German footba attached to Gladys Molaworth's feet, permanent home is going to make it all easy for the judge who are to award the Randolph Rose medal, to pick the most valuable man in the league to his club, as it is to fall off a log. Just at present the bulky Teuton is out several lengths ahead of the field and is going strong.

Of course there are many other good players in the league, who are serving their teams timely and well. Among others are McCormick and Lord, playing managers, McConnell, Callahan, Sloan, Muller, Kirt, Welch and Jacobson. But Lord and McCormick as managers can not be considered in competition with the boys of the ranks. Furthermore, even if they were in line, it is doubtful whether the rendering, measures up to the standard of stuff that Sir Peter is delivering for the Barons.

To get down to a few bedrock facts, a look at what records on Pete's work show. In the first place the big gardener has taken part in practically every game his team has played. This of itself must be considered, since his effectiveness is measured by the length of time that he serves his club, as well as the quality of service he is rendering. Furthermore he has made more hits than any other player in the league. Through Tuesday's games he had whaled out 119 safeties, of which, often were doubles, triples and home runs.

But there is more yet. Pete is running a neck-and-neck race with Dave Callahan, of Nashville, for base-stealing honors. Just at present Dave leads by a very narrow margin, but the end of another week may change the count reversed. Also Pete has found time to clean up position, and is not often called on to shove a man up.

New Pete may not have yet absorbed all the cracks and angles to so-called "inside baseball" and his hands and feet are still a good part of the credit for holding them up around the top. And that man was Dave Robertson, knocking him down with a sensational showing which Damon Dave made with the O'Learys.

Well, it is not surprising to me, I saw that fellow play a bunch of games down here last season, and I have always given him a good part of the credit for the showing. Pete's team made, of course many good ball players, and some good pitching, was expected to come. And also to drive the runs around. And also to be a large part of the credit for the showing. Pete's team made, of course many good ball players, and some good pitching, was expected to come. And also to drive the runs around. And also to be a large part of the credit for the showing.

Chicks Play Tie Game With Gulls

MEMPHIS, Tenn., July 16.—Darkness came on and Wednesday night's game at the end of the fourth inning with the score tied, 5 to 5. Each team used three pitchers, the Gulls pitching the greater part of the game for Memphis, and Robertson for Mobile. Both were hit freely. Keeley, who started for Mobile, allowed seven hits in three innings. Clotier's home run and Northern's error, permitting Muller to score from first, gave Memphis the two runs needed to tie the score in the sixth.

Score by innings: R. H. E. Memphis, 0 10 0 0 0 5—5 18 1 Mobile, 0 10 0 0 0 5—5 18 1 Batteries: Clint Gault, O'Brien and Kirt; Gauder, Robertson, Keeley and Schmidt.

Lookouts Hit Kissinger, and Win

CHATTANOOGA, Tenn., July 16.—Chattanooga defeated New Orleans, 5 to 4, Wednesday in a game twice interrupted by showers and finished in a heavy drizzle. New Orleans rallied in the eighth with two runs, but the home run by Sylvester nullified four runs. McConnell kept the Gulls winning the game with two sensational catches.

Score by innings: R. H. E. New Orleans, 0 00 0 0 0 4—4 11 0 Chattanooga, 5 0 0 0 0 5—5 11 0 Batteries: Kissinger and Higgins; Boyd and Street.

Vois and Billies Battle to a Draw

NASHVILLE, Tenn., July 16.—Nashville and Montgomery played a scheduled double-header which was called in the seventh on account of rain. The second game was postponed on account of wet grounds.

Score by innings: R. H. E. Montgomery, 0 00 0 0 0 0—0 11 0 Nashville, 0 00 0 0 0 0—0 11 0 Batteries: McLeod and Oriben; Renter and Gibson.

BRESNAHAN COMES BACK AND IS A GREAT STAR AGAIN, HELPING CUBS IN CLOSE RACE

By Hugh S. Fullerton

Roger Bresnahan has furnished one of the real big surprises of the season. A year ago the scribbles were predicting the speedy decline of the rather corpulent Cub catcher, but he has fooled them all and it is doubtful if he ever has as good a year behind the bat as this one.

From quite a star of the mask and protector with the Giants Bresnahan, sent to manage St. Louis in a lease deal, did so much for the Cardinals that when he came to the Cubs it was naturally noised around that Johnny Bresnahan would not be alone in managing the team.

