The City Federation of Women's clubs and the Haberdashers' chapter, D. A. R., under the leadership respectively of Mrs. Samuel Lumpkin and Mrs. William Lawson, were formally thanked Thursday by the house of representatives of the chamber of commerce, for undertaking and carrying to a successful completion the Georgia Products day luncheon.

The resolution thanking the two organizations was introduced by Colonel Robert J. Lowry.

Interesting features of the meeting of the "house of representatives" were addressed by H. G. Hastings and St. Elmo Massengale, who told of the plans for the corn show this year and the Hog and Hammy carnival, which will be held in conjunction with the show.

Walter O. Cooper, secretary of the chamber, urged the representatives to give their influence to the campaign to secure home for the poor who are coming to the corn show.

Present at the meeting were: Mel R. Wilkinson, H. G. Hastings, Dr. H. E. Brockbridge, W. H. Stenta, E. B. Redmon, Kendall Walcott, E. McBurney, Les Ashcraft, A. J. Orme, E. E. Pomeroy, W. A. ALDERMAN MADDOX AND MAYOR HOLD CONFERENCE

Visit Creates Surprise, as Two Have Not Been Political Chums

Alderman J. W. Maddox, of the Fifth ward, called Mayor Woodward Friday morning and conferred with him upwards of half an hour, with no one else present. There would be nothing out of the ordinary in this statement if the visitor had not been the alderman. He and the mayor have never been on friendly terms. They were political opponents, and it is not customary for the members of council who oppose the mayor to call on him in his office. They have a habit of staying away.

But Alderman Maddox and Mayor Woodward seem to have discovered that they are much better, in spite of political differences, and they were smiling as they emerged from the mayor's office.

The alderman explained that the purpose of his visit was to ask the mayor not to give him too much consideration next year on account of a grading contract which will keep him out of the city several months. He is grading the right of way of a new road which Hartwood county is building across Atlanta mountain to complete an automobile highway from Atlanta to Chattanooga.

HEADACHES

Thousands of men and women suffer from headaches every day, other thousands have headaches every week, and many thousands have headaches occasionally, but as regular headaches, the head doctor is made to find the cause of many of these headaches, and in most cases, knowing the cause, he does not know what will remove it, so as to give a permanent cure. All we can do is to provide the usual pain reliever, which give temporary relief, but the headache returns, and the patient is again unhappy. If you suffer from headaches, no matter how frequent, and no matter how severe, the results will be better in the long run, if you use Beacoon than all other drugs in any quantity, for it is the only one that is safe.

SICK-HEADACHES

Sick-headache, the most miserable of all ailments, is a headache which is accompanied by nausea, vomiting, and in some cases, by a feeling of faintness. It is a headache which is caused by a disturbance of the digestive system, and is usually relieved by the use of Beacoon.

METHODISTS TO MERGE THEIR INSTITUTIONS

North Georgia Conference to Meet at Rome Next Year

BY REV. E. P. WINTER.
(Special Dispatch to The Journal.)
MARIETTA, Ga., Nov. 19.—The North Georgia conference this morning voted to adopt the report of its special committee in favor of merging Emory college, at Oxford, into Emory university, to be located at Atlanta. The committee was appointed to investigate the question, and its report strongly favored the merger of the two institutions, and its adoption by the conference was not contested.

The question of this merger must be submitted also to the South Georgia conference in Florida. Methodist conference, and by them approved before it will become of force and effect. It is the belief here, however, that these conferences will agree to the decision made by the Methodists at Marietta.

The merger of Emory college and Emory university will not mean the abolition of the college at Oxford. That institution will be maintained by the Methodist church as the collegiate department of the Atlanta university.

The session of the conference this morning was marked by a great speech by Bishop Warren A. Candler, in which he discussed, especially, the new university at Atlanta, and, generally, the question of Christian education. He was pronounced in his remarks as favoring the continuation of education to secular education.

After Bishop Candler's speech, the conference voted to hold its next meeting at Rome one year hence.

THEATERS

Standing room has been at a premium all this week at the busy Forsyth. The bill for next week looks like a winner, too. The headline feature will be Homer Lind and his company of five players in "The Singing Teacher." Han Ping Chen, the famous Chinese magician, and his corps of assistants, will offer one of the sensations, and Louis Wilson and company in "Through the Looking Glass" will be another.

The "Winning of Barbara Worth" will be the attraction at the Atlanta Saturday matinee and night. No theatrical offering of the current season has aroused more interest or caused more pleasurable anticipation than this play of virtue and action in the great plains and deserts of the southwest.

The heroism of the story of "The Silent Voice" in which the distinguished actor, Otto Skinner, is said to have carried out so great success this season, is world old, a man stricken by God with a terrible infirmity who is tempted to curse his Creator but who is shown by a good woman that he should bear his cross in meekness. Mr. Skinner comes to the Atlanta theater next Monday and Tuesday evening. A special matinee will be given on Tuesday. Seats are now on sale.

SKIN TROUBLE

ITCHED AND BURNED

On Body, Could Not Rest, Broke Out in Pimples All Over, Cuticura Soap and Ointment Healed.

R. F. D. No. 1 Box 164, Bridgewater, N. J.—"I was suffering with a skin trouble which began after a spell of shingles some years ago. It was mostly on my body and I could not rest at night from the itching and burning. It began like a nettle rash, then it would break out in pimples all over me. I would sting and burn and itch all over and I would not sleep. I have used Cuticura Soap and Ointment and it has almost healed me. At times I could hardly bear anything to rub against the parts that were affected."

"I do not know how many remedies, ointments, etc., I tried but none did me any good. Then I tried Cuticura Soap and Ointment and they seemed to be the very thing that I needed. I only used them four weeks and they completely healed me. I have not been bothered with the trouble since."

Kindly Mrs. W. J. Patton, Jan. 31, 1914.

RAILROADS GRANT LOW FARES FOR CARNIVAL

Special Round Trip Rates Announced for Hog and Hominy Festival

Recognizing the importance of the hog and hominy festival, which will be held in Atlanta, December 2, in conjunction with the Georgia Corn show, the Georgia ability to grow things which cotton, all of the railroads entering Atlanta have just announced a series of special round trip rates to this city from almost every town in the state, in effect December 1, 2, 3 and 4. The rates are unusually low, being in many instances only a little more than the regular one-way fare.

As a result of this co-operation with Atlanta's merchants, there is expected to be an influx of visitors here to see the carnival and the corn show. The rates are unusually low, being in many instances only a little more than the regular one-way fare.

MEETING IS CALLED TO AID BELGIAN REFUGEES

Permanent Organization Will Be Effected Here on November 24

R. F. Shelden, Atlanta chairman, is sending letters to all persons interested in bringing Belgian refugees to Georgia, requesting them to meet November 24 at the Piedmont hotel and form a permanent organization. The letter follows:

Dear Sir:

Tuesday morning, November 24, at 10 o'clock, there will assemble in the convention hall of the Piedmont hotel, Atlanta, Ga., members of special committees appointed by many counties and cities throughout the state; railroad officials; delegates from chambers of commerce and other civic bodies; large land owners; real estate men, and good citizens from various points, to discuss the wisdom of forming a permanent organization to bring good Belgian refugees (farmers and their families) (now in England, France and Holland) to Georgia and the south.

It is practically unanimously admitted that, because of terrible circumstances, an unusual opportunity offers that will never come again and therefore the matter should be given the best thought and efforts of strong and experienced leaders, and the help of everybody. All are urged to be present and to assist in shaping up preliminary plans. Thousands of foreign farmers are not coming this way, if competent men, backed by an indorsement, are not sent after them, and every detail planned out in advance.

We must select men of the best and every ability as trustees of this work, who will employ proper assistants, clerks, etc., to go abroad and invite and interest these people, and then distribute them carefully, on the arrival of ships, in the United States to colonies, or such small scattered farms as may be decided, without a hitch.