It is even true that Bresnahan, kept out of the game because Jimmy Archer

Roger Bresnahan

TWO DEBATES. Roger Bresnahan and the bear on a mascot of the Chicago Cubs. The Cub's haven't had a bear since the old championship days and this youngster is expected to bring a flag to Chicago.

was holding down the job at the plate, tried hard enough to have a place in the management. Roger was continually picking over the pinch hitters for him and whether or not Johnny accepted his judgment, it was quite irritating for the latter.

"Who are you pinching today, Roger?" was a common query from the bleachers and Johnny did not like it a bit. It is probably true that friction resulted. When Bresnahan did get in the game he didn't show any of the old ability that made him famous.

He was continually letting in runs by passed balls, throwing wild to second and even failed to show much with the stick.

But this year, working under Hank O'Day, it's different. Bresnahan himself is different. He is not the slow-moving giant that he was. It's a thinner and quicker Roger that is doing the bulk of the catching for the fast-pitching Cub during the prolonged absence of Jimmy Archer, who has been badly injured.

Bresnahan is a greater star than he ever was. He put in the off season training hard, and now weighs less than ever did. That's why he is different. Roger has done much to help the Cubs, and the greatest thing he has done is the parent harmony between O'Day and Bresnahan, who, by past performance, has the right to believe himself a better manager than O'Day.

Umpire Fred Newton, of Berryville, N. Y., writes for a decision on a play that came up in a game between Dallas and Berryville teams on July 4. It's a tough one for me to make it alone. The score was 3 to 2 in favor of Dallas in the final half of the eighth inning, two out and two men on base when Center Fielder Callahan, of Berryville, came to bat. He hit a high fly and the ball seemed to be falling back of third base when it struck a fence paper balloon, broke through the paper and fell inside. The balloon collapsed, and it descended short of the fence. Dallas ran out onto foul ground under it.

The ball rolled out of the wreckage of the balloon and struck Loumar's hands foul ground. It had been in the line of the balloon torch and was so hot. Loumar dropped it. What was the proper decision?

West Point Wins Double-Header

LAGANRANGE, Ok., July 16.—The high school of Laganrange and West Point hooked up in a double bill here Tuesday afternoon. Each game was scheduled to go seven innings. Until the sixth inning of the first game not a single West Point man reached third but in that inning Ware weakened and allowed several hits coupled by errors netted the visitors four runs.

The score by innings follows: R. H. E. West Point, 0 00 0 0 0 4—4 10 0 Laganrange, 4 00 0 0 0 3—3 9 0 Batteries: Collins and Williams; Williams; for Laganrange, Ware and Spearman.

Gulls Release

MOBILE, Ala., July 16.—Announcement was made Wednesday night by the Mobile Baseball association of the sale of Pitcher Gil Price, recently acquired from Atlanta on waivers, to Houston for the Texas League. Price left Wednesday to join the Houston club.

Montezuma Won

MONTICELLO, Ga., July 16.—Montezuma won the third and deciding game with Wrightsville on the local diamond Wednesday. The score of 1 to 0. It was decidedly the prettiest game seen here this season. Not a man on either side reached third until the ninth. The score by innings follows: R. H. E. Montezuma, 0 00 0 0 0 1—1 10 0 Wrightsville, 0 00 0 0 0 0—0 10 0 Batteries: McLeod and Oriben; Renter and Gibson.

Player's Frat Balks at Ruling On Kraft's Case

NEW YORK, July 16.—In a statement asserting that the National baseball commission has violated the so-called Cincinnati agreement relating to the release of players to owners of lower classification, the baseball players' fraternity Wednesday night virtually defied the commission in the case of James O. Kraft, ordered by the commission to the Nashville club of the Southern league but advised by the fraternity to play with the Newark Ironsiders. Newark is in a circuit rated higher than the Southern league and Kraft's salary will be higher if he plays with Newark.

Kraft, drafted last fall by Brooklyn from the Orioles, was sent this season to Boston under the waiver rule. Brooklyn in turn, planning to send Kraft to Rochester, asked waivers, and Brooklyn took him back and sent him to New York. Kraft, in the same league with New Orleans, claimed Kraft before February 1 and subsequently protested the national commission against Brooklyn sending him to Newark. The commission sustained Nashville's claim.

"Big Six's" Stuff Failed to Baffle G. Rice—at Golf

CHICAGO, July 16.—Christy Mathewson, star pitcher of the New York Giants, lost an eighteen-hole match to Grantland Rice, a sporting writer, yesterday at the South Shore Country club because he said he was embarrassed by the gallery of women who followed the play.