The task is large because Canada, the United States and other countries are all ready offering their inducements, but Georgia's soil and climate in themselves, properly presented, will win against more arguments, and should be presented in a definite and businesslike shape.

This meeting is called by the Brooklyn County Industrial club, who are farmers themselves, and certainly know what the country needs.

Very truly yours,
R. F. SHELLEN,
Atlanta Chairman.

JUDGE POWERLESS TO STOP BARKING OF PRIZE DOGS

Brings Suit in Another Court Against Owner of Dog Kennel

INDIANAPOLIS, Nov. 20.—What he calls "wholesale dog fighting, dog barking and dog growling" have caused Judge Pike, of Marion county, to bring suit in another court to stop the barking of prize dogs. Although in the court house the judge is clothed with power to send to jail any person so rude as to commit an act which could be construed as contempt, at his home he is powerless to do more than protest against the canine quarrel and muffled efforts. Therefore the judge has brought suit for \$1,000 damages before another superior court judge against William E. Rice, who is said to "operate a dog kennel" next door to the judge's home.

SCHOOL CHILDREN CALM WHEN FIRE BREAKS OUT

Crew Street Pupils Not Alarmed by Small Blaze Next Door

Four hundred and fifty school children in Crew street school sat in their seats and continued their work Friday morning while the fire apparatus was being changed up to the English Commercial school next door and the parents from the neighborhood came running to Crew street school in great excitement.

Soon after 9 in a chimney in the English Commercial school burned downward and shot a flame into one of the classrooms. One of the girls ran to the principal's office and gave the alarm. Mrs. Wise, the principal, ordered the fire drill and the girls, 250 in number, marched quietly out of the building.

The blaze was so small the janitor put it out with a hand extinguisher by the time the fire apparatus arrived, and the girls in a few minutes marched back to their rooms and resumed their work.

MERCHANTS CALL OFF JOURNEY TO GRIFFIN

Cold Weather Prevents Motor Trip to Spalding County Fair

The severe cold weather of Friday made it necessary for twenty-eight of Atlanta's leading merchants to forego a visit to Spalding county's big fair at Griffin. These merchants had made all arrangements to go to Griffin Friday morning in automobiles. There were to be seven cars and Mayor Woodward was to head the delegation.

Several days ago the Atlanta Retail Merchants' association received a most cordial invitation from the officials of the Spalding county fair for a delegation of Atlanta merchants to be their special guests Friday.

The directors of the association promptly accepted the invitation and Secretary Grover MacGhee worked out the arrangements for the trip. Seven merchants proffered their big automobiles to take the party to Griffin and return and twenty-one other merchants announced their intention to make the trip.

But these plans were made without consulting Old Man Winter and Friday morning the thermometer registered below twenty degrees making a through-the-country trip a hardship rather than a pleasure. Although the merchants were keenly anticipating the visit to the Griffin fair, they were unwilling to expose themselves to the biting nor'wester and the trip was called off.

Other Schools Dismiss, but Atlanta Normal Holds Out- door Sessions in Sleeping Bags and Blankets

While seven grades were dismissed from Edgewood school and other schools of the city Friday morning on account of the cold weather, 178 children of the first, second, third and fourth grades of the Atlanta Normal school studied their lessons outdoors.

In the sheltered yard of the Normal school on Lee street, where the wind did not strike them and the winter sun shine beat down warm, little tots of six and eight years wrapped themselves cozily in blanket and bag and recited spelling as if the mercury were nowhere near 20 degrees.

"There wasn't a single complaint," said Miss May Postell, the principal, who originated the outdoor classes. "When the children got here this morning we warned those who were cold by exercise. Some of them we gave hot water and malted milk. Then they got into the blanket bags and have been warm as toast all the morning."

Many of the teachers, she said, preferred to come into the open air, declaring that it was much warmer outdoors than in the steam-heated building.

TWO LOST HUNTERS FOUND NEAR DEATH IN WOODS

MARQUETTE, Mich., Nov. 20.—Weakened by hunger and exposure, George Millen and George Huntington, two Ann Arbor business men who had been lost in the woods since Monday, were found today in a deserted dugout nine miles north of Camp Newton, from where they set out on a deer hunt. The two hunters had suffered intensely from the cold and had nothing to eat for nearly three days.

Three hundred and fifty men covered more than 1,200 square miles of almost trackless forest in the search for the missing men. A reward of \$1,000 for their rescue had been offered by United States Senator Townsend and other members of the Newton-Huntington club.

IMPERIAL PRINCE RICE TO VISIT ATLANTA FRIDAY

Visitor Will Be Given Warm Welcome by Knights of Khorassans

Charles E. Rice, of Buffalo, N. Y., imperial prince of the dramatic order of the Knights of Khorassans, will arrive in Atlanta Friday afternoon at 5 o'clock from Charlotte, N. C., for a brief visit and at 7:30 o'clock the local Khorassans will tender him an informal reception at the Ansley hotel.

News of Imperial Prince Rice's visit was received Thursday afternoon in telegrams to George F. Babans, imperial basha, and W. Tom Winn, representative to the imperial palace. Mr. Rice visited Atlanta about a year ago and was charmed with the city and the reception accorded him. Officials of the Khorassans here are anxious that he be accorded an even more cordial welcome upon his second visit and to this end every member of the order in the city is urged to attend the reception Friday evening.

POLICE WILL SERVE IN ROLE OF SANTA CLAUS

Members of Force Will Furnish Merry Christmas for Poor Kids of Gary, Ind.

GARY, Ind., Nov. 20.—If every "poor kid" in Gary does not have a happy Christmas it will not be the fault of the police force of this city. Captain Thomas Aydelott thought of a scheme to prevent any of the youngsters being overlooked by Santa Claus. Captain Aydelott has set all his men to collecting "coupons" given with cigars, chewing gum, cigarettes, bread and other articles. The coupons will be redeemed and the proceeds used to give the poor children a treat at Christmas time. The patrolmen collected \$50 worth of vouchers in a few days.

**SCHOOL INSPECTION
CHECKS DISEASE**

"School inspection has proven a great
step towards locating and checking dis-
ease in Atlanta," declared Dr. W. E.
Quillian, president of the city board of
health, in the first of a series of lectures
to the medical service class of the Anti-
tuberculosis society Thursday night.

Dr. Quillian declared that one year
ago there were 150 tubercular cases
in the city, while today there
is only one.

The city health has been greatly im-
proved, he told the class, particularly
by the checking of contagious diseases,
and as an example he cited the fact that
there are only four cases of scarlet
fever in Atlanta.

In the course of his talk Dr. Quillian
declared that one-fifth of all children
die before the age of five years and that
90 per cent of the diseases killing them
could be prevented.

FROM UNWORTHY SCHEMES

Ad Men's Club Has "Protec-
tion Committee" to Look
After Their Interests

Efficient work in the protection of At-
lanta advertisers, and the certification
of solicitors with worthy propositions
has been started by the "protection com-
mittee" of the Ad Men's club and is well
under way. One hundred and twenty-
five of the city's leading advertisers
have signed agreements to refer all
doubtful propositions to the committee
and demand the committee's "blue card"
of merit before they spend their money.

Other advertisers are enrolling, and be-
fore many more days have passed it is
expected the advertisement community will
have been enrolled solidly against waste-
ful and unreliable schemes.

Members of the committee, to any
one of whom a questionable matter may
be referred are: H. O. Hastings, J. H.
Atchison and Sidney Wellhouse.

**DRINK MORE WATER
IF KIDNEYS BOTHER**

Eat less meat and take Salts
for Backache or Bladder
trouble

Uric acid in most excites the kidneys,
they become overworked; get sluggish,
ache, and feel like lumps of lead. The
urine becomes cloudy; the bladder is ir-
ritated, and you may be obliged to seek
relief two or three times during the
night. When the kidneys clog you must
help them flush off the body's urinous
waste or you'll be a real sick person
shortly. At first you feel a dull misery,
tuberculous society Thursday night.