"It was more than a world's series game," said Mathewson. "I never was so embarrassed in my life. I couldn't myself justify at all."

Mathewson had Rice three down on the first nine holes, but the new spread that the noted pitcher was playing and a crowd of women who had engaged in a tournament abandoned their game to follow the match.

Rice, who had been playing and finished with a medal score of 53.

Russ Ford, says Brown, "never looked better in his life than he looks today. He is working as well as he did back in 1910 when he won twenty-six games and lost six for the Yankees. He isn't using the splitter to any great extent, but is working in a ball that sails and breaks—something on the order of the knuckle ball, but not exactly the same. Ford is a hard man to catch this season, much less to hit.

All of which is another evidence of Yankee luck. Russ had a weak elbow but has become a strong arm. At the moment he is sending his shiffts to another camp he is back again in Winthrop farm.

RECORD GAME.

"I've played in and watched a good many ball games through my time," says Brown, "but the record game of them all was staged here in St. Louis this season. I was working against Seaton. In the twelfth-inning, with the score tied, Brooklyn came up and made seven runs. Then, with that seven run handicap, and Seaton pitching, we came in and make eight runs with two still on and only one out. We have made three or four more, and I believe they could have done the same. Yet there are people who try to dope out this 'blooming game.'"

NEW YORK, July 16.—(Special Inquirer Staff Report.)—The annual international boxing tournament is evincing both in America and Europe in the twenty-round boxing bout between Georges Carpentier and Gustav Schmidt, which is to be fought to-night. Because of the ring prominence and nationality of the contestants the match has assumed international importance. Carpentier, who is the French pugilistic school to gain worldwide recognition, while Smith is one of the leading boxers of the so-called American school. In the first round of the bout, the defeat of the five-to-five favorite Jack Johnson at Reno in 1916. According to the all-around opinion of the men in the ring, the fight will be a close one. The fight will be staged in the context will be the white heavyweight championship of the world which is to be made champion of the world by the victor. The prize money is \$100,000, divided between the two.

Of the two boxers, Carpentier offers the more interesting personality. Born at Benz, France, on January 12, 1884, he is in his twenty-first year of age. He is 5 feet 10 inches tall, weighs 160 lbs. He was thirteen, his first race has been both rapid and spectacular. Beginning his career in 1902, he has won 100 fights after class until today he is considered by many experts as the best light-heavyweight in the world. He has fought in the neighborhood of 125 rounds and he has a 78-inch reach, 41-inch chest and is 3 feet 10 inches around the waist. He is a powerful and a terrific hitter, boxing with a slight crouch and with a style that is hard to copy. He is a very fast fighter, a pugilist. His ability to withstand punishment is one of his great attributes and he has never shown any disposition to yield. Hard as his heart is, he is a very nice fellow.

Edward (Gumbo) Smith is an Irish

American, born in Philadelphia, PA, May 8, 1886. He began fighting in the west six years ago but did not become prominent among the white-heavyweight pugilists until he came east in 1912. With the execution of a decision given in favor of Jim Stewart in 1912, Smith has a clear record, never having lost a battle since that time. He is of a lanky build, like Bob Fitzsimmons, with a powerful pair of arms and shoulders

and possesses a punching power unlooked for from a man of his physique. Two of his most effective blows are an overhand swing and a right-hand uppercut, either of which, when it lands on a vulnerable spot, is a fight finisher. Carpenter's ring record dates back to 1907, but it was not until 1912 that he began to win fame. His record for

A large delegation of French boxing enthusiasts was expected to follow Carpentier's fortunes into England, and great is the faith of France in her popular boy king. The English sportsman, basing his belief of a furious opposition in the final of the two boxers, the last Bombardier Wells, has ordered observations in quantities which indicate that the 1500 capacity of Olympia will be tested to the utmost.

WITHOUT Horatio Nelson, England would have been invaded and perhaps conquered by Napoleon. At Trafalgar he smashed forever the French Emperor's hope of creating a naval power. Never was man more idolized and beloved—not only by all of England's people who breathlessly awaited news of his telling victories, but by every man of his fleet. A true Anglo-Saxon, he detested tyrannous powers and legislative usurpations of every kind. He was particularly opposed to prohibitive enactments governing the diet of his men, who, like him, enjoyed Barley-Malt brews, even as their fathers did for countless generations before. Good beer, according to Lord Nelson, has ever been for 57 years has been the product of an institution holding the highest ideals known to the output, due to Quality and Purity, has increased every year until 7,500 men agree with the public demand.