In the kidney region, you suffer from
backache, sick headache, dizziness,
stomach gets sour, tongue coated and
you feel rheumatic twinges when the
weather is bad.

Eat less meat, drink lots of water,
also get from any pharmacist four
ounces of Jad Salts; take a tablespoon-
ful in a glass of water before breakfast
for a few days and your kidneys will
do their duty. This famous salt is
made from the acid of grapes and le-
mon juice, combined with lithia, and has
been used for generations to clean
cluttered kidneys and stimulate them to
normal activity; also to neutralize the
acids in urine, so it no longer is a
source of irritation, thus ending bladder
weakness.

Jad Salts is inexpensive, cannot in-
jure, makes a delightful effervescent
lithia-water drink which everyone
should take now and then to keep the
kidneys clean and active. Druggists
here say they sell lots of Jad Salts to
folks who believe in overcoming kid-
ney trouble while it is only trouble. (Advt.)

Golliwog, Chief High Zing
of the Toys

Gives Out Interesting Interview
on His Arrival at His New
Home.

Bids All Atlanta, Young and Old,
to His First Public Appearance
Saturday in the Bazaar, at
Chamberlin-Johnson-Du-
Bose Co.

Long live Golliwog, Chief High Zing of
the Toys!

He is here safe and sound, and all his fol-
lowers.

Tomorrow he holds public reception for the
children and grown-ups of Atlanta; he wants
them all to come and make merry.

He was in high spirits when interviewed;
filled with the joy of living; glad to get to his
new home after a wonderful trip across the At-
lantic.

GOLLIWOG A QUAIN FELLOW.

But to quote him—he is a merry little fellow,
although chief high Zing of the whole populous
toy world; very plain, with none of these high-
sounding phrases that the other great kings
affect—so his own words:

"Gee, it's great to be here in this big, fine
city; well worth the long trip we had to get here.

"Let me tell you about it—

"You know they are shooting up everybody
and everything over in Europe. The minute a
boat pokes its nose out of Germany—zip, zowie,
boom—good-bye!

PLANS CHRISTMAS TRIP.

"Well, it came along time for me to start
my Christmas trip and my brave lieutenant Zis
came to me and asked would we risk it.

"Sure," said I. "We must make it to Cham-
berlin-Johnson-DuBose Co.'s; think of all our
little friends over there waiting for us."

THE GATHERING OF THE CLAN.

"Aye, aye, Captain, your word is the law,"
spoke gallant Zis, and was off taking the word
to all my peoples throughout Toyland to gather
themselves and their belongings for the trip to
Chamberlin-Johnson-DuBose Co.'s.

"Well sir, finer lads you never saw! Every
gallant son and daughter of the land of Toys
made ready at once.

"Here we are, you see, every one of us, and
all our belongings, our tools, our baggage, our
beds, our pets, everything. But how did we
get here?

THE FLAG OF SANTA CLAUS.

"Well, we set sail from Bremen. On the
second day out we were all on deck having a
merry time, bands were playing, the young folks
dancing, when Zis, on the lookout, saw a big
warship ahead. I went to the bridge.

"Hoist the flag of Santa Claus," was my
first order. "Continue full speed ahead; let the
bands keep playing; young folks dance on."

"Up went the flag of Santa Claus, and watch-
ing through my glasses I soon saw that the war-
ship recognized the flag. All hands on deck
seemed busy—then from the topmast mast we
saw the White Flag spread to the winds.

THE WIRELESS AND THE SALUTE.

"Soon a wireless message came:

"We salute you, Zing, King of the Toys—
continue your journey in peace; and as we passed
them their hand was playing and all hands had
lined up on their port side to wave us bon voyage
and Merry Christmas.

"And so it was, all during the trip, with
the flag of good Santa Claus flying, every ship
we passed saluted us.

"It was a happy, happy voyage—not an ac-
cident to mar it; all were in high spirits; we had
games and music and banquets and dances all the
way over.

ALL READY.

"Now we are here all safe and sound. To-
morrow we shall hold our first public reception—
and bid all Atlanta, young and old, welcome to
our new home—The Bazaar, at Chamberlin-John-
son-DuBose Co.'s."

DR. PIERCE MAKES REPLY TO CRITICS

School Board Member From
Fifth Ward Answers Demand
for Resignation

Dr. J. M. Pierce, member of the board of education from the fifth ward, whose resignation was demanded by the Fifth Ward Improvement club at a meeting of the club Thursday night, gave out a statement Friday morning in reply to the criticisms directed against him. He said:

"Last year the English Avenue school was overcrowded and a house near the school was rented for the overflow. The English Avenue school, which is in easy walking distance of English Avenue for the older children, was less than one-third filled. A similar condition obtained in other sections of the city.

"The board of education determined to transfer every one of the school buildings in the city to their full capacity by transferring older children from overcrowded schools to underfilled schools.

"The English Avenue patrons objected to any of their children being transferred to Ashby street because, as they said, there was a social life between the two schools. Social lives are one of the shortcomings of the public school system which the board of education is determined to abolish. Furthermore, the board would have been incalculable for the board to continue to rent a building for the English Avenue overflow, when Ashby street school, a new building built at a cost of \$10,000, and which is in easy walking distance of English Avenue, had offered more than sufficient room for the overflow.

"The Fifth Ward Improvement club is dissatisfied because I would not undertake to block these transfers. Other communities in various parts of the city made identically the same protest for identically the same reason, but the board was determined to carry out its policy, knowing this policy to be the sensible and the fair and the business-like method of utilizing the school capacity as already had, and consequently the board declined to be controlled by such protests. In every instance, however, the board explained to the patrons the reasons why the transfers were necessary, and in practically every instance except English Avenue, the patrons were convinced the board was right and withdrew their protest.

"Nothing would satisfy the English Avenue people but to leave all of the children in the English Avenue school, and to rent outside buildings for the overflow, no matter how big the overflow and no matter how great the cost. This the board cannot do. In the first place, it hasn't the money to rent outside buildings; and in the second place, it would be reprehensible for the board to spend the money for that purpose.

"They charge me with failing to attend the board of education meetings. I have been a member of the board more than a year and have missed only one meeting, and then for a presidential election. They say I haven't the interest of the Fifth ward at heart. That is true. I have lived in the ward for twenty-three years and there is no citizen of the ward who has more interest in it. They complain because I have attended the meetings of their Improvement club. I went once, was almost insulted by one of the club leaders, and haven't been back since.

"W. H. Johnson, councilman-elect from the Fifth ward, who seems to be one of the club's chief counselors, has a grudge against me because I would not support him for councilman. He is trying to force me to resign from the

VETO OF TURNER'S SALARY INCREASE IS SUSTAINED

Woodward Supporters Block
Move to Give City Elec-
trician More Pay

The supporters of Mayor Woodward rallied Thursday and made amends for one of their defeats in council last Monday, and sustained the mayor's veto, which had been overridden by council, to the ordinance increasing the salary of City Electrician Turner from \$1,800 to \$2,400 per annum.

"The aldermen could not stand the fire of the executive's wrath at this proposition, which is on the eve of being laid out on the committee's plume," declared Turner after the roll had been called and the vote was 5 to 4 against him.

"The sure of committee appointments was too much for a majority of the aldermen to withstand. However, the fact that council had shown overwhelming support for the fact that the office needs a higher salary is well recognized. I am prepared to think the only way to provide for the use of the referendum, and letting the people themselves decide the issue."

The members of the board who voted against Turner and for the mayor were Aldermen Sawyer, Kelly, McDonald, Armstrong and Hagdale, while Aldermen Carter, Thompson, Nutter and Candler voted for the increase.

Alderman Candler was taken ill during the session, but when the paper first reached the aldermanic board before the mayor's veto, it had passed unanimously. Alderman Hagdale explained he was absent from the former meeting, and others of the mayor's supporters started explanations, when Judge Candler, who was presiding, ruled them out of order.

Before the vote Alderman Candler exhibited a resolution recommending a salary raise last year for Turner, which he explained had been written by himself. Although he did not mention the name of the mayor, who charged him with presenting the raise for Turner last year, Judge Candler, said he simply wanted the board to know he had not lied last Monday when he said he had favored an increase in the salary of the city electrician one year ago.

ATLANTA CLUB'S WINTER GARDEN TO OPEN FRIDAY

Elaborate Dinner Dance at
Night Will Mark the
Occasion

The formal opening of the Atlanta club's winter garden, on the roof of the Fourth building, will occur this Friday evening. It will be opened with an elaborate dinner dance.

This season, which proved a source of much enjoyment last summer to the club members and their friends, has been enclosed in glass and steel and affords an ideal sun parlor on winter days and dance pavilion in the evenings. It has a large hardwood floor and the glass sides are so arranged that they can be removed in the summer.

The remodeling of the roof garden has been done according to plans prepared by Architect A. Ten Eyck Brown and it is said to be the best arranged of its kind in the south.

It has been profusely decorated with palms and flowers. The club orchestra will furnish music for the dance, which will be a feature of the winter season.

As it is for baby: It simply can no longer. Even cross, sick, feverish children just love its pleasant taste and mothers can rest easy after giving it because it never fails to effect a good "candy change."

For thirty years "California Syrup of Figs" has been recommended by physicians as the ideal stomach, liver and bowel cleanser. Millions of families who are well informed nothing else, but recently there has come a flood of spurious fig syrups, so we want the public to ask kindly at drug stores for a 30 cent bottle of "California Syrup of Figs" and see that it is prepared by "California Fig Syrup Company." TRAVELING MAN LOSES HIS HAND UNDER TRAIN

George B. Everard, a traveling salesman, living at 450 South Boulevard, lost a hand under the wheels of a W. & A. train Thursday night at Newhall, Georgia.

Everard, according to his story to physicians at Grady, where he was taken on arrival of the train in Atlanta, was late for the train at Newhall and ran for it as it moved away. As he cleared the train, his foot slipped on the cinders and he rolled under a car. The train was moving slowly. Everard scrambled through to the other side and escaped with only the loss of his left hand.

A jolly game and dancing were enjoyable features of the afternoon.

To Have 'Pretty Hair'

If your hair is not as soft, and pretty, or as fresh and full as that of some friend, use the hair cream it daily, attention, just the same care you would give a plant to make it healthy and beautiful.

Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, moisten it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off. Freshen up the scalp and the dandruff disappears.

Curlian sage, an expensive tonic, which you can get from any drug or toilet counter, or from Javon's 10 Stores, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. One application will stop itching head and cleanse the hair of dust and excess oil.

Charles H. Hake takes away the dryness and brittleness, makes the hair twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can really make her hair soft, fluffy and abundant. Pretty hair will surely increase her charm and beauty. (Adv.)

And this is no imaginary conversation. There are still people who do not know

Campbell's Tomato Soup

They cannot believe how good it is until they taste it. Such tempting flavor, such richness and such wholesomeness all combined, seem incredible until they taste it. Then they know. And then these same skeptical people are the first to appreciate the fact that no better tomato soup can be made.

LITTLE STORIES FOR BEDTIME

By Thomas W. Hughes

Con-clip-cions sounds like a very big and important word, but really, it is quite simple. To jump at con-clip-cions is to make up your mind that a thing is so or isn't so without really knowing it. It was just this way with Sammy Jay when he found that Old Man Coyote had left the Green Forest and the Green Meadows. Then he jumped to the conclusion that he had. Just because he didn't find him in the place where he was used to seeing him he made up his mind that Old Man Coyote had gone away.

Like a great many matters who jump at conclusions, Sammy Jay didn't wait to make sure that he was right, but at once hastened to spread the news. He knew that it would be good news, the very best of news, to a great many of the little people of the Green Meadows, especially those who had to be always watching out for Old Man Coyote lest he gobble them up. So he spread his blue wings and hurried over to the dear Old Bear Patch to tell Peter Rabbit. He quite forgot that he and Peter were forever quarreling.

"Oh, Peter, I've great news!" he screamed as soon as he was near enough for Peter to hear.

Peter sat up, so full of curiosity that he too, forgot that he and Sammy were not the best of friends. "What is it?" he asked eagerly.

"Old Man Coyote has left the Green Meadows and the Green Forest. He's gone away," cried Sammy Jay.

"Hurrah!" shouted Peter, kicking his hind legs together. "Are you sure of it, Sammy Jay?"

But Sammy was already on his way to tell Danny Meadow Mouse and couldn't stop to answer. Danny was

just as much pleased as Peter, and he and Nanny Meadow Mouse had a little celebration all to themselves. You see, it meant just one less worry for them. Sammy hurried up to the Old Orchard to tell Johnny Chuck, who didn't seem to care, and then flew over to the Smiling Pool. Jerry Muskrat saw him coming and he knew by the way Sammy was hurrying that he was very much excited.

"Sammy Jay has got something on his mind," said Jerry to Grandfather Frog. "I wonder what has happened now."

When Sammy reached the big hickory tree on the bank of the Smiling Pool he was quite out of breath. As soon as he could get enough to speak he gasped: "Old Man Coyote has left the Green Meadows and the Green Forest!"

"What's that?" demanded Jerry Muskrat. "Sammy repeated what he had said

"How do you know?" asked Jerry Muskrat. "Because his house is deserted and I have looked everywhere for him and not found him," replied Sammy.

"Huh!" grunted Grandfather Frog. "Sammy bluffed out at Grandfather Frog. 'Did you speak?' he asked."

"I said 'huh,'" replied Grandfather Frog. "Just because you haven't been able to find him is no proof that Old Man Coyote has really left."

"So you don't believe it," snapped Sammy.

"No," replied Grandfather Frog bluntly. "I don't believe it."

At once Sammy Jay lost his temper. You know, he loses it very easily. He said that he knew it was so. He called Grandfather Frog a stupid old know-nothing, and finally flew off to the Green Forest, screaming angrily.

Just after jolly, round, red Mr. Sun

shone behind the Purple Hills that

the people on it were already

in the Green Forest, where

he heard it and his heart was

draw close to each other.

Frog heard it and smiled, and

heard and felt the voice of Old

Man Coyote.

23,000 TELEPHONE BOOKS
DISTRIBUTED IN ONE DAY

Record Is Established by Employees of Bell Telephone Company

Officials of the Southern Bell Telephone company are pleased over the feat accomplished by the local manager's office in distributing 23,000 new telephone directories in one day.

The entire Atlanta subscription list was furnished with a November directory in twelve hours, the city being covered very systematically. The delivery of this directory was supervised by Local Manager T. R. Gentry with a field force of ten ward representatives and 145 boys.

This new directory carries about 5,000 changes, of which approximately 1,000 are new telephone numbers which have been installed during the last four months.

Manager T. R. Gentry says the company's local business has suffered little during the last three months and looks for rapid increase in the toll business now that the cotton crop has begun to move.

RESERVE BANK SENDS REPORT TO WASHINGTON

M. B. Wellborn, chairman of the board of directors of the federal reserve bank of Atlanta and the government's representative here Friday afternoon will forward to the federal reserve board a report on the amount of reserve deposits received and the amount of paper redimuted.

Similar reports will be made by the other reserve banks of the country, and will be published Saturday. The Atlanta report will show practically all the reserve deposits paid in and some redimuted paper.

MORE EXPENSIVE LIGHTS USED ON STREET CARS

As rapidly as the substitutions can be made, the carbon lamps in the local trolley cars are being replaced by new and more brilliant Tungsten lamps, the latter having been perfected to the point where they can withstand the vibration of that use. The change has been made in practically all the main line double track cars and in a number of the smaller cars. The Georgia Railway and Power company is one of the first street car companies in the United States to adapt the more expensive lamps to this purpose.
